PLATINUM DERMATOLOGY PARTNERS 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2019 and 2018

A. Description of the Plan

General

The following brief description of the Platinum Dermatology Partners 401(k) Plan (the "Plan") is provided for general information purposes only. The Plan is sponsored by Platinum Dermatology Partners (the "Company" or "Plan Sponsor"). Participants should refer to the Plan document for more complete information. The Company's corporate offices are located in Dallas, Texas.

The Plan was effective January 1, 2016, restated effective January 1, 2018, and is a defined contribution plan available to all employees of the Company who have attained age 21 and completed one month of service. Substantially all employees of the Company are eligible to participate in the Plan, except for those employees covered by a collective bargaining agreement and nonresident aliens. Eligible employees may enter the Plan on the first day of each month. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The purpose of the Plan is to encourage the Company's employees to save and invest, systematically, a portion of their current compensation so that they and their families may have a source of additional income upon their retirement, or in the event of death.

The Plan's recordkeeper is Fidelity Investments and the custodian/trustee is Fidelity Management Trust Company.

Participating employers in the Plan as of December 31, 2019 and 2018 include: PDP of Texas (formerly Dallas Associated Dermatologists, PLLC), Center for Dermatology, PLLC (formerly North Scottsdale Dermatology Associates, P.C.), and Camelback Dermatology & Skin Surgery, Inc. Each of these employers administered 401(k) plans which were merged into the Plan prior to December 31, 2018.

Contributions

Participants may make pre-tax and after-tax contributions up to 90% annual compensation, as defined by the Plan. Contributions are subject to limitations on annual additions and other limitations imposed by the Internal Revenue Code (the "Code") as defined in the Plan document. Eligible participants may make a rollover contribution to the Plan.

Participants who are eligible to make salary deferral contributions under the Plan and who have attained age 50 before the close of the year may make catch-up contributions in accordance with, and subject to the limitations imposed by the Code.

A. Description of the Plan – continued

Contributions – continued

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. In addition, unless these participants opt out of participation, their deferral rate increases by 1% (up to 6%) each January 1. Roth 401(k) contributions are also allowed by the Plan.

The Company makes Qualified Automatic Contribution Arrangement ("QACA") contributions (a type of safe harbor contribution) of 100% of participants' contributions, up to 1% of each participant's eligible compensation and 50% of participants' contributions of the next 5% of each participant's eligible compensation, as defined by the Plan document. The Company may also make discretionary matching contributions. Participants must be: (1) employed on the last day of the year, and complete 1,000 hours of service during the year; or (2) have died, retired, or suffered disability during such year to be eligible to receive discretionary matching contributions. There were no discretionary matching contributions in 2019. The Company may also make discretionary non-elective contributions to the Plan. There were no discretionary non-elective contributions in 2019.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of: (a) the Company's contribution; and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Discretionary non-elective contributions received plus actual earnings thereon by the Plan are also immediately vested.

Vesting in the Company QACA contributions portion of accounts, plus actual earnings thereon is as follows:

Years of Service	Vested Percentage
Less than 1 year	0%
1 year	0%
2 years	100%

A. Description of the Plan – continued

Vesting – continued

Participants that merged in from certain other plans are 100% vested in prior safe harbor non-elective contributions. Additionally, participants in certain other merged in plans may follow a different vesting schedule for prior employer contributions.

In the event of disability, early retirement, or death, the participant will become fully vested.

Participant Loans

Participants may borrow from their accounts a minimum of $1,000 up to a maximum amount equal to the lesser of $50,000 or 50% of their account balance. Loan terms range up to five years or longer for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Company. As of December 31, 2019 and 2018, interest rates range from 5.25% to 6.50%. Principal and interest are paid ratably through payroll deductions. Participant loans are classified as notes receivable from participants in the Plan's financial statements.

Benefit Payments

Participants withdrawing during the year for reasons of service or disability, retirement, death, or termination are entitled to their vested account balance. Benefits are distributed in the form of rollovers, lump sum, or installment payments. If withdrawing participants are not entitled to their entire account balance, the amounts not received are forfeited.

Certain in-service withdrawals are allowed. A participant may also elect to withdraw all or a portion of their vested account balance while employed after reaching age 59 ½. A participant may receive a hardship distribution from salary reduction contributions if the distribution is: (1) on account of uninsured medical expenses incurred by the participant, their spouse, or dependents; (2) to purchase (excluding mortgage payments) a principal residence of the participant; (3) for the payment of post-secondary tuition expenses; or (4) needed to prevent eviction of the participant from their principal residence or foreclosure upon the mortgage of the participant's principal residence. burial or funeral expenses for the participant's parent, spouse, children, or dependents; (5) payments for or (6) expenses for the repair of damage to the participant's principal residence that would qualify for the casualty deduction under Code §165.

Effective January 1, 2019, the Plan's hardship withdrawal provisions were updated in connection with the Bipartisan Budget Act. Participants will no longer (1) be required to obtain a loan prior to requesting a hardship withdrawal; (2) participant deferral contributions will no longer be suspended after receipt of a hardship withdrawal; and (3) earnings on elective deferral contributions in a participant's account will be included as part of a hardship withdrawal. Expansion of the reasons for heavy financial need were also expanded to include certain disaster events and casualty losses not associated with disasters.

A. Description of the Plan – continued

Forfeitures

Forfeited balances of terminated participants' non-vested accounts are used to offset employer contributions and administrative expenses for the year. $1,564 of forfeitures were allocated to reduce matching contributions and $379 of forfeitures were allocated to reduce administrative expenses, during the year ended December 31, 2019. Unallocated forfeitures outstanding as of December 31, 2019, were $54,917.

Investment Options

Upon enrollment in the Plan, a participant may direct their salary deferrals in 1% increments into any of the Plan's investment options.

Plan Expenses

Employees of the Company perform certain administrative functions with no compensation from the Plan. In accordance with Plan provisions, the Company pays substantially all costs relating to asset charges and recordkeeping. All significant administrative expenses are paid by the Company and are not reflected in the accompanying financial statements.

B. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of the financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

Contributions

Contributions from the Company and participants are accrued as they become obligations of the Company, as determined by the Plan administrator, and in the period in which they are deducted, in accordance with salary deferral agreements.

B. Summary of Significant Accounting Policies – continued

Investment Valuation and Income

The investments of the Plan are stated at fair value as of the end of the year and are subject to market or credit risks customarily associated with equity investments. Fair value measurements are determined in accordance with GAAP, which defines fair value, establishes a framework for measuring fair value, and expands disclosures about assets and liabilities measured at fair value. See Note C for information related to the Plan's valuation methodologies.

Investment gains and losses are accounted for using the average cost basis of the securities sold. The net realized and unrealized gains and losses on investments include realized gains and losses on sales of investments during the year and unrealized increases or decreases in the market value of investments held at year end. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are recorded at the unpaid principal balance plus accrued but unpaid interest.

Payment of Benefits

Benefits are recorded when paid.

Cash and Cash Equivalents

All highly liquid investments with a maturity of three months or less when purchased are treated as cash equivalents. At December 31, 2018, the Plan held such investments primarily in one financial institution, which at times exceeded amounts covered by insurance provided by the U.S. Federal Deposit Insurance Corporation ("FDIC"). The Plan has not experienced any losses related to amounts in excess of FDIC limits. No such investments were held as of December 31, 2019.

C. Fair Value Measurements

GAAP defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and establishes a three-tier hierarchy that is used to identify assets and liabilities measured at fair value. The hierarchy focuses on the inputs used to measure fair value and requires that the lowest level input be used. The three levels defined are as follows:

- Level 1 — observable inputs that are based upon quoted market prices for identical assets or liabilities within active markets.

C. Fair Value Measurements – continued

- Level 2 — observable inputs other than Level 1 that are based upon quoted market prices for similar assets or liabilities, based upon quoted prices within inactive markets, or inputs other than quoted market prices that are observable through market data for substantially the full term of the asset or liability.

- Level 3 — inputs that are unobservable for the particular asset or liability due to little or no market activity and are significant to the fair value of the asset or liability. These inputs reflect assumptions that market participants would use when valuing the particular asset or liability.

GAAP requires that management describe the methodologies used to measure the fair value of assets and liabilities. The methodologies used to measure the fair value of the Plan's investments are as follows:

- Money market funds and interest-bearing cash — valued based on the short-term cash component as of the measurement date and classified within Level 1 of the valuation hierarchy.

- Corporate stocks-preferred — valued based on contract value which approximates fair value is classified as Level 3 of the fair value hierarchy.

- Partnership/Joint venture interests — valued on contract value which approximates fair value is classified as Level 3 of the fair value hierarchy.

- Fidelity BrokerageLink self-directed brokerage accounts — underlying investments, which consist primarily of interest-bearing cash accounts and individual corporate common stocks, are valued at the closing price reported on the open market and are classified within Level 1 of the valuation hierarchy.

- Registered investment companies — valued at the published per share net asset value of shares held by the Plan and are classified within Level 1 of the valuation hierarchy. There are no significant restrictions on redeeming these investments at net asset value.

C. Fair Value Measurements – continued

There have been no changes in the methodologies used at December 31, 2019. The following table details the Plan's investments at fair value by level, within the fair value hierarchy, as of December 31, 2019.

	Level 1	Level 2	Level 3	Total
Money market fund	$ 317,443	$ -	$ -	$ 317,443

These items are classified in their entirety based on the lowest priority level of input that is significant to the fair value measurement. The assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the placement of assets and liabilities within the levels of the fair value hierarchy. For the year ended December 31, 2019, there were no significant transfers between levels.

The table below sets forth activity of the Plan's Level 3 assets for the year ended December 31, 2019.

Balance at January 1	$ 67,683
Disbursements on investments, net of interest earned	(3,823)
	$ 63,860

There have been no changes in the methodologies used at December 31, 2018. The following table details the Plan's investments at fair value by level, within the fair value hierarchy, as of December 31, 2018.

	Level 1	Level 2	Level 3	Total

C. Fair Value Measurements – continued

These items are classified in their entirety based on the lowest priority level of input that is significant to the fair value measurement. The assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the placement of assets and liabilities within the levels of the fair value hierarchy.

D. Information Certified by the Trustee

The Plan administrator elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator limited auditing procedures with respect to the investment information certified by the trustee, which included total investments as of December 31, 2019 and 2018, the total investment income for the year ended December 31, 2019, and all information included in the supplemental schedule H, line 4i – schedule of assets (held at end of year).

The fair values of the corporate stocks – preferred, Renasant corporate common stock, partnership/joint venture interests, and interest-bearing cash, as of December 31, 2019 and 2018, and the related investment income for the year ended December 31, 2019, were not certified. Therefore, this investment information was subjected to full-scope auditing procedures as of December 31, 2019 and 2018, and for the year ended December 31, 2019.

E. Tax Status

Effective January 1, 2018, the Plan was amended and restated by the adoption of the Fidelity Investments Volume Submitter Profit Sharing Plan with CODA which has a favorable advisory letter from the IRS dated March 31, 2014. This advisory letter states that the form of the prototype plan is acceptable under Section 401 of the Code. The Company may rely on this letter with respect to the qualification of the Plan under Code Section 401(a) with certain limitations.

Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Company believes that the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

F. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions set forth in ERISA. In the event the Plan terminates, all amounts credited to participant's accounts will become 100% vested.

G. Parties-in-Interest Transactions

Party in interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee organization, or relatives of such persons.

The Plan invests in shares of mutual funds managed by Fidelity Management Trust Company which acts as trustee for only those investments as defined by the Plan. Transactions in such investments, as well as loans made to participants, qualify as party in interest transactions, which are exempt from the prohibited transaction rules. The Plan paid certain expenses related to Plan operations and investment activity to various service providers. These transactions are party in interest transactions under ERISA.

H. Subsequent Events

In preparing the accompanying financial statements, management has evaluated all subsequent events and transactions for potential recognition or disclosure through February 14, 2022, the date the financial statements were available for issuance.

In March 2020, the World Health Organization declared the outbreak of a novel coronavirus ("COVID-19") as a pandemic which continues to spread throughout the United States of America. COVID-19 has adversely affected, and may continue to adversely affect, the macro-economic environment and global economy. Due to the disruption of COVID-19 on the global economy, the values of investment securities have become subject to increased volatility and have been or may be adversely affected. The impact to the Plan cannot be reasonably estimated at this time.

On March 27, 2020, President Trump signed into law the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act") which allowed plan sponsors to immediately adopt certain retirement plan provisions to allow qualified individuals, as defined in the CARES Act, additional access to retirement plan balances. As a result, while the Plan has not been formally amended, the Company determined it was in the best interest of the participants to allow the deferral of 2020 loan repayments for a year.

Effective March 1, 2021, the Plan was amended and restated in connection with a change in recordkeeper from Fidelity Workplace Services, LLC to Merrill Lynch, Pierce, Fenner & Smith Incorporated Retirements Services 401k Plan Recordkeeping and Trust Services which resulted in the Plan's custodian and trustee also changing from Fidelity Trust Management Company to Bank of America, N.A. There were no significant changes to the Plan provisions.

H. Subsequent Events – continued

During 2020 the Plan was amended and restated to change various Plan provisions with the most significant being the removal of the QACA safe harbor matching provisions.
