INDEPENDENT AUDITORS' REPORT

To The Trustee of the
Retirement Plan for Employees of Symmco, Inc.

We have audited the accompanying financial statements of the Retirement Plan for Employees of Symmco, Inc., which comprise the statements of net assets available for benefits as of June 30, 2021 (in liquidation) and 2020 (ongoing), the related statements of changes in net assets available for benefits for the years then ended, the related statement of changes in accumulated plan benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Independent Auditors' Report

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial status of the Retirement Plan for Employees of Symmco, Inc. as of June 30, 2021, in accordance with accounting principles generally accepted in the United States of America applied on the basis described in the Emphasis of Matter paragraph.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of assets (held at end of year) and the schedule of reportable transactions, together referred to as "supplemental information," are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's trustee and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Emphasis of Matter

As discussed in Note 7 to the accompanying financial statements, the plan has been terminated, and all assets of the plan have been distributed. In accordance with accounting principles generally accepted in the United States of America, the June 30, 2021 financial statements are presented on the liquidation basis of accounting.

Retirement Plan for Employees of Symmco, Inc.
NOTES TO FINANCIAL STATEMENTS
June 30, 2021 and 2020

1. DESCRIPTION OF PLAN

The following brief description of the Retirement Plan for Employees of Symmco, Inc. is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General – The Plan is a defined benefit pension plan covering employees of Symmco, Inc. subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was closed to new entrants effective July 1, 2019. Effective September 30, 2019 the Plan was amended to freeze benefit accruals for all plan participants. On February 1, 2021 the board approved the plan to terminate the Plan and for all assets to be distributed by June 30, 2021.

Pension Benefits – The normal retirement benefit is equal to 35% of average monthly earnings reduced by 1/30 for each year of service less than thirty years. Service prior to the effective date of the Plan is not included.

Normal retirement occurs at the later of age sixty-five or the fifth anniversary of participation in the Plan. Early retirement is available for participant's age fifty-five with at least fifteen years of continuous service.

Participants in the Plan become fully vested after five years of continuous service.

Benefits are payable for the lifetime of the retired participant with sixty months guaranteed. Employees may elect to receive their pension benefits in the form of a joint and survivor annuity.

2. SUMMARY OF ACCOUNTING POLICIES

The following are the significant accounting policies followed by the Plan:

Date of Management's Review – Subsequent events were evaluated through, February 28, 2022, which is the date the financial statements were available to be issued.

Basis of Accounting – The accompanying financial statements are prepared on the accrual basis of accounting. As a result of the termination of the Plan, the June 30, 2021 financial statements were prepared on the liquidation basis of accounting. The liquidation basis of accounting requires that the assets and liabilities be recorded at fair value.

Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

2. SUMMARY OF ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Actuarial Present Value of Accumulated Plan Benefits – Accumulated plan benefits are those future periodic payments, including lump-sum distributions, which are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits under the Plan are based on employees' compensation during their last ten years of credited service. Benefits payable under all circumstances - retirement, death, disability, and termination of employment - are included, to the extent they are deemed attributable to employee service rendered to the valuation date.

The actuarial present value of accumulated plan benefits is determined by an actuary and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, withdrawal, disability or retirement) between the valuation date and the expected date of payment.

The significant actuarial assumptions used in the valuation are as follows:

- Rate of return on plan investments – 7%
- Life expectancy of participants – calculated using the IRS 2021 Static Table
- Retirement will occur at age 65.

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

Payment of Benefits – Benefit payments to participants are recorded upon distribution.

3. INVESTMENTS

The investments are managed by LVW Advisors from Pittsford, NY, and the Board of Directors reviews the investments on a monthly basis.

During the years ended June 30, 2021 and 2020, the Plan's investments (including investments bought and sold, as well as held during the year) appreciated (depreciated) in value by \$1,301,085 and \$630,135, respectively, as follows:

	<u>2021</u>	<u>2020</u>
Net Unrealized Appreciation (Depreciation)	\$ (787,163)	\$ (48,400)
Net Realized Gain and (Loss)	<u>2,088,248</u>	<u>678,535</u>
Net Appreciation (Depreciation) in Fair Value	<u>\$ 1,301,085</u>	<u>\$ 630,135</u>

4. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurements authoritative literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements

The fair values of common stock, most corporate bonds, and U.S. government securities are based on quoted market prices.

4. FAIR VALUE MEASUREMENTS (CONTINUED)

Level 2 Fair Value Measurements

The fair values of other corporate bonds are measured using a market approach based on yields currently available on comparable securities of issuers with similar credit ratings.

Level 3 Fair Value Measurements

The Plan administrator determines the fair value measurement policies and procedures. Those policies and procedures are reassessed at least annually to determine if the current valuation techniques are still appropriate. At that time, the unobservable inputs used in the fair value measurements are evaluated and adjusted, as necessary, based on current market conditions and other third-party information.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30, 2021 and 2020.

Fair Value Measurements at the end of the Reported Period Using:				
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
<u>June 30, 2021</u>				
Mutual Funds – Fixed Income	\$ 0	\$ 0	\$ 0	\$ 0
ETF – Equity	0	0	0	0
Mutual Funds – Equities	0	0	0	0

4. FAIR VALUE MEASUREMENTS (CONTINUED)

Gains and losses included in changes in net assets available for benefits for the years ended June 30, 2021 and 2020, are reported in net appreciation in fair value of investments.

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

We evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended June 30, 2021, there were no significant transfers in or out of levels 1, 2, or 3.

5. FUNDING POLICY

All contributions to the Plan are made by the employer. Annual contributions are determined by the Plan's actuary and are consistent with the minimum funding standards of the Employees Retirement Income Security Act of 1974 (ERISA).

6. PLAN AMENDMENT

Effective July 1, 2019, the Plan was amended to freeze participation to new entrants. The Plan was also amended September 30, 2019 to freeze benefit accruals for all plan participants. On February 1, 2021 the board approved the plan to terminate the Plan and for all assets to be distributed by June 30, 2021.

7. PLAN TERMINATION

The governing body approved a plan of liquidation for the Retirement Plan for Employees of Symmco, Inc. on February 1, 2021. Commensurate with the liquidation process, the actuary determined the distribution due to each participant. Distribution payments began during June of 2021. The future benefit payment in the amount of \$1,990,542 was the balance distributed to participants during July 2021. Due to the liquidation, the liability for pension benefits was zero as of June 30, 2021. A final Internal Revenue Service (IRS) Form 5500 will be filed to reflect the termination.

8. RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at June 30, 2021 and 2020, to Schedule H of Form 5500:

	<u>2021</u>	<u>2020</u>
Net assets available for benefits per the financial statements	\$ 0	\$ 0
Benefits Payments Payable	<u>1,989,345</u>	<u>0</u>
Net assets available for benefits per Schedule H to the Form 5500	<u>\$ 1,989,345</u>	<u>\$ 0</u>

9. TAX STATUS

The plan obtained its latest determination letter on February 19, 2016, in which the Internal Revenue Service stated that the plan was in compliance with Section 401(a) of the Internal Revenue Code and is, therefore, not subject to tax under present income tax law. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan Administrator is not aware of any course of action or series of events that have occurred that might adversely affect the Plan's qualified status.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of June 30, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2018.

10. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

11. RELATED PARTY TRANSACTIONS

Investments are held by PNC and LVW Advisors. The administration fees paid to them are transactions that qualify as party-in-interest transactions and are exempt from the prohibited transaction rules of ERISA.
