Independent Auditor's Report

The Plan Administrator
RailWorks Corporation Incentive Plan
New York, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2020 Financial Statements

We have performed an audit of the financial statements of Railworks Corporation Incentive Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2020, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2020 financial statements).

Management, having determined that it is permissible in the circumstances, has elected to have the audit of the 2020 financial statements performed in accordance with ERISA Section 103(a)(3)(C), pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2020, and for the year then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2020 Financial Statements

In our opinion, based on our audit and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2020 Financial Statements* section of our report:

- The amounts and disclosures in the accompanying 2020 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying 2020 financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

BDO USA, LLP, a Delaware limited liability partnership, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Basis for Opinion on the 2020 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2020 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or that may become due to such participants.

Auditor's Responsibilities for the Audit of the 2020 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2020 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the 2020 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2020 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2020 financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — 2020 Supplemental Schedule Required by ERISA

The 2020 supplemental Schedule H (Form 5500), Line 4i – Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not required parts of the 2020 financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2020 financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2020 financial statements, and to certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2020 financial statements or to the 2020 financial statements themselves, and to other additional procedures in accordance with

GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Other Matter — Report on the 2019 Financial Statements

We were engaged to audit the statement of net assets available for benefits of the Plan as of December 31, 2019. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by the qualified institution. Our audit report, dated October 14, 2020, indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an opinion and accordingly, we did not express an opinion on the 2019 financial statements, and (b) the form and content of the information included in the 2019 financial statements other than that derived from the information certified by the qualified institution were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

1. Description of the Plan

The following brief description of the RailWorks Corporation Incentive Plan (the Plan) is provided only for general information purposes. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of RailWorks Corporation (the Company) who have completed six months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Participants may enter the Plan immediately upon meeting the eligibility requirements discussed above.

Fidelity Management Trust Company (Fidelity) is the trustee of the Plan and holds the Plan's investment assets and executes investment transactions.

Participant Contributions

Participants may contribute up to 75% of their pretax annual compensation to the Plan up to the maximum allowable under Internal Revenue Code (IRC) Section 402(g). Effective December 31, 2009, all eligible employees, unless affirmatively electing otherwise, are automatically enrolled in the Plan for the higher of the participant's selection or 3% of their compensation. In addition, each participant, having automatic enrollment contributions made on his or her behalf, shall have the deferral increased annually by 1%, limited to 6% of compensation, unless the participants elected a higher deferral amount.

Employer Contributions

The Plan includes a qualified automatic contribution arrangement. As part of this arrangement, all participants receive a match equal to 100% of their first 1% of deferrals and 50% of their next 5% of deferrals (that is, deferrals that are above 1% but do not exceed 6%). The match under this arrangement is vested 20% after one year of service, and upon completion of two years of service, it is 100% vested. For the Plan years ended December 31, 2020 and 2019, the Company made a matching contribution in the amount of $2,324,833 and $2,391,040, respectively.

The Plan also includes a non-elective discretionary employer contribution. This contribution is allocated to participant accounts based on the ratio of each eligible participant's compensation to total eligible compensation for the period. The non-elective discretionary employer contribution is 100% vested after five years of credited service, starting at 20% after one year, with an additional 20% for each year of service thereafter. The Company did not make a non-elective discretionary contribution for the years ended December 31, 2020 and 2019.

Participant Accounts

Each participant's account is credited with the participant's own contributions, an allocation of any Company contributions, and an allocation of the Plan's earnings. Allocation of Company contributions is based on compensation and the amount of each participant's contributions. The Plan's earnings are allocated based on the participant's earnings, balances of participant accounts, and specific participant transactions, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Upon enrolling in the Plan, a participant may direct the investment of his or her account into any of the investment options offered by the Plan. Participants may change their investment options daily.

Contributions Receivable

Contributions that are pending transfer to Fidelity as of December 31, 2020 and 2019 are recorded as contributions receivable by the Plan in the statements of net assets available for benefits.

Notes Receivable from Participants

The Plan allows participants to borrow from their individual accounts in the Plan. These loans are limited to the lesser of $50,000 or 50% of the participant's vested account balance with a minimum loan of $1,000. Loans are repaid through payroll deductions over periods of up to five years. Loans for the purchase of a principal residence may be repaid over ten years. The interest rate is determined by the Plan administrator based on prevailing market conditions and is fixed over the life of the loan.

During 2020 and 2019, distributions totaling $3,082 and $493, respectively, were used to satisfy Plan loan defaults, which have been recorded as deemed distributions in the accompanying statements of changes in net assets available for benefits.

Vesting

Participants are immediately vested in their rollover contributions and employee pre-tax contributions, plus actual earnings thereon. Vesting in the remainder of their accounts plus actual earnings thereon is based on years of continuous service. The match contribution is vested 20% after one year of service, and upon completion of two years of service, it is 100% vested. The non-elective discretionary employer contribution is 100% vested after five years of credited service, starting at 20% after one year, with an additional 20% for each year of service thereafter.

Forfeited Accounts

Forfeitures are used to reduce future employer contributions or pay administrative expenses. During the years ended December 31, 2020 and 2019, $0 of the forfeited amounts were used to reduce employer matching contributions or pay administrative expenses. At December 31, 2020 and 2019, there were unallocated forfeitures of $234,694 and $235,114, respectively.

Payment of Benefits

Upon retirement, death, disability, or termination of service, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account. Provided the balance is greater than $5,000, participants may elect payment in the form of a lump-sum distribution, installment distribution, or a combination of the lump-sum and installment distributions. If the value is greater than $1,000 but less than $5,000, an automatic Individual Retirement Account (IRA) rollover of the vested account balance will be made; if the value is less than $1,000, a lump-sum distribution will be made to the participant, unless otherwise directed.

CARES Act

On March 27, 2020, President Trump signed the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) into law. The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to the Plan participants under the CARES Act and has implemented the following provisions:

- Special coronavirus distributions up to $100,000.
- Extend the period for loan repayments, if applicable.
- Suspend required minimum distributions for 2020.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, as further discussed in Note 5. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed as incurred. No allowance for credit losses has been recorded at December 31, 2020 or 2019.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Administrative expenses of the Plan are paid by either the Plan or the Company, as provided in the Plan document. Expenses that are paid by the Company are excluded from these financial statements. Transaction fees, such as distribution, withdrawal, and investment buying or selling fees, are paid by the Plan and charged directly to the participants. Investment fees are presented net of investment gains and losses on the statements of changes in net assets available for benefits.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP), requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and the disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

3. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA and its related regulations. In the event of Plan termination, participants will become 100% vested in their accounts.

4. Information Certified by Plan's Trustee

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform, and they did not perform, auditing procedures with respect to this information, except for comparing such information certified by Fidelity to the related information included in the financial statements and supplemental Schedule of Assets (Held at End of Year). Mutual funds, common/collective trust and notes receivable from participants held at December 31, 2020 and 2019 which are disclosed in the accompanying financial statements and supplemental Schedule of Assets (Held at End of Year), along with dividends, interest income on investments, interest income on notes receivable from participants and net appreciation in fair value of investments for the year ended December 31, 2020, were obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Fidelity.

5. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under GAAP are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2020 and 2019.

The Plan had no financial assets that were measured at fair value on a nonrecurring basis or Plan liabilities recorded at fair value at December 31, 2020 or 2019. There were no transfers between levels during the years ended December 31, 2020 and 2019.

Mutual Funds **-** These are valued at the unadjusted quoted market price, which represents the net asset value (NAV) of shares held by the Plan at year-end.

Common/Collective Trust - Unit values are calculated based on the net assets of the underlying securities of the common collective trust. The NAV, as provided by Fidelity, is used as a practical expedient to estimate fair value. The underlying securities in the common collective trust include various debt securities and securities that are listed on national securities exchanges and valued on the basis of year-end closing prices. The investments in the common collective trust are redeemable at NAV on a daily basis.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets that are accounted for at fair value on a recurring basis.

December 31, 2020

		Investment Assets in the Fair Value Hierarchy		
	Total	Level 1	Level 2	Level 3
Assets				
Mutual funds	$ 74,015,801	$ 74,015,801	$ -	$ -
Common/collective trust, measured at NAV*	5,091,638			
Total	$ 79,107,439			

December 31, 2019

		Investment Assets in the Fair Value Hierarchy		
	Total	Level 1	Level 2	Level 3
Assets				
Mutual funds	$ 65,620,322	$ 65,620,322	$ -	$ -
Common/collective trust, measured at NAV*	2,497,624			
Total	$ 68,117,946			

* Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

6. Related Party Transactions and Party-in-Interest Transactions

The Plan's investments include shares of mutual funds and common/collective trust offered by Fidelity. Loans issued to participants are also party-in-interest transactions.

7. Tax Status

The Plan sponsor adopted the Volume Submitter Profit Sharing Plan with Cash or Deferred Arrangement (CODA). Accordingly, the Plan is permitted to rely on the Fidelity Management Trust Company opinion letter. The Internal Revenue Service (IRS) has determined and informed Fidelity Management Trust Company, by a letter dated March 31, 2014, that the Plan is designed in accordance with the applicable sections of the IRC. Plans that adopt prototype documents are no longer required to file for an individual determination letter. Although the Plan has been amended from the original prototype document, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with applicable requirements of the IRC.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

On January 30, 2020, the World Health Organization (WHO) announced a global health emergency because of a new strain of coronavirus (the COVID-19 outbreak) and the risks to the international

community as the virus spreads globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally.

The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. This pandemic has adversely affected global economic activity and contributed to volatility in financial markets. Since the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and the related impact on the Plan's liquidity, if any, cannot be determined at this time.

10. Subsequent Events

On November 9, 2021, the Plan sponsor was acquired by Bernhard Capital Partners. The acquisition has had no impact to the Plan.

Subsequent events have been evaluated through February 15, 2022, the date the financial statements were available to be issued. There were no other subsequent events requiring adjustments to or additional disclosure to the financial statements.
