NOTE 1 - DESCRIPTION OF PLAN

The following description of the Honda of Downtown Chicago 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

A) GENERAL

The Plan is a defined contribution 401(k) plan covering certain employees of MAR CHI-H, LLC ("MAR") who meet certain eligibility requirements, as defined. The Plan also covers eligible employees of MAR JAX MAS, LLC ("Jax"), and MAR CHI-V, LLC ("VW"), entities related to MAR through common ownership (all collectively known as the "Companies"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan became effective on January 1, 2018.

B) ELIGIBILITY

Employees are eligible to participate in the Plan, including any applicable matching and profit sharing contribution, upon reaching the age of 18 and completing three months of service, as defined, prior to the entry date. The Plan entry date is the first day of the quarter after meeting the above requirements. The Plan also includes a special participation date whereby all eligible employees employed on April 1, 2018 became eligible to participate in the Plan as of that date.

C) CONTRIBUTIONS

Each year, participants may contribute up to 100% of pretax or after-tax (Roth option) annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover contribution). Contributions are subject to certain limitations under the Internal Revenue Code ("IRC").

The Companies may make annual discretionary contributions in amounts determined by each of the entities. During the year ended December 31, 2020, MAR and VW elected to match 10% of the participants' contributions up to a maximum amount of $1,000 per year, while Jax elected to match 50% of the participants' contributions up to a maximum amount of $500 per year. The MAR and VW match is funded annually and participants must be employed on December 31, 2020 to receive the match. These entities' employer matching contributions were approximately $47,000 for the year ended December 31, 2020.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

D) INVESTMENT OPTIONS

Participants are allowed to invest in a variety of investment choices as more fully described in the Plan document. Participants may change their allocations at any time.

E) PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's deferral contribution, their respective employer's matching contribution, if any, and an allocation of the investment earnings, based upon each participant's election and charged with an allocation of administrative expenses. The benefit to which a participant is entitled upon withdrawal from the Plan, as defined above, is the vested benefit in the participant's account.

F) VESTING

Participants are always 100% vested in their contributions, the employer matching contributions and any other special contributions made to the Plan as specified by the Plan document.

Participants are 100% vested, regardless of years of service, when they reach normal retirement age, are totally and permanently disabled, or death occurs.

G) PAYMENT OF BENEFITS

The Plan provides for distribution of accumulated benefits upon death, disability, termination or retirement of participants. All distributions for reasons other than death are paid in either a lump-sum distribution or installment distribution. Upon death and prior to commencing distributions, the distribution of the participant's entire account will be made by December 31, of the fifth year from the date of death, unless an election is made, as defined.

The Plan also allows participants that qualify for financial hardship, as defined, to withdraw funds while still employed. The Plan also allows for in-service withdrawals for participants that have reached age 59.5. There is also a provision to automatically cash-out any terminated participant with a vested account balance less than $5,000 subject to certain elections, as defined.

H) NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 minus the highest outstanding balance of loans in the past 12 months or 50% of the value of their vested account balance immediately before the request to borrow funds. The notes are secured by the vested balance in the participant's account and bear interest at a fixed rate similar to a bank's rate for a comparable personal loan. Participants may only have one loan outstanding at any one time. Loan repayments are made through payroll deductions and are credited to the participant's 401(k) account. The repayment period may not exceed five years.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

I) FORFEITED ACCOUNTS

Pursuant to the Plan, forfeited non-vested accounts may be used to offset expenses or reduce future employer contributions. There were no forfeitures used to pay Plan expenses or fund matching contributions during the year ended December 31, 2020. At December 31, 2020 and 2019, there was a remaining forfeiture balance of approximately $2,000.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following are the significant accounting policies followed by the Plan:

A) BASIS OF ACCOUNTING

The Plan's financial statements are prepared on the accrual basis of accounting and in accordance with accounting principles generally accepted in the United States of America for employee benefit plans.

B) INVESTMENT VALUATION AND INCOME RECOGNITION

Investments of the Plan are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Dividends are recorded on the ex-dividend date. Interest is recorded in the period earned. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Investments are self-directed by individual Plan participants.

C) NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2020 and 2019, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

During 2020, there were no notes receivable from participants recorded as benefits payments.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D) USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amount of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

E) RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

F) PAYMENT OF BENEFITS

Benefits are recorded when paid.

G) PLAN ADMINISTRATION AND FEES

The Plan agreement allows for the Companies to absorb a significant amount of the Plan's administrative expenses and are therefore excluded from these financial statements. During the year ended December 31, 2020, the Plan incurred approximately $33,000 in administrative expenses.

H) RECENT ACCOUNTING PRONOUNCEMENTS

The Company evaluates new accounting pronouncements for relevance and impact on the Plan's financial statements. Management does not expect that timely adoption of new pronouncements will have a material impact on the Plan's net assets available for benefits.

I) MANAGEMENT REVIEW OF SUBSEQUENT EVENTS

Management has evaluated subsequent events through February 8, 2022, the date when the financial statements were available to be issued.

NOTE 3 - FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

Accounting guidance establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs consist of unobservable inputs and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. During 2020 and 2019, Level 2 inputs were available and therefore used.

The following is a description of the valuation methodologies used for assets measured at fair value:

Trust Mutual Funds – The trust mutual funds are retail mutual funds held within an omnibus account. The Plan utilizes the per unit value reported by Nationwide Trust Company to report its fair value of these investments.

The input levels used by investment category are as follows:

December 31, 2020	Level 1	Level 2	Level 3	Total
Trust Mutual Funds	$ -	$ 2,345,748	$ -	$ 2,345,748
Total assets in the fair value hierarchy	$ -	$ 2,345,748	$ -	$ 2,345,748

December 31, 2019	Level 1	Level 2	Level 3	Total

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2020 are reported in net appreciation in fair value of investments.

NOTE 4 - INFORMATION CERTIFIED BY THE PLAN CUSTODIAN

At December 31, 2020 and for the year then ended, the plan administrator elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Nationwide Trust Company ("Nationwide"), the custodian, except for comparing such information certified by the custodian to information included in the Plan's financial statements and supplemental schedules. The custodian has certified that the following information is complete and accurate as of December 31, 2020 and 2019, and for the year ended December 31, 2020.

	2020	(Unaudited) 2019
Investments at fair value (Note 3)	$ 2,345,748	$ 1,504,663
Total investment income	$ 338,496	

Also, the additional information presented as of December 31, 2020 in the Schedule of Assets (Held at End of Year) for investment purposes was certified by Nationwide Trust Company, the appointed custodian.

NOTE 5 - TAX STATUS

The Plan is based on a non-standardized profit sharing plan document. The sponsor of the non-standardized plan document has received a favorable determination letter from the Internal Revenue Service ("IRS") dated June 30, 2020, stating that the form of the Plan is qualified under Section 401 of the Code. The Plan has chosen to rely on the IRS determination letter issued to the sponsor of the volume submitter document as evidence that the form of the Plan is tax-qualified. The Plan is also required to be operated in conformity with the Code to maintain its tax-qualified status. The plan administrator believes that the Plan, which has been amended since the date of the determination letter, continues to be tax-qualified in both form and operation.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 - RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are shares of trust mutual funds managed by Nationwide Trust Company, the appointed custodian of the Plan's assets as of December 31, 2020 and 2019. Therefore, these transactions qualify as party-in-interest transactions. Expenses paid by the Plan to Nationwide totaled approximately $11,000 during the year ended December 31, 2020.

In addition, the Plan had other party-in-interest expense transactions of approximately $22,000 during the year ended December 31, 2020.

Some of the fees paid by the Plan are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE 7 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to suspend or terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

NOTE 8 - FIDELITY BONDING

The Company maintained a fidelity bond in the amount of $150,000 for Plan fiduciaries and individuals who handle the funds of the Plan, pursuant to the requirements of ERISA. The policy has a provision whereby loss coverage is increased to the minimum required by ERISA up to the $500,000 limit.

NOTE 9 - RELATED PARTY TRANSACTIONS – PROHIBITED TRANSACTION

During 2020, the Companies did not remit certain employee's contributions in accordance with guidelines set forth by the United States Department of Labor ("DOL") and Employee Benefits Security Administration ("EBSA"). However, the contributions were remitted as soon as possible after the Companies identified them. The DOL considers this a prohibited transaction and may impose penalties on the Plan sponsor as a result of this transaction.

NOTE 10 - PLAN OPERATIONAL ERROR

During 2020, the plan sponsor did not remit certain contributions in accordance with Plan provisions, resulting in missed salary deferrals and corresponding matching contributions. The plan sponsor has elected to make qualified non-elective contributions and matching contributions for all participants that require corrective action from the Plan's inception, January 1, 2018. These financial statements do not include any adjustments that may be necessary as a result of these transactions.

NOTE 11 - COVID-19 PANDEMIC AND THE CARES ACT

During March 2020, the World Health Organization identified a viral disease, COVID-19, as a pandemic. The viral disease disrupted business operations in the United States and worldwide during the majority of 2020 including supply chains, closures of certain lines of business and/or full closure of business operations. This pandemic may have a significant negative impact on the operations and profitability of the plan sponsor and the value of the Plan's investments. The extent of the impact to the financial performance of the Plan will depend on future developments, including (i) duration and spread of the outbreak, (ii) the effects on the financial markets, and (iii) the effects on the economy overall, all of which are highly uncertain and cannot be predicted.

The Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act"), was signed into law on March 27, 2020 and includes several provisions affecting employee benefit plans. The Plan did not adopt any provisions of the CARES Act during 2020.
