NEIGHBORHOOD FAMILY PRACTICE 403(b) PLAN

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED JUNE 30, 2021 AND 2020

1. Description of the Plan:

The following brief description of the Neighborhood Family Practice 403(b) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan, established July 1, 2004, and as amended August 1, 2013, is a defined contribution plan covering all employees of Neighborhood Health Care, Inc., dba Neighborhood Family Practice, (the Organization). Employees are eligible to contribute to the Plan upon hire. An auto-enroll feature of the Plan was added effective August 1, 2013. Eligible employees who become a participant on or after August 1, 2013 are automatically enrolled into the plan if an election is not made (including an election not to defer) and a 6% contribution is withheld each paycheck until the employee opts out or elects an alternative deferral amount. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

There were law and operational changes impacting plans due to the passing of the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act). The Plan adopted the loan deferral provision of the CARES Act that allowed participants to delay loan repayments due between March 27, 2020 and December 31, 2020. Any of the optional features from the recent law changes that are adopted by the Plan will require written amendments at a later date in accordance with applicable law and IRS guidance.

Contributions:

Participants may elect to contribute up to 100% of their compensation (which may not exceed annual dollar limits established by the Internal Revenue Service) into the Plan as pre-tax or post-tax (Roth deferrals). Participants who have attained age 50 before the end of the Plan year are eligible to make catch up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollover).

Employees are eligible to receive discretionary employer matching contributions if they are age 18 or older and have completed 6 months of service. The Organization may make discretionary employer matching contributions to participants' accounts as determined by the Organization's Board of Trustees. The discretionary employer matching contribution is based on a percentage of the participant contribution. The Organization matched 25% of participants' contributions, limited to the first 6% of the participant's compensation in 2021 and 2020. Employer discretionary matching contributions totaled \$125,322 in 2021 and \$114,086 in 2020.

Additionally, the Organization may make discretionary employer contributions. This contribution may be determined as a uniform percentage of compensation or as a uniform dollar amount. Employees are eligible to receive discretionary employer contributions if they are age 18 or older and have completed one year of service (defined as completing 1,000 hours of service in a calendar year). The Organization did not make any discretionary employer contributions during 2021 and 2020.

NEIGHBORHOOD FAMILY PRACTICE 403(b) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEARS ENDED JUNE 30, 2021 AND 2020

1. Description of the Plan (continued):

Participant accounts:

Separate accounts for each participant are maintained by Lincoln Financial Group Trust Company, Inc. and Lincoln National Life Insurance Company, the custodians of the Plan ("Lincoln"). Each account is credited with contributions and earnings from investments held in the account. Participants may direct their contributions, including the employer's portion, into a number of investment fund options. Participants may change their investment elections daily.

Vesting:

Participants are immediately vested in their contributions and the Organization's contribution portion of their accounts plus actual earnings thereon.

Payment of benefits:

Once participants attain age 59-1/2, they may elect to withdraw from their account, any amount not to exceed their vested portion. All accounts are subject to distribution upon the participant's termination, disability, retirement or death. Hardship withdrawals are not permitted.

On termination of service, participants may elect to receive a lump sum distribution equal to the vested value of their account balance, or in installments not to exceed the life of the participant.

Benefits are recorded when paid.

2. Summary of significant accounting policies:

Basis of accounting:

The financial statements of the Plan are prepared using the accrual basis of accounting.

Notes receivable from participants:

Participants may borrow from their fund account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the participant account balance. Note transactions are treated as transfers between investment funds and the participant note fund. Repayment of a note must be made over a period not to exceed five years, unless the note is used to purchase a principal residence, in which case the note is to be repaid over a period not to exceed twenty years. Notes are secured by the balance in the participant's account and bear interest at the prime rate plus 1%. Interest rates on the notes range from 4.25% to 6.50% at June 30, 2021 and 2020. Principal and interest are paid through payroll deductions and interest is included on the statements of changes in net assets available for benefits.

NEIGHBORHOOD FAMILY PRACTICE 403(b) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEARS ENDED JUNE 30, 2021 AND 2020

2. Summary of significant accounting policies (continued):

Notes receivable from participants (continued):

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are deducted from each participant account when they are incurred. No allowance for credit losses has been recorded as of June 30, 2021 and 2020. If a participant ceases to make note repayments and the plan administrator deems the participant note to be in default, the participant note balance is reduced and a benefit payment is recorded.

Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates and assumptions.

Investment valuation and income recognition:

The Plan's investments are reported at fair value, except for the guaranteed investment contracts, which are reported at contract value, as provided by Lincoln. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an ordinary transaction between market participants at the measurement date. The guaranteed investment contracts are the insurance company's guarantee backed by the underwriting insurance company's general asset account. The Organization determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians. See Note 4 for discussion of fair value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Plan expenses:

Certain expenses of maintaining the Plan are paid directly by the Organization and are excluded from these financial statements. Investment related expenses are included in net appreciation in value of investments on the statements of changes in net assets available for benefits. These transactions qualify as party-in-interest transactions.

NEIGHBORHOOD FAMILY PRACTICE 403(b) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEARS ENDED JUNE 30, 2021 AND 2020

2. Summary of significant accounting policies (continued):

Recently adopted accounting pronouncement:

In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2018-13, *Changes to the Disclosure Requirements for Fair Value Measurements*. This ASU is intended to improve the effectiveness of disclosures in the notes to the financial statements and modify the disclosure requirements on fair value measurements in Accounting Standards Codification Topic 820, *Fair Value Measurements*. This ASU is effective for fiscal years beginning after December 15, 2019, with early adoption permitted. The Plan adopted the provisions of this ASU for the year ended June 30, 2021, with no significant impact on the financial statements.

3. Investments:

The following table represents the current value of investments at June 30, 2021 and 2020. All investments of the Plan were participant-directed at June 30, 2021 and 2020.

	<u>2021</u>	<u>2020</u>
Pooled separate accounts (at fair value)	\$ 7,163,021	\$ 4,712,185
Guaranteed investment contracts (at contract value)	<u>931,034</u>	<u>1,032,776</u>
	<u>\$ 8,094,055</u>	<u>\$ 5,744,961</u>

4. Fair value:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NEIGHBORHOOD FAMILY PRACTICE 403(b) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEARS ENDED JUNE 30, 2021 AND 2020

4. Fair value (continued):

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at June 30, 2021 and 2020.

For pooled separate accounts, fair value is based on the net asset value at which the mutual shares are actively traded at the end of the Plan year.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30, 2021 and 2020:

	Level 2	
	2021	2020
Pooled separate accounts	\$ 7,163,021	\$ 4,712,185

5. Investment contracts with insurance company:

The Plan has fully benefit-responsive investment contracts with Lincoln. Lincoln maintains the contributions in general accounts. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed by the Plan.

Because the contracts are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the contracts.

Contract value, as reported to the Plan by Lincoln, represents contributions made under the contracts, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The following table presents the contract value of the guaranteed investment contracts at June 30, 2021 and 2020:

	2021	2020
Stable Value Account	\$ 929,729	\$ 1,031,486
General Account	1,305	1,290
	<u>\$ 931,034</u>	<u>\$ 1,032,776</u>

NEIGHBORHOOD FAMILY PRACTICE 403(b) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEARS ENDED JUNE 30, 2021 AND 2020

5. Investment contracts with insurance company (continued):

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rates are based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the Plan's ability to transact at contract value with Lincoln. Such events include the following: (a) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of plan sponsor events (for example, divestures or spin-offs of a subsidiary) that cause a significant withdraw from the Plan or (d) the failure of the trust to qualify for exemption from Federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with the Plan's participants, is probable.

The contracts do not permit Lincoln to terminate the agreements prior to the scheduled maturity date.

	<u>2021</u>	<u>2020</u>
Average yields:		
Based on actual earnings	2.05%	2.34%
Based on interest rate credited to participants	2.05%	2.34%

6. Administrative and investment expenses:

Certain administrative functions are performed by employees of the Organization. No such employee, nor the Organization, receives compensation from the Plan for these functions. These transactions qualify as party-in-interest transactions.

7. Party-in-interest transactions:

Certain Plan investments are managed directly by the custodians. In addition to the investments managed directly by the custodians, the Plan has other investments with the custodians representing pooled separate accounts that are the insurance company's assets with the Plan maintaining rights to assets underlying the separate accounts. Lincoln is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. The Plan issues notes to participants, which are secured by the vested balance in the participant's account and also qualify as party-in-interest transactions.

8. Information certified by custodians:

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedules, including investments and notes receivable from participants held at June 30, 2021 and 2020, net appreciation in value of investments, interest and dividends, and interest earned on notes receivable from participants for the years ended June 30, 2021 and 2020, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Lincoln Financial Group Trust Company, Inc. and Lincoln National Life Insurance Company (the custodians of the Plan).

NEIGHBORHOOD FAMILY PRACTICE 403(b) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEARS ENDED JUNE 30, 2021 AND 2020

9. Income tax status:

On March 31, 2017, the IRS stated that the volume submitter plan adopted by the Plan, as then designed, qualifies under the appropriate section of the Internal Revenue Code (the Code). The Plan has not received a determination letter specific to the Plan itself. The Plan has been amended since receiving the opinion on the volume submitter plan; however, the plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS and the Department of Labor. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

10. Plan termination:

The Organization expects to continue the Plan but reserves the right at any time within its sole discretion to reduce, suspend or discontinue contributions to the Plan or to terminate the Plan. However, no such action may deprive any participant or beneficiary under the Plan of any vested right.

11. Risks and uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

As a result of the COVID-19 pandemic, economic uncertainties have arisen which have resulted in significant volatility in the investment markets. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time. No adjustments have been made to these financial statements as a result of this uncertainty.

12. Subsequent events:

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through March 16, 2022, the date the Plan's financial statements were available to be issued.
