Independent Auditor's Report

To the Investment Committee of the
Veritex Community Bank Employee Stock Ownership Plan

Opinion

We have audited the financial statements of Veritex Community Bank Employee Stock Ownership Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits (liquidation basis) as of April 30, 2021 and December 31, 2020, and the related statements of changes in net assets available for benefits (liquidation basis) for the period from January 1, 2020 through April 30, 2021 and for the year ended December 31, 2020, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of April 30, 2021 and December 31, 2020, and the changes in its net assets available for benefits for the period from January 1, 2020 through April 30, 2021 and for the year ended December 31, 2020, in accordance with accounting principles generally accepted in the United States of America (US GAAP).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Terminating Plan

As further discussed in Note 1 to the financial statements, the Board of Directors of the Veritex Community Bank, the plan's sponsor, voted on June 18, 2019, to terminate the plan. In accordance with accounting principles generally accepted in the United States of America, the plan has changed its basis of accounting to the liquidation basis. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with US GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter—Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplementary information listed in the table of contents as of April 30, 2021 and December 31, 2020 is presented for the purpose of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

The Investment Committee of the
Veritex Community Bank Employee Stock Ownership Plan

In forming our opinion on the supplementary information, we evaluated whether the supplementary information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying supplementary information is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Veritex Community Bank Employee Stock Ownership Plan

Notes to Financial Statements

Note 1. Description of the Plan

The following brief description of the Veritex Community Bank Employee Stock Ownership Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for complete information.

General

Veritex Community Bank (the “Plan Sponsor” or “Company”) is a wholly-owned Texas based banking subsidiary of Veritex Holdings, Inc., a holding company organized under the Bank Holding Company Act of 1954 in July 2009. Veritex Community Bank is headquartered in Dallas, Texas and operates branches located throughout the greater Dallas area.

Effective January 1, 2012, restated January 1, 2017, Veritex Community Bank Stock Ownership Trust (the “Trust”), an ESOP, was formed to facilitate the purchase of common stock of the Veritex Holdings, Inc. Employer matching contributions are discretionary, and are based on voluntary employee contributions to the Veritex Community Bank 401(k) Plan (the “401(k) Plan”), and no employee contributions are allowed. The ESOP originally acquired 46,083 shares for a \$500,000 note payable on January 3, 2014. When the Plan makes each payment of principal and interest, an appropriate percentage of stock is allocated to eligible employees’ accounts in accordance with applicable regulations under the Internal Revenue Code (the “Code”).

Effective January 1, 2019, the Company merged with Green Bancorp, Inc. As the merger constituted more than a 50% change of control, all participants became 100% vested as of the merger date.

Termination of Plan

The Board of Directors of the Veritex Community Bank, the Plan’s sponsor, voted on June 18, 2019 to terminate the Plan. Effective June 30, 2019, the Plan was amended to terminate the Plan. No participants shall enter the Plan after the termination date and all participants became 100% vested in their accounts as of this date.

Eligibility

Employees of the Company were eligible to participate in the Plan upon hire; there is no minimum service requirement to participate in the Plan.

Contributions

Participants must be: (1) employed on the last day of the year, and complete 1,000 hours of service during the year; or, (2) have died, retired, or suffered disability during such year to be eligible to receive discretionary matching contributions and non-elective contributions. The Company made no non-elective or matching contributions in 2021 or 2020.

Notes to Financial Statements

Payment of Benefits

Distributions on account of death, disability, or retirement are made in a lump sum in the Plan year following the event. Distributions for other separations from service commence in the fifth Plan year following the separation from service and are made in five annual installments. The amount to be distributed is based upon the immediately preceding valuation date. Distributions are made in cash or, if a participant elects, in the form of Company common stock plus cash for any fractional shares of common stock, except that any distribution eligible for the floor price protection are distributed in shares only (see Note 8). Under the provisions of the Plan, the Company is obligated to repurchase participant shares, which have been distributed under the terms of the Plan if the shares are not publicly traded or if the shares are subject to trading limitations.

Administrative Expenses

As provided by the Plan agreement, administrative expenses may be paid either by the Plan or by the Company. The Company has historically paid the operating expenses for the Plan.

Voting Rights

Each participant was entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by the Trustee prior to the time that such rights are to be exercised. The Trustee is not permitted to vote any allocated share for which instructions have not been given by a participant. The Trustee is required, however, to vote any unallocated shares on behalf of the collective best interests of Plan participants and beneficiaries.

Participant Accounts

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited as of the last day of each Plan year with an allocation of shares of the Company common stock released by the Trustee from the unallocated account and forfeitures of terminated participant's nonvested accounts. Only those participants who are eligible employees of the Company as of the last day of the Plan year will receive an allocation. Allocations are based on a participant's eligible compensation, relative to total eligible compensation. Plan earnings are allocated to each participant's account based on the ratio of the participant's account balance.

Put Option

Under federal income tax regulations, the employer stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the current appraised value of the stock. The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

Notes to Financial Statements

Diversification

Diversification was offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company common stock into investments that are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25 percent of the number of shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50 percent. Participants who elect to diversify receive a cash distribution, unless eligible for floor price protection, in which case, shares are distributed. The election to diversify is made subsequent to year-end based upon the shares of employer stock in the participant's account at year-end.

Forfeitures

Plan forfeitures are allocated to each participant's account based upon the relation of the participant's eligible compensation to total eligible compensation for the Plan year. Forfeitures allocated to participants during April 30, 2021 and December 31, 2020 totaled \$0, respectively. There were no unallocated forfeited shares outstanding as of April 30, 2021 and December 31, 2020.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

By resolution on June 18, 2019, the Company's Board of Directors approved its intent to terminate the Plan effective June 30, 2019. The Plan was amended on August 16, 2019 to terminate the Plan on the effective date. As a result, the Plan has changed its basis of accounting to the liquidation basis in accordance with accounting principles general accepted in the United States of America ("GAAP").

Under the liquidation basis of accounting, assets were stated at their estimated net realizable value.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (US GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Allocations

The financial statements of the Plan present separately the assets and liabilities and changes therein pertaining to (a) the accounts of employees with rights in allocated stock (allocated) and (b) stock not yet allocated to employees (unallocated), including shares that are committed to be released. Shares are released from collateral and become allocated generally in the period in which debt service is actually paid.

Veritex Community Bank Employee Stock Ownership Plan

Notes to Financial Statements

Investment Valuation and Income Recognition

The Plan's investments were stated at liquidation value for the years ended December 31, 2020 and April 30, 2021. For all investments, fair value approximated the amount the Plan expected to collect at liquidation. See Note 4 for discussion of fair value measurements. Dividend income is accrued on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Realized gains and losses from security transactions are reported on the average cost method. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits were recorded when paid.

New Accounting Pronouncements

In August 2018, the Financial Accounting Standards Board issued Accounting Standards Update (ASU) No. 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurements*. The ASU modifies the disclosure requirements on fair value measurements in Accounting Standards Codification Topic 820. The ASU is effective for all reporting periods beginning after December 15, 2019, with early adoption permitted. The Company has elected to early adopt this ASU; however, it did not have a material effect on the Plan's financial statements.

Management's Review of Subsequent Events

The Plan has evaluated subsequent events through February 8, 2022, the date the financial statements were available to be issued.

Note 3. Investments

The Plan's investments, at April 30, 2021, are presented in the following table:

	Number of Shares	Cost	Estimated Fair Value
Common stock			
Allocated	-	\$ -	\$ -
Unallocated	-	-	-
Total	-	\$ -	\$ -

The Plan's investments, at December 31, 2020, are presented in the following table:

Veritex Community Bank Employee Stock Ownership Plan

Notes to Financial Statements

Note 4. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at April 30, 2021 and December 31, 2020.

Company common stock: Valued at the daily closing price as reported on NASDAQ and is considered Level 1.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of April 30, 2021 and December 31, 2020:

	2021	2020
Level 1:		
Common stock	\$ -	\$ 2,512,550
Investments at fair value	<u>\$ -</u>	<u>\$ 2,512,550</u>

Note 5. Company Dividends

The Company paid a dividend to the ESOP of \$74,091 and \$0 during the year ended April 30, 2021 and December 31, 2020, respectively.

Veritex Community Bank Employee Stock Ownership Plan

Notes to Financial Statements

Note 6. Related Party Transactions and Party in Interest Transactions

The Plan invests in Company common stock. These are related party and party in interest transactions. As described in Note 1, the Company pays all plan expenses. The Plan has a number of service providers. Such providers are parties in interest under ERISA.

Note 7. Risks and Uncertainties

The Plan investments consist primarily of the Company's common stock, which is exposed to various risks such as interest rate, market, and credit risks, as well as valuation assumptions based on earnings, cash flows and/or other such techniques. Due to the level of risk associated with the investment in the common stock and to uncertainties inherent in the estimations and assumptions, it is at least reasonably possible that changes in the value of the common stock will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

During 2020 and 2021, the global outbreak of the Coronavirus (COVID-19), which was declared a pandemic by the World Health Organization in March, has led to significant volatility in financial markets. The ultimate impact of COVID-19 on the Plan, which may be material, is uncertain and will depend on future developments.

Note 8. Plan Termination

By resolution on June 18, 2019, the Company's Board of Directors approved its intent to terminate the Plan effective June 30, 2019. The Plan was amended on August 16, 2019 to terminate the Plan on the effective date.

In connection with the Plan's termination, each participant or beneficiary became fully vested. No participants shall enter the Plan after the effective date of Plan termination, and there will be no benefit accruals after such date. Furthermore, in determining any benefit accruals prior to the effective date of Plan termination, the Plan will not take into account compensation paid after the effective date. The Plan administrator shall direct that distributions be made to participants and beneficiaries within a reasonable period of time after the effective date of termination.

Note 9. Tax Status

The Plan has received a determination letter from the Internal Revenue Service (IRS) December 12, 2017, stating that the Plan qualified under the IRC and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan has been amended since receiving the determination letter. However, Plan management believes that the Plan is currently designed, and being operated, in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified, and the related trust was tax-exempt as of the financial statement date.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken a significant uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
