To the Benefits Committee of the
Columbus McKinnon Corporation Hourly 401(k) Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Columbus McKinnon Corporation Hourly 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits as of June 7, 2021 and December 31, 2020, and the related statements of changes in net assets available for benefits for the period from January 1, 2021 through June 7, 2021 and the year ended December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Notes 4 and 6, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of June 7, 2021 and December 31, 2020 and for the period from January 1, 2021 through June 7, 2021 and the year ended December 31, 2020, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

COLUMBUS MCKINNON CORPORATION HOURLY 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS JUNE 7, 2021 AND DECEMBER 31, 2020

1. DESCRIPTION OF PLAN

The following description of the Columbus McKinnon Corporation Hourly 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions. A summary of the Plan's provisions is as follows.

General

The Plan is a defined contribution plan covering all United States domestic union hourly employees of Columbus McKinnon Corporation and Subsidiaries (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) as amended.

During 2021, the Company approved the merger of the Plan into the Columbus McKinnon Corporation Thrift 401(k) Plan. Effective June 1, 2021 (Merger date), the Plan was merged into the Columbus McKinnon Corporation Thrift 401(k) Plan. As of this date, assets of the plan were frozen and terms and provisions set forth under the Plan document ceased. On June 7, 2021 (Transfer date), all of the Plan's assets held by Fidelity Management Trust Company were transferred to the Columbus McKinnon Corporation Thrift 401(k) Plan. The total Plan assets transferred amount to \$11,747,022. The asset transfer was cleared and deposited into the Columbus McKinnon Corporation Thrift 401(k) Plan on June 7, 2021.

Eligibility

Prior to the Merger date, eligibility to participate in the Plan varied by division. In general, it was determined based upon employee age and a minimum period of service.

Contributions

Prior to the Merger date, participants in the Plan could elect to have their base pay reduced by a specified full percentage of at least 1% and not more than 30% subject to certain Internal Revenue Code limitations. Employee contributions included rollover contributions from a participant's previous plan. Participants who had attained age 50 before the end of the plan year were eligible to make catch-up contributions. Participants could also contribute amounts representing distributions from other qualified pension plans.

The Company matching and nonelective contributions varied by division. In general, they consisted of a fixed dollar amount or a percentage of base pay as defined in the Plan document.

Participants could elect to have their employee and employer contributions invested in various investment options offered by the Plan. Participants could change their investment allocations on a daily basis.

Participant Accounts

Prior to the Merger date, each participant's account was credited with the participant's contributions and allocations of (a) the Company's contribution and (b) plan earnings, and charged with an allocation of the administrative expenses paid by the plan. Allocations were based on participant earnings or account balances, as defined. The benefit to which a participant was entitled was the benefit that can be provided from the participant's vested account.

1. DESCRIPTION OF PLAN (Continued)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Certain participants received Company contributions in accordance with their collective bargaining agreement. Vesting in the Company contribution portion of a participant's account plus actual earnings thereon began on or after the participant's 18th birthday and was based on a five-year vesting schedule of 20% per year of service.

Forfeited Accounts

At June 7, 2021 and December 31, 2020, forfeited nonvested accounts totaled \$0 and \$569, respectively. These accounts were used to reduce future Company contributions. During 2021 and 2020, accumulated forfeitures of \$0 were used to reduce Company contributions.

Notes Receivable from Participants

Prior to the Merger date, participants could borrow from their accounts in accordance with the rules prescribed by the Plan. Loans were generally limited to one-half of the value of the participant's vested account and other restrictions in the Plan. The loans were secured by the balance in the participant's account and bore interest at rates that were commensurate with local prevailing rates as determined by the plan administrator. Principal and interest was paid ratably through payroll deductions. A participant could have only one loan outstanding at a time.

Payment of Benefits

Prior to the Merger date, participants could normally elect to withdraw their funds from the Plan upon termination of service, death, attaining age 59-1/2, or earlier in the event of financial hardship. Employees could elect to defer their benefit distributions up to and including age 70-1/2 or past age 70-1/2 until they ceased to be an employee. Benefits were recorded when paid.

Plan Changes

The Plan has implemented certain requirements by the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) that was signed into law on March 27, 2020 and provided relief options for retirement plan sponsors and participants who met certain eligibility requirements. The optional features that the Plan has implemented include, among others, allowing Coronavirus related distributions, increased loan limits, loan repayment deferrals, and suspending required minimum distributions. Most of the provisions of the CARES Act expired on December 31, 2020. Written amendments to the Plan to reflect these operational changes were adopted during the current Plan year.

Plan Transfer

On June 1, 2021 (Merger date), the Plan was merged into the Columbus McKinnon Corporation Thrift 401(k) Plan. As a result, all of the Plan's assets held by Fidelity Management Trust Company were transferred to the Columbus McKinnon Corporation Thrift 401(k) Plan on June 7, 2021 (Transfer date).

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates that affect the amounts reported in the financial statements. Actual results could differ from those estimates.

Benefit Payments

Benefits are recorded when paid.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 7 for a discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on assets bought and sold as well as held during the year.

The Plan's assets are invested in the Columbus McKinnon Corporation 401(k) Plans Master Trust (the Master Trust) sponsored by the Company and maintained by Fidelity Management Trust Company (Fidelity).

The Master Trust was established for the investment of assets of the Plan and one other Company sponsored retirement plan. The investments in the Master Trust (see Note 4) are valued at fair value as reported by the trustee based upon quoted market prices.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Administrative Expenses

Substantially all administrative expenses are paid by the Company.

3. PARTY-IN-INTEREST TRANSACTIONS

For the period from January 1, 2021 through June 7, 2021 and the year ended December 31, 2020, Fidelity Management Trust Company was the Trustee of the Plan, therefore any transactions with Fidelity Management Trust Company qualify as party-in-interest.

Interest income on notes receivable from participants qualifies as a party-in-interest transaction. For the period from January 1, 2021 through June 7, 2021 and the year ended December 31, 2020, interest income on notes receivable from participants amounted to \$3,035 and \$13,907, respectively.

3. PARTY-IN-INTEREST TRANSACTIONS (Continued)

Notes receivable from participants of \$0 and \$128,364 as of June 7, 2021 and December 31, 2020, respectively, with interest rates ranging from 4.25% to 6.50%, also qualify as party-in-interest transactions.

4. INVESTMENT IN MASTER TRUST

The Master Trust is maintained by Fidelity and was established for the investment of assets of the Plan and one other Company sponsored retirement plan. Each participating retirement plan has an undivided interest in the Master Trust. All transfers to, withdrawals from, or other transactions regarding the Master Trust shall be conducted in such a way that the proportionate interest in the Master Trust for each plan and the fair market value of that interest may be determined at any time. Whenever the assets of more than one plan are commingled in the Master Trust or in any investment option, the undivided interest therein of each such plan shall be debited or credited (as the case may be) (i) for the entire amount of every contribution received on behalf of such plan, every benefit payment, or other expense attributable solely to such plan, and every other transaction relating only to such plan; and (ii) for its proportionate share of every item of collected or accrued income, gain or loss, and general expense, and of any other transactions attributable to the Master Trust or that investment option as a whole. The plans interest in the Master Trust was transferred to another Plan as of June 7, 2021.

The Plan's interest in the net assets of the Master Trust was approximately 6% at December 31, 2020.

The following table presents the net assets of the Master Trust at December 31:

	<u>2020</u>

7. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification 820 (ASC 820) establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan and the Master Trust have the ability to access.
- Level 2 Inputs to the valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

7. FAIR VALUE MEASUREMENTS (Continued)

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds: Quoted prices in principal active markets for identical assets as of the valuation date.

Common/Collective Trust: The common/collective trust consist of various investments, which are valued as follows:

- Debt securities, including restricted securities are valued based on evaluated prices received from independent pricing services or from dealers who make markets in such securities. For corporate bonds and U.S. government and government agency obligations, pricing services utilize matrix pricing which considers yield or price of bonds of comparable quality, coupon, maturity and type as well as dealer-supplied prices. For asset backed securities, collateralized mortgage obligations, commercial mortgage securities and U.S. government agency mortgage securities, pricing services utilize matrix pricing which considers prepayment speed assumptions, attributes of the collateral, yield or price of bonds on comparable quality, coupon, maturity and types as well as dealer-supplied prices. When independent prices are unavailable or unreliable, debt securities may be valued utilizing pricing matrices which consider similar factors that would be used by independent pricing services.
- The common/collective trust does not have any unfunded commitments relating to its investments, or any significant restrictions on redemptions other than the following. The portfolio may invest in securities that are subject to legal or contractual restrictions on resale. These securities generally may be resold in transactions exempt from registration or to the public if the securities are registered. Disposal of these securities may involve time-consuming negotiations and expense, and prompt sale at an acceptable price may be difficult. The value of these securities amount to approximately 1% of net assets available for benefits of the common/collective trust.
- The beneficial interest in the net assets of the portfolio is represented by units. Net asset value per unit is determined each business day. Issues and redemptions of units are recorded, upon receipts of unitholder's instructions in good order, based on the next determined net asset value per unit normally each business day. In unusual market conditions, the common/collective trust's trustee may impose restrictions on issues and redemptions of units.
- In the normal course of business, the portfolio may enter into contracts that provide general indemnifications. The portfolio's maximum exposure under these arrangements is unknown as this would be dependent on future claims that may be made against the portfolio. The risk of material loss from such claims is considered remote.

7. FAIR VALUE MEASUREMENTS (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Company believes the valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, by level, within the fair value hierarchy, the Master Trust's assets at fair value as of December 31, 2020:

Assets at Fair Value as of December 31, 2020				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Investments:				
Mutual funds	\$167,839,580	\$ -	\$ -	\$ 167,839,580
Common collective trust, at net asset value				<u>14,819,226</u>
Total investments				<u>\$ 182,658,806</u>

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

8. INCOME TAX STATUS

The Plan obtained its latest determination letter on September 15, 2016, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

9. SUBSEQUENT EVENTS

Subsequent events have been evaluated through January 24, 2022, which is the date the financial statements were available to be issued.
