MATERIAL IN MOTION 401(k) PLAN

Notes to Financial Statements

December 31, 2020 and 2019

Note 1 - Description of plan

General

Effective January 2018, Material in Motion, Inc. adopted a defined contribution 401(k) plan (the "Plan") covering all eligible employees of the Company who are age 21 or older and have completed one year of service. Effective October 1, 2019, the Plan was amended and restated to change the name of the Plan Sponsor to Material in Motion, LLC (the “Company”, “plan administrator”, and “Plan Sponsor”) pursuant to a restructure of the Plan Sponsor. There were no other changes in plan operations of to the prototype non-standardized 401(k) Plan as a result of this restructure. Effective September 2019, the provisions of the Bipartisan Budget Act relating to distributions were made available to Plan participants. In April 2020, provisions of the Coronavirus Aid, Relief, and Economic Security (CARES) Act related to distributions were made available to Plan participants.

The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration

The Company has appointed an Administrative Committee (the "Committee") to manage the operations and administration of the Plan. Effective January 2018, the Company contracted with Automatic Data Processing, Inc. (“ADP”) to adopt a prototype non-standardized 401(k) plan. ADP, as the third-party administrator, is responsible for processing Plan transactions, maintaining the records of participant data, and monitoring compliance with governmental regulatory requirements. The Company contracted with Reliance Trust Company (“Reliance Trust”) to act as the Plan trustee and custodian for the years ended December 31, 2020 and 2019.

Contributions

Each year, participants may elect to defer up to 90% of their annual gross compensation as defined in the Plan document. Participants who have attained age 50 before the end of the year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers investments in mutual funds to its participants. The Company will make a safe harbor matching contribution equal to 100% of elective deferrals up to 4% of eligible earnings. Such safe harbor matching contributions for the years ended December 31, 2020 and 2019 were $251,820 and $192,326, respectively. Contributions are subject to certain IRS limitations.

Participant accounts

Each participant’s account is credited with the participant’s contributions, safe harbor matching contributions and Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are immediately vested in their contributions, the employer safe harbor contributions, plus actual earnings thereon.

Note 1 - Description of plan (continued)

Payment of benefits

Upon reaching the age of 59½ and at the discretion of the participant or upon termination of service due to death, disability, or retirement, a participant or the designated beneficiary may elect to receive a lump-sum, direct rollover or installments equal to the value of the participant's vested interest in his or her account.

Upon termination, if the participant's or beneficiary's vested account balance is $5,000 or less, the Plan allows the trustee to distribute the vested account balance to an Individual Retirement Account ("IRA") for the participant's benefit. Vested balances of $1,000 or less may be distributed as a lump-sum amount without the participant's consent.

Note 2 - Summary of accounting policies

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Significant estimates used in preparing these financial statements include the fair value of investments in mutual funds. Actual results could differ from these estimates.

Excess contributions payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the excess contributions for the year ended December 31, 2019 to the applicable participants prior to March 15, 2020.

Investment valuation and income recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Committee determines the Plan's valuation policies utilizing information provided by the investment advisor and custodian.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits

Benefits are recorded when paid.

Note 2 - Summary of accounting policies (continued)

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Pursuant to a revenue sharing arrangement with ADP, the Plan's investment advisor receives asset-based fees calculated at 30 basis points of the invested assets. Amounts received under such revenue sharing arrangement by the investment advisor amounted to approximately $6,358 and $3,476 during the years ended December 31, 2020 and 2019, respectively. Fees related to the administration of participant withdrawals are charged directly to the participant's account, are included in administrative expenses on the statements of changes in net assets available for benefits and amounted to $1,559 and $880 for the years ended December 31, 2020 and 2019, respectively. Total administrative expenses paid by the Plan for the years ended December 31, 2020 and 2019 were $7,917 and $4,356, respectively. Fees paid by the Plan for investment management services are included as a reduction of the return earned on each investment fund and charged to participants' accounts.

Subsequent events

In preparing its financial statements, the Plan has evaluated subsequent events through February 11, 2022, which is the date the financial statements were available to be issued.

Note 3 - Certified investments

All investment information disclosed in the accompanying financial statements and supplemental Schedule of Assets (Held at End of Year), including investments held at December 31, 2020 and 2019 and net appreciation in fair value of investments, interest, and dividends for the years ended December 31, 2020 and 2019, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Reliance Trust in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 4 - Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. The Plan's investments in money market and mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the plan are deemed to be actively traded.

Note 4 - Fair value measurements (continued)

Level 2 Other observable inputs which include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

No assets were noted at Levels 2 and 3 for the years ended December 31, 2020 and 2019. There have been no changes in the methodologies used at December 31, 2020 and 2019.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 1,887,901	$ -	$ -	$ 1,887,901
Money market funds	64,395	-	-	64,395
Total Investments	$ 1,952,296	$ -	$ -	$ 1,952,296

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 1,118,204	$ -	$ -	$ 1,118,204
Money market funds	46,444	-	-	46,444
Total Investments	$ 1,164,648	$ -	$ -	$ 1,164,648

Note 5 - Rollover contributions

During 2020, rollover contributions of $9,642 came from another plan and related to one participant. During 2019, rollover contributions of $26,556 came from another plan and related to three participants.

Note 6 - Related party transactions and party-in-interest transactions

The Plan Sponsor has contracted with ADP, a third-party administrator to process and maintain the records of participant data and monitor compliance with governmental regulatory requirements. The Plan Sponsor also contracted with Reliance Trust to maintain custody of certain Plan investments during 2020 and 2019 as well as an independent investment advisor to monitor investment performance. Expenses for the Plan were paid to these parties-in-interest by the Plan Sponsor as well as participants (see Note 2). All these transactions are considered party-in-interest transactions under ERISA regulations but are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

Note 7 - Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA.

Note 8 - Tax status

The Internal Revenue Service has informed ADP by letter dated July 8, 2014 that the prototype non-standardized Plan adopted by the Company is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the Plan's third-party administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date and through the date of issuance of the financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position not likely to be sustained upon examination by taxing authorities and government agencies. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods.

Note 9 - Plan compliance matters

There were several compliance issues identified during the 2019 audit related to late participant contributions, the miscalculation of excess contribution refunds, and miscalculation of forfeitures of excess Plan match amounts. The 2019 audit was not issued until 2021, therefore these issues were not identified in time for correction for the 2020 Plan year.

Management believes the amount of corrective employer contributions is not significant to the financial statements and is currently working with ADP and an ERISA attorney to determine amounts owed to participants for the late contributions and amounts erroneously refunded for excess contributions, and intends to correct the error under a self-correction program with related amounts to be recognized in the period the corrective amount is determined.

Note 10 - Risk and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Domestic and international economies currently face uncertainty related to the impact of the COVID-19 pandemic. The extent of the impact of COVID-19 on the Plan may result in significant reductions in values to many investments of the Plan. The long-term impact of the effects of the COVID-19 pandemic to the Plan and Plan sponsor as well as any relief from regulatory authorities are currently not known and therefore, the extent of the impact of the COVID-19 pandemic on the Plan's participant account balances and the net assets available for benefits cannot be reasonably estimated at this time.
