Independent Auditor's Report

To the Plan Administrator
Summit Pathology 401(k) Profit Sharing Plan and Trust

We have audited the accompanying financial statements of Summit Pathology 401(k) Profit Sharing Plan and Trust (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2020 and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the 2020 financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the 2020 financial statements.

Report on Prior Year Financial Statements

The 2019 statement of net assets available for benefits was not audited, reviewed, or compiled by us, and, accordingly, we do not express an opinion or any other form of assurance on it.

Opinion

In our opinion, the 2020 financial statements referred to above present fairly, in all material respects, the net assets of the Plan as of December 31, 2020 and the changes in net assets for the year then ended in accordance with accounting principles generally accepted in the United States of America.

To the Plan Administrator
Summit Pathology 401(k) Profit Sharing Plan and Trust

Report on Supplemental Information

Our audit of the Plan's financial statements as of and for the year ended December 31, 2020 was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets held at end of year as of December 31, 2020 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Note 1 - Plan Description

The following description of Summit Pathology 401(k) Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Summit Pathology (the "Company"), except those covered by an elective bargaining agreement, nonresident aliens, and leased employees. Employees become eligible upon completion of one year of service, equal to 1,000 hours or more of service in a 12-month period, and attaining age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

The Plan provides for employee salary deferral contributions up to a maximum of 100 percent of annual eligible compensation subject to maximum tax-deferred limitations established by the Internal Revenue Code. The Plan also allows participants to contribute up to 100 percent of their eligible compensation on an after-tax basis. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

The Plan provides for required employer safe harbor contributions to all non-highly compensated employees of 3 percent of the participant's annual eligible compensation.

The Company may also make additional annual profit-sharing contributions to the Plan, as approved by the Company's board of directors. Total discretionary profit-sharing contributions were $416,683 for the plan year ended December 31, 2020. In order to receive an allocation of the discretionary profit-sharing contribution, the participant must be employed on the last day of the plan year.

Participant Notes Receivable

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their account balances. The notes receivable are secured by the balance in the participant's account and bear interest at rates that range from 5.50 percent to 7.50 percent, which are commensurate with local prevailing rates determined periodically by the plan administrator. Principal and interest are paid ratably through payroll deductions.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's safe harbor matching and discretionary profit-sharing contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on participants' eligible compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Benefit Payments

On termination of service due to termination of employment, death, disability, or retirement, a participant (or the participant’s beneficiary in the case of death) may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or a nonrecurring partial payment. The Plan also allows for in-service withdrawals at age 59½.

Vesting

Participants are immediately 100 percent vested in employee salary, rollover, and employer safe harbor contributions and any income or loss thereon.

Note 1 - Plan Description (Continued)

The Company's discretionary profit-sharing contributions, if any, vest according to the following schedule:

Years of Service	Vesting Percentage
Less than 1	- %
1	25
2	50
3	75
4	100

Forfeitures

If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used to reduce future company contributions.

Revenue Sharing

The Plan has a revenue-sharing agreement where participants receive a credit against their expenses for investing in the custodians' investment options. During the year ended December 31, 2020, the Plan received revenue credits from the custodians, which is included in the net appreciation in fair value of assets on the statement of changes in net assets available for benefits.

Party-in-interest Transactions

The Plan provides for loans to participants, which are party-in-interest transactions that are exempt from the prohibited transaction rules.

Termination

While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA. Upon termination of the Plan, participants become 100 percent vested in their account balances.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation

The Plan's investments are stated at fair value.

The investment in the hedge fund partnership, held in the self-directed brokerage account, is valued at net asset value per share (NAV) (or its equivalent) of the fund, which is based on the fair value of the fund's underlying assets with adjustments to account for partnership activity and other applicable valuation adjustments. The interest-bearing cash accounts, held in the self-directed brokerage account, are valued at fair value based on their outstanding balances. All other investments are valued based on quoted market prices reported in active markets. See Note 3 for additional information.

Participant Notes Receivable

Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Various administrative costs are paid by the Company.

Note 2 - Summary of Significant Accounting Policies (Continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including February 9, 2022, which is the date the financial statements were available to be issued.

Note 3 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

Level 1

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset.

In instances where inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan’s assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

Note 3 - Fair Value Measurements (Continued)

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2020 and 2019:

	Assets Measured at Fair Value on a Recurring Basis at December 31, 2020

Independent Auditor's Report

To the Plan Administrator
Summit Pathology 401(k) Profit Sharing Plan and Trust

We have audited the accompanying financial statements of Summit Pathology 401(k) Profit Sharing Plan and Trust (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2020 and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the 2020 financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the 2020 financial statements.

Report on Prior Year Financial Statements

The 2019 statement of net assets available for benefits was not audited, reviewed, or compiled by us, and, accordingly, we do not express an opinion or any other form of assurance on it.

Opinion

In our opinion, the 2020 financial statements referred to above present fairly, in all material respects, the net assets of the Plan as of December 31, 2020 and the changes in net assets for the year then ended in accordance with accounting principles generally accepted in the United States of America.

To the Plan Administrator
Summit Pathology 401(k) Profit Sharing Plan and Trust

Report on Supplemental Information

Our audit of the Plan's financial statements as of and for the year ended December 31, 2020 was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets held at end of year as of December 31, 2020 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Note 1 - Plan Description

The following description of Summit Pathology 401(k) Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Summit Pathology (the "Company"), except those covered by an elective bargaining agreement, nonresident aliens, and leased employees. Employees become eligible upon completion of one year of service, equal to 1,000 hours or more of service in a 12-month period, and attaining age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

The Plan provides for employee salary deferral contributions up to a maximum of 100 percent of annual eligible compensation subject to maximum tax-deferred limitations established by the Internal Revenue Code. The Plan also allows participants to contribute up to 100 percent of their eligible compensation on an after-tax basis. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

The Plan provides for required employer safe harbor contributions to all non-highly compensated employees of 3 percent of the participant's annual eligible compensation.

The Company may also make additional annual profit-sharing contributions to the Plan, as approved by the Company's board of directors. Total discretionary profit-sharing contributions were $416,683 for the plan year ended December 31, 2020. In order to receive an allocation of the discretionary profit-sharing contribution, the participant must be employed on the last day of the plan year.

Participant Notes Receivable

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their account balances. The notes receivable are secured by the balance in the participant's account and bear interest at rates that range from 5.50 percent to 7.50 percent, which are commensurate with local prevailing rates determined periodically by the plan administrator. Principal and interest are paid ratably through payroll deductions.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's safe harbor matching and discretionary profit-sharing contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on participants' eligible compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Benefit Payments

On termination of service due to termination of employment, death, disability, or retirement, a participant (or the participant’s beneficiary in the case of death) may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or a nonrecurring partial payment. The Plan also allows for in-service withdrawals at age 59½.

Vesting

Participants are immediately 100 percent vested in employee salary, rollover, and employer safe harbor contributions and any income or loss thereon.

Note 1 - Plan Description (Continued)

The Company's discretionary profit-sharing contributions, if any, vest according to the following schedule:

Years of Service	Vesting Percentage
Less than 1	- %
1	25
2	50
3	75
4	100

Forfeitures

If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used to reduce future company contributions.

Revenue Sharing

The Plan has a revenue-sharing agreement where participants receive a credit against their expenses for investing in the custodians' investment options. During the year ended December 31, 2020, the Plan received revenue credits from the custodians, which is included in the net appreciation in fair value of assets on the statement of changes in net assets available for benefits.

Party-in-interest Transactions

The Plan provides for loans to participants, which are party-in-interest transactions that are exempt from the prohibited transaction rules.

Termination

While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA. Upon termination of the Plan, participants become 100 percent vested in their account balances.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation

The Plan's investments are stated at fair value.

The investment in the hedge fund partnership, held in the self-directed brokerage account, is valued at net asset value per share (NAV) (or its equivalent) of the fund, which is based on the fair value of the fund's underlying assets with adjustments to account for partnership activity and other applicable valuation adjustments. The interest-bearing cash accounts, held in the self-directed brokerage account, are valued at fair value based on their outstanding balances. All other investments are valued based on quoted market prices reported in active markets. See Note 3 for additional information.

Participant Notes Receivable

Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Various administrative costs are paid by the Company.

Note 2 - Summary of Significant Accounting Policies (Continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including February 9, 2022, which is the date the financial statements were available to be issued.

Note 3 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

Level 1

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset.

In instances where inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan’s assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

Note 3 - Fair Value Measurements (Continued)

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2020 and 2019:
