401(k) TECH COLLECTIVE PLAN

Notes to Financial Statements For the Year Ended December 31, 2020

Note 1 - Plan Description

The following description of the 401(k) Tech Collective Plan (the Plan) provides only general information. Participants should refer to the plan agreements for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution 401(k) plan established by the 401(k) Tech Collective (the Sponsor) and adopted by various participating employers. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Effective September 1, 2020, the name of the Plan was changed from WTIA 401(k) Plan to 401(k) Tech Collective Plan and the name of the employer who established the Plan was changed from Washington Technology Industry Association 401(k) Collective to 401(k) Tech Collective.

Plan Administration - Charles Schwab Trust Bank (Schwab) is the Plan's asset custodian and Northwest Plan Services provides recordkeeping and other administrative services.

Eligibility - Participating employers have various service requirements which range from immediate eligibility up to a one year of service requirement. Additionally, there is no age requirement to enter the Plan for most participating employers; however, some employers require employees to reach the age of 18 or 21 to be eligible for participation in the Plan.

Contributions - Employees may elect to defer up to 100% of their compensation as pre-tax or Roth contributions. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other eligible defined benefit or defined contribution plans (rollover).

Participating employers may elect to make discretionary or fixed matching contributions. Ten participating employers made matching contributions during 2020 with varying formulas. Nine employers' formulas provided for a maximum match ranging from 1% to 4% of compensation while one employer capped the maximum match at \$1,800 per participant. Participating employers may also elect to make discretionary nonelective contributions. No discretionary nonelective contributions were made during 2020.

Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts - Each participant's account is credited with an allocation of (a) employer contributions, if any; (b) deferral contributions; and (c) plan earnings and losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their salary deferral contributions and safe harbor matching contributions plus actual earnings thereon. Full vesting for other matching contributions occurs after four or six years of credited service depending on participating employers' elections.

Forfeitures - Forfeitures may be used to reduce future employer contributions or pay administrative expenses of the Plan. At December 31, 2020 and 2019, there were approximately \$54,000 and \$165,000, respectively, in unallocated forfeitures available for the Sponsor to use as described above. During 2020, approximately \$127,000 of forfeitures were used to reduce employer contributions and pay administrative expenses of the Plan.

401(k) TECH COLLECTIVE PLAN

Notes to Financial Statements For the Year Ended December 31, 2020

Note 1 - Continued

Transfers Out - Certain participating employers have terminated participation in the Plan. Assets transferred out of the Plan during 2020 in connection with their termination were transferred into the 401(k) plans listed below:

Name of Plan	Amount Transferred
Zensar 401(k) Plan	\$ 2,423,555
Lieberman Research 401(k) Profit Sharing Plan	345,711
Oxygen Learning 401(k) Plan	326,463
	<u>\$ 3,095,729</u>

Payment of Benefits - Upon termination of service, retirement, death, or disability, a participant or beneficiary may elect to receive a lump-sum distribution equal to the value of the participant's vested interest in his or her account. Participants who have attained age 59 ½ may also elect to receive a distribution of all or any portion of their account balance prior to termination of employment (in-service withdrawals). The Plan allows for hardship withdrawals in accordance with provisions specified in the plan document.

Notes Receivable From Participants - A participant may borrow the lesser of \$50,000 or 50% of his or her vested balance, with a minimum loan of \$1,000. Loan terms range from one to five years unless the loan qualifies as a home loan in which case the repayment term can be extended. The interest rate is set at 2.0% above the prime rate, as defined. Principal and interest are paid ratably through payroll deductions.

Note 2 - Significant Accounting Policies

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value except for fully benefit-responsive investment contracts which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements. Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in fair value of investments represents the change in fair value of assets from one period to the next and realized gains and losses on investments.

Notes Receivable From Participants - Notes receivable from participants are measured at their unpaid principal balance. Accrued but unpaid interest, if any, would not have a material impact on the Plan's financial statements. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

401(k) TECH COLLECTIVE PLAN

Notes to Financial Statements For the Year Ended December 31, 2020

Note 2 - Continued

Payment of Benefits - Benefits are recorded when paid.

Investment Management and Administrative Expenses - Several of the investment fund options are subject to investment and administrative fees based on a percentage of invested assets, as disclosed in the fund's prospectus. All such fees are charged directly against the fund's investment performance and, therefore, are not separately disclosed in the accompanying financial statements. Expenses for recordkeeping, advisory, and professional services are paid by the Plan, unless otherwise paid by participating employers. Expenses that are paid by participating employers are excluded from these financial statements. Transaction based fees for loans and distributions are charged directly to participant accounts.

Subsequent Events - During 2021, two participating employers ceased participation and transferred their balances of approximately \$469,000 out of the Plan. Additionally, 13 employers joined the Plan during 2021 and one of those employers transferred approximately \$10,858,00 into the Plan from another 401(k) plan. The Plan's management has evaluated subsequent events through February 9, 2022, the date on which the Plan's financial statements were available to be issued.

Note 3 - Fair Value Measurements

U.S. GAAP provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 - Unadjusted quoted prices available in active markets for identical assets or liabilities;

Level 2 - Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or

Level 3 - Unobservable inputs that are significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Notes to Financial Statements For the Year Ended December 31, 2020

Note 3 - Continued

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	Fair Value Measurements as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 27,606,527	\$ -	\$ -	\$ 27,606,527

	Fair Value Measurements as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 21,044,039	\$ -	\$ -	\$ 21,044,039

Note 4 - Certified Investments

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investments held at December 31, 2020 and 2019, and investment income or loss and transactions for the year ended December 31, 2020, that is disclosed in the accompanying financial statements and supplementary information, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Schwab. The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplementary information.

Note 5 - Party-in-Interest and Related Party Transactions

The Plan holds a mutual fund managed by an affiliate of Schwab. Therefore, transactions with this investment and fees paid from the Plan to Schwab qualify as party-in-interest transactions. Fees paid by the Plan to its other service providers also qualify as part-in-interest transactions.

An affiliate of the Sponsor receives payments from participating employers and the Plan for administrative services provided by the affiliate and to pay the Plan's service providers. During 2020, the affiliate received approximately \$194,000 (including approximately \$68,000 from the Plan) and paid out approximately \$110,000 to the Plan's service providers.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

401(k) TECH COLLECTIVE PLAN

Notes to Financial Statements For the Year Ended December 31, 2020

Note 7 - Income Tax Status

The Sponsor and participating employers adopted a Thorson, Barnett & McDonald P.C. volume submitter plan document. Thorson, Barnett & McDonald, P.C. received an advisory letter from the IRS dated March 31, 2014, which states that the volume submitter document satisfies the applicable provisions of the Internal Revenue Code (IRC). The Plan itself has not received a determination letter from the IRS; however, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements. The Plan is subject to audits by the IRS; however, there are currently no audits for any tax periods in progress.

Note 8 - Risks and Uncertainties

The Plan provides for various investment options, which in turn invest in a combination of investment securities such as stocks, bonds, and others. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Note 9 - Delinquent Contributions

The Sponsor determined there were pay dates during 2020 and 2019 in which participant deferral contributions and loan repayments totaling \$1,638,203 were not deposited by the Sponsor and participating employers as plan assets within the time limitation stipulated under the Department of Labor's regulations. These delinquent deposits are considered nonexempt prohibited transactions. Lost earnings were calculated and restored for late contributions occurring in the 2020 and 2019 plan years during 2021 and 2020, respectively.
