NOTE 1 - PLAN DESCRIPTION

The following description of the "T" McGee Electric, Inc. Employees' 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General: The Plan is a qualified retirement plan under Internal Revenue Code Section 401(k), and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Employees are eligible to participate when they have completed one year of service and are 18 years of age or older. "T" McGee Electric, Inc. (the "Employer") is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

2. Employee Contributions: Each participant may elect to have a portion of his or her total gross compensation withheld, up to a maximum of $19,500 in 2021. As of June 30, 2021, individuals age 50 or over, by the end of the plan year, are allowed to make an additional $6,500 contribution for the 2021 plan year. For plan years beginning after July 1, 2016, participants may contribute up to 100% of his or her total gross compensation subject to the maximum deferral allowed by IRS regulation.

3. Employer Contributions: The Employer may make a discretionary matching contribution equal to a uniform percentage of the participant's salary deferrals. The Employer may also make a discretionary profit sharing contribution allocated based on a percentage of a participant's compensation divided by total compensation of all participants eligible to share. Participants are eligible for profit sharing contributions if they are employed on the last day of the plan year. There were no employer contributions for the year ended June 30, 2021.

4. Participant Accounts: Each participant's account is credited with the participant's contributions, rollovers, allocation of Plan earnings or losses, and allocation of administrative expenses. Plan earnings on investments are allocated based on participant account balances, as defined. A Participant is entitled to the benefit that can be provided from their vested account.

5. Investment Options: Upon enrollment in the Plan, a Participant may direct participant and Employer contributions as desired, in any of a variety of options offered by Massachusetts Mutual Life Insurance Company ("Mass Mutual"), the trustee, as provided by the Employer. Participants may change their investment options at any times.

6. Vesting: Participant contributions and rollovers are fully vested at all times. Vesting in the Employer matching and profit sharing contributions are defined in the Plan agreement as follows:

Years of Service	Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

NOTE 1 - PLAN DESCRIPTION (Continued)

7. Notes Receivable from Participants: Loans to participants are secured by the participant's account. The minimum loan amount is $1,000 and may not exceed the lesser of 50% of the participant's account balance or $50,000 in the aggregate for any individual participant. Loan maturity is not to exceed five years, except in cases where loans are used to acquire or construct a participant's principal residence. In some cases, these loans may be extended up to a term of 20 years. Participants may have a maximum of one Plan loan outstanding at any one time. All loans bear interest at annual rates varying with the prime rate of the trustee on the date the loan is processed, currently prime (3.25% as of June 30, 2021) plus 1%. At June 30, 2021, the rates of the loans outstanding ranged between 4.50% and 6.00%.

8. Payment of Benefits: The purpose of the Plan is to fund participants' retirement income at the normal retirement age. At normal retirement age or in the event of a disability or death, the participant's account may be distributed in a lump sum distribution. Required minimum distributions must commence by age 72. At retirement, disability, or death, participants become 100% vested in all their accounts under the Plan. For termination of services for other reasons, participants may receive the value of the vested interest in their account as defined by the Plan.

9. Forfeitures: Forfeitures of terminated participants' non-vested accounts may first be used to pay any administrative expenses. Any remaining forfeitures attributable to amounts other than Employer matching contributions will be added to any Employer discretionary contributions. Any remaining forfeitures attributable to matching contributions will be used to reduce any Employer matching contributions. Outstanding forfeitures at June 30, 2021 and 2020 were not material.

10. Plan Termination: Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Any unallocated assets of the Plan should be allocated to participant accounts and distributed in such a manner as the Employer may determine.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The financial statements of the Plan are prepared on the accrual basis of accounting. Investments held by a defined contribution plan are required to be reported at fair value.

Use of Estimates
The preparation of financial statements in accordance with the accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition
Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of June 30, 2021 and 2020, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, which is considered a good faith approximation of fair value.

Payment of Benefits
Benefits are recorded when paid.

Expenses
Certain expenses of maintaining the Plan are paid by the Employer and are therefore excluded from these financial statements. Investment related expenses are included in net appreciation in fair value of investments. Administrative expenses incurred by the trustee and other service providers in performance of their duties are paid from the assets of the Plan. Fees related to the administration of notes receivable from participants and other participant specific fees are charged directly the participant's account and are included in administrative expenses.

Reclassification
Certain reclassifications have been made to the prior year financial statements in order for them to be in conformity with the current year presentation.

Date of Management's Review of Subsequent Events
Subsequent events were evaluated through April 12, 2022, which was the date the financial statements were available to be issued.

NOTE 3 – INVESTMENTS AND CERTIFICATION OF TRUSTEE

The trustee, Mass Mutual, has been granted discretionary authority to invest and reinvest the assets of the trust, subject to the investment discretion of the individual participants over the participant contributions.

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103.-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors' not to perform any auditing procedures with respect to the information certified by Mass Mutual, the trustee of the Plan, as complete and accurate, except for comparing such information certified by the trustee to information included in the Plan' financial statements and supplemental schedule.

Total investments and participants loans held and certified by Mass Mutual, the trustee, in the accompanying Statements of Net Assets Available for Benefits were $5,439,294 and $5,523,786 as of June 30, 2021 and 2020, respectively.

Investment income and interest on participant loans, net of expenses, from participants was $1,212,997 for the year ended June 30, 2021, and was certified by Mass Mutual.

NOTE 4 - FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy consists of three broad levels:

Level 1 Inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority.

Level 2 Inputs consist of observable inputs other than quoted prices for identical assets (Level 1).

Level 3 Inputs are unobservable and have the lowest priority.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available.

The following is a description of the valuation methodologies used for assets measured at fair value:

Level 1 Fair Value Measurements
Mutual funds: Valued based on quoted net asset values (NAV) of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the Securities and Exchange Commission. The mutual funds held by the Plan are considered to be actively traded.

The preceding method described may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

In determining the reasonableness of these methodologies, the plan's management evaluates a variety of factors including economic conditions and industry and market developments. There have been no changes in the methodologies used at June 30, 2021 and 2020.

The following table set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of June 30, 2021 and 2020:

Assets at Fair Value as of June 30, 2021

	Level 1	Level 2	Level 3	Total
Assets in the fair value hierarchy:				
Mutual funds	2,878,753	-	-	2,878,753
Investments, at fair value	$ 2,878,753	$ -	$ -	$ 2,878,753

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

Assets at Fair Value as of June 30, 2020

	Level 1	Level 2	Level 3	Total
Assets in the fair value hierarchy:				
Mutual funds	2,945,494	-	-	2,945,494
Investments, at fair value	$ 2,945,494	$ -	$ -	$ 2,945,494

NOTE 5 – PARTICIPANT LOANS

Participant loans are recorded at their unpaid balance plus any accrued but unpaid interest. Management believes this approximates fair value. Interest income on participant loans is recorded when it is earned and related fees are recorded as administrative expenses and expensed when incurred. Participant loan balances as of June 30, 2021 and 2020 were $3,862 and $17,513, respectively.

NOTE 6 – GROUP ANNUITY CONTRACTS

The Plan has a fully benefit responsive group fixed annuity contract, the Stable Value Fixed Account ("Fixed Account"), with Talcott Resolution Life Insurance Company ("Talcott"), formerly known as, Hartford Life Insurance Company for the years ended June 30, 2021 and 2020 totaling $2,556,679 and $2,560,779, respectively. The contract provides for a guarantee of principal and credited interest with respect to the Plan's contract value in the Fixed Account. Contributions to the Fixed Account are credited with a guaranteed rate of interest that is declared in advance. The declared guaranteed rate of interest as of the end of the Plan year June 30, 2021 was 3.40%. Talcott may change the rate of interest from time to time, subject to a guaranteed minimum rate of interest for the life of the contract. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

NOTE 7 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Plan investments are managed by Mass Mutual. Mass Mutual is the trustee, plan administrator and recordkeeper for the Plan and therefore, these transactions qualify as party-in-interest transactions. For the year ended June 30, 2021, administrative expenses paid by the Plan to Mass Mutual for recordkeeping services were $32,854. Plan investments also include group annuity contracts managed by Talcott, which also qualifies as party-in-interest transactions (see Note 6).

Fees incurred by the Plan for investment management services are included in net appreciation in fair value of investments. The Plan also made direct payments to service providers.

Notes receivable from participants and the related interest income are also considered party-in-interest transactions.

Certain administrative functions are performed by officers and employees of the Company. No officer or employee received compensation from the Plan for these services.

NOTE 8 - TAX STATUS

The Internal Revenue Service has determined and informed the Plan by a letter dated March 31, 2014 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2017.

NOTE 9 - RISKS AND UNCERTAINTIES

Plan investments are subject to market fluctuations and interest rate changes that may materially affect their fair value. Certain investment options could include contracts with insurance companies and other financial institutions. These contracts could impose a contract penalty on withdrawals or exchanges from the fund caused by extraordinary events.

The Plan invests, through mutual funds in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments.

COVID-19

In March 2020, the World Health Organization declared the outbreak of the novel coronavirus (COVID-19) has affected global economic activity and contributed to uncertainty in financial markets. Because values of the Plan's investments will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, is also uncertain.

On March 27, 2020, the "Coronavirus Aid, Relief, and Economic Security (CARES) Act" was signed into law. The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to plan participants under the CARES Act and has implemented all required provisions.
