## 1. Description of Plan

The following description of Mercury Pharmacy Services 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Summary Plan Description and/or Plan agreement for a more complete description of the Plan's provisions.

### *General*

The Plan was adopted by Mercury Pharmacy Services (the "Company") on January 1, 2007, and was most recently restated effective January 1, 2016. The Plan is defined as a contribution retirement plan of the profit-sharing type containing a cash or deferred arrangement described in Internal Revenue Code ("IRC") Section 401(k). Employees of the Company who are age 21 or older and have completed 1,000 hours of service in a 12-month period are eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and certain provisions of the IRC.

### *Plan Administration*

The Company is the administrator of the Plan. As administrator, the Company has exclusive authority and responsibility for all matters in connection with the operation and administration of the Plan. Voya Retirement Insurance and Annuity Company was the appointed custodian for the Plan in 2020 and 2019, and acted at the direction of the Plan's administrator.

### *Contributions*

Employees who elect to participate in the Plan may contribute a portion of their salary up to 100% of their eligible compensation for that period, or up to the limits imposed by Section 402(g) of the IRC. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may elect to make Roth 401(k) contributions to the Plan and may contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company makes safe harbor contributions to all eligible employees based on the employee's compensation. The safe harbor contributions are 3% of an employee's compensation. Additionally, the Company may make profit sharing contributions at its discretion. No profit sharing contributions were made for the year ended December 31, 2020. Participants direct the investment of their contributions into various investment options offered by the Plan.

### *Participant Accounts*

Each participant's account is credited with the participant's contributions, Company contributions, Plan earnings or losses, and rollovers from other qualified plans. Plan earnings or losses are allocated based upon each participant's account balance. Certain fees are charged to the fund investments and are offset against Plan investment income and loss as presented on the statement of changes in net assets available for benefits. Participants should refer to the prospectuses of these funds for details on the various types and amounts of investment fees charged to the Plan and their individual accounts.

### *Vesting*

Participant contributions, rollovers, employer safe harbor contributions, and net earnings on these contributions, are fully vested when made or earned.

**1. Description of Plan**, continued

***Vesting***, continued

Profit sharing contributions, if any, as well as all earnings on these contributions are subject to cliff vesting and are fully vested after 3 years of service.

Participants are fully vested upon retirement, death, disability, or plan termination.

***Notes Receivable from Participants***

Participants are allowed one note receivable at any time and may borrow from their fund accounts a minimum of $1,000 up to 50% of the value of their account balance, or $50,000, whichever is less. Note receivable terms range from one to five years, except for notes receivable used to purchase a primary residence, which have a maximum term of ten years. The notes receivable are secured by no more than fifty percent of the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates at the time the note receivable originates. Interest rates on notes receivable from participants as of December 31, 2020 ranged from 5.25% to 7.50% per annum. Principal and interest are paid in equal installments through payroll deductions, personal checks from employees on leave, or cashier's checks for the full payoff of the notes receivable.

***Payments of Benefits***

When participants leave the Company, upon retirement or for any other reason, those participants (or their beneficiaries) may receive the vested value of their account in a single lump-sum payment. The Plan also allows for in-service withdrawals upon a participant attaining the age of 59½, or having a hardship. In-service withdrawals may be taken from all vested accounts. In addition, the Plan allows for withdrawals of any rollover contributions at any time.

Distributions under the Plan shall generally be made as soon as possible after the date of retirement, date of death, or termination of employment. Mandatory distributions of account balances under $5,000 will be made as soon as possible. In the event of a mandatory distribution greater than $1,000 if the participant does not elect to have such distribution paid directly to an eligible retirement plan specified by the participant in a direct rollover or to receive the distribution directly, then the plan administrator will pay the distribution in a direct rollover to an individual retirement account designated by the plan administrator.

***Investment Options***

Upon enrollment in the Plan, a participant may direct his or her contributions in percentage increments into a series of pooled separate accounts by the Plan. Participants may change their investment options at any time.

***Forfeitures***

Forfeitures that occur during a plan year will be used to pay expenses related to the administration of the Plan and to reduce future company discretionary contributions. As of December 31, 2020 and 2019, forfeited non-vested accounts totaled $6,497 and $1,451, respectively. During the year 2020, no forfeitures were used.

## 2. Summary of Significant Accounting Policies

### *Basis of Accounting*

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

### *Use of Estimates*

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, disclosure of contingent assets and liabilities and changes in net assets available for benefits. Actual results may differ from those estimates.

### *Investment Valuation and Income Recognition*

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisor and custodian. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are reflected on a trade date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

### *Notes Receivable from Participants*

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019.

### *Payment of Benefits*

Benefits are recorded when paid.

### *Expenses*

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

### *Information Certified by the Custodian*

Voya Retirement Insurance and Annuity Company has prepared and certified as complete and accurate the Plan's schedule of investment assets, transactions, and net realized and unrealized gains and losses on investments, and interest and dividend income, which was used to prepare the accompanying financial statements and supplemental schedule.

## 3. Fair Value Measurements

Accounting standards for fair value measurements establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under these accounting standards are described below:

*Level 1* – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

*Level 2* – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

*Level 3* – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2020 and 2019:

*Pooled separate accounts:* Valued at the net asset value ("NAV") of units of the separate account. The NAV, as provided by the trustee or custodian, is used as a practical expedient to estimating fair value. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the separate account, the investment advisor reserves the right to temporarily delay withdrawal from the account in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

**3. Fair Value Measurements**, continued

The Plan invests in pooled separate accounts which are measured at fair value using the NAV per share practical expedient. These investments are not categorized within the fair value hierarchy.

***Fair Value of Investments in Entities that Use NAV***

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2020 and 2019, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable to the Plan.

| December 31, 2020 | Fair Value | Unfunded Commitments | Redemption Frequency (if eligible) | Redemption Notice Period |
|---|---|---|---|---|
| Pooled separate accounts | $ 5,309,946 | n/a | Daily | None |

| December 31, 2019 *(Compiled)* | Fair Value | Unfunded Commitments | Redemption Frequency (if eligible) | Redemption Notice Period |
|---|---|---|---|---|
| Pooled separate accounts | $ 4,167,774 | n/a | Daily | None |

**4. Information Prepared and Certified by Custodian (Unaudited)**

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by Voya Retirement Insurance and Annuity Company:

| | 2020 | 2019 *(Compiled)* |
|---|---|---|
| Investments, at fair value | $ 5,309,946 | $ 4,167,774 |
| Investments, at contract value | $ - | $ 1,339 |
| Net appreciation in fair value of investments, net | $ 700,625 | N/A |

**5. Related-Party Transactions and Party-in-Interest Transactions**

Certain Plan investments in pooled separate accounts are managed by Voya Retirement Insurance and Annuity Company, the custodian of the Plan. Any purchases and sales of these funds are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan, and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

## 6. Tax Status

The Plan uses a volume submitter profit sharing/401(k) plan document sponsored by Northwest Retirement Plan Consultants, LLC. Northwest Retirement Plan Consultants, LLC received an opinion letter from the Internal Revenue Service ("IRS") dated December 12, 2014 which states that the prototype document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. The Plan has been amended since receiving the opinion letter. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

## 7. Plan Termination

The Company has established the Plan with the intention and expectation that the Plan will continue indefinitely. However, the Company reserves the right at any time to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, distributions will be made to participants as described in the Plan agreement, and participants would become 100% vested in their company contributions.

## 8. Risks and Uncertainties

The Plan provides for various investment options in any combination of pooled separate accounts offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuations and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

In March 2020, the World Health Organization declared an outbreak of a novel coronavirus (COVID-19) as a pandemic resulting in adversely impacted global commercial activity and significant declines and volatility in financial markets, resulting in economic uncertainties which may negatively impact investment performance across the globe. The outbreak presents uncertainty and risk with respect to the Plan's performance and its financial results.

## 9. Subsequent Events

In accordance with accounting standards affecting disclosures of subsequent events, the Plan evaluated subsequent events for recognition and disclosure through March 18, 2022, the date which these financial statements were available to be issued.

Management concluded that no material subsequent events have occurred since December 31, 2020 that require recognition or disclosure in such financial statements.
