Note 1. Plan Description

The following brief description of the StandFast Group, LLC 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan that covers all employees of StandFast Group, LLC and Blackhawk Corrugated, LLC (collectively, the Company), except for employees covered by a collective bargaining agreement, any employee who is a non-resident alien, and part-time/temporary seasonal employee. Employees are eligible to participate in the Plan if they are 21 years of age or older and have completed 6 months of consecutive service. The Plan also allows participants to enter the Plan on the first day of the plan year quarter coinciding with or next following date the employee meets eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Each year, participants may contribute a percent of annual compensation, as defined in the Plan, up to limits set by the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover). The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3 percent of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant.

Additional matching and/or profit-sharing amounts may be contributed at the option of the Company's management. For the year ended May 31, 2021 and the period from January 1, 2020 to May 31, 2020, the Company declared a contribution to the eligible employees of Blackhawk Corrugated, LLC in the amount of $1.50 per regular hour worked. Total of $132,922, net of $13,868 from forfeited non-vested accounts, was funded to the Plan in June 2021 for fiscal year ended May 31, 2021 and $67,188 was funded in June 2020 for the period from January 1, 2020 to May 31, 2020. Additionally, for the year ended May 31, 2021, the Company declared a contribution to the eligible employees of StandFast Group, LLC in the amount of $1.50 per regular hour worked. Total of $240,531 was funded to the Plan in July 2021. In order to participate in the company contribution, the employees were required to be employed on the last day of the plan year and have worked at least 1,000 hours during the plan year.

Participant accounts: Each participant's account is credited with the participant's contribution, Company matching contributions, if any, as well as allocations of the Company's profit-sharing contributions, if any, and Plan earnings/losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment options: Upon enrollment in the Plan, a participant may direct contributions in a variety of investment choices as more fully described in the Plan's literature. Participants may change their investment options at any time.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and profit-sharing contribution portions of their accounts is based on years of continuous service. A participant is 100 percent vested after 6 years of credited service. Participants who terminate employment due to death or disability are 100 percent vested in their account balances.

Note 1. Plan Description (continued)

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their account balance, whichever is less. The loan repayment period is not to exceed 5 years. The loans are secured by the balance in the participant's account. The loan interest rate is set at the prevailing interest rate. Principal and interest are paid ratably through payroll deductions. Loans bear a commercially reasonable rate of interest as determined by the plan administrator.

Payments of benefits: On termination of service due to death, disability, or retirement or other reasons, a participant may elect to receive a lump-sum equal to the value of the participant's vested interest in his or her account. In addition, in-service and hardship withdrawals are permitted in certain situations as described in the plan agreement.

Forfeited accounts: At May 31, 2021 and 2020, and December 31, 2019, forfeited non-vested accounts totaled $13,868, $1,089, and $659, respectively. These accounts will be used to reduce future Company contributions or to pay for plan expenses. No funds were used during the year ended May 31, 2021 or during the period from January 1, 2020 to May 31, 2020 from forfeited nonvested accounts.

Plan amendment: Effective April 2020, the Plan enacted the Coronavirus Aid, Relief, and Economic Security Act (C.A.R.E.S.) allowing Coronavirus Related Distributions, relief of Required Minimum Distributions, and additional loan provisions. The deadline to formally adopt the Plan for these provisions is December 31, 2022. The Plan has not yet been formally amended.

Note 2. Summary of Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared under the accrual method of accounting.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment valuation and income recognition: The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment custodians. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/(depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Excess contributions payable: Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the December 31, 2019 and May 31, 2020 excess contributions to the applicable participants prior to March 15, 2021 and August 15, 2021, respectively.

Payment of benefits: Benefits are recorded when paid.

Note 2. Summary of Accounting Policies (continued)

Expenses: Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation/(depreciation) in fair value of investments.

Note 3. Investments Certified or Provided by Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC

Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC (Great-West) the Plan's custodians, have reported and certified as to the completeness and accuracy of the investment information for purposes of preparing the financial statements and supplemental schedules related thereto. This information includes investments held and notes receivable from participants at May 31, 2021 and 2020 and December 31, 2019, and net appreciation/(depreciation) in fair value of investments, interest and dividends, and interest on notes receivable from participants for the year ended May 31, 2021 and the period January 1, 2020 to May 31, 2020. In accordance with the procedures stated in 29 CFR 2520.103-8 of the United States Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the ERISA, the audit of an independent public accountant need not extend to any statement or information prepared and certified by the custodians. The Plan Administrator, therefore has instructed the independent public accountants to exclude the information certified by the custodians from the scope of their audit.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to their fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Note 4. Fair Value Measurements (continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at May 31, 2021 and 2020 and December 31, 2019.

Shares of registered investment companies: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of May 31, 2021 and 2020 and December 31, 2019:

	May 31, 2021			
	Level 1	Level 2	Level 3	Total
Shares of registered investment companies	$ 3,809,522	$ -	$ -	$ 3,809,522

	May 31, 2020			
	Level 1	Level 2	Level 3	Total
Shares of registered investment companies	$ 2,670,863	$ -	$ -	$ 2,670,863

	December 31, 2019			
	Level 1	Level 2	Level 3	Total
Shares of registered investment companies	$ 2,552,934	$ -	$ -	$ 2,552,934

Note 5. Group Annuity Contract

The Plan has entered into a group annuity contract with Great-West Life & Annuity Insurance Company that invests contributions in the Key Guaranteed Portfolio Fund. The Key Guaranteed Portfolio Fund is a general account product. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The interest crediting rate is reset quarterly. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract meets the fully benefit-responsive investment contract criteria and is therefore reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount that would be received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest is based on a formula agreed upon with the issuer, but may not be less than 0%. Such interest rates are reviewed on a quarterly basis for resetting.

Note 5. Group Annuity Contract (continued)

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (a) amendments to the Plan Document (including complete or partial Plan termination or merger with another plan); (b) changes to the Plans' prohibition on competing investment options or deletion of equity wash provisions; (c) bankruptcy of the Plan Sponsor or other Plan Sponsor events that cause a significant withdrawal from the Plan; or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA.

The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

Note 6. Related-Party Transactions

Great-West is the custodian and trustee of the Plan, as defined by the Plan, and therefore transactions with Great-West qualify as party-in-interest.

The Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party-in-interest transactions.

Certain employees of the Company provide administrative services for the Plan and are not reimbursed for their services from the Plan.

Certain other administrative expenses are paid by the Company on behalf of the Plan. These amounts are not material to the financial statements.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

Note 8. Tax Status

The Plan has adopted a non-standardized prototype plan sponsored by Great-West Trust Company, LLC. The volume submitter plan has received an opinion letter from the IRS as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by the Plan. The Plan has been amended since the adoption date. The Plan Administrator believes that the Plan is designed and is currently operating in compliance with applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the U.S. federal, state, or local tax authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 10. Reconciliation of Financial Statements to Form 5500

Employees are eligible to participate in the Plan if they are 18 years of age or older and have completed 3 months of consecutive service. The Plan also allows participants to enter the Plan on the first day of the month coinciding with or next following date the employee meets eligibility requirements.

The Plan Administrator has evaluated subsequent events for potential recognition and/or disclosure through March 10, 2022, the date the financial statements were available to be issued.
