INDEPENDENT AUDITORS' REPORT

To the Trustees and Plan Administrator of
West Coast Quartz Corporation Employees' 401(k) Savings Plan
Fremont, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of West Coast Quartz Corporation Employees' 401(k) Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of May 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended May 31, 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedules of Assets Held at Year End, and Late Contributions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the

underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITORS' REPORT

To the Trustees and Plan Administrators of
West Coast Quartz Corporation Employees' 401(k) Savings Plan
Fremont, California

We were engaged to audit the accompanying Statement of Net Assets Available for Benefits of West Coast Quartz Corporation Employees' 401(k) Savings Plan (the Plan), as of May 31, 2020, and the related notes to the financial statement.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of a financial statement that is free from material misstatement, whether due to error or fraud.

Auditors' Responsibility

Our responsibility is to express an opinion on the May 31, 2020 financial statement based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Voya Retirement Insurance and Annuity Company, the Custodian of the Plan, except for comparing such information with the related information included in the financial statement. We have been informed by the Plan Administrator that the Custodian holds the Plan's investment assets and executed investment transactions. The Plan Administrator has obtained a certification from the Custodian as of May 31, 2020, that the information provided to the Plan Administrator by the Custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the May 31, 2020 financial statement. Accordingly, we do not express an opinion on the May 31, 2020 financial statement.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the May 31, 2020 financial statement, other than that derived from the information certified by the Custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1 - Plan Description

The following description of the West Coast Quartz Corporation Employees' 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution profit sharing plan sponsored by West Coast Quartz Corporation (the Sponsor). The Plan covers all full-time employees of the controlled group, except for employees covered by a collective bargaining agreement, leased employees, interns, and non-resident alien employees who received no earned income subject to U.S. Tax. The Plan became effective on June 1, 1995, for the purpose of providing retirement benefits to eligible employees as defined in the Plan document. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan was restated with an effective date of June 1, 2017 to adopt the Redwood Pensions LLC Volume Submitter Profit Sharing Plan with CODA.

Eligibility

Employees become eligible to participate in the Plan after completing three consecutive months of service and attaining the age of 21 years old. Employees may enroll in the Plan on the first day of the calendar month coinciding with or following the date that eligibility requirements are met. To become eligible for the employer's discretionary matching contribution and/or discretionary profit-sharing contributions, the employee must meet the same eligibility requirements and participate in the Plan.

Contributions

Subject to certain limitations, each year participants may contribute up to 100% of pretax annual compensation, as defined by the Plan document. However, the annual contributions may not exceed the dollar limit specified in Internal Revenue Code Section 402(g). Participants who have attained age 50 before the end of the Plan year are eligible to make annual catch-up contributions to the Plan. Effective January 1, 2018, the Sponsor introduced Roth 401(k) deferrals to the Plan.

The Sponsor may elect to make a discretionary matching contribution. There may also be a discretionary profit-sharing contribution to employees who meet certain eligibility requirements. All contributions are paid to the Custodian for investment in the appropriate investment fund in accordance with the participant's directives and terms of the Plan. No discretionary matching contribution or profit-sharing contribution was made during the year ended May 31, 2021 and 2020.

Rollovers

Participants are also allowed to make rollover contributions of amounts received from other tax-qualified employer-sponsored retirement plans. Such contributions are deposited in the appropriate investment funds in accordance with the participant's direction and the Plan's provision.

Note 1 - Plan Description (continued)

Vesting

Participants are immediately vested with respect to employee contribution amounts and rollovers. Vesting with respect to employer matching and profit-sharing contributions is based on a graduated schedule beginning at 20% vesting after two years of continuous service and becoming fully vested after six years of service. In addition, participants become fully vested in their account if the Plan terminates or the participant becomes disabled, dies, or reaches the normal retirement age.

Forfeited Accounts

The non-vested portion of terminated employees' accounts is forfeited. Forfeitures will be used to pay for administrative expenses and reduce future Sponsor contributions to the Plan. As of May 31, 2021 and 2020, there was no balance in the forfeitures account. Hence, no forfeitures were used to pay for Plan administrative expenses.

Participant Accounts

Each active participant's account is credited with (a) individual contributions, (b) an allocation of Plan earnings and/or losses, and (c) the Sponsor's contributions, if any, and (d) an allocation of administrative expenses. Allocations are principally based on the participant's election, or account balance, as defined in the Plan agreement. Investment income or loss is calculated based on the number of shares owned by each participant in that fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Certain fees are charged to the funds and are offset against Plan investment income and loss, or are reported as administrative fees as presented on the Statement of Changes in Net Assets Available for Benefits. Participants should refer to the prospectuses of these funds for details on the various types and amounts of investment fees charged to the Plan and their individual accounts.

Payment of Benefits

Participants may withdraw their vested interest upon termination of employment, death, disability, retirement, or if they incur an immediate financial hardship, regardless of their age. Participants may also withdraw while they are employed if they have attained age 59 1/2 age. Rollover contributions of amounts received from other tax qualified retirement plans can be withdrawn at any time. They also may withdraw if the Plan is terminated. Payments of benefits are recorded when paid. Participants will receive a lump-sum amount equal to the value of the participant's vested interest in their account. The Plan allows for the automatic distribution of participant vested account balances that do not exceed $5,000.

At May 31, 2021 and 2020, there were no participants who had requested a withdrawal from the Plan and were awaiting payment of benefits.

Note 1 - Plan Description (continued)

Participant Directed Accounts

Upon enrollment in the Plan, a participant may direct his or her contributions in percentage increments into various investment options offered by the Plan. The Plan currently offers a series of mutual funds and a guaranteed investment contract as investment options for the participants. Participants may change their investment options at any time. If participants do not choose an investment fund, then their contributions are invested in the Voya Index Solution Z Shares Fund closest to the date the participant reaches the Plan's normal retirement age. A description of each fund is provided to participants by the Sponsor.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts of net assets available for benefits and changes therein. Actual results may differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest.

Payment of Benefits

Benefits payments to participants are recorded when paid. Amounts distributed in prior years for which the participants have not cashed the checks, if any, are recorded as a liability.

Contributions

Contributions from Plan participants are recorded in the year in which the participant contributions are withheld from amounts paid. All participant contributions are participant directed.

Note 2 – Summary of Significant Accounting Policies (continued)

Administrative Expenses

Certain Plan expenses are deducted from participants' accounts or investment income, and the remainder of Plan expenses are paid by the Sponsor.

Financial Investments with Off-Balance Sheet Risk

The Plan held no direct investments in derivatives as of and during the years ended May 31, 2021 and 2020.

Investment Valuation and Income Recognition

Investments of the Plan are held by the Plan's Custodian and are invested in registered investment companies and a guaranteed investment contract. Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, custodian and insurance company. See Note 6 for discussion of fair value measurements, and Note 7 for discussion of investments at contract value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the declaration date, taking into consideration the ex-dividend date. Net appreciation or depreciation on investments includes both realized and unrealized gains and losses. The Plan's exposure to credit loss in the event of nonperformance of investments is limited to the carrying value of such instruments.

The Plan's investments including investments bought, sold, and held during the period, appreciated in value by $1,021,354 in for the year ended May 31, 2021. All individual participant account balances are participant-directed as to investment programs.

Note 3 – Notes Receivable from Participants

Included in assets at May 31, 2021, were eighteen notes receivable from participants, collateralized by their vested account balances at the inception of the loans. Nine of the notes receivable from participants have been deemed as distributions to the participants. These loan balances will remain as part of the participants' total account balance until the participant has separated from service from the Plan Sponsor and/or have requested a full distribution of their participant account balance. The notes mature between one and five years. Notes maturing in more than five years are for the purchase of a principal residence. The loans issued carry interest rates between 4.25% and 7.00%, which are commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest are paid ratably through semi-monthly payroll deductions. Interest income is recognized when received.

Note 3 – Notes Receivable from Participants (continued)

Loans can be made to participants who meet certain loan qualification requirements. The maximum amount of a loan cannot exceed the lessor of 50% of the vested interest in the participant's account or $50,000, reduced by the highest outstanding loan balance during the preceding twelve consecutive months. The minimum loan amount allowed is $1,000. The maximum number of loans outstanding at any one time by any one participant is two, as long as the participant's account remains in compliance with ERISA.

Note 4 – Separated Participants

Included in investments at May 31, 2021, were accounts valued at $600,213 representing deferred vested benefits for thirteen separated participants. The Sponsor has notified each separated participant of their deferred vested benefit.

Note 5 - Information Prepared and Certified by the Plan Custodian

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure of ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified to as complete and accurate by Voya Retirement Insurance and Annuity Company, the Plan Custodian, except for comparing such information with information included in the Plan's financial statements and supplemental Schedule H, line 4i – Schedule of Assets (Held at End of Year):

Investments held and certified to by the Plan Custodian are:

	May 31, 2021	May 31, 2020
Mutual funds, at fair value	$ 4,234,008	$ 2,978,471
Investment contract with insurance company, at contract value	$ 126,907	$ 112,653
Participant loans	$ 88,000	$ 100,149

The Plan Custodian, also certified to the completeness and accuracy of the investment income for the year ended May 31, 2021:

Net appreciation in fair value of investments	$ 1,021,354
Interest income from notes receivable from participants	$ 1,992
Other income	$ 10,957

Note 6 - Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying Statement of Net Assets Available for Benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain instruments could result in a different fair value measurement at the reporting date.

FASB ASC 820 establishes a fair value hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available. Observable inputs are those that market participants would use in pricing the asset or liability based on market data obtained from sources independent of the Plan. Unobservable inputs reflect the Plan's own assumptions about the inputs that market participants would use in pricing the investments developed based on the best information available in the circumstances. The fair value hierarchy is categorized into three levels, based on the inputs, as follows:

Level 1- Inputs to the valuation methodology are unadjusted quoted prices in active markets for identical assets or liabilities that the Plan can access at the measurement date and have the highest priority.

Level 2 - Inputs to the valuation methodology are quoted prices in markets that are not active, quoted prices for similar investments in active markets or model-based valuations for which all significant assumptions are observable and can be corroborated by observable market data. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are based on unobservable inputs that are supported by little or no market activity and are significant to the overall fair value measurement. Values are determined using proprietary pricing models, discounted cash flow models that include investment entities own judgements and estimations, or some other pricing method using unobservable inputs.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments.

Inputs and Valuation Methods – The following is a description of the valuation methodologies used for the investments measured at fair value. There have been no changes in the methodologies used during years ended May 31, 2021 and 2020.

Mutual Funds: Valued at the daily closing price as reported by the fund. The mutual funds are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds are deemed to be actively traded.

Note 6 - Fair Value Measurements (continued)

Group Annuity Contract with Insurance Company: At May 31, 2021 and 2020, the Plan held an insurance contract with Voya Retirement Insurance and Annuity Company ("Voya"). Voya valued the contract at contract value, which is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive insurance contracts because contract value is the amount participants normally receive if they were to initiate permitted transactions under the terms of the Plan. The contract is fully benefit-responsive and does not have any liquidity or redemption restrictions (see Note 7). Investments at contract value are not included in the fair value hierarchy.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of May 31, 2021 and 2020:

As of May 31, 2021	Fair Value Measurements at Reporting Date Using:			
Description	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Assets in the fair value hierarchy:				
Mutual funds	$ 4,234,008	$ 4,234,008	$ -	$ -
Total investments at fair value	$ 4,234,008	$ 4,234,008	$ -	$ -

As of May 31, 2020	Fair Value Measurements at Reporting Date Using:			
Description	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Assets in the fair value hierarchy:				
Mutual funds	$ 2,978,471	$ 2,978,471	$ -	$ -
Total investments at fair value	$ 2,978,471	$ 2,978,471	$ -	$ -

Note 7 – Group Annuity Contract with Insurance Company

The Plan entered into a fully benefit-responsive guaranteed investment contract with Voya totaling $126,907 and $112,653 for the years ended May 31, 2021 and 2020, respectively. Voya maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specific interest rate that is guaranteed to the Plan.

Note 7 – Group Annuity Contract with Insurance Company (continued)

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value, as reported to the Plan by Voya, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value, regardless of market conditions.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The guaranteed investment contract guarantees minimum rates of interest and may credit interest that exceeds the minimum guaranteed rate. Daily credited interest becomes part of principal, and the investment increases through compound interest. All funds invested in the Plan's Voya Fixed Account receives the same credited rate.

Certain investments limit the ability of the Plan to transact at contract value with Voya. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestiture or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from Federal income taxes or any required prohibited transaction exemption under Employee Retirement Income Security Act of 1974 (ERISA) (5) premature termination of the contract. The Plan Administrator does not believe the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

Note 8 – Income Tax Status

Effective June 1, 2017, the Plan adopted a volume submitter profit sharing plan sponsored by Redwood Pensions, LLC, which received a favorable opinion letter from the Internal Revenue Service on March 31, 2014, stating that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Service Code. The Sponsor and the Plan Administrator believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that, therefore, the Plan qualifies under Section 401(a) and the related trust is tax-exempt as of May 31, 2021. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan files informational tax returns in the U.S. federal jurisdiction (Form 5500). The Plan is no longer subject to U.S. federal tax examinations by tax authorities for years before 2017. The Internal Revenue Service (IRS) is not presently conducting any examinations of the Plan's U.S. informational tax returns for 2017 through 2020 fiscal years. At May 31, 2021, there are no tax provisions for which the deductibility is uncertain, or for which there is uncertainty regarding the timing of such deductibility.

Note 9 - Administration of Plan Assets

Certain administrative functions are performed by officers or employees of the Sponsor. No such officer or employee receives compensation from the Plan. The majority of the fees related to the Plan are paid directly by West Coast Quartz Corporation.

The Sponsor is the administrator of the Plan, and, as such, carries out the duties imposed by ERISA. The Sponsor has delegated certain responsibilities for the operation and administration of the Plan. Custodial services and recordkeeping services are contracted with Voya Retirement Insurance and Annuity Company, and third-party administration services are provided by Redwood Pensions, LLC.

Note 10 - Plan Termination

Although it has not expressed any intent to do so, West Coast Quartz Corporation, has the right to discontinue contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become fully vested in their accounts.

Note 11 – Party-In-Interest Transactions

Certain Plan investments in mutual funds and the guaranteed investment contract are managed by Voya Retirement Insurance and Annuity Company, the Custodian of the Plan. These transactions qualify as party-in-interest transactions. Any purchases and sales of these funds are performed in an active market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan, and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

Voya provides certain services to the Plan based on a shareholder servicing agreement between the Sponsor and Voya. Voya receives revenue from certain mutual fund service providers for services Voya provides to the funds. The revenue received by Voya is used to pay fees charged to the Sponsor for audit and administrative services provided to the Plan.

Note 12 - Risks and Uncertainties

The Plan provides for various investment options in any combination of investment securities offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuations and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

Note 13 - Recent Pronouncements

In August 2018, the Financial Accounting Standards Board (FASB) issued ASU 2018-14, *Compensation – Retirement Benefits – Defined Benefit Plans – General (Subtopic 715-20): Disclosure Framework – Changes to the Disclosure Requirements for Defined Benefit Plans*, to improve the usefulness of the information reported to users of defined benefit plan financial statements, and to provide clarity to preparers and auditors. The amendments in this update will generally be effective for fiscal periods ending after December 15, 2021. Early adoption is permitted. An entity should apply the amendment retroactively to each period for which financial statements are presented. The adoption of ASU 2018-14 does not impact this Plan because the ASU pertains only to defined benefit plans.

Note 14 – Subsequent Events

The Sponsor has evaluated whether any events related to the Plan occurred subsequent to May 31, 2021, and through March 3, 2022, which is the date the financial statements were available to be issued, and determined that there were no material events or transactions that have not been properly recognized or disclosed in the financial statements.

Note 15 – Global Pandemic

In March 2020, the World Health Organization categorized the Coronavirus Disease 2019 (COVID-19) as a pandemic, and the President of the United States declared a national emergency relating to the disease. In addition to the national declaration, state and local authorities have recommended social distancing and have imposed quarantine and isolation measures to large portions of the population, including mandatory business closures. Most of these measures have been lifted by early 2022. These measures were designed to protect the overall public health, however they are expected to have material adverse impacts on domestic and foreign economies. As a result of the COVID-19 pandemic, there has been heightened market risk and volatility associated with the pandemic and this could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits. Because of the uncertainty surrounding the pandemic, it is difficult to assess or predict the potential economic impact of COVID-19 on the Sponsor and the Plan, and estimates used in preparing these financial statements could change in the near term and those changes could be significant.

On December 20, 2019, the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE) was signed into law. In addition, on March 27, 2020, the Coronavirus Aid, Relief, and Economic Security (CARES) Act was signed into law to assist business owners during the pandemic by establishing resources for small businesses, certain non-profits, and other employers. If implemented, these laws allow changes to retirement plans to, among others, allow certain eligible individuals to receive coronavirus related relief for loan repayments, suspend required minimum distributions, and delay the commencement date for required distributions. The optional features within these acts have been made available to participants of the Plan. The Sponsor has two years to make amendments to the Plan related to the CARES Act.
