General - The Plan is a defined contribution 401(k) plan available to all eligible employees of Brusco Tug & Barge, Inc. (the Company). Effective January 1, 2017, employees are eligible to participate in the Plan immediately upon hire and are eligible to enter the Plan at that time. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan is designed as an ERISA Section 404(c) plan. Accordingly, the participants and not the plan fiduciaries are responsible for investment decisions relating to their individual investment assets in the Plan.

Contributions - The Plan allows employees to defer up to 100% of their eligible compensation to the Plan as pre-tax contributions. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollovers).

The Plan allows the Company to make discretionary matching and nonelective profit sharing contributions. Discretionary matching contributions are equal to a uniform percentage of employee deferrals, to be determined by the Company on an annual basis. Participants must have completed one year of service to be eligible for employer discretionary matching contributions. Participants are eligible to receive the discretionary employer matching contribution on January 1 or July 1, after satisfaction of eligibility requirements. Participants must be employed on the last day of the plan year and must have completed one year of eligible service to be eligible for discretionary profit sharing contributions. No discretionary profit sharing contributions were made during the plan year ended December 31, 2020.

Contributions are subject to certain Internal Revenue Code (IRC) limitations.

Participant Accounts - Participant contributions to the Plan are voluntary. Participants are allowed to direct the investment of all contributions into various investment options that offer a diversity of investment risk and return. Each participant's account is credited with any contributions made to the account as well as increases or decreases in the market value of investments, and is charged with an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Allocation Provisions - Dividend income, interest income and net realized and unrealized investment gain or loss of each fund shall be allocated to the accounts of each participant based on the participant's proportionate share of the various investment funds held in their investment account.

Vesting - Discretionary matching and nonelective profit sharing contributions vest according to the following schedule:

<u>Years of Service</u>	<u>Vesting Percentage</u>
1	20%
2	40%
3	60%
4	80%
5	100%

Notes to Financial Statements For the Year Ended December 31, 2020

Note 1 - Continued

Payment of Benefits - Upon retirement, death, disability, attainment of age 55, or termination of service, a participant or beneficiary may elect to receive benefit payments via a lump sum payment, leave the funds invested in the Plan, or roll the funds into another qualified plan. The Plan requires automatic lump sum distributions of participant accounts with balances less than \$1,000. The Plan allows for hardship withdrawals in accordance with provisions specified in the plan document.

Forfeitures - Participants are entitled to their vested benefits upon termination from the Plan. Unvested contributions are forfeited for all terminated employees and are reallocated to participant accounts, used to pay plan expenses or used to reduce future employer contributions. As of December 31, 2020 and 2019, the Plan's forfeiture account totaled \$7,370 and \$5,274, respectively.

Note 2 - Significant Accounting Policies

Basis of Accounting - The financial statements of the Plan have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates - The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

Net appreciation (depreciation) in the fair value of investments includes both realized and unrealized gains and losses. Purchases and sales of securities are reported on a trade date basis. Dividends are recorded on the ex-dividend date. Interest is recorded on the accrual basis.

Payment of Benefits - Benefits paid to participants are recognized when they are paid.

Administrative Expenses - Investments are subject to management and administrative fees based on a percentage of invested assets, as disclosed in the applicable prospectus. All such fees are charged directly against the investment's performance and are not separately disclosed in the accompanying financial statements. Transaction based fees are charged directly to participant accounts. Certain recordkeeping, investment advisory, and audit fees are paid by the Plan and all other administrative expenses are paid by the Company.

CARES Act - During 2020, the Plan adopted a certain provision of the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) which allows qualified participants to withdraw up to \$100,000 from their vested account balance.

Subsequent Events - The Company has evaluated subsequent events through October 7, 2021, the date on which the Plan's financial statements were available to be issued.

Note 3 - Fair Value Measurements

U.S. GAAP provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 - Unadjusted quoted prices available in active markets for identical assets or liabilities;

Level 2 - Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or

Level 3 - Unobservable inputs that are significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019:

Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable Value Collective Trust Fund - The fund is composed primarily of investment contracts and is valued at the NAV provided by the fund's trustee. NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. The Plan is required to give the fund 24 months irrevocable written notice of intent to redeem all or a portion of its participation in the fund. The Plan may redeem units at any time upon 10 business days' notice at the lesser of market value or the contract value of the redeemed units. The primary investment objective of the Fund will be to seek the preservation of principal and to provide interest income reasonably obtained under prevailing market conditions and rates, consistent with seeking to maintain required liquidity.

- (a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Note 4 - Certified Investments

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investments held at December 31, 2020 and 2019, and investment income or loss and transactions for the year ended December 31, 2020, that is disclosed in the accompanying financial statements and supplementary information, were obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Benefit Trust Company (BTC). The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplementary information.

Note 5 - Party-in-Interest Transactions

American Northwest Retirement Plan Services (American Northwest) provides recordkeeping and investment advisory services for the Plan. As such, fees paid by the Plan to American Northwest qualify as party-in-interest transactions.

BRUSCO TUG & BARGE, INC. EMPLOYEES RETIREMENT PLAN

Notes to Financial Statements For the Year Ended December 31, 2020

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become, if they are not already, 100% vested in their account balances.

Note 7 - Income Tax Status

The Plan uses a volume submitter plan document sponsored by SunGard Business Systems LLC (SunGard). SunGard received an advisory letter dated March 31, 2014, which states that the volume submitter document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan is subject to audits by the IRS; however, there are currently no audits for any tax periods in progress.

Note 8 - Risks and Uncertainties

The Plan provides for various investment fund options, which in turn invest in a combination of investment securities such as stocks, bonds, and others. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.
