NOTES TO FINANCIAL STATEMENTS

May 31, 2021 and 2020

NOTE A - PLAN DESCRIPTION

The following description of the Rohrer Corporation Amended and Restated Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Rohrer Corporation ("Plan Sponsor" "Employer" or "Company") with the exception of leased employees or employees covered by a collective bargaining agreement. Employees become eligible to participate in the Plan after attaining the age of eighteen and thirty days of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Contributions

Each participant may contribute up to 100% of pretax eligible compensation. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan allows for Roth (after-tax) contributions. These contributions are collectively known as employee salary deferrals. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Eligible employees, who do not affirmatively make a deferral election, will be automatically enrolled in the Plan at 2% of their eligible compensation until either the participant elects to discontinue or change his or her election. Participants who are automatically enrolled will escalate 1% annually up to a maximum of 10%.

The Company may make, at its discretion, matching and other employer contributions. These contributions are collectively known as employer contributions. For the year ended May 31, 2021, the Company's matching contribution was 30% of employees' salary deferrals each pay period. The other employer contribution for the year ended May 31, 2021 was 1% of annual eligible compensation and totaled \$426,637.

Participant Accounts

Each participant's account is credited with the participant's employee salary deferrals and employer contributions, investment earnings, and charged with investment losses and an allocation of administrative expenses. Allocations are based on participant earnings or account balances as defined. The benefit to which the participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

The Plan provides for establishment of investment funds in which the Plan's assets are invested. Participants are permitted to direct the investment of assets in their accounts to any of these funds. Participants may change their allocation of contributions or transfer money between investment options any time during the year.

Vesting

Participants are 100% vested in their accounts derived from employee salary deferrals, rollover contributions, and investment earnings thereon. The extent to which participants are vested in employer contributions made on their behalf depends on the following vesting schedule:

**Rohrer Corporation Amended and Restated
Profit Sharing Plan and Trust**

**Vesting service
(whole years)**

Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

A year of vested service is a Plan year in which a participant has at least 1,000 hours of service. Participants are fully vested upon their death, disability, or retirement if employed by the Company at the time of death, disability, or retirement.

Payment of Benefits

Payment of benefits for participants terminated from employment with full vesting (other than death) may be distributed in a lump sum, or rolled over to an IRA or other qualified plan.

For participants terminated from employment without full vesting, all or a portion of their accounts derived from employer contributions will be forfeited. The amount forfeited will be based upon the vesting schedule. Payments of fully vested amounts will be made under one or more of the methods noted above.

Hardship withdrawals from participants' vested accounts are permitted in the event of immediate and heavy financial needs as defined in the Plan document.

Participants may withdraw any part of vested accounts any time after they attain the age of 59 ½.

The Plan did adopt a provision of the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act") to delay the commencement date for required minimum distributions through the period of January 1, 2020 to December 31, 2020. Required minimum distributions will be distributed for eligible participants starting again after December 31, 2020. The Plan also adopted a CARES Act provision allowing participants, at their election, to suspend up to one year the repayment of existing loans due through December 31, 2020.

Notes Receivable from Participants

Participants may borrow a part of the vested portion of their account. The minimum loan is \$1,000. The maximum aggregate loan amount is the lesser of (1) 50% of a participant's total vested account balance, reduced by any outstanding loan balance or (2) \$50,000, reduced by the highest outstanding loan balance during the one-year period ending on the day before the loan is made. The period of the loan shall not exceed five years, unless the loan is to be used to acquire a dwelling unit which is used as the primary residence of the participant, in which case the repayment period may not exceed thirty years. Payments are due at least quarterly. The loans are secured by the vested balance in the participant's account and bear interest at a fixed rate available for similar loans from commercial lending institutions. No more than two loans may be granted per participant in any 12-month period. Only one loan may be outstanding at a time. Interest rates on loans outstanding at May 31, 2021 and 2020 ranged from 4.25% - 6.50%.

Forfeitures

Non-vested employer contributions are forfeited upon termination of employment or withdrawal of the vested account balance. Forfeitures may be used to pay Plan expenses or to reduce employer

contributions. Forfeitures used during the year ended May 31, 2021 were approximately \$78,000. Forfeitures to be allocated at May 31, 2021 and 2020 were approximately \$1,740 and \$33,000, respectively.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Included in investments of the Plan is the Victory/Key Bank EB Managed Guaranteed Investment Contract Fund (the "Fund"), a collective trust fund. The underlying investments of the Fund are synthetic guaranteed investment contracts ("SIC"). The fair value of SICs is valued at the fair value of the underlying securities primarily based on quoted market prices, with the applicable wrapper contracts valued at estimated fair value based on a replacement cost approach. The investment in the collective trust fund is presented at fair value which reflects the NAV of the fund. Certain events or conditions could potentially limit the ability of the Fund to transact at contract value. Such events or conditions include, but are not limited to (1) amendments to the Plan document (including partial or complete termination or merger with another plan); (2) changes to the Plan's prohibition on competing investment options; (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events that cause a significant withdrawal from the Plan (plant closings, mergers, early retirement incentives); (4) changes of qualification status of employer or Plan; or (5) employer communications designed to induce participants to transfer from the Fund. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with participants are probable of occurring.

Payments of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan pays all costs to the Principal Trust Company ("Trustee") for the investment management services. The Company pays substantially all other costs of the Plan. Loan fees are deducted from the accounts of participants incurring such fees.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent loans are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of May 31, 2021 or 2020.

**Rohrer Corporation Amended and Restated
Profit Sharing Plan and Trust**

NOTES TO FINANCIAL STATEMENTS - CONTINUED

May 31, 2021 and 2020

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the May 31, 2021 excess contributions to the applicable participants and forfeited the associated match contributions prior to August 15, 2021.

NOTE C - INFORMATION CERTIFIED BY THE TRUSTEE

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly the Trustee has certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate:

- Investments, at fair value and notes receivable from participants, as shown in the statements of net assets available for benefits as of May 31, 2021 and 2020;
- Net investment income and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended May 31, 2021; and
- Schedule H, line 4i - schedule of assets (held at end of year) as of May 31, 2021.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE D - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2** Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;

**Rohrer Corporation Amended and Restated
Profit Sharing Plan and Trust**

NOTES TO FINANCIAL STATEMENTS - CONTINUED

May 31, 2021 and 2020

- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of May 31, 2021 and 2020.

Mutual funds: Valued at the closing price reported on the active market on which the individual securities are traded.

Pooled separate accounts: Valued at the net asset value ("NAV") per unit as determined by Principal on the last day of the Plan year based primarily on the quoted market price of the respective fund's underlying assets. This NAV is used as a practical expedient to estimate fair value.

Collective trust funds: Valued at the NAV per unit based primarily on the quoted market price of the respective fund's underlying assets.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions used to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of May 31, 2021 and 2020:

Assets at fair value as of May 31, 2021				
	Level 1	Level 2	Level 3	Total

NOTE E - PLAN TERMINATION

Although it has not expressed intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA and terms of the Plan. In the event of termination or partial termination of the Plan, applicable participants will become 100 percent vested in their accounts. The Company determines the date and manner in which participants' accounts will be distributed in accordance with ERISA.

NOTE F - TAX STATUS

On March 31, 2014, the IRS stated that the prototype adopted by the Plan, as then designed, qualifies under Section 401(a) of the Internal Revenue Code ("IRC"). The Plan has not received a determination letter specific to the Plan itself; however, the Plan Administrator believes that the Plan, including amendments, is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of May 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are no audits for any tax periods in progress.

NOTE G - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The outbreak of the coronavirus (or "COVID-19") has adversely affected, and may continue to adversely affect economic and market conditions globally, nationally and locally. The full impact of COVID-19 continues to evolve rapidly and its future impact on the Plan and the Plan's assets cannot be reasonably estimated as of the date of this report.

NOTE H - PARTY-IN-INTEREST TRANSACTIONS

Certain of the Plan's investments are units of pooled separate accounts and collective investment trust funds managed by the Trustee. Transactions involving these investments are allowable party-in-interest transactions under ERISA.
