Independent Auditor's Report

The Plan Administrator
Carnegie Fabrics, LLC 401(k) Profit Sharing Plan and Trust
New York, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2020 Financial Statements

We have performed an audit of the financial statements of the Carnegie Fabrics, LLC 401(k) Profit Sharing Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2020, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2020 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2020 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2020, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2020 Financial Statements

In our opinion, based on our audit and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2020 Financial Statements* section of our report:

- The amounts and disclosures in the accompanying 2020 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The certified investment information in the accompanying 2020 financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BDO USA, LLP, a Delaware limited liability partnership, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Basis for Opinion on the 2020 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2020 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2020 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2020 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the 2020 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the 2020 financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the 2020 financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the 2020 financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the 2020 financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2020 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2020 financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - 2020 Supplemental Schedule Required by ERISA

The 2020 supplemental Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the 2020 financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2020 financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2020 financial statements and to certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2020 financial statements or to the 2020 financial statements themselves, and to other additional procedures in accordance with GAAS.

For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Report on the 2019 Financial Statements

The statement of net assets available for benefits as of December 31, 2019 was compiled by us and we did not audit or review the statement and, accordingly, do not express an opinion or provide any assurance about whether the statement is in accordance with U.S. GAAP.

1. Plan Description

The following description of the Carnegie Fabrics, LLC 401(k) Profit Sharing Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General

The Plan was adopted effective January 1, 2004, by Carnegie Fabrics, LLC (the Company). The Company is the sponsor of the Plan. The Plan is a contributory defined contribution plan covering all eligible employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Trustee and Administration of the Plan

Great-West Trust Company, LLC and Great-West Life & Annuity Insurance Company of New York (collectively, Great-West) were the trustee and recordkeeper of the Plan as of December 31, 2019 and for the period January 1, 2020 through January 6, 2020, when Principal Trust Company & Principal Life Insurance Company (collectively, Principal) became the trustee and recordkeeper of the Plan. As of December 31, 2020, Principal holds the Plan's investments, except for Great-West Life & Annuity Insurance Company Key Guaranteed Portfolio Fund, which is held by Great-West. Investment transactions from January 1, 2020 through January 6, 2020 were executed by Great-West and from January 7, 2020 through December 31, 2020 by Principal, except for Great-West Life & Annuity Insurance Company Key Guaranteed Portfolio Fund transactions, which were executed by Great West through December 31, 2020. The administrator of the Plan is the Company.

CARES Act

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) was enacted and signed into law. The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to plan participants under the CARES Act and has implemented the following provisions:

- Special coronavirus distributions up to $100,000.
- Increase the available loan amount, as described below, to the lesser of $100,000 or 100% of the participant's vested account balance.
- Extend the period for loan repayments, if applicable, up to one year.

Eligibility

An employee who is 21 years or older may become a participant in the Plan on the first Plan entry date after completion of six months of service.

Contributions

Pre-tax participants' contributions are permitted up to 100% of their base compensation, subject to certain limitations. The Company may make contributions at its discretion. However, the Company

is not required to make a contribution for any particular year, and the amount contributed can vary from year-to-year. From January 1, 2020 to April 3, 2020, the Company matched 50% of each participant's deferral contributions, up to 4% of the participant's eligible compensation. Participants may also make voluntary after-tax contributions to the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of Company matching contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific-participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions, plus actual earnings thereon. Participants vest in employer contributions at the rate of 20% for each completed enrolled year in the Plan after two years of service, with 100% vesting after six years. Upon termination of an employee prior to full vesting, the non-vested portion of employer contributions is used to pay administrative expenses of the Plan and any remaining amount is applied towards future employer contributions.

Additionally, each participant shall be 100% vested in employer contributions in the case of:

- Retirement under the Plan.
- Attainment of age 65.
- Total and permanent disability.
- Death.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or a series of payments, at the election of the participant. Additionally, the participant may withdraw his or her elective deferrals on account of financial hardship or the attainment of age 59½.

Forfeitures

Forfeitures that occur during a Plan year will be used to pay administrative expenses of the Plan and any remaining forfeitures will be used to offset future employer contributions.

During 2020, forfeited amounts totaling $25,812 were used to pay administrative expenses. At December 31, 2020 and 2019, forfeited non-vested accounts totaled $17 and $29,079, respectively.

Notes Receivable from Participants

Participants may obtain loans from the Plan. The minimum loan is $1,000. Prior to the CARES Act, the maximum that may be borrowed from the participant's account is the lesser of $50,000 or 50% of the vested account balance. These loans require approval of the Plan administrator and bear interest at 1% above the prime rate. Loan repayments are made through payroll deductions in equal installments over a period that may not exceed five years, unless the loan is for the purchase of a primary residence, in which case the maximum repayment period will be determined by reference to bank loans for the same purpose.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion of fair value measurements and Note 5 for discussion on contract value.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Fees charged by the trustee relating to notes receivable from participants are paid from the participants' accounts. At December 31, 2020, interest rates on notes receivable from participants ranged from 4.25% to 6.50%. No allowance for credit losses has been recorded as of December 31, 2020 and 2019.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Plan are included in administrative expenses and other additions in the statement of changes in net assets available for benefits. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation of fair value of investments in the statement of changes in net assets available for benefits. Expenses paid by the Company are excluded from these financial statements.

Recently Adopted Accounting Pronouncement

In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2018-13, *Fair Value Measurements Topic (820), Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement*. ASU 2018-13 eliminates certain disclosures, including the disclosure related to transfers between Level 1 and Level 2 investments, the valuation policies for Level 3 measurements, and, for nonpublic entities, the change in the Level 3 investments' unrealized gains and losses included in earnings. This ASU also amends certain disclosures, including disclosing purchases, sales, and transfers for Level 3 investments instead of the Level 3 roll-forward. Management has adopted ASU 2018-13 for the 2020 Plan year. The adoption of this ASU did not have a material impact on the financial statements.

3. Certified Investment Information

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Great-West and Principal, both qualified institutions, have certified that the following data included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate.

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2020 and 2019.
- Net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2020.
- Investment information included in the Schedule of Assets (Held at End of Year) as of December 31, 2020, as shown on the ERISA-required supplemental schedule.

The certification from Great-West covers the period from January 1, 2019 through December 31, 2020. The certification from Principal covers the period from January 7, 2020 through December 31, 2020.

At the request of the Plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB Accounting Standards Codification (ASC) 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted price for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual Funds – The fair values of mutual funds are determined by obtaining quoted prices on national securities exchanges (Level 1 inputs).

Pooled Separate Accounts – These accounts are valued at net asset value (NAV) of units of a pooled separate account. The NAV, as provided by the contract issuer, is used as a practical expedient to estimate fair value. The NAV is based on the value of the underlying investments. The investments may be redeemed daily; there are no unfunded commitments and there are no other restrictions or penalties as of December 31, 2020 and 2019.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis:

December 31, 2020		Total		Level 1
Mutual funds	$	1,213,279	$	1,213,279
Total Investments, in the fair value hierarchy		1,213,279		1,213,279
Pooled separate accounts*		6,635,451		-
Total Investments, at fair value	$	7,848,730	$	1,213,279

December 31, 2019		Total		Level 1
Mutual funds	$	7,145,305	$	7,145,305
Total Investments, at fair value	$	7,145,305	$	7,145,305

* Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient are not required to be, and have not been, categorized in the fair value hierarchy. The fair value amounts presented in the preceding tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. Investment Contracts with Insurance Companies

Great-West Key Guaranteed Portfolio Fund

The Plan has a group annuity contract with Great-West Life & Annuity Insurance Company that invests contributions in the Key Guaranteed Portfolio Fund. The Key Guaranteed Portfolio Fund is a general account product. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, which will never be less than 0% as stated in the contract, and prevailing market conditions. The interest crediting rate is reset quarterly. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value, which represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Principal Guaranteed Option

The Plan holds an investment in the Principal Guaranteed Option, which is a guaranteed general-account backed group annuity contract issued by Principal Life Insurance Company. This contract meets the fully benefit-responsive investment contract criteria and as such, is reported at contract value.

The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 0%. The crediting rate is reviewed on a semiannual basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuers' ability to meet their financial obligations. The issuers' ability to meet their contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuers. Such events include: (1) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA; (2) premature termination of the contracts; (3) Plan termination or merger; (4) changes to the Plan's prohibition on competing investment options; or (5) bankruptcy of the Plan sponsor or other Plan sponsor events (e.g., divestitures or spin-offs of a subsidiary) that significantly affect the Plan's normal operations. The Plan administrator believes that any events which would limit the Plan's ability to transact at contract value with participants are not probable of occurring.

In addition, certain events allow the issuers to terminate the contracts with the Plan and settle at an amount different from contract value. Such events include: (1) an uncured violation of the Plan's investment guidelines; (2) a breach of material obligation under the contract; (3) a material misrepresentation; or (3) a material amendment to the agreements without the consent of the issuer.

6. Excess Contributions

The Plan did not pass the Actual Deferral Percentage test and the Maximum Annual Additions test for the year ended December 31, 2020. Excess contributions amounting to $23,005 were accounted for as a reduction of participant contributions during 2020. Excess contributions were reimbursed to Plan participants during 2021.

7. Related Party and Party-in-Interest Transactions

Certain Plan investments are managed by Principal. Principal is the trustee and recordkeeper for the Plan and, therefore, these transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA. Notes receivable from participants also qualify as party-in-interest transactions.

8. Tax Status

The Plan has adopted a non-standardized pre-approved profit-sharing plan document, which received a favorable determination letter from the Internal Revenue Service (IRS) dated June 30,

2020. The Plan document stated that the plan and related trust were designed in accordance with the applicable sections of the Internal Revenue Code (the Code). The Plan is required to operate in conformity with the Code to maintain its qualified status. The Plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable provisions of the Code.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and to recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Plan Termination

Although it has not expressed any intent to do so, the Company may, at its discretion, discontinue contributions or terminate the Plan completely or partially at any time by delivering to the trustee a notice of complete or partial termination specifying the date of termination of the Plan and, in the case of a partial termination, the participants affected by such partial termination. In the event of Plan termination, each participant will become 100% vested in their accounts.

10. Risks and Uncertainties

The Plan's investment options are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

On January 30, 2020, the World Health Organization (WHO) announced a global health emergency because of a new strain of coronavirus (the COVID-19 outbreak) and the risks to the international community as the virus spread globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally.

The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. This pandemic has adversely affected global economic activity and contributed to volatility in financial markets. Since the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and related impact on the Plan's liquidity cannot be determined at this time.

11. Subsequent Events

The Plan management has evaluated subsequent events through February 3, 2022, the date these financial statements were available to be issued. During this period, no material recognizable subsequent events were identified.
