1. Plan Description

The following description of the Radiology Partners Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

a. General

The Plan, originally effective January 1, 2014, and restated January 1, 2016, is a defined contribution plan established by Radiology Partners Inc. (the Company) and related participating employers under the controlled group of the Company covering all employees who have attained age 21, excluding employees covered by a collective bargaining agreement, non-resident aliens, and leased employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

b. Plan Mergers

During 2020, the following plans along with their respective net assets were merged into the Plan. Participants from the merged plans became eligible participants of the Plan in 2020.

Plan		Net Assets Merged
Desert Radiologists Employee Retirement Plan	$	57,955,246
Radiology Affiliates of Central New Jersey, PC Employee Profit Sharing Plan		34,279,230
Greensboro Radiology P.A. 401(k) Profit Sharing Plan		50,201,368
Transfer of assets from other plans	$	142,435,844

c. Contributions

Participants may contribute up to 100 percent of annual compensation in pre-tax or Roth deferrals, as defined in the plan document and allowed by law. Participants may also rollover eligible amounts from other qualified plans. The Company, at its discretion, may make nonelective contributions to the Plan. The Plan also permits the Company to elect safe harbor provisions. During 2020, company contributions totaled $46,456,120.

d. Participant Accounts

Each participant's account is credited with the participant's contribution, allocations of the Company's contributions, if applicable, and the Plan's earnings and losses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct their account balance into various investment options offered by the Plan. A self-directed brokerage account option is also available to allow participants to select investment options not specifically offered by the Plan.

e. Vesting

Participants are immediately vested in all contributions plus actual earnings thereon.

f. Distribution of Benefits

Upon termination of employment due to termination of service, death, disability, or retirement, participants may elect to receive the value of their vested account balance in a lump-sum distribution. Participants may also take a financial hardship withdrawal under certain circumstances.

g. Notes Receivable from Participants

Participants may borrow the lesser of $50,000 (reduced by the participant's highest outstanding loan balance during the 12-month period ending on the date of the loan) or 50 percent of their vested account balance with a minimum loan amount of $1,000. Loan terms range up to five years, but may be longer if it is established at the time of the loan that the proceeds are to be used for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bears interest ranging from 3.25 to 7.50 percent. Principal and interest are paid ratably through payroll deductions.

h. Forfeited Accounts

Forfeitures are applied to reduce company contributions and pay administrative expenses. At December 31, 2020 and 2019, forfeited non-vested accounts totaled $79,391 and $41,573, respectively.

2. Summary of Significant Accounting Policies

a. Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with generally accepted accounting principles in the United States.

b. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

c. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net realized and unrealized appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

d. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the plan document.

e. Payment of Benefits

Benefits are recorded when paid.

f. Administrative Expenses

Certain administrative expenses incidental to the administration of the Plan, including fees of the administrative agent and independent public accountants, may be paid by the Plan. The Company, at its discretion, may decide to pay for certain of these administrative expenses on behalf of the Plan. Most investment options have management fees, which reduce the overall return on assets. The net realized and unrealized appreciation in fair value of investments is reflected net of these fees.

g. Subsequent Events

The Plan has evaluated the subsequent events through March 16, 2022, the date the financial statements were available to be issued.

3. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Plan Benefits.

3. Risks and Uncertainties (Continued)

Additionally, on March 11, 2020, the World Health Organization recognized the spread of the coronavirus disease 2019 (COVID-19) as a pandemic. The impacts of the COVID-19 pandemic have been pervasive across the economy and created substantial volatility in financial markets. The situation continues to develop rapidly and considerable uncertainty remains with respect to potential outcomes. On March 27, 2020, the "Coronavirus Aid, Relief, and Economic Security (CARES) Act" became law. The CARES Act contains various provisions impacting qualified retirement plans and their participants. These provisions may be adopted by plans immediately while implementing amendments at a later date. These provisions include relief from the 10 percent withdrawal penalty for participants under the age of 59.5 years for coronavirus-related distributions, as defined in the law, of up to $100,000 per participant; higher limits on the amount of new loans participants may request and temporary relief from loan repayments on existing loans; and relief from required minimum distributions for retirement age participants. Whether or which of these provisions will be adopted by the Plan and when the plan documents will be amended for such is an ongoing development and not fully determinate at the time of the issuance of these financial statements.

4. Fair Value Measurement

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

4. Fair Value Measurement (Continued)

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the United States Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/Collective trusts: Valued at the NAV of units held by the Plan at year end, which is considered by plan management to be the best approximation of fair value. The unit values of the common/collective trust funds held by the Plan are calculated based on the collective fair values of the underlying investments. There are no notable restrictions on the redemption of investments held in the fund.

Self-directed brokerage accounts: Brokerage securities are primarily composed of mutual funds, exchange traded funds, and common stocks. Mutual funds are valued as described above. Exchange traded funds and common stocks are valued at the closing price reported in the active market in which the individual securities are traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019.

Assets at Fair Value as of December 31, 2020

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 429,666,513	$ -	$ -	$ 429,666,513
Self-directed brokerage accounts	205,318,852	-	-	205,318,852
Total assets in the fair value hierarchy	634,985,365	-	-	634,985,365
Investments measured at net asset value (1)	-	-	-	18,894,504
Investments, at fair value	$ 634,985,365	$ -	$ -	$ 653,879,869

4. Fair Value Measurement (Continued)

	Assets at Fair Value as of December 31, 534<			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 246,030,567	$ -	$ -	$ 246,030,567
Self-directed brokerage accounts	89,110,204	-	-	89,110,204
Total assets in the fair value hierarchy	335,140,771	-	-	335,140,771
Investments measured at net asset value (1)	-	-	-	7,300,064
Investments, at fair value	$ 335,140,771	$ -	$ -	$ 342,440,835

(1) In accordance with FASB ASC 820, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in the tables above are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Plan Benefits.

5. Tax Exempt Status

The Company has adopted a volume submitter plan document subject to a favorable opinion letter from the Internal Revenue Service (IRS) dated May 25, 2012. Although the plan has been amended, the plan administrator believes the Plan has been operated in accordance with the applicable provisions of the Internal Revenue Code (IRC). The Company routinely self-reviews the administration of the Plan and self-corrects any compliance issues in accordance with the Employee Plan Compliance Resolution System. Accordingly, the plan administrator believes that the Plan and related trust are designed in accordance with applicable sections of the IRC and, accordingly, are exempt from income taxes.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or other applicable taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for plan years ending on December 31, 2016, or prior.

6. Summary of Unaudited Information

The Trustees of the Plan certified certain information, which was not audited in accordance with the plan administrator's instructions and as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Information certified by the Trustee consists of the following:

The Plan's independent public accountants did not perform auditing procedures with respect to the above information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

7. Plan Termination

The Company has the right under the plan document to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants are always 100 percent vested in their accounts.

8. Party-in-Interest Transactions

Charles Schwab Trust Bank and Charles Schwab Bank are the Trustees of the Plan and hold and manage investments. Transactions with Charles Schwab Trust Bank and Charles Schwab Bank are exempt party-in-interest transactions, as defined by ERISA.
