ETHOSENERGY (WEST), INC. PLAN

Notes to Financial Statements

December 31, 2020 and 2019

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the EthosEnergy (West), Inc. Plan (the “Plan”) provides only general information. Participants should refer to the Plan document and related amendments for a more complete description of the Plan’s provisions.

General

The Plan is a single employer defined contribution plan established on April 1, 2007 to provide retirement and other profit sharing benefits to the employees of EthosEnergy GTS Holdings (US) LLC (the “Company” or “Employer”).

The Plan was established for the exclusive benefit of eligible Participants and their Beneficiaries. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 and related rules and regulations.

During 2019, the Employer transferred the participation of employees of a division within EthosEnergy GTS Holdings (US) LLC from the Plan to the EthosEnergy 401(k) Plan. During 2020, the Employer transferred the participation of employees of a division within EthosEnergy GTS Holdings (US) LLC from the EthosEnergy 401(k) Plan to the Plan.

In accordance with Coronavirus Aid, Relief, and Economic Security Act (the “CARES Act”) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the “SECURE Act”), the Plan adopted the following provisions: provisions for COVID-19 related withdrawals up to \$100,000 for participants impacted by COVID-19, increased loan limits for participants impacted by COVID-19 (\$100,000 or 50% of participant account balance); and suspension of loan repayments due between March 27, 2020 and December 31, 2020 for up to one year for participants impacted by COVID-19.

Contributions

Participants may elect to execute a salary reduction agreement with the Employer to reduce their compensation by an amount for each payroll period, as described in the Plan document, as elective contributions up to the limits prescribed by the Internal Revenue Service (“IRS”), \$19,500 for the Plan year ended December 31, 2020. The Plan also allows for participants who are 50 years old or older to make catch-up contributions in the amount of \$6,500 for the Plan year ended December 31, 2020. Participants can change their contribution percentages at any time and those changes will be effective as soon as administratively feasible. Additional contributions ranging from 1 percent to 100 percent of their eligible compensation can be made. The Employer may refuse to accept any or all of a participant’s additional contributions if the contributions will have an adverse effect on the Plan’s annual nondiscrimination tests. Elective deferral contributions are 100 percent vested and nonforfeitable.

The Plan provides for safe harbor matching contributions. The Employer’s safe harbor matches 100 percent of the first 3 percent of salary deferrals and 50 percent of the subsequent 2 percent of salary deferrals of eligible compensation for each payroll period for the Plan year ended December 31, 2020. The Employer may also make nonelective contributions to the Plan, as defined by the Plan, in an amount that they determine each Plan year.

Eligibility

Employees are eligible to participate in the Plan the first full day of the first full payroll period that begins after their date of hire if they are age 18 or older.

NOTE 1 – DESCRIPTION OF THE PLAN (CONTINUED)

Participant Accounts

Each participant's account is credited with the participant's contributions, Employer's contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are always 100 percent vested in their rollover contributions, employee pretax contributions, safe harbor matching contributions and related earnings. However, nonelective Employer contributions, if any, and related earnings will vest according to the following schedule:

<u>Years of Service</u>	<u>Vesting %</u>
Less than 1 year of service	0
1 year of service	33
2 years of service	66
3 years of service	100

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. The loans are secured by the balance in the participant's account. Principal and interest is paid ratably through payroll deductions in each pay period.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account or installment payments. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

Forfeited Accounts

At December 31, 2020 and 2019, forfeited non-vested accounts totaled \$141,578 and \$109,919, respectively. These accounts are expected to be used to reduce future Employer contributions or administrative expenses. During 2020, \$10,332 of forfeitures were utilized to reduce administrative expenses.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make certain estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Plan Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/(depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credits losses has been recorded as of December 31, 2020 or 2019. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in appreciation/(depreciation) in fair value of investments.

Subsequent Events

The Plan has monitored and evaluated any subsequent events from December 31, 2020 through January 7, 2022, the date on which financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") *Accounting Standards Codification* ("ASC") 820, *Fair Value Measurements*, provides the framework for measuring fair value. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

NOTE 3 – FAIR VALUE MEASUREMENTS (CONTINUED)

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trust: Valued at the NAV of units of a common/collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the common/collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31,:

	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Registered investment companies (mutual funds)	\$ 34,613,405	\$ -	\$ -	\$ 34,613,405
Investments, measured at NAV				2,436,634
Total investments at fair value	<u>\$ 34,613,405</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 37,050,039</u>
	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Registered investment companies (mutual funds)	\$ 28,769,750	\$ -	\$ -	\$ 28,769,750
Investments, measured at NAV				2,653,598
Total investments at fair value	<u>\$ 28,769,750</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 31,423,348</u>

NOTE 3 – FAIR VALUE MEASUREMENTS (CONTINUED)

Fair Value of Investments in Entities that Use Net Asset Value:

The following table presents investments measured at fair value based on NAV per share as of December 31, 2020 and 2019:

	Fair Value		Unfunded Commitment	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
	2020	2019				
Common collective trust	\$ 2,436,634	\$ 2,653,598	None	Immediate	None	None

NOTE 4 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their Employer contributions.

NOTE 5 – TAX STATUS

The Internal Revenue Service has determined and informed the Employer by a letter dated May 26, 2011, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (“IRC”). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan’s tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 – RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Fidelity Management Trust Company (“Fidelity”). Fidelity is the trustee of the Plan’s assets therefore these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services are included in net appreciation in fair value of investments.

Fidelity provides certain administrative services to the Plan. Fidelity receives revenue from mutual fund service providers for services they provide to the funds. This revenue is used to offset certain amounts owed to Fidelity for its administrative services to the Plan.

If the revenue received by Fidelity from such mutual fund service providers exceeds the amount owed, Fidelity remits the excess to the Plan on a periodic basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of participants. During 2020, the expense exceeded revenue by \$14,158, which was recorded as administrative fees paid. The Plan or Plan administrator may make a payment to Fidelity for administrative expenses not covered by revenue sharing. The Plan administrator pays directly any other fees related to the Plan’s operations, except for fees related to benefit withdrawal services, which are deducted from the participant’s withdrawal amount.

The Plan provides for loans to participants. Transactions in such investments qualify as party-in-interest transactions as defined by ERISA.

NOTE 7 – CERTIFIED INFORMATION

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements, including total investments and notes receivable from participants at December 31, 2020 and 2019, and net appreciation in fair value of investments, interest and dividends and interest income of notes receivable from participants for the year ended December 31, 2020, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the trustee.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan provides for various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

In March 2020, the World Health Organization categorized Coronavirus Disease 2019 ("COVID-19") as a pandemic, and the President of the United States declared the COVID-19 outbreak a national emergency. The COVID-19 pandemic has led to volatility in financial markets and has affected, and may continue to affect, the market price of Plan assets. The potential economic impact brought by, and the duration of, COVID-19 is difficult to assess or predict and will depend on future developments that are highly uncertain and cannot be predicted. Subsequent to December 31, 2020, the stock market has experienced significant volatility, the ultimate outcome of which could be material to the Plan's investments.

NOTE 9 – TRANSFERS AND PLAN CHANGES

During 2019, the Employer approved the transfer of employee participation for one EthosEnergy GTS Holdings (US) LLC division from the EthosEnergy (West), Inc. Plan into the EthosEnergy 401(k) Plan, with assets transferred out of the Plan during 2020. During 2020, the Employer approved the transfer of employee participation for a different EthosEnergy GTS Holdings (US) LLC division from the EthosEnergy 401(k) Plan into the EthosEnergy (West), Inc. Plan, with assets transferred into the Plan during 2020.

ETHOSENERGY (WEST), INC. PLAN

Notes to Financial Statements

December 31, 2020 and 2019

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the EthosEnergy (West), Inc. Plan (the “Plan”) provides only general information. Participants should refer to the Plan document and related amendments for a more complete description of the Plan’s provisions.

General

The Plan is a single employer defined contribution plan established on April 1, 2007 to provide retirement and other profit sharing benefits to the employees of EthosEnergy GTS Holdings (US) LLC (the “Company” or “Employer”).

The Plan was established for the exclusive benefit of eligible Participants and their Beneficiaries. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 and related rules and regulations.

During 2019, the Employer transferred the participation of employees of a division within EthosEnergy GTS Holdings (US) LLC from the Plan to the EthosEnergy 401(k) Plan. During 2020, the Employer transferred the participation of employees of a division within EthosEnergy GTS Holdings (US) LLC from the EthosEnergy 401(k) Plan to the Plan.

In accordance with Coronavirus Aid, Relief, and Economic Security Act (the “CARES Act”) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the “SECURE Act”), the Plan adopted the following provisions: provisions for COVID-19 related withdrawals up to \$100,000 for participants impacted by COVID-19, increased loan limits for participants impacted by COVID-19 (\$100,000 or 50% of participant account balance); and suspension of loan repayments due between March 27, 2020 and December 31, 2020 for up to one year for participants impacted by COVID-19.

Contributions

Participants may elect to execute a salary reduction agreement with the Employer to reduce their compensation by an amount for each payroll period, as described in the Plan document, as elective contributions up to the limits prescribed by the Internal Revenue Service (“IRS”), \$19,500 for the Plan year ended December 31, 2020. The Plan also allows for participants who are 50 years old or older to make catch-up contributions in the amount of \$6,500 for the Plan year ended December 31, 2020. Participants can change their contribution percentages at any time and those changes will be effective as soon as administratively feasible. Additional contributions ranging from 1 percent to 100 percent of their eligible compensation can be made. The Employer may refuse to accept any or all of a participant’s additional contributions if the contributions will have an adverse effect on the Plan’s annual nondiscrimination tests. Elective deferral contributions are 100 percent vested and nonforfeitable.

The Plan provides for safe harbor matching contributions. The Employer’s safe harbor matches 100 percent of the first 3 percent of salary deferrals and 50 percent of the subsequent 2 percent of salary deferrals of eligible compensation for each payroll period for the Plan year ended December 31, 2020. The Employer may also make nonelective contributions to the Plan, as defined by the Plan, in an amount that they determine each Plan year.

Eligibility

Employees are eligible to participate in the Plan the first full day of the first full payroll period that begins after their date of hire if they are age 18 or older.

NOTE 1 – DESCRIPTION OF THE PLAN (CONTINUED)

Participant Accounts

Each participant's account is credited with the participant's contributions, Employer's contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are always 100 percent vested in their rollover contributions, employee pretax contributions, safe harbor matching contributions and related earnings. However, nonelective Employer contributions, if any, and related earnings will vest according to the following schedule:

<u>Years of Service</u>	<u>Vesting %</u>
Less than 1 year of service	0
1 year of service	33
2 years of service	66
3 years of service	100

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. The loans are secured by the balance in the participant's account. Principal and interest is paid ratably through payroll deductions in each pay period.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account or installment payments. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

Forfeited Accounts

At December 31, 2020 and 2019, forfeited non-vested accounts totaled \$141,578 and \$109,919, respectively. These accounts are expected to be used to reduce future Employer contributions or administrative expenses. During 2020, \$10,332 of forfeitures were utilized to reduce administrative expenses.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make certain estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Plan Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/(depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credits losses has been recorded as of December 31, 2020 or 2019. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in appreciation/(depreciation) in fair value of investments.

Subsequent Events

The Plan has monitored and evaluated any subsequent events from December 31, 2020 through January 7, 2022, the date on which financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") *Accounting Standards Codification* ("ASC") 820, *Fair Value Measurements*, provides the framework for measuring fair value. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

NOTE 3 – FAIR VALUE MEASUREMENTS (CONTINUED)

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trust: Valued at the NAV of units of a common/collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the common/collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31,:

	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Registered investment companies (mutual funds)	\$ 34,613,405	\$ -	\$ -	\$ 34,613,405
Investments, measured at NAV				2,436,634
Total investments at fair value	<u>\$ 34,613,405</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 37,050,039</u>
	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Registered investment companies (mutual funds)	\$ 28,769,750	\$ -	\$ -	\$ 28,769,750
Investments, measured at NAV				2,653,598
Total investments at fair value	<u>\$ 28,769,750</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 31,423,348</u>

NOTE 3 – FAIR VALUE MEASUREMENTS (CONTINUED)

Fair Value of Investments in Entities that Use Net Asset Value:

The following table presents investments measured at fair value based on NAV per share as of December 31, 2020 and 2019:

	Fair Value		Unfunded Commitment	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
	2020	2019				
Common collective trust	\$ 2,436,634	\$ 2,653,598	None	Immediate	None	None

NOTE 4 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their Employer contributions.

NOTE 5 – TAX STATUS

The Internal Revenue Service has determined and informed the Employer by a letter dated May 26, 2011, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (“IRC”). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan’s tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 – RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Fidelity Management Trust Company (“Fidelity”). Fidelity is the trustee of the Plan’s assets therefore these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services are included in net appreciation in fair value of investments.

Fidelity provides certain administrative services to the Plan. Fidelity receives revenue from mutual fund service providers for services they provide to the funds. This revenue is used to offset certain amounts owed to Fidelity for its administrative services to the Plan.

If the revenue received by Fidelity from such mutual fund service providers exceeds the amount owed, Fidelity remits the excess to the Plan on a periodic basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of participants. During 2020, the expense exceeded revenue by \$14,158, which was recorded as administrative fees paid. The Plan or Plan administrator may make a payment to Fidelity for administrative expenses not covered by revenue sharing. The Plan administrator pays directly any other fees related to the Plan’s operations, except for fees related to benefit withdrawal services, which are deducted from the participant’s withdrawal amount.

The Plan provides for loans to participants. Transactions in such investments qualify as party-in-interest transactions as defined by ERISA.

NOTE 7 – CERTIFIED INFORMATION

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements, including total investments and notes receivable from participants at December 31, 2020 and 2019, and net appreciation in fair value of investments, interest and dividends and interest income of notes receivable from participants for the year ended December 31, 2020, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the trustee.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan provides for various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

In March 2020, the World Health Organization categorized Coronavirus Disease 2019 ("COVID-19") as a pandemic, and the President of the United States declared the COVID-19 outbreak a national emergency. The COVID-19 pandemic has led to volatility in financial markets and has affected, and may continue to affect, the market price of Plan assets. The potential economic impact brought by, and the duration of, COVID-19 is difficult to assess or predict and will depend on future developments that are highly uncertain and cannot be predicted. Subsequent to December 31, 2020, the stock market has experienced significant volatility, the ultimate outcome of which could be material to the Plan's investments.

NOTE 9 – TRANSFERS AND PLAN CHANGES

During 2019, the Employer approved the transfer of employee participation for one EthosEnergy GTS Holdings (US) LLC division from the EthosEnergy (West), Inc. Plan into the EthosEnergy 401(k) Plan, with assets transferred out of the Plan during 2020. During 2020, the Employer approved the transfer of employee participation for a different EthosEnergy GTS Holdings (US) LLC division from the EthosEnergy 401(k) Plan into the EthosEnergy (West), Inc. Plan, with assets transferred into the Plan during 2020.

December 31, 2020 and 2019

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the EthosEnergy (West), Inc. Plan (the “Plan”) provides only general information. Participants should refer to the Plan document and related amendments for a more complete description of the Plan’s provisions.

General

The Plan is a single employer defined contribution plan established on April 1, 2007 to provide retirement and other profit sharing benefits to the employees of EthosEnergy GTS Holdings (US) LLC (the “Company” or “Employer”).

The Plan was established for the exclusive benefit of eligible Participants and their Beneficiaries. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 and related rules and regulations.

During 2019, the Employer transferred the participation of employees of a division within EthosEnergy GTS Holdings (US) LLC from the Plan to the EthosEnergy 401(k) Plan. During 2020, the Employer transferred the participation of employees of a division within EthosEnergy GTS Holdings (US) LLC from the EthosEnergy 401(k) Plan to the Plan.

In accordance with Coronavirus Aid, Relief, and Economic Security Act (the “CARES Act”) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the “SECURE Act”), the Plan adopted the following provisions: provisions for COVID-19 related withdrawals up to \$100,000 for participants impacted by COVID-19, increased loan limits for participants impacted by COVID-19 (\$100,000 or 50% of participant account balance); and suspension of loan repayments due between March 27, 2020 and December 31, 2020 for up to one year for participants impacted by COVID-19.

Contributions

Participants may elect to execute a salary reduction agreement with the Employer to reduce their compensation by an amount for each payroll period, as described in the Plan document, as elective contributions up to the limits prescribed by the Internal Revenue Service (“IRS”), \$19,500 for the Plan year ended December 31, 2020. The Plan also allows for participants who are 50 years old or older to make catch-up contributions in the amount of \$6,500 for the Plan year ended December 31, 2020. Participants can change their contribution percentages at any time and those changes will be effective as soon as administratively feasible. Additional contributions ranging from 1 percent to 100 percent of their eligible compensation can be made. The Employer may refuse to accept any or all of a participant’s additional contributions if the contributions will have an adverse effect on the Plan’s annual nondiscrimination tests. Elective deferral contributions are 100 percent vested and nonforfeitable.

The Plan provides for safe harbor matching contributions. The Employer’s safe harbor matches 100 percent of the first 3 percent of salary deferrals and 50 percent of the subsequent 2 percent of salary deferrals of eligible compensation for each payroll period for the Plan year ended December 31, 2020. The Employer may also make nonelective contributions to the Plan, as defined by the Plan, in an amount that they determine each Plan year.

Eligibility

Employees are eligible to participate in the Plan the first full day of the first full payroll period that begins after their date of hire if they are age 18 or older.

NOTE 1 – DESCRIPTION OF THE PLAN (CONTINUED)

Participant Accounts

Each participant's account is credited with the participant's contributions, Employer's contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are always 100 percent vested in their rollover contributions, employee pretax contributions, safe harbor matching contributions and related earnings. However, nonelective Employer contributions, if any, and related earnings will vest according to the following schedule:

<u>Years of Service</u>	<u>Vesting %</u>
Less than 1 year of service	0
1 year of service	33
2 years of service	66
3 years of service	100

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. The loans are secured by the balance in the participant's account. Principal and interest is paid ratably through payroll deductions in each pay period.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account or installment payments. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

Forfeited Accounts

At December 31, 2020 and 2019, forfeited non-vested accounts totaled \$141,578 and \$109,919, respectively. These accounts are expected to be used to reduce future Employer contributions or administrative expenses. During 2020, \$10,332 of forfeitures were utilized to reduce administrative expenses.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make certain estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Plan Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/(depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credits losses has been recorded as of December 31, 2020 or 2019. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in appreciation/(depreciation) in fair value of investments.

Subsequent Events

The Plan has monitored and evaluated any subsequent events from December 31, 2020 through January 7, 2022, the date on which financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") *Accounting Standards Codification* ("ASC") 820, *Fair Value Measurements*, provides the framework for measuring fair value. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

NOTE 3 – FAIR VALUE MEASUREMENTS (CONTINUED)

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trust: Valued at the NAV of units of a common/collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the common/collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31,:

	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Registered investment companies (mutual funds)	\$ 34,613,405	\$ -	\$ -	\$ 34,613,405

Total investments at fair value	<u>\$ 34,613,405</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 37,050,039</u>
	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Registered investment companies (mutual funds)	\$ 28,769,750	\$ -	\$ -	\$ 28,769,750

Total investments at fair value	<u>\$ 28,769,750</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 31,423,348</u>

NOTE 3 – FAIR VALUE MEASUREMENTS (CONTINUED)

Fair Value of Investments in Entities that Use Net Asset Value:

The following table presents investments measured at fair value based on NAV per share as of December 31, 2020 and 2019:

	Fair Value		Unfunded Commitment	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
	2020	2019				
Common collective trust	\$ 2,436,634	\$ 2,653,598	None	Immediate	None	None

NOTE 4 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their Employer contributions.

NOTE 5 – TAX STATUS

The Internal Revenue Service has determined and informed the Employer by a letter dated May 26, 2011, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (“IRC”). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan’s tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 – RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Fidelity Management Trust Company (“Fidelity”). Fidelity is the trustee of the Plan’s assets therefore these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services are included in net appreciation in fair value of investments.

Fidelity provides certain administrative services to the Plan. Fidelity receives revenue from mutual fund service providers for services they provide to the funds. This revenue is used to offset certain amounts owed to Fidelity for its administrative services to the Plan.

If the revenue received by Fidelity from such mutual fund service providers exceeds the amount owed, Fidelity remits the excess to the Plan on a periodic basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of participants. During 2020, the expense exceeded revenue by \$14,158, which was recorded as administrative fees paid. The Plan or Plan administrator may make a payment to Fidelity for administrative expenses not covered by revenue sharing. The Plan administrator pays directly any other fees related to the Plan’s operations, except for fees related to benefit withdrawal services, which are deducted from the participant’s withdrawal amount.

The Plan provides for loans to participants. Transactions in such investments qualify as party-in-interest transactions as defined by ERISA.

NOTE 7 – CERTIFIED INFORMATION

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements, including total investments and notes receivable from participants at December 31, 2020 and 2019, and net appreciation in fair value of investments, interest and dividends and interest income of notes receivable from participants for the year ended December 31, 2020, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the trustee.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan provides for various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

In March 2020, the World Health Organization categorized Coronavirus Disease 2019 ("COVID-19") as a pandemic, and the President of the United States declared the COVID-19 outbreak a national emergency. The COVID-19 pandemic has led to volatility in financial markets and has affected, and may continue to affect, the market price of Plan assets. The potential economic impact brought by, and the duration of, COVID-19 is difficult to assess or predict and will depend on future developments that are highly uncertain and cannot be predicted. Subsequent to December 31, 2020, the stock market has experienced significant volatility, the ultimate outcome of which could be material to the Plan's investments.

NOTE 9 – TRANSFERS AND PLAN CHANGES

During 2019, the Employer approved the transfer of employee participation for one EthosEnergy GTS Holdings (US) LLC division from the EthosEnergy (West), Inc. Plan into the EthosEnergy 401(k) Plan, with assets transferred out of the Plan during 2020. During 2020, the Employer approved the transfer of employee participation for a different EthosEnergy GTS Holdings (US) LLC division from the EthosEnergy 401(k) Plan into the EthosEnergy (West), Inc. Plan, with assets transferred into the Plan during 2020.
