Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the West Florida Medical Associates, P.A. Cash Balance Pension Plan (a cash balance defined benefit retirement plan) which comprise the statement of net assets available for benefits as of December 31, 2020 and 2019, and the related statements of changes in net assets available for benefits and statements of accumulated plan benefits years ended December 31, 2020 and 2019 and statement of changes in accumulated plan benefits for the year ended December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an opinion audit.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Voya Retirement Insurance and Annuity Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2020 and 2019, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2020, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

As of and for the Fiscal Year Ended December 31, 2020
West Florida Medical Associates P.A. Cash Balance Pension Plan
Beverly Hills, Florida

Note 1 – Description of Plan

The following description of the West Florida Medical Associates P.A. Cash Balance Pension Plan (the Plan) which had an effective date of January 1, 2015, provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

- **General.** The Plan is a cash balance defined benefit plan providing retirement, disability and death benefits to all eligible employees of West Florida Medical Associates (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

The Board of Trustees is responsible for oversight of the Plan. The Trustees determine the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Trustees.

All employees not excluded by class are eligible to enter on the January 1 or July 1 coincident with or following the completion of the following requirements: 1 year of service and minimum age of 21. In order to participate in the Plan, an Employee must be considered an Eligibility Employee as defined in the Plan, must meet the minimum age requirement, and service conditions as defined. All participants are eligible to retire with their full retirement benefit on the later of the following: attainment of age 65 and completion of 5 years of participation from their hire date. Service years with less than 1,000 hours will be excluded.

- **Participant accounts.** Under the Plan provisions, amounts are credited by the Company to the participants' hypothetical accounts. The accounts are allocated compensation credits and investment credits at the end of every year. The compensation credits are allocated based on a percentage of the participants certified compensation as defined in the plan document for that particular year. The applicable contribution credits range from \$600 to \$190,000.

Participants' hypothetical accounts also receive investment credits at the end of the year. The amount of investment credit is tied to the average of the annual yields on 30-year treasury securities and is adjusted quarterly. As of December 31, 2020, the interest rate was 5%.

- **Funding policy.** The Plan's funding policy is to contribute an amount which will meet or exceed the annual ERISA minimum funding requirement. During the years ending December 31, 2020 and 2019, the Plan contributed \$1,015,375 and \$760,970. The Company's contributions for 2019 and 2020 exceeded the minimum funding requirements of ERISA.

Although it has not expressed any intention to do so, the Company has the right under the plan to discontinue its contributions at any time and to terminate the plan subject to the provisions set forth in ERISA.

- **Pension benefits.** Benefits are determined based on the participants hypothetical account balance. Plan participants are eligible for their plan benefit after terminating employment with vested rights. Participants become vested in the Plan upon completion of 5 years or more years of service or attainment of the normal retirement age (65). If the employees terminate before rendering 5 years of service, they forfeit the right to receive the portion of their accumulated plan benefits attributable to the Company's contributions. Upon termination of employment, participants have the option of receiving their vested benefit in the form of a one-time lump sum payment for a monthly annuity payable for their lifetime. The maximum monthly benefit is the lesser of \$19,166.66 and 100% of the highest 3-year average salary, subject to service requirements.

(Continued)

Note 1 – Description of Plan (concluded)

- **Death and disability benefits.** If a Participant dies prior to his/her Annuity starting date, the Participant's spouse (if any) is entitled to a QPSA benefit in accordance with Section 9.03 of the Plan, unless the Participant has properly waived the QPSA benefit, then the QPSA portion of the death benefit is payable in accordance with the designation made by the Participant on the waiver form. The Employer may elect to provide a Disability benefit for any Participant who becomes disabled prior to becoming eligible to receive a distribution of his/her normal retirement benefit under the Plan.

Note 2 - Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements are prepared on the accrual basis of accounting in conformity with generally accepted accounting principles.

Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein; disclosure of contingent assets and liabilities; and the actuarial present value of accumulated plan benefits at the date of the financial statements and the changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Trustees determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Expenses of maintaining the Plan are paid by the Plan or the Company, as provided by the Plan document. Expenses that are paid outside of the Plan are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan, paid by the Plan, are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation of fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

Subsequent Events

Generally accepted accounting principles require the disclosure of significant events or transactions that occur after the balance sheet date but before the financial statements are issued. Plan management has evaluated subsequent events through March 25, 2022 and found no significant events or transactions that should be recorded. The evaluation date is considered to be the date the financial statements are available to be issued.

Note 3 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded. The fair values of common stocks are based on the closing price reported on the active market where the individual securities are traded.

Level 2 - The fair value of corporate bonds and U.S. government securities are valued using a market approach on yields currently available on comparable securities of issuers with similar credit ratings.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020:

	Level 1	Level 2	Total
Variable Investment Funds	\$ 6,411,094	\$ -	\$ 6,411,094
(Mutual Funds)	-	-	-
Fixed Account Investment Fund	-	9,888	9,888
Investments at fair value	<u>\$ 6,411,094</u>	<u>\$ 9,888</u>	<u>\$ 6,420,982</u>

Note 4 – Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments, including lump sum distributions that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated participants or their beneficiaries, (b) beneficiaries of participants who have died, and (c) present participants or their beneficiaries. Benefits under the plan are accumulated based on the participants compensation during each year of credited service. The accumulated plan benefits for active employees will equal the accumulation, with interest, of the annual benefit accruals as of the benefit information date. Benefits payable under all circumstances- retirement, death disability, and termination of employment- are included, to the extent they are deemed attributable to employee service rendered to the valuation date. Benefits to be provided via annuity contracts excluded from the plan assets are excluded from accumulated plan benefits. The actuarial present value of accumulated plan benefits is determined by an independent actuary and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

(Continued)

Note 4 – Actuarial Present Value of Accumulated Plan Benefits (concluded)

The significant actuarial assumptions used in the valuations as of December 31, 2020 and 2019, were (a) life expectancy of participants using the following tables (Male 2020 Static Table-Combined Male Female 2020 Static Table - Combined Female, 2020 Applicable Mortality Table from Notice 2019-26, and 2015 Applicable Mortality Table from Notice 2013-49) (b) retirement age assumptions (the assumed average retirement age was 65) and (c) investment return.

The interest rates used to discount the obligation for 2020 and 2019 was 5%, including a reduction of \$28,855 in Plan administrative expenses. The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated Plan benefits. The computations of the actuarial present value of accumulated plan benefits were made as of January 1, 2020 and 2019. Had the valuations been performed as of December 31, there would be no material differences.

Note 5 – Plan Termination

In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA, and its related regulations, generally to provide the following benefits in the order indicated:

- 1) Benefits attributable to employee contributions, if any.
- 2) Annuity benefits that former employees or their beneficiaries have been receiving for at least 3 years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan.
- 3) Other vested benefits insured by the Pension Benefit Guarantee Corporation (PBGC) (a U.S. Government agency) up to the applicable limitations.
- 4) All non-vested benefits.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the plan sponsor and the level of benefits guaranteed by the PBGC.

Note 6 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Plan contributions are made, and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Note 7 – Information Certified by Trustee

The following is a summary of the unaudited information regarding the Plan, included in Plan's financial statements and supplemental schedule that was prepared by or derived from information reported by the Trustee of the Plan for 2020. The Plan Administrator has obtained certifications from the Trustee that such information is complete and accurate at December 31, 2020, as follows:

Statement of net assets available for benefits:

Investments at fair value	\$ 6,420,982
---------------------------	--------------

Statement of changes in net assets available
for benefits - investment income:

Net appreciation in fair value of investments	\$ 649,180
---	------------

Such amounts and all of the financial information in Note 3 are included in the accompanying financial statements of the Plan based on such certifications from the Plan Trustee. The Plan Trustee also certifies all investment balances and investment information in Note 3.

Note 7 – Tax Status

The IRS has determined and informed the Company by a letter, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt. Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more than likely would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods.

Note 8 - Reconciliation of Financial Statements to Form 5500

Addendum to the Actuarial Assumptions

Plan Year: 1/1/2020 to 12/31/2020

Valuation Date: 1/1/2020

Non-prescribed economic assumptions and demographic assumptions are generally selected based on the actuary's professional judgement. No experience studies were completed. The stated assumptions represent the actuary's best estimate of future experience of the plan. Below is additional detail as to the rationale of each assumption selected.

Turnover:	None, as this is deemed immaterial to the determination of liabilities.
Salary Scale:	None, as this is deemed immaterial to the determination of liabilities.
Disability:	None, as this is deemed immaterial to the determination of liabilities.
Pre-Retirement Mortality:	None, as this is deemed immaterial to the determination of liabilities.
Retirement Age:	Age 66. Since early and late retirement benefits are actuarially adjusted, early and late retirement experience is immaterial to the determination of liabilities.
Form of Benefit:	The actuary selected this assumption based on industry knowledge and professional judgement.
Expenses:	Non-investment expenses are paid from the plan. Therefore, \$28,855 expenses are included in the target normal cost.
