Pella Regional Health Center Money Purchase Plan

Notes to Financial Statements

Note 1. Description of Plan

The following brief description of the Pella Regional Health Center Money Purchase Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan was a defined contribution plan covering qualified employees of Pella Regional Health Center (Health Center). The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was merged into the Pella Regional Health Center 401(k) Plan effective April 1, 2021. See Note 8.

Eligibility: Employees were eligible to participate in the Plan if they had completed one year of service and were 21 years of age. A year of service for purposes of eligibility was a consecutive 12-month period during which the employee had 1,000 or more hours of service.

Entry date: Employees could enter the Plan on the first day of January, April, July or October coinciding with or following the date they satisfied the Plan's eligibility requirements.

Contributions: The Health Center was required to make contributions equal to 6% of the participant's eligible compensation as defined by the Plan document. The Plan met the minimum funding requirements as of April 1, 2021, December 31, 2020 and December 31, 2019.

Participant accounts: Each participant's account was credited with the Health Center's contribution and allocations of Plan earnings. Participant accounts were charged with an allocation of administrative expenses that were paid by the Plan. Allocations were based on participant's account balances, as defined by the Plan document. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account.

Investment options: Upon enrollment in the Plan, a participant could direct employer contributions in any of the funds offered by the Plan. Participants could change their investment options daily.

Vesting: Vesting in the Health Center's contribution portion of their accounts was based on years of credited service, as set forth in the following table:

Participant's Years of Service	Vested Percentage
Less than 1	0%
1	20
2	40
3	60
4	80
5 or more	100

Participants were deemed to be 100% vested if still employed by the Health Center upon attainment of age 55 or in the case of death or disability as defined in the Plan document.

Forfeitures: Forfeitures were used to offset expenses or reduce future employer contributions. Forfeitures included in net assets available for benefits were \$0 as of April 1, 2021 and December 31, 2020 were \$1,183 at December 31, 2019. Employer contributions were reduced by \$14,884 and \$38,690 from forfeited nonvested accounts during the period from January 1, 2021 to April 1, 2021 and year ended December 31, 2020, respectively.

Notes to Financial Statements

Note 1. Description of Plan (Continued)

Notes receivable from participants: Participants could borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans were secured by the balance in the participant's account and bore interest at rates based on USA Today's published prime rate. Principal and interest was paid ratably through payroll deductions over a period not to exceed five years, unless the proceeds of the loan were used to acquire the participant's residence, in which case the loan would be 10 years. A participant could have no more than two outstanding loans at any one time.

Payment of benefits: A participant was entitled to benefits equal to the value of funds allocated to his or her account, beginning at the latter of normal retirement age (65) or actual retirement. The Plan permitted earlier distribution of benefits for death, disability, retirement at an early age (55) or termination of employment. A terminated employee with a balance less than \$1,000 could be automatically paid out by the Plan upon termination. Any terminated participants with a balance between \$1,000 and \$5,000 could still be automatically paid out if their balance is rolled into a qualified individual retirement account. A participant could choose between five optional forms of retirement payments as described in the Plan document.

During 2020, the Plan implemented certain Coronavirus Aid, Relief, and Economic Security Act (CARES Act) provisions to allow for special coronavirus-related distributions and a waiver of 2020 required minimum distributions.

Note 2. Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

Investment valuation and income recognition: The Plan's investments were reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements.

Purchases and sales of securities were recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as those held during the year.

Notes receivable from participants: Notes receivable from participants were measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable were reclassified as distributions based upon the terms of the Plan document.

Payments of benefits: Benefit payments to participants were recorded when paid.

Pella Regional Health Center Money Purchase Plan

Notes to Financial Statements

Note 2. Significant Accounting Policies (Continued)

Administrative expenses: The Plan's expenses were paid by either the Plan or the Health Center, as provided by the Plan document. Expenses that were paid directly by the Health Center are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that were paid by the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits. In addition, certain investment related expenses were included in net appreciation of fair value of investments presented in the accompanying statements of changes in net assets available for benefits.

Subsequent events: The Plan Administrator has evaluated subsequent events through January 5, 2022, the date the financial statements were available to be issued.

Note 3. Tax Status

The Plan had adopted a volume submitter Plan document sponsored by Fidelity Management and Research Company. The volume submitter plan provider had received an advisory letter from the Internal Revenue Service (IRS) as to the volume submitter plan's qualified status. The volume submitter plan advisory letter was relied upon by the Plan. The Plan Administrator believes the Plan was designed and was being operated in compliance with the applicable requirements of the Internal Revenue Code (IRC).

Accounting principles generally accepted in the United States of America requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 4. Information Certified or Provided by the Trustee

The following is a summary of the Plan's asset information as of April 1, 2021, December 31, 2020 and December 31, 2019, and for the period from January 1, 2021 to April 1, 2021 and year ended December 31, 2020, included throughout the Plan's financial statements and supplemental schedules, that was prepared or derived from information provided by Fidelity Management Trust Company, the trustee, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department Of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information, which appears throughout the financial statements and supplemental schedules, related to the following assets:

Note 5. Related-Party and Party-in-Interest Transactions

Certain Plan investments were shares of mutual funds managed by Fidelity Management Trust Company, the trustee of the Plan, and a pooled separate account under a group annuity contract issued by New York Life Insurance Company. As described in Note 2, the Plan paid certain expenses related to Plan operations and various investment activity to various service providers. These transactions were exempt party-in-interest transactions under ERISA.

Note 6. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described as follows:

- Level 1:** Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.
- Level 2:** Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data.
- Level 3:** Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There were no changes in the methodologies used at December 31, 2020 and December 31, 2019. There were no investments held by the Plan as of April 1, 2021.

Mutual funds: Mutual funds were reported at fair value based on the quoted market price of the fund and are classified within Level 1 of the valuation hierarchy.

Note 6. Fair Value Measurements (Continued)

Self-directed brokerage accounts: Accounts consisting of mutual funds, common stock and money market funds that were valued based on quoted prices in the active markets on which they were traded and were classified within Level 1 of the valuation hierarchy.

Pooled separate accounts: The pooled separate account invested primarily in a diversified portfolio of fixed income securities. The net asset value (NAV) was used as a practical expedient to determine fair value of this account. This practical expedient would not be used if it was determined to be probable that the fund would sell the investment for an amount different from the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods were appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2020 and 2019:

	December 31, 2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 40,526,266	\$ -	\$ -	\$ 40,526,266

Total assets in fair value hierarchy	<u>\$ 41,507,048</u>	<u>\$ -</u>	<u>\$ -</u>	<u>41,507,048</u>
Investments measured at NAV*				<u>4,938,242</u>
Investments at fair value				<u>\$ 46,445,290</u>

	December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 34,683,522	\$ -	\$ -	\$ 34,683,522
Self-directed brokerage accounts	794,332	-	-	794,332
Total assets in fair value hierarchy	<u>\$ 35,477,854</u>	<u>\$ -</u>	<u>\$ -</u>	<u>35,477,854</u>
Investments measured at NAV*				<u>4,233,910</u>
Investments at fair value				<u>\$ 39,711,764</u>

* Certain investments that were measured at NAV per share have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investment from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

Note 6. Fair Value Measurements (Continued)

The following table sets forth additional disclosures of the Plan's investments whose fair value is estimated using NAV per share as of December 31, 2020 and 2019:

Investment	Fair Value		Unfunded Commitment	Redemption Frequency	Redemption Notice Period

Pooled separate account	\$ 4,938,242	\$ 4,233,910	\$ -	Daily	None

Note 7. Risks and Uncertainties

The Plan invested in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8. Plan Merger

The Finance Committee of the Health Center, resolved to merge the Plan into the Pella Regional Health Center 401(k) Plan effective April 1, 2021. As a result, participants' account balances totaling approximately \$47,000,000 were transferred into the Pella Regional Health Center 401(k) Plan on April 1, 2021, the date legal control was obtained. The transfer of investments out of the Plan is shown on the statements of changes in net assets available for benefits for the period from January 1, 2021 to April 1, 2021.
