URBAN COMMUNITY SCHOOL 401(K) PLAN

Notes to Financial Statements

June 30, 2021 and 2020 and Year Ended June 30, 2021

NOTE A - DESCRIPTION OF PLAN

The following description of the Urban Community School 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering employees of Urban Community School (the Company, Plan Administrator, and Plan Sponsor) who have attained the age of 21 and who are not covered under a collective bargaining agreement. Eligible employees may participate in the Plan beginning on the first day of the calendar month following or coincident month following hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Effective January 1, 2020, the Plan was amended to allow for a short Plan year for the period, from January 1, 2020 to June 30, 2020. Subsequent to June 30, 2020, the Plan's fiscal year will be from July 1 to June 30 of the following year.

The Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act) passed in December 2019 and delayed the commencement date for required minimum distributions. A written amendment to the Plan to reflect this operational change was effective April 1, 2020 in accordance with applicable laws and Internal Revenue Service (IRS) guidance.

The Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) passed in March 2020 and allowed certain eligible participants to receive coronavirus-related distributions, increased loan limits, and suspended required minimum distributions. The Plan opted to permit these legislative changes. Effective April 1, 2020, the Plan was amended to permit these coronavirus related distributions and loans.

Contributions

Participants may elect to defer up to 100% of their compensation as defined by the Plan on either a pre-tax or after-tax basis. The Plan also provides for catch-up contributions for participants who reach the age of 50 by the end of the Plan year. Effective July 1, 2020, the Plan was amended to include non-elective safe harbor contributions at an amount not less than 3% of a participant's compensation. In addition, the Company may make additional discretionary qualified non-elective contributions. The Plan provides for a discretionary employer matching contributions, not to exceed 6% of compensation. For the year ended June 30, 2021, discretionary employer matching contributions were 1.5% of eligible compensation for participants who contributed elective deferrals to the Plan during the year. The Plan also provides for discretionary employer profit sharing contributions. There were no additional discretionary qualified non-elective contributions for the year ended June 30, 2021. For the year ended June 30, 2021, the discretionary employer profit sharing contribution was 4.6% of eligible compensation. The Plan provides for the acceptance of rollover contributions from other plans qualified under the Internal Revenue Code (the Code). Participants direct the investment of their contributions into various options offered by the Plan. Contributions are subject to certain IRS limitations.

Notes to Financial Statements

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

Participant Accounts

Each participant's account is credited with the participant's contributions, discretionary employer profit sharing contributions, qualified non-elective safe harbor contributions, additional qualified non-elective contributions, as well as an allocation of the Company's discretionary employer matching contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based upon participant account earnings, compensation, specific participant transactions, or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their deferral and rollover contributions, qualified non-elective contributions, and safe harbor non-elective contributions, plus actual earnings thereon. Vesting in discretionary employer matching and discretionary profit sharing contributions plus actual earnings thereon is based on years of vesting service at 20% per year of credited service. A participant is 100% vested upon completion of six years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balances subject to certain Department of Labor and IRS requirements. Notes receivable terms range from 1 - 5 years or longer for the purchase of a primary residence. Notes receivable are secured by the balance in the participants' accounts and bear interest at the prime rate plus 1.00%. Principal and interest are paid ratably through bi-weekly payroll deductions.

Payment of Benefits

Upon termination of service, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, subject to Plan provisions. If the value of the vested benefits credited to the participant's account is \$1,000 or less at the time of termination, the entire amount will be distributed to a participant without the participant's consent. Effective April 1, 2020, participants may request coronavirus-related hardship distributions from the Plan.

Forfeited Accounts

Forfeitures are used to reduce administrative expenses or discretionary employer contributions. Unallocated forfeiture balances as of June 30, 2021 and 2020 was \$1,181 and \$-0-, respectively. Forfeitures of \$1,023 were used during the year ended June 30, 2021 to reduce employer contributions.

Unallocated Assets

The Plan holds assets in an unallocated account. Funds in the account are used at the discretion of the Plan Sponsor. Unallocated assets were \$20,057 and \$-0- at June 30, 2021 and 2020, respectively.

Notes to Financial Statements

June 30, 2021 and 2020 and Year Ended June 30, 2021

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Investment Valuation

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the custodian. See Note D for discussion of fair value measurements.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of June 30, 2021 and 2020. If a participant ceases to make repayments on a note receivable and the Plan Administrator deems the note receivable to be uncollectible, the balance on the note receivable from the participant is reclassified to benefits paid to participants.

Investment Income Recognition

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions

Participant and employer contributions are recorded and credited to each participant's account when received by the custodian from the Company. Any contributions attributable to the Plan year but not received by the custodian by the last day of the Plan year are recorded as a receivable.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefits paid to participants are charged directly to the participants' accounts and are included in administrative expenses. Investment related expenses are included in net depreciation in fair value of investments on the accompanying statement of changes in net assets available for benefits.

URBAN COMMUNITY SCHOOL 401(K) PLAN

Notes to Financial Statements

June 30, 2021 and 2020 and Year Ended June 30, 2021

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Income Taxes

The Company adopted a volume submitter profit sharing plan with a cash or deferred arrangement which received an opinion letter from the IRS dated March 31, 2014 stating that the Plan was designed in accordance with applicable sections of the Code. Although the Plan has been amended since receiving the opinion letter, the Plan Sponsor believes that the Plan is currently being operated in compliance with the applicable requirements of the Code and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Sponsor has analyzed the tax positions taken by the Plan, and has concluded that as of June 30, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Subsequent Events

The Plan has evaluated subsequent events through April 14, 2022, the date which the financial statements were available to be issued.

NOTE C - CERTIFICATION

Investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held at June 30, 2021 and 2020, and net appreciation in the fair value of investments and interest income for the year ended June 30, 2021 were obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by the custodian.

URBAN COMMUNITY SCHOOL 401(K) PLAN

Notes to Financial Statements

June 30, 2021 and 2020 and Year Ended June 30, 2021

NOTE D - FAIR VALUE MEASUREMENTS

The three levels of the fair value hierarchy, which are based upon the inputs used to measure fair value, are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices in active markets that are accessible at the measurement date for identical unrestricted assets or liabilities (for example, exchange quoted prices).

Level 2 - Inputs to the valuation methodology are observable inputs, other than Level 1 prices, such as quoted prices for similar assets or liabilities in active markets, quoted prices in markets that are not sufficiently active to qualify as Level 1, other observable inputs, or inputs that can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Inputs to the valuation methodology are significant to the fair value measurement and unobservable (for example, supported by little or no market activity).

Financial assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels.

The Plan's investments accounted for at fair value as of June 30, 2021 are summarized below:

	<u>Level 1</u>	<u>Level 3</u>	<u>Total</u>
Money market fund	\$ 21,239		\$ 21,239
Guaranteed investment contract		\$ 38,399	38,399
Total investments in the fair value hierarchy	<u>\$ 21,239</u>	<u>\$ 38,399</u>	59,638
Investments measured at net asset value			<u>2,554,014</u>
Total investments at fair value			<u>\$ 2,613,652</u>

URBAN COMMUNITY SCHOOL 401(K) PLAN

Notes to Financial Statements

June 30, 2021 and 2020 and Year Ended June 30, 2021

NOTE D - FAIR VALUE MEASUREMENTS (CONTINUED)

The Plan's investments accounted for at fair value as of June 30, 2020 are summarized below:

	<u>Level 3</u>	<u>Total</u>
Guaranteed investment contract	<u>\$ 25,912</u>	<u>\$ 25,912</u>
Total investments in the fair value hierarchy	<u>\$ 25,912</u>	25,912
Investments measured at net asset value		<u>1,473,349</u>
Total investments at fair value		<u>\$ 1,499,261</u>

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at June 30, 2021 and 2020.

Money market fund is valued at the net asset value of shares held by the Plan at year end, as reported on the active market in which the investment is traded.

Pooled separate accounts and the collective investment trust (see Notes E and F) are valued at the net asset values of shares held by the Plan at year end. The net asset values, as provided by the custodian, are used as a practical expedient to estimate fair values. The net asset values are based on quoted market prices of the underlying investments, net of insurance company fees and expenses less their liabilities. This practical expedient is not used when it is determined to be probable that the accounts will sell the investments for amounts different than the reported net asset values.

The guaranteed investment contract (see Note G) is valued at market value which approximates fair value based on a market value formula. The market value is derived considering such factors as the weighted average of certain Barclays fixed income indices and the valuation date of the surrender of the contract. Quantitative information about significant unobservable inputs is not readily available. Because the participants transact at contract value, fair value is determined annually for financial statement reporting purposes only.

The methods described above may produce fair value calculations that may not be indicative of net realizable values or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair values of certain financial instruments could result in different fair value measurements as of the reporting date.

URBAN COMMUNITY SCHOOL 401(K) PLAN

Notes to Financial Statements

June 30, 2021 and 2020 and Year Ended June 30, 2021

NOTE D - FAIR VALUE MEASUREMENTS (CONTINUED)

The table below sets forth a summary of changes in fair value of the Plan's level 3 asset for the year ended June 30, 2021:

	Guaranteed Investment Contract
Fair value, beginning of year	\$ 25,912
Purchases	15,097
Sales	(2,764)
Unrealized gains	154
Fair value, end of year	\$ 38,399

NOTE E - POOLED SEPARATE ACCOUNTS

The Plan has investments in Voya Retirement Insurance and Annuity Company's (VRIAC) pooled separate accounts. As of June 30, 2021 and 2020, the fair value of pooled separate accounts was \$2,261,178 and \$1,281,729, respectively. There are no restrictions on transfers or withdrawals from these accounts. The investment strategies of pooled separate accounts with a balance in excess of 5% of net assets available for benefits as of June 30, 2021 are as follows:

American Funds New Perspective Fund - Class R-6 seeks long-term growth of capital with future income as a secondary objective by investing in common stocks of companies located around the world.

American Funds Washington Mutual Investors FundSM - Class R-6 seeks to produce income and to provide an opportunity for growth of principal consistent with sound common stock investing.

Voya Index Solution 2025, 2035, 2040, and 2045 Portfolio - Class Z seek to provide total returns consistent with asset allocations targeted at retirement by investing at least 80% of their net assets in a combination of underlying funds which are passively managed index funds.

URBAN COMMUNITY SCHOOL 401(K) PLAN

Notes to Financial Statements

June 30, 2021 and 2020 and Year Ended June 30, 2021

NOTE F - COLLECTIVE INVESTMENT TRUST

The Plan has an investment in a VRIAC collective investment trust. As of June 30, 2021 and 2020 the fair value of the collective investment trust was \$292,836 and \$191,620, respectively. There are no restrictions on transfers or withdrawals from this account. The investment strategy of the collective investment trust is as follows:

Voya Large Cap Growth Fund - Class 8 is an actively managed fund that relies on fundamental research and analysis to identify companies with strong and accelerating business momentum, increasing market recognition, and attractive valuations to outperform the Russell 1000 Growth Index before management fees over full market cycles.

NOTE G - GUARANTEED INVESTMENT CONTRACT

The Plan has a traditional guaranteed investment contract with VRIAC with a fair value of \$38,399 and \$25,912 at June 30, 2021 and 2020, respectively. Contributions from the Plan are maintained in VRIAC's general account. Under the contract, the Plan owns a promise by the issuer to repay the principal and to pay interest at crediting rates which are announced in advance and declared on an annual basis. All benefit payments prior to contract liquidation are made at contract value; however, the contracts restricts participant-directed transfers from the contract based on a percentage determined by Voya at that point in time which will not be less than 10% of the current value held in the fixed account as of January 1 of the calendar year. Contract value represents deposits made to the contracts, plus earnings at crediting rates, less withdrawals and fees. The crediting rate is based on a formula established by the contract issuer but may not be less than 1% percent. The crediting rate is reviewed on an annual basis for resetting. If the Plan Sponsor terminates the contract, a market value adjustment may apply. At June 30, 2021 and 2020, the market value adjustment that would have been applied to the contract value if the contract were terminated as of that date was an increase of \$1,529 and \$1,375, respectively.

Contract value is the relevant measure for fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan's investment contract with VRIAC is not considered to be fully benefit-responsive due to the restrictions on fund transfers and therefore the investment is included in the statement of net assets available for benefits at fair value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations to the Plan may be affected by future economic and regulatory development.

Notes to Financial Statements

June 30, 2021 and 2020 and Year Ended June 30, 2021

NOTE I - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participants shall receive a full distribution of the balances in their respective accounts.

NOTE J - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE K - TRANSACTIONS WITH PARTIES-IN-INTEREST

Parties-in-interest transactions include the investment in the funds of VRIAC, and related dividend income, interest, and the payment of administrative expenses by the Plan. Such transactions are exempt from being prohibited transactions.

VRIAC provides certain administrative services to the Plan. VRIAC receives revenue for these services at crediting rates per investment ranging from 0.89% to 1.94% of the funds' balance. These fees reduce the rate of return credited to the Plan for these investments and are netted within net depreciation in fair value of investments on the statement of changes in net assets available for benefits.
