1. DESCRIPTION OF THE PLAN

The following description of the Alliance Technical Services, Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, which was established by Alliance Technical Services, Inc. (the Plan Sponsor through July 1, 2021) (the Company) effective January 1, 2001. Effective July 1, 2021, Valiant Integrated Services, Inc. acquired 100% of the ownership interest in Alliance Technical Services, Inc and became the new plan sponsor. As of January 10, 2022, the Plan has not merged into the Valiant Integrated Services, Inc. 401(k) Profit Sharing Plan.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and was most recently amended August 1, 2021.

Eligibility

The Plan allows employees of Alliance Technical Services, Inc. who are covered by the Plan, with the exception of non-resident aliens. Union employees are not eligible to make participant contributions in the Plan or receive Company contributions except for required contributions stipulated by a collective bargaining agreement. Employees must be at least 19 years of age and have completed 6 months of service to participate in the Plan. Employees are eligible to enter the Plan on the first day of the Plan year or the first day of the 7th month of the Plan year once the other eligibility requirements are met. Union employees are eligible to receive prevailing wage contributions immediately upon hire, in the amount determined by their prevailing wage contract and are not subject to the age or service requirements.

Participant Contributions

Participants may contribute up to 75% of their pre-tax annual compensation, as defined by the Plan. Participant pre-tax contributions are subject to Internal Revenue Code (the Code) limits, which totaled $19,500 for the year ended December 31, 2020. The Plan does not allow Roth elective contributions.

Participants who have attained age 50 before the end of the Plan year may make additional catch-up contributions, subject to limitations imposed by the Code, which totaled $6,500 for the year ended December 31, 2020. Participants are permitted to make rollover contributions to the Plan.

Company Contributions

The Company contributes to the Plan on behalf of eligible employees. The Company will make a contribution for each employee's service contract act or prevailing wage service based on the hourly contribution rate for the employee's employment classification, net of the amount utilized for health care benefit payments. Prevailing wage contributions totaled $255,323 for the year ended December 31, 2020.

1. DESCRIPTION OF THE PLAN – cont'd.

Company Contributions – cont'd.

The Plan allows the Company to make discretionary profit sharing contributions to employees. A discretionary profit sharing contribution may be made to eligible employees at a ratio of the participant's eligible compensation to the total compensation of all eligible participants. No profit sharing contributions were made to the Plan during the year ended December 31, 2020.

The Plan allows the Company to make discretionary matching contributions equal to a percentage of a participant's elective deferrals determined by the Company. In order to receive a Company contribution, an employee must work 1,000 hours during the Plan year and be employed on the last day of the Plan year. The discretionary matching contributions are calculated on an annual basis and invested in the same manner as those directed by the participant. No discretionary matching contributions were made to the Plan during the year ended December 31, 2020.

Participant Accounts

Each participant's account is participant-directed and is credited with the participant's contributions and Company contributions in accordance with the investment options selected by each participant. Plan earnings, losses, and administrative expenses are allocated to each participant's account based upon the balance in each account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in participant, rollover and prevailing wage contributions plus earnings thereon.

Participants vest in Company matching and profit sharing contributions plus actual earnings and losses thereon based on years of service according to the following schedule:

Years of Service	Vested Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

1. DESCRIPTION OF THE PLAN – cont'd.

Forfeitures

Forfeitures of Company matching and profit sharing contributions may be applied to reduce future Company matching and profit sharing contributions. During the year ended December 31, 2020, there were no forfeitures used to reduce Company contributions. There were no forfeitures available to the Plan as of December 31, 2020 and 2019.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, or attainment of age 59 ½, a participant, or the participant's beneficiary, in the event of death, is entitled to a distribution of the participant's vested account balance. Distributions from the Plan are payable only in the form of a lump sum payment. Upon termination, if a participant's account balance is less than $5,000, the Plan administrator may elect to automatically distribute the participant's account balance.

Upon proof, to the satisfaction of the Plan administrator, of an immediate and heavy financial need, amounts may be withdrawn for a hardship purpose. Hardship withdrawals must be taken for a minimum of $1,000, can only be taken by a current employee and may only be taken from a fully vested account.

Certain income tax penalties may apply to withdrawals or distributions prior to age 59½. Distributions are subject to the applicable provisions of the Plan agreement. As of December 31, 2020 and 2019, there were no net assets of the Plan allocated to participants who had elected to withdraw from the Plan that had not received such distributions.

Plan Expenses

Expenses incurred in the administration of the Plan are required to be paid by the Custodian with assets of the Plan unless the Company, at its discretion, elects to pay them. During the year ended December 31, 2020, the Company paid a portion of Plan expenses and the Plan paid direct expenses of $950.

Distribution fees are paid by the Plan and its participants. Investment related expenses are included in net appreciation of fair value of investments.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - cont'd.

Use of Estimates

The preparation of financial statements in conformity accounting principles generally accepted in the United States of America, requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for investments in assets that are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the value of investment securities may occur in the near term that materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when earned. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Fair Value Measurement

Financial Accounting Standards Board (FASB) Accounting Standards Codification 820, *Fair Value Measurement* (ASC 820), defines fair value and establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – cont'd.

Fair Value Measurement – cont'd.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets' or liabilities' fair value measurement levels within the fair value hierarchy are based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

Interests in pooled separate accounts: Valued using the net asset value (NAV) of share held by the Plan at year end as a practical expedient.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used as of December 31, 2020 and 2019.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2020:

	Level 1	Level 2	Level 3	Total
Total assets in the fair value hierarchy	$ -	$ -	$ -	$ -
Interests in pooled separate accounts (a)	-	-	-	1,701,463
Total investments, at fair value	$ -	$ -	$ -	$ 1,701,463

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019:

	Level 1	Level 2	Level 3	Total
Total assets in the fair value hierarchy	$ -	$ -	$ -	$ -
Interests in pooled separate accounts (a)	-	-	-	1,369,024
Total investments, at fair value	$ -	$ -	$ -	$ 1,369,024

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – cont'd.

Fair Value Measurement – cont'd.

(a) In accordance with ASC 820-10, certain investments that were measured at net asset value per share (or its equivalent practical expedient) have not been classified in the fair value hierarchy. The fair value amounts presented in the table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table presents investments measured at fair value using the NAV per share as a practical expedient as of December 31,:

	2020	2019	Redemption Frequency	Redemption Notice Period	Unfunded Commitment
Pooled Separate Accounts (b)	$ 1,701,463	$ 1,369,024	Daily	Daily	n/a

(b) Funds in this category invest in a diversified portfolio of domestic and international stocks, bond funds and/or money market funds to achieve a long-term rate of return.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan evaluated for disclosure any subsequent events through January 10, 2022, the date the financial statements were available to be issued, and determined that there were no material subsequent events that required disclosure, except as disclosed in Note 1.

3. INVESTMENTS

All investment data contained in the accompanying financial statements and supplemental schedule, including assets held as of December 31, 2020 and interest and dividend income and net appreciation in fair value of investments for the year ended December 31, 2020, was obtained or derived from the information supplied to the Plan administrator and certified as complete and accurate by the Custodian of the Plan, John Hancock Life Insurance Company (U.S.A.).

4. PARTY-IN-INTEREST TRANSACTIONS

The Plan investments are managed by John Hancock Financial, a related party of the Plan's Custodian. The Company provides the Plan with certain accounting and administrative services to the Plan for which no fees are charged. All such transactions qualify as party-in-interest transactions which are exempt from the prohibited transaction rules.

5. PLAN TERMINATION

Although it has not expressed the intent to do so, the Company has the right under the Plan to discontinue, modify, amend or terminate the Plan in total, or in part, subject to the provisions of ERISA. In the event of Plan termination, affected participants will immediately vest in all unvested accounts.

6. INCOME TAX STATUS

The Plan operates under a volume submitter document, which received a favorable opinion letter on March 31, 2014. The Plan has been amended and restated since receiving the favorable opinion letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

ASC 740, *Income Taxes*, prescribes a recognition threshold and a measurement attribute for the financial statement recognition and measurement of tax positions taken or expected to be taken in a tax return as well as guidance on de-recognition, classification, interest and penalties and financial statement reporting disclosures. For these benefits to be recognized, a tax position must be more-likely-than-not to be sustained upon examination by taxing authorities. Given the Plan is tax exempt and has no unrelated business income, the provisions of ASC 740 do not have an impact on the Plan's financial statements. The Plan recognizes interest and penalties accrued on any unrecognized tax exposures as a component of income tax expense. The Plan does not have any amounts accrued relating to interest and penalties as of December 31, 2020 and 2019.

The Plan is subject to routine audits by the Internal Revenue Service and Department of Labor; however, there are currently no audits for any periods in progress.

7. CORONAVIRUS

In December 2019, a novel strain of coronavirus (COVID-19) was reported in Wuhan, China. The World Health Organization declared COVID-19 to constitute a "Public Health Emergency of International Concern." Subsequent to year-end, COVID-19 began to spread throughout the United States. Efforts to contain COVID-19, including restrictions mandated by the Federal, state and local governments, have caused numerous businesses to close or operate remotely in an effort to prevent COVID-19 from spreading more rapidly. As of the report date, the Plan has experienced an immediate impact from COVID-19 due to the volatility of the financial markets. The future extent of the impact of COVID-19 on the Plan's operations including, but not limited to, further market volatility and future Company contributions to the Plan will depend on future developments, including the duration and spread of the outbreak, which is highly uncertain and cannot be predicted.

In March 2020, Congress passed the Coronavirus Aid, Relief and Economic Security Act (CARES Act) in order to help the US economy and workers in the midst of the COVID-19 pandemic. The CARES Act includes numerous provisions related to retirement plans. Management of the Plan has elected to not adopt any of the optional CARES Act provisions.

8. RECONCILIATION OF THE FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of the net assets available for benefits per the financial statements to the Form 5500 as of December 31,:
