Notes to Financial Statements
December 31, 2020

1. Description of Plan

The following description of the RBS Management LLC 401(k) Profit Sharing Plan & Trust (the "Plan") is provided for general information purposes only. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of RBS Management LLC (the "Company" or "Employer"). An employee will be eligible to participate in the Plan unless he or she is: included in a unit of employees covered by a collective bargaining agreement between the Employer and employee representatives; a nonresident alien; or an employee as a result of a transaction described in Code Section 410(b)(6)(C). An employee becomes eligible to participate in the Plan upon obtaining 21 years of age and completing 1 year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

On March 27, 2020, the President signed into law the U.S. Coronavirus Aid, Relief and Economic Security Act (the "CARES Act"). The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to Plan participants under the CARES Act and has implemented the following provisions:

- Eligible coronavirus distributions up to $100,000;
- Extend the period for loan repayments, if applicable, up to one year;
- Increase the limit of loans up to the lesser of $100,000 or 100% of a participant's vested account balance; and
- Suspend required minimum distributions for 2020.

Contributions

Each year, participants may contribute up to 100% of their eligible annual compensation on a pre-tax or Roth basis, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. There is an annual limit as to the amount that can be deducted from compensation that is determined by the Internal Revenue Code ("IRC"). Participants may also contribute amounts representing distributions from other qualified retirement plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company makes an annual matching contribution in an amount equal to 100% of a participant's deferral up to 3% of eligible compensation plus 50% of the deferral greater than 3% but less than or equal to 5% of eligible compensation. To be eligible to receive a matching contribution, employees must be at least 21 years of age and have completed 1 year of service. The Company may also elect to make discretionary profit sharing contributions to the Plan. For the year ended December 31, 2020, the Company did not make a discretionary profit sharing contribution to the Plan.

1. Description of Plan *(continued)*

Vesting

At all times, participants are fully vested in their employee contributions and safe-harbor employer matching contributions plus actual earnings thereon. Participants are 100% vested in profit sharing contributions after three years of service.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Employer contributions and (b) Plan earnings (losses) thereon. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All investments are participant directed.

Payment of Benefits

Upon termination of employment prior to retirement, Plan participants with account balances greater than $5,000, may elect to defer distributions to normal retirement age. Participants with account balances less than $5,000 will receive a lump sum cash payment as soon as practicable following termination of employment. Participant's that have attained age 59½ are eligible to take in-service distributions of their account balances.

Benefits can also be distributed in the event of a participant's immediate and heavy financial need. Such distributions, which are considered hardship withdrawals, cannot exceed the amount required to relieve the financial need.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum amount of $1,000 up to a maximum equal to the lesser of $50,000 or 95% of their vested balance. The loans are secured by the participant's vested account balance and bear interest at a rate commensurate with local prevailing rates as determined by the plan administrator. Loan repayments must be made through payroll deductions over a term not to exceed 4.5 years unless the proceeds of the loan are used to purchase the participant's principal residence. Principal and interest is paid ratably through periodic payroll deductions. Participants are limited to one outstanding loan at any one time.

2. Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"), which requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

2. Summary of Significant Accounting Policies *(continued)*

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. The mutual funds and the money market fund held by the Plan are valued at fair value based on the daily closing price as reported by the funds. The mutual funds and money market fund are open-ended and are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. These funds are deemed to be actively traded.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Fair Value Measurements

The Plan follows U.S. GAAP guidance on *Fair Value Measurements* which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable and are used to the extent that observable inputs do not exist. At December 31, 2020 and 2019, all of the Plan's investments were valued using level 1 inputs.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. If a participant ceases to make loan repayments and the plan administrator deemed the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Company and are excluded from these financial statements. Administrative fees incurred in connection with loans and participant activity charges are borne by the individual and deducted from their respective Plan assets. Investment related expenses are included in the NAV of the respective funds and, consequently, those expenses are not separately reflected but are a component of net appreciation in fair value of investments.

Subsequent Events Evaluation by Management

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is October 4, 2021.

3. Tax Status

The Internal Revenue Service ("IRS") issued an opinion letter to the prototype plan document preparer, dated April 10, 2014, which states that the form of the prototype plan qualifies under the applicable provisions of the IRC. The plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

4. Party-in-Interest Transactions

Participants who are active employees may borrow from their accounts and such loans qualify as exempt party-in-interest transactions under ERISA. These loans are recorded as notes receivable from participants in the statements of net assets available for benefits.

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Employer contributions.

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The global economic uncertainty associated with the COVID-19 pandemic has resulted in significant volatility in global financial markets. This volatility has affected, and may continue to affect, the value of the Plan's net assets available for benefits. The effects of economic and market conditions subsequent to December 31, 2020 are not reflected in these financial statements and future effects on the Plan's net assets available for benefits cannot be predicted due to uncertainty regarding the duration and scope of the pandemic and other changing market conditions.
