Pressed Paperboard Technologies, LLC Profit Sharing 401(k) Plan

Notes to Financial Statements

Note 1. Description of the Plan

The following description of Pressed Paperboard Technologies, LLC Profit Sharing 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan, which became effective January 1, 2004, is a defined contribution plan established by Pressed Paperboard Technologies, LLC (the Company and Plan sponsor) and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). All employees over the age of 18 who have completed at least one year of service with the Company are eligible to participate on the first day of the quarter after eligibility requirements have been met. Effective June 1, 2021, the Plan's service requirement to meet eligibility will be three months. Upon enrollment in the Plan, a participant may direct employer and employee contributions to any combination of available investment options.

Contributions: Each year, participants may contribute up to 100% of pretax annual compensation (salary reduction contributions), as defined in the Plan document, up to the maximum limits of the Internal Revenue Code (IRC). Participants who attain age 50 before the end of the Plan year may be eligible for catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions). Effective June 1, 2021, the Plan was amended to include an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 1% of eligible compensation up to a maximum of 5% of compensation.

The Plan sponsor matches 100% of employee contributions for contributions that do not exceed 3% of the participant's compensation plus 50% of employee contributions between 3% and 5% of the participant's compensation. Additional Company contributions may be contributed at the discretion of the Company's board of directors. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant accounts: Each participant's account is credited with the participant's salary reduction contributions, rollover contributions and an allocation of the Company's contributions and Plan's earnings (net of administrative expenses). Allocations are based on the participant's eligible compensation or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately 100% vested in their contributions and earnings thereon. Vesting in employer contributions along with the earnings thereon is based on years of service.

Vesting in the employer's contributions along with earnings thereon is as follows:

Years of Service	Vesting Percentage
1 year	0%
2 years	0%
3 or more years	100%

A participant may also become 100% vested in employer contributions and earnings thereon upon their early retirement date, which is the date in which the participant attains 59.5 years of age.

Pressed Paperboard Technologies, LLC Profit Sharing 401(k) Plan

Notes to Financial Statements

Note 1. Description of the Plan (Continued)

Forfeitures: If a participant is not fully vested on their termination date, the nonvested amount of the account is forfeited. Forfeitures are used to reduce future Company contributions. In 2020, no forfeitures were used to reduce Company contributions. At December 31, 2020 and 2019, forfeited account balances totaled \$0.

Payment of benefits: Benefits may be paid to the participant or beneficiary upon death, disability, retirement or termination of employment, as defined in the Plan document. The Plan provides for normal retirement at age 65. The total participant's account balance is distributed in the form of a lump-sum payment, installments or an annuity. Participants who have attained age 59.5 may withdraw a portion of this account balance as defined in the Plan.

Notes receivable from participants: Participants may borrow from their accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Participants are allowed to have only one loan outstanding at any time. Loan terms cannot exceed five years with the exception of the purchase of a primary residence, as defined in the Plan document. These loans are secured by the balance in the participant's account. The loans bear an interest rate equal to one percentage point above the prime rate at the time of issuance. Principal and interest is paid ratably through payroll deductions.

Plan termination: Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, the account of each participant shall be nonforfeitable and shall continue to participate in the earnings credited, expenses charged and any appreciation or depreciation of the applicable investment fund until the vested account is distributed.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The accompanying financial statements are prepared in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) in accordance with the Financial Accounting Standards Board (FASB) Accounting Standards Codification.

Valuation of investments and income recognition: Shares of registered investment companies are valued at the fair market value of shares held by the Plan at year-end. The Plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee. Refer to Note 4 for details on inputs, valuation techniques and fair value measurement levels within the fair value hierarchy.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation includes gains and losses on investments bought and sold as well as held during the year.

Use of estimates: The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Pressed Paperboard Technologies, LLC Profit Sharing 401(k) Plan

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Notes receivable from participants: Notes receivable from participants are measured at the unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. Delinquent participant loans are reclassified as benefit payments to participants based upon the terms of the Plan document.

Benefit payments: Benefit payments to participants are recorded when paid.

Administrative expenses: Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses.

Note 3. Information Certified by Huntington National Bank

Note 4. Fair Value Measurements

Accounting standards established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under the accounting standards are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Registered investment companies: Registered investment companies held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The registered investment companies held by the Plan are deemed to be actively traded and are valued at the daily closing price as reported by the fund.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value as of December 31:

	2020			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 4,039,457	\$ -	\$ -	\$ 4,039,457
Investments, at fair value	\$ 4,039,457	\$ -	\$ -	\$ 4,039,457

	2019			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 3,345,540	\$ -	\$ -	\$ 3,345,540
Investments, at fair value	\$ 3,345,540	\$ -	\$ -	\$ 3,345,540

Note 5. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

At December 31, 2020, the Plan had four investments that made up approximately 55% of the Plan's total investments. At December 31, 2019, the Plan had two investments that made up approximately 29% of the Plan's total investments. As such, this is considered to be a concentration of credit risk.

Note 6. Party-in-Interest Transactions

The trustee and recordkeeper services are managed by Huntington National Bank, the trustee as defined by the Plan, or its affiliates. The administrative fees paid to Huntington National Bank and its affiliates amounted to \$17,084 for the year ended December 31, 2020.

Note 7. Tax Status

The Plan adopted a non-standardized form of a volume submitter profit sharing plan. The prototype plan has received an opinion letter from the IRS as to the prototype plan's qualified status. The Plan is required to operate in conformity with the Code to maintain its qualification. The Plan administrator is not aware of any events that have occurred that might adversely affect the Plan's qualified status.

U.S. GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2020 and 2019, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. CARES Act

In March 2020, the World Health Organization categorized Coronavirus Disease 2019 (COVID-19) as a pandemic, and the President of the United States declared the COVID-19 outbreak a national emergency. The COVID-19 pandemic has led to volatility in financial markets and has affected, and may continue to affect, the Plan assets. The potential economic impact brought by, and the duration of, COVID-19 is difficult to assess or predict and will depend on future developments that are highly uncertain and cannot be predicted.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) was enacted to, amongst other provisions, provide emergency assistance for individuals, families and businesses affected by the coronavirus pandemic. The CARES Act also provides for certain optional relief measures that can be adopted by qualified retirement plans, including increased levels of participant loans for affected individuals for a limited time, and distributions with special tax treatment for affected individuals. Plans must also allow participants who are affected by the coronavirus to suspend loan payments through December 31, 2020, and required minimum distributions for participants over age 70½ can be omitted for 2020.

Note 9. Subsequent Event

The Plan has evaluated subsequent events for potential recognition and/or disclosure through January 19, 2022, the date the financial statements were available to be issued.

Effective June 1, 2021, the Plan sponsor changed trustees from Huntington National Bank to the Standard Retirement Services, Inc. As a result, they adopted a non-standardized defined contribution volume submitter plan sponsored by the Standard Retirement Services, Inc. Plan assets transferred from Huntington National Bank to the Standard Retirement Services, Inc. on June 1, 2021.
