INDEPENDENT AUDITORS' REPORT

To the Participants and Trustees of the
JMD 401(k) Plan
Westbury, New York

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the JMD 401(k) Plan, which comprise the statement of net assets available for benefits as of December 31, 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by John Hancock Life Insurance Company of New York, the trustee of the Plan, except for comparing such information with the related information included in the financial statements.

Basis for Disclaimer of Opinion - Continued

We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2020 and for the year ended December 31, 2020, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter – Supplemental Schedules

The supplemental Schedule H, Part IV, Line 4(i) - Schedule of Assets (Held at End of Year) for the year ended December 31, 2020 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis of Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

JMD 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2020

1. Summary of Significant Accounting Policies

Use of Estimates: The preparation of financial statements in conformity with generally accepted accounting principles ("GAAP") and the DOL's Rules and Regulations for Reporting and Disclosure under ERISA requires the plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Basis of Accounting: The financial statements of the Plan are prepared in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA and the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Shares of mutual funds are valued at quoted market prices which represent the net asset value of shares held by the Plan at year end.

Payment of Benefits: Benefit payments to participants are recorded when paid.

Administrative Expenses: Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by JMD Care Services, Inc. Expenses that are paid by JMD Care Services, Inc. are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events: The Plan evaluated all events and transactions that occurred after December 31, 2020 through February 5, 2022, the date these financial statements were available to be issued.

2. Description of Plan

The following description of JMD 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all eligible employees of JMD Care Services, Inc.. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Trustees oversee governance of the Plan. John Hancock Retirement Services determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's trustee. The Plan's effective date is January 1, 2020.

Eligibility: All employees of JMD Care Services, Inc. who have completed one year of service, as defined by the Plan document and attained the age of 21 are eligible to participate in the Plan. Participants are eligible to begin receiving matching contributions once they have completed one year of eligibility service. An eligible employee shall become a participant effective as of the first day of the sixth month following the date on which he or she satisfies the eligibility requirements.

Employee Contributions: Each participant may make a contribution up to a maximum amount allowed under the law. The Plan also accepts rollover contributions from eligible plans. Participants who are age 50 or older are eligible to make catch-up contributions in addition to the normal maximum dollar limit allowed by the law. Participants direct the investment of their contributions and employer contributions into various investment options offered by the Plan.

Employer Contributions: JMD Care Services, Inc. may match 100% of all employee contributions, up to 3% of compensation as defined in the Plan Document, plus a 50% match of the next 2% of compensation. JMD Care Services, Inc. made matching contributions of $7,809 for the year ended December 31, 2020.

Limitations: Congress limits the annual dollar amount of elective deferrals that a participant may contribute. For 2020, the limit was $19,500. The amount of catch-up contributions allowed in 2020 was $6,500. Congress also limits the annual eligible earnings to be considered for the purpose of qualified plan contributions and testing. For 2020, the limit was $285,000.

Participant Accounts: Each participant's account is credited with the participant's and employer's contribution, allocation of investment earnings and charged with allocation of administrative expenses. Allocations are based on participant's earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participant's contributions including rollover contributions plus any earnings thereon are 100% vested immediately upon enrollment in the Plan. Participants are also 100% vested in any employers matching contributions made to their account.

Investment Options: Upon enrollment in the Plan, participants have the option to direct investment of their interest in the Plan. Participant's directed investment accounts are segregated for the purpose of determining the earnings and losses on these investments. Participants who do not provide the trustee with an investment choice, will be invested according to investment documents related to the Plan.

2. **Description of Plan** (continued)

Payment of Benefits: On termination of service due to death, disability, or retirement (65thbirthday) each participant is entitled to receive a lump sum equal to the participant's vested interest in their account. Payment may not begin until the participant has terminated employment upon reaching normal retirement age. All distributions from the Plan will be made in one lump sum payment or can be rolled over to another retirement account.

In-Service Distributions: After a participant has reached age 59 ½, they may request an in-service distribution from their pre-tax salary deferral and Roth deferral accounts. A participant may receive an in-service distribution of all or part of their rollover account at any time. There are no limitations on the number of in-service distributions that may be taken during a plan year and no minimum amount that must be taken.

Financial Hardship: The Plan allows for withdrawal due to financial hardship determined under federal rules.

Participant Loans: As provided by the CARES ACT, for the year 2020 participants may borrow from their accounts a maximum of $100,000 provided their fund account balance equals or exceeds the loan amount they are withdrawing. For all other years, a participant may borrow a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's vested account and are payable through payroll withholdings. Such loans bear interest at the available market financing rates and must be repaid to the Plan quarterly within five years from the date the loan is taken. If the loan is to be used for the purchase of a residence, the maximum repayment period may be up to thirty years. The specific term and conditions of such loans are established by the Plan administrator.

3. **Priorities Upon Termination**

It is the intent of the Trustees to continue the Plan in full force and effect. Although, the Plan Sponsor intends to maintain the Plan indefinitely, they reserve the right to terminate the Plan at any time. Upon termination, no further contributions will be made to the Plan and all amounts credited to participants' accounts will continue to be 100% vested.

4. **Tax Status**

The underlying nonstandard prototype plan has received an opinion letter from the Internal Revenue Service ("IRS") dated March 31, 2014, stating that the form of the Plan is qualified under Section 401(a) of the Internal Revenue Code and, therefore, the related trust is exempt from federal income taxes under the provisions of Section 501(a). In accordance with Revenue Procedures 2006-6, the plan sponsor has determined that it is eligible to and has chosen to rely on the current IRS prototype plan opinion letter. Once qualified, the Plan is required to operate in conformity with the Internal Revenue Code to maintain its qualification. The plan administrator believes the plan is being operated in compliance with the applicable requirements of the code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

4. **Tax Status** (continued)

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020, no uncertain positions are taken or are expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

5. **Fair Value Measurements**

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits.

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, Fair Value Measurements and Disclosures, provides a framework for measuring fair value, and establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market. Valuation techniques that are consistent with the market, income or cost approach are used to measure fair value.

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities the Plan has the ability to access.

- Level 2 inputs are inputs (other than quoted prices included within level 1) that are observable for the asset or liability, either directly or indirectly. These include:

    - Quoted prices for similar assets or liabilities in active markets.
    - Quoted prices for identical or similar assets or liabilities in inactive markets.
    - Inputs other than quoted prices that are observable for the asset or liability.
    - Inputs that are derived principally from or corroborated by observable market data, correlation, or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

5. **Fair Value Measurements** (continued)

- Level 3 inputs are unobservable for the asset or liability and rely on management's own assumptions that market participants would use in pricing the asset or liability. (The unobservable inputs should be developed based on the best information available in the circumstances and may include the Plan's own data.)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020.

Mutual Funds – valued at the daily closing price as reported by the Fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the report date.

The following table presents the Plan's fair value hierarchy for those assets and liabilities measured at fair value on a recurring basis as of December 31, 2020:

	Fair Value Measurements at Reporting Date Using:			
	Fair Value	Quoted Prices In Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
December 31, 2020				
Mutual Funds	$ 10,159	$ --	$ 10,159	$ –
Total investments at fair value	$ 10,159	$ –	$ 10,159	$ –

5. **Fair Value Measurements** (continued)

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

We evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2020, there were no significant transfers in or out of Levels 1, 2 or 3.

6. **Investments**

The Plan's investments are held in trust by the trustee. The Plan's trust agreement requires the trustee to invest the Plan's assets into various investment fund options as directed by each participant through web portal.

The following presents investments that represent 5 percent or more of the Plan's net assets as of December 31, 2020:

Fidelity International Index	$ 922
Vanguard International Growth	964
500 Index Fund	1,826
Vanguard Target Retirement 2040	5,363
	$ 9,075

7. **Party-in-Interest-Transactions**

Certain Plan investments are managed by John Hancock, the custodian as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Administrative fees paid by the Plan to the trustee for investment products and management services amounted to $40 for the year ended December 31, 2020. This party-in-interest transaction is exempt from the prohibited transaction rules of ERISA..

8. Information Certified by the Plan's Trustee

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by John Hancock Life Insurance Company, the custodian of the Plan for the year ended December 31, 2020. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures, except for comparing such information certified by the custodian.

	2020
Investments, at fair value (Note 5)	$ 10,159

11. Risks and Uncertainties

In the normal course of business, all of the Plan's assets are transacted with and held by the Trustee. The Plan is subject to credit risk to the extent the Trustee is unable to fulfill contractual obligations on its behalf. JMD Care Services, Inc. has not experienced and does not expect any loss from this arrangement.

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

The worldwide coronavirus, or COVID-19, outbreak in the first quarter of 2020 has led to an extreme downturn in and volatility of the financial markets, record-low interest rates and wide-ranging changes in consumer behavior. As the economic environment continues to evolve, the plan cannot reasonably estimate the length or severity of this event or the impact to its results of operations and financial condition. However, in general, a deterioration in the general economic and business conditions and declines in or sustained low interest rates can have a negative impact on the Plan's invested assets and investment income.
