NOTE 1 - DESCRIPTION OF PLAN

The following description of the ITS Technologies & Logistics, LLC ("Company") 401(k) Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all non-union and certain union employees of the Company and certain affiliates who are age nineteen or older and have completed 90 days of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Contributions: Each year, participants may make pretax and/or tax-effected contributions up to the lesser of (a) 100% of pretax annual compensation, as defined in the Plan, or (b) the IRS contribution limitation amount. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company may make a discretionary employer matching contribution to the Plan each year that will match all or a portion of the eligible participants' compensation deferrals and catch-up contributions. The Company may also make discretionary non-elective contributions. For the year ended December 31, 2020, participants received discretionary employer matching and non-elective contributions. Contributions are subject to certain limitations.

Participant Accounts: Each participant's account is credited with (a) the participant's contribution and an allocation of the Company's contribution and Plan earnings, and (b) charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant contributions, service hours, earnings, or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of his or her account to any of the investment options available under the Plan.

Investments: Certain investments of the Plan are managed by Massachusetts Life Insurance Company ("Mass Mutual"). Effective December 31, 2020, Empower Retirement ('Empower") acquired the Mass Mutual retirement business. Empower administers the business on Mass Mutual's behalf. Additionally, any business written by Mass Mutual is re-insured by Great-West Life & Annuity Insurance Company. Participants may direct the investment of their accounts into various investment options offered by the Plan, which include various pooled separate accounts, mutual funds, and a group annuity contract managed by Mass Mutual.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. The vesting period for non-union participants is 5 years. Effective June 1, 2019, the vesting period for certain union participants was changed from 6 years to 5 years. Vesting is based on years of continuous services at the rate of 20% per year beginning with year 1. Participants are entitled to 100% of their account balance upon retirement, death, or disability.

Payment of Benefits: Participants may withdraw all or any portion of their vested account balance without penalty prior to termination of employment upon reaching age 59-1/2. Participants' rollover balances may be distributed at any time. Participants may receive the vested balance in their account upon retirement, termination, disability, hardship, or death. Vested balances of $1,000 or less are automatically distributed after employment is terminated as lump-sum distributions. Vested balances greater than $1,000 but less than $5,000 are automatically rolled into IRA accounts selected by the Plan Administrator, unless a distribution is elected by the participant. Vested balances greater than $5,000 are distributed upon election by the participant, and are distributed as a lump-sum payment, installment payments, or as an annuity, as elected by the participant.

Forfeitures: Forfeitures of employer contributions are used to offset future employer contributions or administrative expenses of the Plan.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Notes Receivable from Participants: Participants may borrow from their account a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 2%. Principal and interest are generally paid through payroll deductions.

Administrative and Investment Management Expenses: Loan origination fees associated with notes receivable from participants and the Plan's recordkeeping and custodian fees are paid by the Plan and are reflected in the financial statements as administrative expenses of the Plan. Investment management fees are charged to the Plan as a reduction of investment return and included in the investment income (loss) reported by the Plan. Certain of the Plan's recordkeeping and administrative fees are paid from revenue sharing received by the Plan's recordkeeper from certain investment managers of the Plan's funds. Fees paid under these revenue sharing agreements are excluded from these financial statements. All other expenses of the Plan are paid by the Company.

Plan Amendment: On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act"), became law in response to the coronavirus outbreak. The CARES Act provides relief in distribution provisions, loan provisions for qualified participants, and required minimum distribution provisions for qualified participants. In March 2020, Plan management adopted these provisions.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared under the accrual basis of accounting.

Investment Valuation and Income Recognition: The Plan's investments other than fully benefit responsive traditional investment contracts are reported at fair value. Contract value is the relevant measure for the Plan's fully benefit-responsive investment contracts, because contract value is the amount Plan participants generally receive when executing transactions under the terms of the contract and Plan provisions. Contract value represents contributions made to a contract, plus earnings, less participant withdrawals and administrative expenses.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances.

Payment of Benefits: Benefits are recorded when paid.

Risks and Uncertainties: The Plan holds various investments. Investments are exposed to various risks such as interest rate, market, liquidity and credit risks, as well as the risks associated with the on-going Coronavirus pandemic. Due to the level of risk associated with certain investments and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates.

NOTE 3 - RIGHTS UPON PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions and earnings thereon.

NOTE 4 - UNAUDITED INFORMATION – CERTIFIED INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS

Substantially all information pertaining to the Plan's investments and notes receivable from participants included in the financial statements, including the associated investment income and interest income on notes receivable from participants, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Reliance Trust Company and Great-West Life & Annuity Insurance Company, as agent for Massachusetts Mutual Life Insurance Company as of and for the year ended December 31, 2020, and Reliance Trust Company and Massachusetts Mutual Life Insurance Company as of December 31, 2019. This information has not been audited by independent accountants.

NOTE 5 - FAIR VALUE MEASUREMENTS

Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

NOTE 5 - FAIR VALUE MEASUREMENTS (Continued)

The following presents the valuation methods and assumptions used by the Plan to estimate the fair values of investments.

Mutual Funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Pooled Separate Accounts: The fair values of participation units held in pooled separate accounts are based on the net asset values reported by the fund managers as of the financial statement dates and recent transaction prices. Each of the pooled separate accounts held by the Plan is a passively managed fund that invests in a single, open-ended mutual fund. Each pooled separate account provides for daily redemptions by the Plan with no advance notice requirements and has redemption prices that are determined by the fund's net asset value per unit.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value on a recurring basis are summarized below.

		Fair Value Measurements at December 31, 2020, Using		
	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

* Investments measured at fair value using net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the hierarchy tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statements of net assets available for benefits.

NOTE 6 - INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan holds a fully benefit-responsive traditional investment contract with Massachusetts Mutual Life Insurance Company (Mass Mutual). Mass Mutual maintains the contributions in its general account. The account is credited with earnings on the underlying investments and is charged for participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value. There are no reserves against contract value for credit risk of the issuer or otherwise.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) the plan sponsor decides to fully or partially terminate the investment agreement with Mass Mutual, (2) the IRS determines that the Plan no longer meets the requirements of Code sections 401(a), 403(a), 414(d) or 414(e), (3) there is a termination or partial termination of the Plan, (4) the plan sponsor breaches the investment agreement with Mass Mutual or (5) Mass Mutual decides to terminate the agreement. If either party decides to terminate the agreement, the Plan has options for disbursements to be made at contract value (typically for installments over a longer period of time) or at market value (usually a lump sum payment or installments over a period not exceeding 6 months). If the Plan does not elect a payment option, Mass Mutual will make installment payments at contract value. Currently, management believes that the occurrence of an event that would cause the Plan to transact contract distributions at less than contract value is not probable. The crediting interest rate of the contract is based on an agreed-upon formula with Mass Mutual, as defined in the contract agreement, but cannot be less than 3%. Such interest rates are reviewed on a semi-annual basis for resetting. The key factors that influence future interest crediting rates could include the following: estimation of the future earnings rates, the rate at which existing investments mature, and future cash flow.

NOTE 7 - PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Company. The Plan holds units of pooled separate accounts managed by Mass Mutual and an unallocated guaranteed interest account with Mass Mutual. Mass Mutual is the Plan's third-party administrator and, therefore, these transactions and the Plan's payment of Mass Mutual's fees qualify as party-in-interest transactions. Notes receivable from participants also reflect party-in-interest transactions.

NOTE 8 - TAX STATUS

The Plan is a prototype plan that received a favorable opinion letter from the Internal Revenue Service (IRS) dated March 31, 2014, which stated that the prototype is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has not requested its own determination letter from the IRS. The plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. The plan administrator believes that the Plan is qualified and is tax-exempt as of the financial statement date. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020 and 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2017.

NOTE 9 – SUBSEQUENT EVENTS

Plan management has evaluated subsequent events for recognition and disclosure through October 14, 2021, which is the date the financial statements were available to be issued.

Subsequent to year end, the Plan was merged with the ConGlobal Industries 401(k) and Profit Sharing Plan. The surviving plan is the ITS Technologies & Logistics, LLC 401(k) Retirement Savings Plan. The ConGlobal Industries 401(k) and Profit Sharing Plan had total plan assets of approximately $16,437,000 as of December 31, 2020. The merger became effective in June 2021, and the value of the merged assets as of the June 2021 effective date was impacted by 2021 contributions, distributions, and certified investment appreciation (depreciation) from January 1, 2021, through the effective date of the June 2021 merger.

Schedule C Soft Dollar Compensation
Eligible Indirect Compensation Statement

Mutual fund investments of the plan (whether direct or indirect through a separate investment account) may have soft dollar arrangements pursuant to which the investment advisor or sub-advisor to the mutual fund (and/or its affiliates) may direct trades to certain brokers in exchange for research and other services, other than just trade execution. For plans investing directly or indirectly in the MassMutual Premier or Select Funds, MassMutual provided the required written disclosure regarding soft dollar compensation on the Schedule C Formula Description and/or EIC Statement Description Attachment. For all other mutual funds, MassMutual provided the required written disclosure in the Statement of Additional Information ("SAI").

For additional information on soft dollar compensation, refer to the section of the mutual fund's SAI that discusses brokerage allocation and other practices.
