The following description of the Sauder Manufacturing Co. Retirement and 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General: The Plan is sponsored and administered by Sauder Manufacturing Co. (the Company) and is governed by the Plan Agreement. The Plan was established on January 1, 1968 as a defined contribution plan. The Plan was completely amended and restated on January 1, 1999, at which time a 401(k) provision was added. Effective January 1, 2010, the Plan was converted to a Fidelity Management & Research Co. volume submitter prototype plan. The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Substantially all employees of the Company who meet certain service criteria are eligible to participate in the Plan.

Contributions: Participants may elect to contribute up to 50% of pretax annual compensation, as defined in the Plan Agreement, with a Company discretionary match up to 3% of the participant's eligible compensation from January 1, 2020 to May 14, 2020 and 0% from May 15, 2020 to December 31, 2020 of the participant's eligible compensation. Subsequent to year end, the Company retroactively reinstated the 3% match for the period May 15, 2020 to December 31, 2020. Participants direct the investment of their contributions into various investment options offered by the Plan and may contribute up to the annual maximum amount pursuant to the applicable section of the Internal Revenue Code. Participants who meet certain age requirements are eligible to contribute additional catch-up contributions subject to certain dollar limits. In addition, participants may contribute amounts representing distributions from other qualified plans.

At the discretion of the Company's Board of Directors, the Company may make additional profit sharing contributions up to 4% of the participant's eligible compensation, as well as a cash bonus that may be contributed partially or in total to the Plan at the option of the participant. These additional contributions are invested in a portfolio of investments as directed by the participants. Participants must be employed at the end of the plan year and have completed 1,000 hours of service to be eligible for the additional employer discretionary contributions and cash bonus. Contributions are subject to certain limitations. The Company made additional contributions totaling \$897,520, related to the 2020 Plan year.

Funding policy: Participant contributions and the Company discretionary matching contributions are recognized when the participant contributions are withheld from the participant's earnings. The Company profit sharing contributions are recognized on an annual basis when declared by the Board of Directors.

Participant's accounts: Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions and (b) plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant directed accounts: Participants have the option to allocate their account balances among several investment options. All choices vary in types of investments, rates of return and investment risk. Participants may elect to have all or part of their account balances and future contributions invested in one fund, transferred to another fund, or in any combination. As provided in the Plan Agreement, the participant may change this election and/or elect to transfer any portion of the account balance from one fund to any other fund on a daily basis. All dividends, interest and other distributions received by any fund will be reinvested automatically in the same fund.

Vesting: Participants are immediately vested in their employee pre-tax withholding account, rollover contributions, and Company discretionary matching contributions and any earnings thereon.

Sauder Manufacturing Co. Retirement and 401(k) Plan

Notes to Financial Statements

Note 1. Description of Plan (Continued)

A participant's vested interest in the Company's discretionary profit sharing contributions, along with any earnings on those contributions, shall be determined in accordance with the following schedule.

<u>Years of vesting service:</u>	<u>Vesting</u>
Less than 1 year	0%
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 years	100%

Payment of benefits: On termination of service, a participant may receive an amount equal to the value of the participant's vested interest in his or her account in the form of a lump-sum.

Forfeited accounts: Forfeitures of nonvested Company contributions are first allocated among the accounts of participants otherwise eligible to receive an allocation of Company contributions. Any forfeitures remaining are then used to reduce administrative expenses under the Plan, if any. For the year ended December 31, 2020, \$10,363 was allocated to accounts of participants. There were \$14,843 and \$10,363 of unapplied forfeitures as of December 31, 2020 and 2019, respectively.

Plan termination: Although it has not expressed any intent to do so, the Company reserves the right to terminate the Plan at any time, subject to plan provisions. In the event of termination of the Plan, participants will become 100% vested in their accounts. The assets then remaining in the Plan will be allocated and distributed to participants in accordance with the terms and provisions of the Plan.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at varying rates from 4.25% to 6.50%, which is commensurate with local prevailing rates as determined by the Company. Principal and interest is paid ratably through payroll deductions.

Plan transfers: If Company employees change the subsidiary company for which they work during the year, their account balances are transferred out to the respective Plan. During 2020, net transfers from the Plan into the Sauder Woodworking Co. Retirement and 401(k) Plan totaled \$59,056.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared under the accrual basis of accounting.

Investment valuation and income recognition: Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the Plan Agreement.

Administrative expenses: The Plan provides that administrative expenses of the Plan are to be paid by the Plan or by the Company, at the option of the Company.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Benefit payments: Benefits are recorded when paid.

Recent accounting pronouncements: Effective January 1, 2020, the Plan adopted the Financial Accounting Standards Board (FASB) Accounting Standards Update (ASU) 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework—Changes to the Disclosure Requirements for Fair Value Measurement*, which modifies the disclosure requirements for fair value measurements by removing, modifying, or adding certain disclosures.

The following disclosure requirements were removed from Topic 820:

1. The amount of and reasons for transfers between Level 1 and Level 2 of the fair value hierarchy.
2. The policy for timing of transfers between levels.
3. The valuation processes for Level 3 fair value measurements.
4. For nonpublic entities, the changes in unrealized gains and losses for the year included in earnings for recurring Level 3 fair value measurements held at the end of the reporting year.

The following disclosure requirements were modified in Topic 820:

1. In lieu of a roll forward for Level 3 fair value measurements, a nonpublic entity is required to disclose transfers into and out of Level 3 of the fair value hierarchy and purchases and issues of Level 3 assets and liabilities.
2. For investments in certain entities that calculate net asset value (NAV), an entity is required to disclose the timing of liquidation of an investee's assets and the date when restrictions form redemption might lapse only if the investee has communicated the timing to the entity or announced the timing publicly.
3. The amendments clarify that the measurement uncertainty disclosure is to communicate information about the uncertainty in measurements as of the reporting date.

Subsequent events: The Plan has evaluated events for potential recognition and/or disclosure through October 5, 2021, the date the financial statements were available to be issued.

Note 3. Information Certified and Provided by Fidelity Management Trust Company

The following is a summary of the Plan's asset information as of December 31, 2020 and 2019 and for the year ended December 31, 2020, included throughout the Plan's financial statements and supplemental schedule, which was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets:

	2020	2019
Investments, at fair value:		
Registered investment companies	\$ 66,782,400	\$ 59,317,343
Common collective trust fund	1,941,294	1,582,120
	<u>\$ 68,723,694</u>	<u>\$ 60,899,463</u>

Fidelity Management Trust Company also certified to the completeness and accuracy of the following for the year ended December 31, 2020:

Notes receivable from participants	<u>\$ 120,248</u>	<u>\$ 142,602</u>
Net appreciation in fair value of investments		<u>\$ 7,851,059</u>
Interest and dividends		<u>\$ 3,376,182</u>
Interest income on notes receivable from participants		<u>\$ 7,203</u>

Note 4. Fair Value Measurements

The Financial Accounting Standards Board establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Sauder Manufacturing Co. Retirement and 401(k) Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2020 and 2019.

Registered investment companies: Valued at quoted market prices which represent the net asset value of the shares held by the Plan at year-end.

Common collective trust fund: A stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require up to 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of a different methodology or assumption to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Fair value on a recurring basis: The tables below present the Plan's assets measured at fair value at December 31:

2020				
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 66,782,400	\$ -	\$ -	\$ 66,782,400
Total assets in the fair value hierarchy	\$ 66,782,400	\$ -	\$ -	66,782,400
Investments measured at net asset value ^(a)				1,941,294
Investments, at fair value				<u>\$ 68,723,694</u>
2019				
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 59,317,343	\$ -	\$ -	\$ 59,317,343
Total assets in the fair value hierarchy	\$ 59,317,343	\$ -	\$ -	59,317,343
Investments measured at net asset value ^(a)				1,582,120
Investments, at fair value				<u>\$ 60,899,463</u>

^(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Sauder Manufacturing Co. Retirement and 401(k) Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

Changes in Fair Value Levels

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the end of the reporting period.

Investments Measured Using Net Asset Value Per Share Practical Expedient

The following table sets forth additional disclosures for certain of the Plan's investments whose fair value is estimated using the net asset value per share (or its equivalent) as of December 31:

<u>Investment</u>	2020	2019	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common collective trust fund	<u>\$ 1,941,294</u>	<u>\$ 1,582,120</u>	\$ -	Daily	12 months

Note 5. Tax Status

The Plan adopted a standardized form of a volume submitter prototype plan sponsored by Fidelity Management Trust Company. The prototype plan has received an opinion letter from the Internal Revenue Service (IRS) as to the prototype plan's qualified status dated March 31, 2014. The prototype plan opinion letter has been relied upon by this Plan. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

U.S. GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2020 and 2019, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements.

Note 6. Party-in-Interest Transactions

Certain plan investments are shares of registered investment companies and a common collective trust managed by affiliates of Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. The administrative fees paid to the trustee and their affiliates amounted to \$26,880 for the year ended December 31, 2020.

Note 7. Risks and Uncertainties

The Plan holds various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8. Reconciliation to IRS Form 5500

The following is a reconciliation of net assets available for benefits per the financial statement at December 31 to the IRS Form 5500:

Net assets available for benefits per the financial statements	\$ 70,142,244	\$ 61,894,255
Contribution receivables	-	(852,190)
Net assets available for benefits per the IRS Form 5500	<u>\$ 70,142,244</u>	<u>\$ 61,042,065</u>

The following is a reconciliation of the net increase before transfers per the financial statement for the year ended December 31, 2020 to net income per the IRS Form 5500:

Total net increase before transfers per the financial statements	\$ 8,307,045
Contribution receivable changes	852,190
Net increase before transfers per the IRS Form 5500	<u>\$ 9,159,235</u>

Note 9. COVID-19 Pandemic

On January 30, 2020, the World Health Organization declared the coronavirus outbreak a “Public Health Emergency of International Concern” and on March 11, 2020, declared it a pandemic. The coronavirus and actions taken to mitigate the spread of it have and are expected to have an adverse impact on the economies and financial markets of many countries, including the United States of America. On March 27, 2020, the Coronavirus Aid, Relief, Economic Security Act (CARES Act) was enacted to, amongst other provisions, provide emergency assistance for individuals, families, and businesses affected by the coronavirus pandemic. The Plan has implemented certain provisions allowed by the CARES Act, which allows special coronavirus-related distributions, an increase in Plan loan amount, deferral of loan payments, and waiver of 2020 required minimum distributions. The features within the act were implemented during the year, as required by the IRS. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance. It is unknown how long the adverse conditions associated with the coronavirus will last and what the complete financial effect will be to the Plan.

Note 10. Subsequent Event

Effective January 1, 2021, the Company has resumed their discretionary match at 3%, and retroactively reinstated the 3% discretionary match for the period May 15, 2020 to December 31, 2020 which was paid to the Plan on March 12, 2021.
