Independent Auditor's Report

To the Plan Administrator
Frisch's Employee 401(k) Savings Plan
Cincinnati, Ohio

Report on the Financial Statements

We have performed audits of the financial statements of Frisch's Employee 401(k) Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of May 31, 2021 and 2020, and the related statements of changes in net assets available for benefits for the years ended May 31, 2021 and 2020, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of May 31, 2021 and 2020, and for the years ended May 31, 2021 and 2020, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of May 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Other Matter – Report on the 2020 Financial Statements

We were engaged to audit the statement of net assets available for benefits of the Plan as of May 31, 2020 and the related statement of changes in net assets available for benefits for the year then ended. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by the qualified institution. Our audit report, dated March 3, 2021, indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the information certified by the qualified institution were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Frisch's Employee 401(k) Savings Plan

Notes to Financial Statements

1. Description of the Plan

The following description of the Frisch's Employee 401(k) Savings Plan ("Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Frisch's Restaurants, Inc. (the "Company" or "Plan Sponsor") who are over the age of 21. Upon completion of three months of service, eligible employees can enroll in the Plan. Employees are permitted to enter the Plan on the first day of each month. The Plan was established effective September 24, 1984 and was amended and restated as of January 1, 2019. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Great-West Life & Annuity Insurance Company, is the recordkeeper and trustee of the Plan assets, invests all contributions and allocates to each participant account its proportionate share of the funds' investment earnings.

Contributions

The Plan is primarily funded through employee elective wage deferrals under the deferred compensation provisions of the Internal Revenue Code Section 401(k). Each year, participants may elect to defer up to 50% of their pretax annual compensation, as defined by the Plan, not to exceed the annual limitation as defined by the Internal Revenue Service. A participant who has attained age fifty before the end of the Plan year is eligible to defer additional amounts to make catch-up contributions.

The Company makes weekly safe harbor matching contributions to the Plan on behalf of the participants of 100% of the participant's wage deferrals up to three percent of eligible compensation and 50% of employee contributions in excess of three percent up to the next three percent of each eligible employee's compensation up to ERISA's annual compensation limit. For the year ended May 31, 2021 and 2020, respectively, the Company made safe harbor contributions totaling \$683,513 and \$741,817. Starting on March 27, 2020, the Company stopped safe harbor contributions as a result of the COVID-19 outbreak. On July 30, 2020, the Company began contributing safe harbor contributions again and remitted matching contributions of \$108,610 to make up for halted contributions not paid during the year ended May 31, 2020.

Participants direct the investment of their contributions as well as the Company's contribution into various investment options offered by the Plan. Participants may also rollover amounts representing distributions from other qualified defined benefit or contribution plans.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's matching contributions and (b) Plan earnings. Allocations are based on participant contributions or account balances, as defined. Participants with loan balances are charged with loan administration fees. Some specific fund fees are paid by the individual funds and charged to applicable participant accounts. All other Plan related expenses are paid by the Company. The

Frisch's Employee 401(k) Savings Plan

Notes to Financial Statements

benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their own contributions as well as the Company's matching contribution portion of their accounts, plus actual earnings thereon.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 reduced by the excess (if any) of (i) the highest outstanding balance of loans from the Plan during the twelve month period ending on the day before the loan is made, over (ii) the outstanding balance of loans from the Plan on the date the loan is made or 50% of their vested account balance, whichever is less. Loan terms are not to exceed 5 years, with the exception of loans used for the purchase of a principal residence of the participant, which are limited to a period consistent with commercial home loan practices. The loans are secured by the balance in the participant's accounts and bear interest between 4.25% and 6.50% at May 31, 2021, which is determined at loan inception by the plan administrator based on the prime rate plus 1.00%. During 2021 and 2020, principal and interest were paid ratably through weekly payroll deductions. Effective March 27, 2020, the Company increased the available loan amount as described above to the lesser of \$100,000 or 100% of the participant's vested account balance and extended the period for loan repayments, if applicable, up to one year as a result of the COVID-19 outbreak.

From June 1, 2017 to December 31, 2018, the maximum number of outstanding loans allowed per participant at any time was two. On January 1, 2019, the Company's loan policy was revised to allow a maximum number of one outstanding loan per participant at any time.

Payment of Benefits

Upon termination of service due to death, disability, or normal retirement, a participant or his or her beneficiary upon death, may receive benefits in a lump-sum amount equal to 100 percent of the participant's vested account balance or in a series of payments. Normal retirement is age 65; early retirement is not permitted. For termination of service due to other reasons, a participant may receive the value of the vested account balance as a lump-sum distribution, or rollover their vested amount to another qualified retirement account. Additionally, upon attainment of age 59 ½, participants are allowed to withdraw funds from the Plan. Effective March 27, 2020 special coronavirus distributions up to \$100,000 were available for participants.

Financial Hardship Withdrawals

Financial hardship withdrawals of a participant's deferral contributions are permitted in certain circumstances of immediate and heavy financial need.

Automatic Rollover Provision

The Plan includes an automatic rollover provision. This provision provides that terminated participants with vested balances of less than \$5,000 will be issued a distribution as soon as practicable following their termination of employment. The participant may elect whether to receive the distribution or to roll over the distribution to another retirement plan such as an IRA.

Frisch's Employee 401(k) Savings Plan

Notes to Financial Statements

The Plan allows for involuntary cash-outs for terminated participants with vested balances of \$1,000 or less.

Plan Expenses

The Company pays certain expenses of the Plan and provides certain administrative services at no cost to the Plan. If not paid by the Company, administrative expenses become a liability of the Plan. During the years ended May 31, 2021 and 2020, the investment management fees, loan maintenance, and benefit payment maintenance fee were deducted from participant accounts quarterly. Certain management fees charged to Plan mutual funds are deducted from income earned on a regular basis and are netted with the investment returns on such investments. Various other expenses were paid by the Company.

CARES Act

On March 27, 2020 the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) was signed into law. The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to plan participants under the CARES Act and has implemented the following provisions:

- The Plan Sponsor stopped all employer contributions. In July 2020, the Company began contributing safe harbor contributions again and reimbursed participants for contributions not paid during the year ended May 31, 2020.
- Special coronavirus distributions up to \$100,000
- Increase the available loan amount as described in Note 1 to the lesser of \$100,000 or 100% of the participant's vested account balance
- Extend the period for loan repayments, if applicable, up to one year
- Suspended required minimum distributions for 2020

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual amounts could differ from those estimates.

Investment Valuation and Income Recognition

The Plan accounts for fully-benefit responsive contracts in accordance with ASU 2015-12, which measures fully-benefit responsive contracts at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined

Frisch's Employee 401(k) Savings Plan

Notes to Financial Statements

contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for benefits present the contract value of the insurance contract. The statements of changes in net assets available for benefits were prepared on a contract value basis.

The Plan's investments are stated at fair value which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's unrealized and realized gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Risks and Uncertainties

The Plan provides for various investment securities. These investment securities are exposed to various risks, such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities and the level and uncertainty related to the changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements as of May 31, 2021 and 2020.

Events Occurring after Reporting Date

The Company has evaluated events and transactions that occurred between May 31, 2021 and March 14, 2022, which is the date that the financial statements were available to be issued for possible recognition or disclosure in the financial statements.

3. Investment information certified by the trustee (unaudited)

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Great-West Life & Annuity Insurance Company, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

Frisch's Employee 401(k) Savings Plan

Notes to Financial Statements

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of May 30, 2021 and 2020.
- Investment income (loss), net and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended May 30, 2021 and 2020.
- Investment information included in the schedule of assets (held at end of year) as of May 30, 2021, as shown on the ERISA-required supplemental schedule.

At the request of the plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

4. Plan Tax Status

The Plan obtained its latest opinion letter on March 31, 2014, in which the Internal Revenue Service stated that the prototype non-standardized profit sharing plan and related trust, as then designed, were in compliance with the applicable requirements of the Internal Revenue Code and therefore not subject to tax. The Plan has been amended since receiving the opinion letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the tax authorities. A recognized tax position is then measured at the largest amount of benefit that is greater than 50% likely of being realized upon settlement. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of May 31, 2021 and 2020, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. Additionally, the Plan had no interest and penalties related to income taxes.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

5. Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Frisch's Employee 401(k) Savings Plan

Notes to Financial Statements

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at May 31, 2021 and 2020.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different estimate of fair value at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of May 31, 2021 and 2020:

Assets at Fair Value as of May 31, 2021					
	Level 1	Level 2	Level 3	Total	
Mutual funds	\$ 20,419,299	\$ -	\$ -	\$ 20,419,299	
Total assets at fair value	\$ 20,419,299	\$ -	\$ -	\$ 20,419,299	

Frisch's Employee 401(k) Savings Plan

Notes to Financial Statements

Assets at Fair Value as of May 31, 2020				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 18,262,622	\$ -	\$ -	\$ 18,262,622
Total assets at fair value	\$ 18,262,622	\$ -	\$ -	\$ 18,262,622

6. Group Annuity Contract

The Plan has a fully benefit responsive group annuity contract with an insurance company, which is called the Key Guaranteed Portfolio Fund. The insurance company maintains the contributions in a general account, which is credited with earnings and charged for participant withdrawals and administrative expenses.

Since the group annuity contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the group annuity contract. The group annuity contract is presented on the face of the statement of net assets available for benefits at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the Plan's ability to transact at contract value with the insurance company. Such events include the following: (1) premature termination of the contracts by the Plan, (2) plant closings, (3) layoffs, (4) Plan termination, (5) bankruptcy, (6) and early retirement incentives. Plan management believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable. The insurance company may not terminate the contract at any amount less than the contract value.

The insurance company is contractually obligated to pay the principal and specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the insurance company. Such interest rates are reviewed on a quarterly basis for resetting. The crediting rate of the product will be established based on the earnings of the underlying assets in the entire medium-long term portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The average yield earned by the Plan for the group annuity contract is derived by averaging the quarterly gross interest rates for the fund over the year. The average for 2021 and 2020 was 1.15%. The actual average yield earned by the Plan for the group annuity contract is derived by averaging the Plan's quarterly interest rates. The average for 2021 and 2020 was 1.15%.

Adjustment for employer contribution receivable	131,153	(119,868)
Increase in net assets available for benefits per the Form 5500	\$ 2,184,166	\$ 761,774

8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would remain 100 percent vested in their accounts.

9. Related Party and Party-In-Interest Transactions

Certain Plan investments held during the years ended May 31, 2021 and 2020 include mutual funds managed principally by Great-West Life & Annuity Insurance Company, and therefore, these transactions qualify as party-in-interest transactions. For the years ended May 31, 2021 and 2020, fees incurred by the Plan for investment management services were paid fee via quarterly deduction from participant accounts.

Notes receivable from participants qualify as party-in-interest transactions. During the years ended May 31, 2021 and 2020, the Plan paid loan processing and maintenance fees and benefit payment maintenance fees as a quarterly deduction from participant accounts. The Plan Sponsor pays directly any other fees related to the Plan's operations. Certain administrative functions are performed by officers or employees of the Company. No such officers or employees receive compensation from the Plan.
