Independent Auditors' Report

To the Participants and Plan Administrator of
Covington Pension Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Covington Pension Plan (the Plan), which comprise the statements of net assets available for benefits—modified cash basis as of August 31, 2021 and December 31, 2020 (in liquidation), and the related statements of changes in net assets available for benefits—modified cash basis for the period from January 1, 2021 to August 31, 2021 and the year ended December 31, 2020 (in liquidation), and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by BMO Harris Bank, N.A., the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of August 31, 2021 and December 31, 2020 and for the period from January 1, 2021 to August 31, 2021 and the year ended December 31, 2020, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements and supplemental schedules are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our disclaimer of opinion is not modified with respect to this matter.

Other Matter

The supplemental schedule, Schedule H, Line 4(j) - Schedule of Reportable Transactions (During the Year) for the period from January 1, 2021 to August 31, 2021, is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Covington Pension Plan

Notes to Financial Statements

August 31, 2021 and December 31, 2020

1. Description of the Plan

The following description of the Covington Pension Plan (the Plan) is provided for general information purposes only. Participants should refer to the plan document for a more complete description of the Plan's provisions.

Plan Termination

Covington & Burling LLP (the Firm or Plan Sponsor) resolved on August 20, 2020 to terminate the Plan effective October 1, 2020. As a result of the plan termination, the Plan Sponsor allocated and distributed the Plan's assets in accordance with termination procedures, as more fully described in the plan document. Participant account balances were fully distributed as of June 1, 2021 and all residual administrative expenses were paid and the trust fully liquidated by August 31, 2021.

Certain benefits under the Plan were insured by the Pension Benefit Guaranty Corporation (PBGC) if the Plan terminated. Generally, the PBGC guaranteed most vested normal age retirement benefits, early retirement benefits and certain disability and survivor's pensions. All benefits to participants were fully distributed from Plan assets by August 31, 2021.

General

The Plan is a defined benefit pension plan (cash balance type) covering the Executive Director and partners (but not senior partners) of the Firm who are U.S. citizens or permanent residents. The Plan was established effective January 1, 2002 to provide retirement benefits to participants and incidental death benefits to their beneficiaries. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), and Section 401(a) of the Internal Revenue Code of 1986 (IRC).

Effective October 1, 2018, the Plan was frozen to new entrants and accrued benefits. In 2019, the Plan was amended to provide for a special pay credit, which was credited to hypothetical account balances as of October 1, 2019.

Plan Benefits

Each participant's benefit under the Plan was actuarially equivalent to the participant's cash balance under the Plan. The amount of a participant's cash balance on any date will equal the sum of the pay credits and interest credits that have been added to the participant's cash balance through that date. The pay credits were calculated using prescribed formulas, which included participants' partnership shares, full-time equivalency percentages, age and minimum and maximum amounts, as defined in the plan document. The interest credits were applied to each participant's account balance in an amount equal to the participant's cash balance as of the preceding September 30th of the plan year times the applicable interest crediting rate, as defined in the plan document. Participant accounts were generally credited with pay credits and interest credits on October 1st of each year. Effective October 1, 2018, the Plan was frozen, immediately following the crediting of 2018 base pay credits and supplemental pay credits. As such only interest credits continued to be credited to participant accounts.

Vesting

Each participant's accrued benefit was 100 percent vested when the participant was credited with two years of service (as defined by the Plan) or first performed an hour of service upon attaining the normal retirement age. As a result of the Plan's termination, all participants became fully vested as of the termination date.

Covington Pension Plan

Notes to Financial Statements

August 31, 2021 and December 31, 2020

Termination and Pre-Retirement Benefits

On termination of service, a participant could elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount or in monthly annuity payments. The Plan allowed participants to receive in-service distributions after reaching age 62.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying Statements of Net Assets Available for Benefits—Modified Cash Basis as of August 31, 2021 and December 31, 2020 and the Statements of Changes in Net Assets Available for Benefits—Modified Cash Basis for the period from January 1, 2021 to August 31, 2021 and the year ended December 31, 2020 are prepared using the liquidation basis of accounting in accordance with the modified cash basis of accounting. There are no significant differences between the ongoing plan basis and liquidation basis of accounting that impact the accompanying financial statements.

Investments

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Plan Committee determined the Plan's valuation policies utilizing information provided by investment advisors and the trustee. See Note 3 for a discussion of fair value measurements.

Net appreciation of investments included in the accompanying Statements of Changes in Net Assets Available for Benefits—Modified Cash Basis includes realized gains or losses from the sale of investments and unrealized appreciation or depreciation in fair value of investments. Net unrealized appreciation or depreciation in the fair value of investments represents the net change in the fair value of the investments held during the period. The net realized gains or losses on the sale of investments represent the difference between the sale proceeds and the fair value of the investment as of the beginning of the period or the cost of the investment if purchased during the year.

Purchases and sales of securities were recorded on a settlement-date basis. Interest and dividend income were recorded when received.

Payment of Benefits

Benefit payments to participants were recorded upon distribution.

Use of Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Administrative Expenses

Expenses relating to the administration of the Plan are paid out of the Plan, except to the extent paid by the Firm.

Notes to Financial Statements

August 31, 2021 and December 31, 2020

Recent Accounting Standards

In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2018-13, *Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement*. ASU No. 2018-13 modifies the disclosure requirements for fair value measurements in *Topic 820, Fair Value Measurement*. The amendments are based on the concepts in the FASB Concepts Statement, *Conceptual Framework for Financial Reporting—Chapter 8: Notes to Financial Statements*, which the FASB finalized on August 28, 2018. ASU No. 2018-13 is effective for fiscal years beginning after December 15, 2019. Management has determined that ASU No. 2018-13 did not have a material impact to the Plan's financial statements.

Subsequent Events

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through December 13, 2021, the date the accompanying financial statements were available to be issued.

3. Fair Value Measurements

The Plan follows the modified cash basis of accounting for measuring, reporting and disclosing fair value. These standards apply to all assets and liabilities that are measured, reported and/or disclosed on a fair value basis.

As defined in the accounting standards, fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value hierarchy ranks the quality and reliability of the information used to determine fair values. Assets and liabilities measured, reported and/or disclosed at fair value will be classified and disclosed in one of the following three categories:

Level 1 - Inputs to the valuation methodology are unadjusted quoted market prices for identical assets in active markets that the Plan has the ability to access.

Level 2 - Observable market based inputs or inputs that are corroborated by market data. Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 - Inputs that are unobservable and not corroborated by market data.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Covington Pension Plan

Notes to Financial Statements

August 31, 2021 and December 31, 2020

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at August 31, 2021 and December 31, 2020:

Money market funds are not traded on an active market and are valued based on comparable investments. Accordingly, this fair value measurement is classified as having used Level 2 inputs.

The fair values of the Plan's investments in mutual funds are based on quoted market prices, if available. The Plan's shares in the Weatherlow Offshore Fund II, Ltd. (Weatherlow) determine fair value using the net asset value (NAV) as a practical expedient of its underlying funds. Investments valued at NAV are not included in the fair value hierarchy. Accordingly, mutual fund fair value measurements, exclusive of Weatherlow, are classified as having used Level 1 inputs.

The Plan Sponsor was responsible for the determination of fair value. Accordingly, the Plan Sponsor performed periodic analysis on the prices received from the pricing services used to determine whether the prices are reasonable estimates of fair value. As a result of these reviews, the Plan Sponsor has not historically adjusted the prices obtained from the pricing services.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020:

Assets at Fair Value as of December 31, 2020				
	Level 1	Level 2	Level 3	Total

4. Investment Information Certified by the Trustee, Unaudited

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2021 and 2020. Accordingly, BMO Harris Bank, N.A., the trustee of the Plan, has certified to the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets Available for Benefits—Modified Cash Basis as of August 31, 2021 and December 31, 2020, and the related investment activity reported in the Statements of Changes in Net Assets Available for Benefits—Modified Cash Basis for the period from January 1, 2021 to August 31, 2021 and the year ended December 31, 2020, and the supplemental Schedule H, Line 4(j) - Schedule of Reportable Transactions (During the Year) for the period from January 1, 2021 to August 31, 2021.

5. Investment in the Weatherlow Offshore Fund II, Ltd.

The Plan held an investment in Weatherlow, which was registered as a mutual fund under the Cayman Islands Mutual Funds Law. Weatherlow was formed for the purpose of investing in The Weatherlow Fund I L.P. (L.P.), a Delaware limited partnership, which is a multi-manager, multi-strategy, fund-of-funds formed to invest predominantly in limited partnerships and similar pooled investment vehicles. The Plan had the right to redeem its share of its investment after 36 full calendar months after the issuance of such shares, as defined in the subscription agreement. The Plan began investing in Weatherlow in 2007, and as such, it is no longer subject to the 36-month holding period.

The Plan's investment in Weatherlow had no unfunded commitments as of August 31, 2021 and December 31, 2020. The investment does have defined redemption period restrictions. For Class I A shares, the redemption period is 65 days, with the stipulation that the shares must be held for at least one year and can only be redeemed on the last business day of a calendar quarter.

Weatherlow had an indirect credit exposure as a result of its investment in the L.P. However, as a limited partner in the L.P., Weatherlow's risk was limited to the current value of its investment.

On October 1, 2020, the Plan redeemed all of its shares in Weatherlow based on the NAV of the fund as of September 30, 2020. In accordance with the investment agreement, Weatherlow held back 5 percent of the total redemption proceeds, totaling \$745,457, which represents the Plan's investment in Weatherlow at December 31, 2020. The Plan received payment of the residual redemption proceeds on April 19, 2021.

6. Related-Party and Party-In-Interest Transactions

Certain of the Plan's investments were managed by the recordkeeper, which was an affiliate of the Plan trustee, and therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment manager services are included in net appreciation in the fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. These transactions qualify as party-in-interest transactions.

Certain administrative functions of the Plan were performed by officers or employees of the Firm. No such officer or employee received compensation from the Plan.

7. Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments that are attributable under the Plan's provisions to the service that participants have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated participants or their beneficiaries, (b) beneficiaries of participants who have died and (c) present participants or their beneficiaries. The accumulated plan benefits for active participants are based on their pay credits and interest credits as of the valuation date.

The calculation of the actuarial present value of accumulated benefits is determined by PricewaterhouseCoopers LLP as of January 1, 2021 for the 2021 plan year. The actuarial present value of accumulated plan benefits was determined by applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

The actuarial present value of accumulated plan benefits as of January 1, 2021 is as follows:

Actuarial present value of accumulated plan benefits:	
Participants entitled to deferred payments	\$ 1,395,980
Vested benefits due to other participants	<u>84,427,740</u>
Total actuarial present value of accumulated plan benefits	<u>\$ 85,823,720</u>

The changes in the actuarial present value of the accumulated plan benefits for the year ended December 31, 2020 are summarized as follows:

Actuarial present value of accumulated plan benefits, at beginning of year	\$ 92,073,723
Increase (decrease) during the year attributable to:	
Interest due to the shortening of the discount period	4,837,432
Benefits paid	(8,355,946)
Other (including benefits accumulated and actuarial experience gains and losses)	<u>(2,731,489)</u>
Total actuarial present value of accumulated plan benefits, at end of year	<u>\$ 85,823,720</u>

Significant assumptions underlying the actuarial computation of accumulated plan benefits as of January 1, 2021 include:

Assumed retirement age	Age 65 or attained age if older
Discount rate	2.866 percent compounded annually
Mortality rates	Pri-2012 Mortality Table using Scale MP-2020

The foregoing assumptions were based on the presumption that the Plan will continue. The Plan was terminated effective October 1, 2020. Following the effective date of termination, the actuary subsequently determined the actuarial present value of accumulated plan benefits as of January 1, 2021, which estimated that the market value of plan assets was sufficient to fund the Plan's benefit obligation as of that date.

8. Funding Policy

The Firm's contribution to the Plan for any year is determined after considering the following factors: (a) the actuarially computed pension expense, (b) the minimum funding requirements of ERISA, (c) the maximum tax deductible contribution for the year and (d) the funded status of the Plan. The minimum funding requirements of ERISA were met for 2021 and 2020.

9. Tax Status

The Plan was subject to ERISA and certain provisions of the IRC. The Plan was intended to qualify under Section 401(a) of the IRC. By a determination letter dated December 5, 2017, the Internal Revenue Service (IRS) determined that the provisions of the Plan comply with the applicable requirements of the IRC. The Plan Sponsor believes that the Plan was designed and operated in compliance with the applicable requirements of the IRC. Therefore, the Plan Sponsor believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

The Plan received a favorable determination letter from the IRS dated January 4, 2021, advising that the termination of the Plan does not affect its qualification for federal tax purposes.

10. Risks and Uncertainties

Investment securities are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect the amounts reported in the accompanying Statements of Net Assets Available for Benefits—Modified Cash Basis.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it was at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the accompanying modified cash basis financial statements.

The following is a disclosure of individual investments, as a percentage of net assets available for benefits, which represent a significant concentration as of August 31, 2021 and December 31, 2020:
