INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of
Billows Electric Supply Company, Inc. 401(k) Profit Sharing Plan
Delran, New Jersey

Report on the Financial Statements
We were engaged to audit the accompanying financial statements of Billows Electric Supply Company, Inc. 401(k) Profit Sharing Plan, which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, and the related statement of changes in net assets available for benefits for the year ended December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility
Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion
As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note D, which was certified by Principal Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2020 and 2019, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion
Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter
The supplemental schedules of assets (held at end of year) and delinquent participant contributions as of or for the year ended December 31, 2020 are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations
The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note A- Plan Description

General

The following description of Billows Electric Supply Company ("Company"), Inc. 401(k) Profit Sharing Plan ("Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

The effective date of the Plan is December 1, 1970. The Plan is a defined contribution plan covering full-time employees of the Company who have one year of service in which they complete 1,000 hours of service. Non-resident aliens who have no income earned from sources within the United States are ineligible. As of December 1, 2019 participants are automatically enrolled to defer 1% of compensation as of the date they become a participant in the plan, unless they choose a different percentage or not to defer. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Plan assets are held and managed by Principal Trust Company, which invests contributions received, interest and dividend income and makes distributions and loans to participants. Principal Trust Company is the Plan record keeper as of December 18, 2018. Principal Trust Company (Plan Custodian) held Plan assets at December 31, 2020. Certain administrative functions are performed by Principal Trust Company and by officers or employees of the Plan Sponsor, Billows Electric Supply Company.

Contributions

Each year, eligible participant's elective deferrals may not exceed 100 percent of pretax annual compensation, as defined in the plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan requires eligible participants who participate to elect minimum elective deferrals of at least 1% of compensation. Those elective salary reduction contributions are subject to the limits of Internal Revenue Code section 401(k). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

Under the 401(k) plan the Company makes discretionary matching contributions. Plan provisions provided for the Company to match 100% of the first 1% of participant deferral contributions and 25% of the next 4% of participant deferral contributions. The Company's matching contributions, net of forfeitures, in Plan year ended December 31, 2020 was $277,057.

At the end of the Plan year, the Company, at the discretion of the Company's board of directors, may make profit sharing contributions, as defined in the Plan document. For the Plan year ended December 31, 2020, the Company approved a discretionary profit-sharing contribution of $300,000. Contributions are subject to certain IRS limitations.

Note A- Plan Description – (continued)

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit-sharing contributions, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after six years of credited service. A participant is always 100 percent vested upon normal or early retirement age. To receive an allocation of matching contributions, nonelective contributions, qualified nonelective contributions, a participant must be employed by the Company on the last day of the year.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account and bear interest of 3.25 to 5.50 percent. Principal and interest is paid ratably through payroll deductions and from participants.

Payments of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a specified time period selected by the participant. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

Forfeitures

When certain terminations of participation in the Plan occur, the nonvested portion of the participant's account, as defined by the Plan, represents forfeiture. At December 31, 2020 and 2019 forfeited non-vested accounts totaled $8,649 and $33,625, respectively. In 2020 employer contributions were reduced by $35,524, from forfeited non-vested accounts.

Investment Elections

The Plan offers its participants various investment funds that are exposed to different types and amounts of risk, including interest rate, credit and market risk. There were thirty-eight investment options with Principal Trust Company consisting principally of mutual funds and common trust funds, available for the investment of participant's elective and employer matching and discretionary contributions. Plan participants may change their investment selections on a daily basis.

Note A- Plan Description – (continued)

CARES Act

On March 27, 2020 the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) was signed into law. The CARES Act allows retirement plans to provide participants who are impacted by the coronavirus (as defined in the CARES Act) with greater access to their savings. As permitted by the CARES Act, the Plan opted in to implement the following provisions:

- Through December 31, 2020, qualified individuals are permitted to take a distribution in an amount up to $100,000 from the Plan. Any such distribution is not subject to the 10% early distribution penalty or the mandatory 20% federal income tax withholding rate. Participants who take a qualified distribution have the option to have the distribution taxed over a three-year period, with the ability to recontribute up to the full amount of the distribution within three years and not be subject to federal income tax as a result.

- Through September 23, 2020 (180 days following enactment), the plan increased the available loan amount to the lesser of $100,000 or 100% of the participants vested account and extended the period for loan repayment for up to one year for qualifying coronavirus-related reasons.

- Required minimum distributions for calendar year 2020 are waived for retired and retirement-aged individual.

Note B- Summary of Significant Accounting Policies

Basis of Accounting and Presentation

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with generally accepted accounting principles in the United States of America.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risk and Uncertainties

The Plan provides for various investment options in any combination of investment securities offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuations, and credit risks. Due to the risk associated with certain investment securities, it is at least reasonably possible that changes in market values, interest rates, or other factors in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note B- Summary of Significant Accounting Policies – (continued)

New Accounting Pronouncement

In July 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update ("ASU") 2018-09, *Codification Improvements,* which, among other things, amends an illustrative example of a fair value hierarchy disclosure to indicate that a certain type of investment should not always be considered to be eligible to use the net asset value ("NAV") per share practical expedient. Also, it further clarifies that an entity should evaluate whether a readily determinable fair value exists or whether its investments qualify for NAV per share practical expedient in accordance with ASC 820, *Fair Value Measurement.* Adoption of the amended guidance, which is to be applied prospectively, affects the fair value disclosures, but does not change the fair value measurement of the investments. The guidance is effective for periods beginning after December 15, 2018 for public business entities and for all other entities, including the Plan, after December 15, 2019. Management evaluated the guidance and determined that a readily determinable fair value exists for collective trust funds that were previously disclosed as using the NAV per share practical expedient. The provisions of the ASU were adopted for the year ended December 31, 2020 and have been applied prospectively, in accordance with the adoption guidance. Adoption of the amended guidance affected the fair value disclosures, but did not change the fair value measurement of the investments.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and custodians. See note E for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year. Capital gains have also been included in net appreciation in fair value of investments.

Notes Receivable from Participants

Notes receivable from participants (notes receivable) are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions upon the occurrence of a distributable event based upon the terms of the Plan document. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 or 2019.

Contributions

Contributions from employees are recorded as they are withheld from the participant's wages.

Note B- Summary of Significant Accounting Policies – (continued)

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. For the years ended December 31, 2020 and 2019, contributions were refundable to certain participants.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees relating to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through September 21, 2021 which is the date the financial statements were available to be issued.

Note C- Investments

On December 18, 2018, the trustees appointed Principal Trust Company as the trustee/custodian of the Plan assets. All investments are participant directed.

Note D- Information Prepared and Certified by Trustee - Unaudited

All information disclosed in the accompanying financial statements, notes and supplementary information including investments held at December 31, 2020 and 2019, and net appreciation or depreciation in fair market value of investment securities, interest, and dividends for the years ended December 31, 2020 and 2019, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Principal Trust Company in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note E- Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Note E- Fair Value Measurements – (continued)
The input levels are:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include; quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observed for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective/Common Trust Fund: Common collective trusts are valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. Plan participants may initiate daily redemptions of the collective trusts.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note E- Fair Value Measurements – (continued)

The following table presents the balances of financial assets measured at fair value on a recurring basis as of December 31, 2020:

Note F- Related-Party Transactions and Party-in-Interest Transactions

Certain plan investments are common collective trusts and shares of mutual funds managed by Principal Trust Company. Participants may choose to have their contributions directed to various mutual funds and common collective trusts made available by Principal Trust Company, record-keeper for the Plan. The Plan issues loans to participants, which are secured by the vested balances in the participants' accounts. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

Billows Electric Supply Company is the Plan sponsor, and Principal Trust Company is the custodian and record-keeper as defined by the plan. Fees paid by the Plan for the custodial and record-keeping services amounted to $61,017 for the year ended December 31, 2020. Billows Electric Supply Company provides certain accounting, administrative, and investment management services to the Plan for which no fees are charged. These transactions are exempt party-in-interest transactions.

Note G- Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

Note H- Tax Status

The Plan obtained its latest determination letter dated on March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2017.
