Note 1 - Description of the Plan

The following description of the Sun Federal Credit Union 401(k) Plan and Trust (the “Plan”) is provided for general information purposes only. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering eligible employees of Sun Federal Credit Union (the “Credit Union”) who have attained age 18. An employee becomes a participant in the Plan immediately following completion of the eligibility requirements.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration

The Plan Administrator is Sun Federal Credit Union. The Plan Administrator is responsible for oversight of the Plan. The Plan Administrator has formed an Investment Committee made up of Credit Union officers, members of the human resources department and Plan Trustees. The Investment Committee determines the appropriateness of the Plan’s investment offerings and monitors investment performance and fees. The Trustees of the Plan are Credit Union board members.

The investment Custodian is Matrix Trust Company. The investment Custodian holds all of the Plan’s assets. The Company has also retained CMFG Life Insurance Company (“CMFG”) to provide participant recordkeeping and administration services.

Contributions to the Plan

Each year, participants may elect to contribute up to 100% of their eligible compensation, as defined in the plan document, to their accounts through payroll withholdings as before-tax or after-tax (Roth) contributions. Participants who have attained age 50 before the end of the year are eligible to make additional ‘catch-up’ contributions. Participants may also contribute amounts representing distributions from other defined benefit or defined contribution plans (rollovers).

Note 1 - Description of the Plan (Continued)

Contributions to the Plan (Continued)

Upon meeting the eligibility requirements, as defined in the plan document, participants are automatically enrolled at a before-tax contribution of 6%.

For the year ended May 31, 2021, the Credit Union made matching contributions, on behalf of participants, equal to 100% of the participant's deferral, up to a maximum of a 6% deferral.

Participants direct the investment of both their individual contributions plus their share of employer contributions into the various investment options offered by the Plan. The Credit Union's contributions are allocated in the same manner as that of the participant's elective contributions.

Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and employer contributions. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Funds contributed by participants are invested at percentages as directed by participants in any one or more of several investment alternatives.

The income, gains or losses in each fund are allocated daily to the applicable participants' accounts in that fund based on the previously reported account balances, adjusted for current period contributions and withdrawals.

Payment of Benefits

On termination of service due to death, disability, retirement or other reasons, a participant will automatically receive an annuity unless an alternative form of distribution is elected. The distributable amount is equal to the value of the participant's vested interest in his or her account. Employees who elect to have their benefit payments deferred continue to share in allocations of investment income and losses.

Note 1 - Description of the Plan (Continued)

Payment of Benefits (Continued)

The Plan allows for in-service distributions prior to termination of service due to financial hardship, as defined in the plan document, and upon attainment of age 59 1/2 for any reason, from pre-tax deferral, rollover and vested employer matching contributions.

Vesting

The balance in each participant's salary deferral and rollover accounts is 100% vested at all times.

Employer matching contributions are subject to a graded vesting schedule based on years of service. A participant is 100% vested after six years of credited service.

Participants also become 100% vested in employer contributions upon attaining normal retirement age or early retirement age with six years of credited service, as defined in the plan document, as well as upon death or total disability.

Forfeitures

Forfeitures attributable to employer contributions shall be allocated to eligible participants. Approximately \$14,000 and \$10,000 in forfeitures were allocated to participants for the plan years ended May 31, 2021 and 2020, respectively. A balance of approximately \$64,000 and \$49,000 remains in the forfeiture account at May 31, 2021 and 2020, respectively.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements are prepared using the accrual basis of accounting. Income from investments is recorded when it is earned. Employee contributions are recorded when withheld from pay. Employee contributions are recorded in the period to which they pertain. Expenses are recorded in the accounting period in which they are incurred.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment Custodian. See Note 3 for a discussion of fair value measurements.

Note 2 - Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Fees and Expenses

Professional fees incurred to operate the Plan, such as attorney and audit fees are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to the administration of benefit payments are charged directly to the participant's accounts and are included in administration expenses. Direct fees for custodian and recordkeeping services are paid by the Plan and are also included in administration expenses. Investment related expenses are included in the net appreciation in fair value of investments.

Estimates

The preparation of financial statements in accordance with generally accepted accounting principles in the United States of America require management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including February 19, 2022, which is the date the financial statements were available to be issued.

Note 3 - Fair Value Measurements

Accounting principles generally accepted in the United States of America establish a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy are described below:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities.
- Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified contractual term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

401(k) PLAN AND TRUST**

**NOTES TO FINANCIAL STATEMENTS
MAY 31, 2021 AND 2020**

Note 3 - Fair Value Measurements (Continued)

The tables below segregate all financial assets as of May 31, 2021 and 2020 that are measured at fair value on a recurring basis (at least annually) into the most appropriate level within the fair value hierarchy based on the inputs used to determine the fair value at the measurement date:

<u>Assets at Fair Value as of May 31, 2021</u>			
<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 24,187,009	\$ -	\$ 24,187,009

<u>Assets at Fair Value as of May 31, 2020</u>			
<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 18,704,608	\$ -	\$ 18,704,608

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at May 31, 2021 and 2020.

Level 1 Fair Value Measurements

Mutual Funds are valued at daily closing prices as reported by the fund. Mutual Funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value and to transact at that price. Mutual Funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4 - Fully Benefit-Responsive Investment Contract

The Plan has entered into a fully benefit-responsive investment contract with CMFG Life Insurance Company (CMFG) with regard to the CUNA Guaranteed Account. This contract meets the fully benefit-responsive investment contract criteria and therefore, is reported at contract value. Contract value is the relevant measure for a fully benefit-responsive investment contract because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. The Guaranteed Account is a group annuity product, whereby amounts contributed to the contract are deposited into CMFG's general account. Payment obligations and the fulfillment of any guarantees specified in the group annuity contracts are insurance claims supported by the full faith and credit of CMFG. Contract value, as reported to the Plan by CMFG, represents contributions made under the contract, plus earnings, less participant withdrawals and administration expenses. The contract value of the Guaranteed Account at May 31, 2021 and 2020 was \$830,889 and \$1,156,318, respectively.

The Guaranteed Account held by the Plan is a general account. The issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than zero percent. The crediting rate is reviewed on a quarterly basis for resetting.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its financial obligations may be affected by future economic and regulatory developments.

A Plan Sponsor initiated termination of the contract is an event that could limit the ability to transact at contract value paid within 90 days. Certain other events may limit the ability of the Plan to transact at contract value with the issuer. Such events include: 1) amendments to the plan document including complete or partial plan termination or merger with another plan, 2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, 3) activity such as bankruptcy that causes significant withdrawals from the Plan or contract and 4) the failure of the Plan to continue to qualify for tax-exempt status. The Plan Administrator believes that any events that would limit the Plan's ability to transact at contract value are remote.

NOTES TO FINANCIAL STATEMENTS

Note 5 - Plan Termination

Although it has not expressed any intent to do so, the Credit Union has the right under the Plan to discontinue its contributions and to terminate the Plan at any time subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

Note 6 - Plan Amendment and Tax Status

The Credit Union has adopted CMFG Life Insurance Company Basic Plan Document No. 06, which is a volume submitter defined contribution plan that has received a favorable opinion letter dated March 31, 2014 from the IRS. The Plan Sponsor has not elected to apply for an individual IRS Determination Letter on the adoption of the Plan. However, the Plan Sponsor believes that the Plan is currently designed and being operated in compliance with applicable requirements of the Internal Revenue Code and, therefore, that the Plan is qualified under Section 401(a) and that the related Trust is tax-exempt as of May 31, 2021.

The Plan was most recently restated, effective June 1, 2015, and most recently amended effective January 1, 2020, as amendment of the volume submitter basic plan document to reflect modifications of hardship distributions.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. As of May 31, 2021, the Plan Administrator believes that the Plan has no uncertain tax positions that qualify for either recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, the Plan is currently not being examined. The Plan Administrator believes that the Plan is no longer subject to income tax examinations for years prior to 2017.

Note 7 - Unaudited Information Certified by the Custodian

The Credit Union has engaged Matrix Trust Company and CMFG Life Insurance Company to act as Custodians of the Plan. For the years ended May 31, 2021 and 2020, the financial statements were prepared based on information certified by the Custodians. The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as of May 31, 2021 and 2020, and for the year ended May 31, 2021, the financial statements have been prepared based on information certified as complete and accurate by the Custodians. This includes the investment information reflected in the accompanying statements of net assets available for benefits, the statement of changes in net assets available for benefits, and the schedule of assets (held at end of year).

Note 8 - Significant Concentrations

Investments representing ten percent or more of the Plan's net assets are considered to be significant concentrations and are as follows:

Vanguard Extended Market Index Admiral	2,539,876	*

* Did not meet 10% threshold.

Note 9 - Party-in-Interest Transactions

Certain plan investments are managed by CMFG Life Insurance Company, who is the Plan's recordkeeper. The Plan Administrator has also engaged Matrix Trust Company as the Plan's Custodian. The Plan paid direct compensation to these parties in the amount of \$64,690 related to these services. Indirect compensation (that is netted against investment income on the statement of changes in net assets available for benefits) is paid to the Custodian from total annual operating expenses charged on the balance of fund investments, depending on the particular fund. Transactions involving these investments are considered party-in-interest transactions. These transactions are not, however, considered prohibited transactions under 29 CFR 408(b) of the ERISA regulations.

Certain accounting and administrative functions are performed by officers or employees of the Credit Union. No such officer or employee received compensation from the Plan.

Note 10 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risks associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
