NOTE 1 – DESCRIPTION OF PLAN

The following description of the Quotient Sciences – Philadelphia, LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

A) GENERAL

The Plan was established on May 1, 2017 by Quotient Sciences – Philadelphia, LLC (the "Company") under the provisions of Section 401(a) of the Internal Revenue Code (the "Code"), as amended, which includes qualified cash or deferred arrangements as described in Section 401(k) of the Code, for the benefit of eligible employees of the Company. Effective December 1, 2018, the Plan also covers employees of Quotient Sciences – Miami, Inc., an entity related through common ownership. Although the employees of this entity began contributing to this Plan on December 1, 2018, the assets of Quotient Sciences – Miami, Inc. Retirement Plan were transferred into the Plan in April 2019.

B) ELIGIBILITY

Eligible employees of the Company and its related entity are those who are employed as a common law employee or, in certain cases, as a leased employee, and are not a resident of Puerto Rico, covered by a collective bargaining agreement, unless required by the agreement, nor a nonresident alien with no income form a U.S. source. Eligible employees are allowed to make elective deferrals starting on the first day of each month. The Plan is subject to and conforms with the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

C) CONTRIBUTIONS

Eligible employees can contribute a dollar amount up to the maximum established by law. The total maximum allowable contribution per participant to the Plan directly from the participant for the year ended December 31, 2020 was $19,500, not including additional catch-up contributions allowed for participants age 50 or older which was $6,500. Effective on May 1, 2017, certain eligible employees, as defined, are automatically enrolled in the Plan at a deferral rate of 3%, unless otherwise changed by the employee. Additionally, as long as they are contributing an amount greater than zero, these employees' contribution rate will be increased by 1% every July 1 until they reach a deferral rate of 8%. If the participant has not made an investment election, the contributions are invested in a target date fund with the target date closest to the year in which the participant turns 65. Participants are allowed to designate contributions to both pre-tax and Roth 401(k) (after-tax) classification.

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

C) CONTRIBUTIONS (CONTINUED)

The Company elected to make a safe-harbor matching contribution of up to 100% of the first three percent and 50% of the next two percent of the participants' eligible compensation, as defined, during the year ended December 31, 2020. The Company made matching contributions of approximately $890,000 during the year ended December 31, 2020. This amount includes approximately $52,000 of matching contributions receivable. The Plan also had approximately $13,000 of other contribution receivables as of December 31, 2020 related to certain 2018 corrective employer matching contributions.

D) VESTING

Participants are immediately vested in their elective deferrals, rollover contributions, and safe harbor matching contributions, plus or minus any earnings or losses thereon, which cannot be forfeited for any reason.

Participants of the Quotient Sciences – Miami, Inc. Retirement Plan who were terminated from employment prior to December 1, 2018, are vested in their matching contributions as follows:

Years of Service	**Vested Percentage**
Less than 2	0%
2	25%
3	50%
4	75%
5 or more	100%

E) PAYMENT OF BENEFITS

Any participant who attains (a) normal retirement age, as defined, (b) who meets the requirement of "hardship" as defined by the Plan or (c) whose employment has been terminated, may request a withdrawal from the Plan, not to exceed the vested balance in his or her account as specified in the Plan document. Additionally, participants who have reached the age of 59 ½ may take in-service withdrawals while still employed. The Plan document also provides for distributions to beneficiaries upon the death of a participant and certain provisions for automatic distributions after termination based on account balance. During 2020, the Plan adopted certain distribution provisions of the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act") (Note 12).

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

F) PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's compensation deferral contributions, the Company's matching contributions, if any, and an allocation of the investment earnings, based upon each participant's election, and charged with an allocation of administrative expenses not paid by the Company. The benefit to which a participant is entitled upon withdrawal from the Plan, as defined above, is the vested benefit in the participant's account.

G) INVESTMENT OPTIONS

Upon enrollment in the Plan, a participant may direct employee contributions as well as their portion of the employers' matching contributions and any related earnings into the investment options offered by the Plan. Contributions may be allocated in percentages or dollar increments and participants may change their investment elections at any time.

H) NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their fund accounts a minimum of $1,000 and a maximum amount of the lesser of 50% of their vested account balance or $50,000 reduced by the highest outstanding loan balance in their account during the prior twelve month period. The loans are secured by the balance in the participant's account and bear interest at a fixed rate commensurate with local prevailing rates as determined by the plan administrator at the date of each loan. Principal and interest is paid ratably through periodic payroll deductions. During 2020, the Plan adopted certain participant loan provisions of the CARES Act (Note 12).

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following are the significant accounting policies followed by the Plan:

A) BASIS OF ACCOUNTING

The financial statements of the Plan are prepared on the accrual basis of accounting for defined contribution plans in accordance with accounting principles generally accepted in the United States of America.

B) INVESTMENT VALUATION AND INCOME RECOGNITION

Assets of the Plan are reflected in the accompanying financial statements at fair value. Fair value is the price that would be received to sell an asset or transfer a liability in an orderly transaction between market participants at the measurement date. Note 3 further details fair value measurements of the Plan.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

B) INVESTMENT VALUATION AND INCOME RECOGNITION

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year. Acquisition costs are included in the cost of investments purchased and sales are recorded net of selling expenses. Investments are self-directed by the individual Plan participants.

C) USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

D) NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2020 and 2019, no allowance for credit losses has been recorded. Principal and interest is repaid through payroll deductions over a period of no more than five years, unless the loan is for the purchase of a principal residence in which case the repayment period may not extend beyond ten years. Any loans outstanding from previously existing plans that were merged into the Plan in 2017, allowed for loans obtained to purchase a principal residence to have a repayment period of up to thirty years. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

For the year ended December 31, 2020, notes receivable from participants deemed to be in default and recorded as benefit payments totaled approximately $46,000.

E) RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

F) PAYMENT OF BENEFITS

Benefits are recorded when paid.

G) PLAN ADMINISTRATION EXPENSES

The Plan agreement allows for the Company to absorb a significant amount of the Plan's administrative expenses. During the year ended December 31, 2020, administrative expenses incurred by the Plan were approximately $4,000.

H) MANAGEMENT'S REVIEW OF SUBSEQUENT EVENTS

Management has evaluated subsequent events through March 7, 2022, which is the date that the financial statements were available to be issued.

I) RECENT ACCOUNTING PRONOUNCEMENTS

The Company evaluates new accounting pronouncements for relevance and impact on the Plan's financial statements. Management does not expect that timely adoption of new pronouncements will have a material impact on the Plan's net assets available for benefits.

J) FORFEITED ACCOUNTS

Non-vested portions of Company matching contributions are forfeited as of the employees' termination date. Pursuant to the Plan, these accounts may be used to offset expenses or reduce future employer contributions. At December 31, 2020 and 2019, forfeited non-vested accounts totaled approximately $17,000 and $16,000, respectively. These funds may be used to reduce future employer contributions or pay Plan expenses. During the year ended December 31, 2020, approximately $50 were utilized to reduce matching contributions and pay Plan expenses.

NOTE 3 – FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 3 – FAIR VALUE MEASUREMENTS (CONTINUED)

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. During 2020 and 2019, Level 1 inputs were available and therefore used.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds - The fair value of mutual funds is based on unadjusted quoted net asset values of the shares held by the Plan at year-end. These funds are required to publish their daily net asset value ("NAV") and to transact at that price.

Common Collective Trusts - The common collective trust funds are stable value funds with various underlying investment contracts that are not actively traded and significant other observable inputs are not available. The Plan uses the NAV, as provided by the trustee, to determine the fair value of its investment in the collective trust fund. The NAV is used as a practical expedient to estimate fair value in accordance with accounting guidance for such investments.

The input levels used by investment category are as follows:

December 31, 2020	Level 1	Level 2	Level 3	Total
Mutual funds	$ 18,582,879	$ -	$ -	$ 18,582,879
Total assets in the fair value hierarchy	$ 18,582,879	$ -	$ -	18,582,879
Investments measured at NAV*				430,999
Total investments				$ 19,013,878

December 31, 2019	Level 1	Level 2	Level 3	Total
Mutual funds	$ 15,311,788	$ -	$ -	$ 15,311,788
Total assets in the fair value hierarchy	$ 15,311,788	$ -	$ -	15,311,788
Investments measured at NAV*				263,985
Total investments				$ 15,575,773

NOTE 3 – FAIR VALUE MEASUREMENTS (CONTINUED)

*In accordance with FASB ASC Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2020 are reported net in appreciation in fair value of investments.

NOTE 4 – COMMON COLLECTIVE TRUSTS

The Plan has investments in stable value common trust funds at December 31, 2020 and 2019. The Plan has estimated the investments' fair value utilizing the NAV practical expedient. The estimated fair value at December 31, 2020 and 2019 was $430,999 and $263,985, respectively. The objective of the investments is to preserve capital and generate a stable rate of return. The accounts are credited with earnings on the underlying investments and charged for Plan withdrawals and administrative expenses. The contracts owned by the fund are nontransferable, but provide for benefit responsive withdrawals and participant transfers to noncompeting options by Plan participants at contract value. The redemption waiting period for participant withdrawals and transfers is not to exceed 30 days and normally take place daily. Plan level liquidations require advance notice and could take up to 12 months. At December 31, 2020 and 2019, there were no unfunded commitments.

NOTE 5 – INFORMATION CERTIFIED BY THE PLAN TRUSTEE

As of December 31, 2020 and 2019, the Plan administrator elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Fidelity Management Trust Company ("Fidelity"), trustee, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental schedules. Fidelity has certified that the following information is complete and accurate as of and for the year ended December 31, 2020 and as of December 31, 2019.

	2020	2019
Investments at fair value	$ 19,013,878	$ 15,575,773
Notes receivable from participants	$ 365,263	$ 215,896
Total investment income	$ 2,718,698	
Interest income on notes receivable	$ 15,129	

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, participants in the Plan become fully vested in the Company's contributions. Participants' contributions are always 100% vested.

NOTE 7 – TAX STATUS

The Plan is based on a "volume submitter" plan document. The sponsor of the volume submitter document has received a favorable determination letter dated March 31, 2014, stating that the form of the plan is qualified under Section 401 of the Code. The Plan has chosen to rely on the IRS determination letter issued to the sponsor of the volume submitter document as evidence that the form of the Plan is tax-qualified. The Plan is also required to be operated in conformity with the Code to maintain its tax-qualified status. Although the Plan has been amended since the date of the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the Code and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are no audits for any tax periods in progress.

NOTE 8 – RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds and common collective trusts managed by Fidelity, the Plan's trustee. Therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services are included in net appreciation in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment. Fees paid by the Plan to the trustee also qualify as party-in-interest transactions and are included in administrative expenses in the accompanying statement of changes in net assets available for benefits. As disclosed in Note 2G, the Company pays certain administrative expenses on behalf of the Plan.

NOTE 9 – FIDELITY BONDING

The Company maintains a fidelity bond of $500,000 for Plan fiduciaries and individuals who handle the funds of the Plan, pursuant to the requirements of ERISA.

NOTE 10 – RELATED PARTY TRANSACTIONS – PROHIBITED TRANSACTIONS

During 2019 and 2018, the Company did not timely remit certain employee contributions and loan payments in accordance with guidelines set forth by the United States Department of Labor ("DOL") and Employee Benefits Security Administration ("EBSA"). The DOL considers the untimely remittances prohibited transactions and may impose penalties on the Plan sponsor as a result. These financial statements do not include any adjustments that may be necessary as a result of these transactions.

NOTE 12 – COVID-19 PANDEMIC AND THE CARES ACT

During March 2020, the World Health Organization identified a viral disease, COVID-19, as a pandemic. The viral disease disrupted business operations in the United States and worldwide during the majority of 2020 including supply chains, closures of certain lines of business and/or full closure of business operations. This pandemic may have a significant negative impact on the operations and profitability of the plan sponsor and the value of the Plan's investments. The extent of the impact to the financial performance of the Plan will depend on future developments, including (i) duration and spread of the outbreak, (ii) the effects on the financial markets, and (iii) the effects on the economy overall, all of which are highly uncertain and cannot be predicted.

The CARES Act was signed into law on March 27, 2020 and includes several provisions affecting employee benefit plans. The Plan adopted the distribution and loan deferment provisions of the CARES Act; increasing loan amounts to a maximum of $100,000, allowing qualified individuals to defer loan payments, take COVID-19 related distributions of up to $100,000, the suspension of required minimum distributions and delay the commencement date for required minimum distributions.
