Profit Sharing Plan and Trust

Notes to Financial Statements
December 31, 2020

1. Description of Plan

The following description of the Forrest Solutions Inc 401(k) Profit Sharing Plan and Trust (the "Plan") is provided for general information purposes only. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Forrest Solutions, Inc. (the "Employer" or "Company"). An employee is eligible to make contributions to the Plan and to receive Employer matching contributions upon completion of three months of service and attainment of twenty-one years of age. An employee is eligible to receive Employer profit sharing contributions upon completion of 1 year of service and attainment of twenty-one years of age. In addition, the employee must be credited with at least 500 hours of service during the Plan year and must be employed on the last day of the Plan year. Employees are not eligible to participate in the Plan if the employee is: included in a unit of employees covered under a collective bargaining agreement; a nonresident alien; or an employee as a result of a transaction described in Internal Revenue Code ("IRC") section 410(b)(6)(C). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective January 2021, the Plan changed its custodian from Mid Atlantic Trust Company to Mutual of America Life Insurance Company.

On March 27, 2020, the President signed into law the U.S. Coronavirus Aid, Relief and Economic Security Act (the "CARES Act"). The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to Plan participants under the CARES Act and has implemented the following provisions:

- Eligible coronavirus distributions up to $100,000;
- Extend the period for loan repayments, if applicable, up to one year;
- Increase the limit of loans up to the lesser of $100,000 or 100% of a participant's vested account balance; and
- Suspend required minimum distributions for 2020.

Contributions

Each year, eligible employees may elect to contribute a portion of their eligible compensation to the Plan on a pre-tax or Roth basis, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. A participant may elect to increase, decrease or suspend their contributions according to procedures established by the Employer. There is an annual dollar limit as to the amount that can be contributed to the Plan that is determined by the IRC. Participants may also contribute amounts representing distributions from other qualified plans.

The Employer may contribute matching or profit sharing contributions to the Plan that is determined by the Employer. For the 2020 Plan year, no matching or profit sharing contributions were made to the Plan.

1. Description of Plan *(continued)*

Vesting

A participant is 100% vested in their contributions plus actual earnings thereon.

Vesting in any Employer's contributions plus actual earnings thereon is based on years of continuous service. Participants are 100% vested after three years of credited service. However, if a participant dies or becomes disabled while an employee of the Company, the participant shall immediately become 100% vested in their accounts.

Participant Accounts

Each participant's account is credited with the participant's contributions and an allocation of (a) the Employer's contributions and (b) Plan earnings (losses) thereon. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All investments are participant directed.

Payment of Benefits

Upon termination of service due to death, disability, retirement or other reason, a participant is entitled to receive a distribution in the amount equal to the value of the participant's vested interest in his or her account.

Expenses

Expenses of maintaining the Plan are paid directly by the Employer and are excluded from these financial statements. Investment related expenses are included in net appreciation in fair value of investments.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum amount of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested balance. The loans are secured by the participant's vested account balance and determine a rate of interest equal to Prime plus 1%. Loan repayments must be made through payroll deductions over a term not to exceed 5 years unless the proceeds of the loan are used to purchase the participant's principal residence. Principal and interest is paid ratably through periodic payroll deductions. Participants are limited to one outstanding loan at any one time.

Forfeitures

At December 31, 2020 and 2019, forfeited non-vested accounts totaled $23,762 and $26,168. These accounts will be used to reduce future administrative expenses, Employer contributions or allocated to the remaining participants' accounts. During 2020, administrative expenses were reduced by $4,928 from forfeited non-vested accounts. During 2020, no forfeitures were used to reduce Employer contributions or were allocated to participants in the Plan.

2. Summary of Significant Accounting Policies

Basis of Presentation and Use of Estimates

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"), which requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Fair Value Measurements

The Plan follows U.S. GAAP guidance on *Fair Value Measurements* which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable and are used to the extent that observable inputs do not exist. As of December 31, 2020 and 2019, all of the Plan's investments were valued using level 1 inputs.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. The mutual funds and money market funds held by the Plan are valued at fair value based on the daily closing price as reported by the funds. These funds are open-ended and are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The funds held by the Plan are deemed to be actively traded.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Company and are excluded from these financial statements. Administrative fees incurred in connection with loans and participant activity charges are borne by the individual and deducted from their respective Plan assets. Investment related expenses are included in the NAV of the respective funds and, consequently, those expenses are not separately reflected but are a component of net appreciation in fair value of investments.

2. Summary of Significant Accounting Policies *(continued)*

Subsequent Events Evaluation by Management

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is February 11, 2022.

3. Information Certified (Unaudited)

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Mid Atlantic Trust Company, the custodian of the Plan, has certified to the completeness and accuracy of all the investments reflected in the accompanying statements of net assets available for benefits as of December 31, 2020 and 2019, the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2020, and the supplemental Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2020.

4. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate that Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Employer contributions.

5. Tax Status

The Internal Revenue Service (“IRS”) issued an opinion letter to the prototype plan document preparer, dated April 10, 2014, which states that the form of the prototype plan qualifies under the applicable provisions of the IRC. The plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

6. Party-in-Interest Transactions

Mid Atlantic Trust Company serves as the custodian of the Plan and Paychex, Inc. serves as the record-keeper for the Plan. Therefore, these transactions qualify as party-in-interest transactions.

Participants who are active employees may borrow from their accounts and such loans qualify as exempt party-in-interest transactions under ERISA. These loans are recorded as notes receivable from participants in the statements of net assets available for benefits.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The global economic uncertainty associated with the novel coronavirus (COVID-19) pandemic has resulted in significant volatility in global financial markets. This volatility has affected, and may continue to affect, the value of the Plan's net assets available for benefits. The effects of economic and market conditions subsequent to December 31, 2020 are not reflected in these financial statements and future effects on the Plan's net assets available for benefits cannot be predicted due to uncertainty regarding the duration and scope of the pandemic and other changing market conditions.
