Orbit International Corp. Savings Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Orbit International Corp. Savings Plan (the "Plan"), which comprise the statements of net assets available for benefits as of June 30, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended June 30, 2021, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL's") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Bank of America, N.A., the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of June 30, 2021 and 2020 and for the year ended June 30, 2021, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter - Supplemental Schedule

The supplemental Schedule of Assets (Held at End of Year) (Schedule H, Line 4i) as of June 30, 2021 is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL's Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1 - Description of the Plan

The following brief description of Orbit International Corp. ("Orbit") Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more comprehensive description of the Plan's provisions.

General

Effective December 1, 1985, the Plan was established to provide deferred retirement and savings benefits to employees of Orbit and certain wholly-owned subsidiaries. The Plan has been subsequently amended to include the employees of certain acquired entities. Orbit and all acquired entities are collectively referred to as the "Company." The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility

All employees of the Company are eligible to participate in the Plan, except temporary and leased employees, nonresident aliens who receive no earned income from sources within the United States, employees of an affiliate that is not a participating employer and employees covered by a collective bargaining agreement.

As of June 1, 2003, an employee will become eligible to participate in the Plan upon attaining age 20 1/2 and completing three months of continuous service. On January 24, 2020, the Plan was retroactively amended to change the service requirement for the period starting July 1, 2016. Subsequent to July 1, 2016, an employee will become eligibility to participate in the Plan upon attaining age 20 1/2 with no requisite service period.

Contributions

Each year, participants may contribute up to 100% of pre-tax annual compensation, as defined in the Plan, subject to certain Internal Revenue Code ("IRC") limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined-benefit or contribution plans. The Company contributes 50% of the percentage of base compensation that a participant contributes to the Plan up to a maximum of 2%. Additional amounts may be contributed at the option of the Company. There was no discretionary contribution by the Company for the year ended June 30, 2021.

Participants' investment options

Participants may direct their contributions into a selection of mutual funds determined by Merrill Lynch Pierce, Fenner and Smith Incorporated ("Merrill Lynch"), the Plan's fiduciary advisor, and by the Plan's Investment Committee. Merrill Lynch recommends mutual funds for selection and groups such funds into various "lifestyle portfolios" that are also eligible for selection by the participants. In addition, participants are also given the option of (i) placing a portion or all of their assets into a self-directed account whereby the participant is responsible for all investment decisions or (ii) investing in a common collective trust.

Participants are provided with a report each quarter from the investment manager disclosing the performance of the various fund categories. Additionally, participants may change their contribution percentage to the Plan quarterly (i.e., January 1, April 1, July 1 and October 1).

Participant accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit sharing contribution and Plan earnings.

Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting
Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution plus actual earnings thereon is based on years of continuous service and vests 20% and 100% upon completion of two and three years, respectively.

Notes receivable from participants
Participants may borrow from their fund accounts a minimum of $1,000, up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate is determined by the Plan administrator at a rate commensurate with local prevailing rates, as defined. Principal and interest are paid ratably through payroll deductions.

Payment of benefits
Upon termination of service due to death, disability, attaining the age of 59 1/2 or retirement, participants or their designated beneficiary, as applicable, may, in accordance with the Plan provisions, elect to receive their participating vested interest in a lump sum or the form of an annuity.

Pursuant to the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act"), which the Plan adopted on April 16, 2020, participants who were currently receiving required minimum distributions were offered the option to waive their 2020 payment, and participants who were due to receive the first required distribution in 2020 had their distribution automatically waived. The ability to request special waivers with respect to required minimum distributions under the CARES Act ceased as of December 31, 2020.

The Plan also permits participants to request up to $100,000 in coronavirus-related distributions, with repayment terms of up to three years, in accordance with the CARES Act. The ability to request coronavirus-related distributions under the CARES Act ceased as of December 31, 2020.

Forfeitures
Forfeited balances of terminated participants' nonvested accounts are used to reduce future Company contributions. There were $7,341 and $8,306 in forfeitures at June 30, 2021 and 2020, respectively. For the year ended June 30, 2021, the Company utilized $2,349 of forfeitures to offset Company contributions in accordance with the Plan provisions.

Plan termination
Although it has not expressed any intent to do so, the Company reserves the right to amend or terminate the Plan subject to the provisions set forth in ERISA. Upon termination of the Plan, all assets of the Plan vest and become distributable to the participants.

Note 2 - Summary of significant accounting policies

Basis of accounting
The Plan's financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Payment of benefits
Benefits are recorded when paid.

Use of estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of additions and deductions during the reported period. Actual results could differ from those estimates.

Investment valuation and income recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment adviser and trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of June 30, 2021 or 2020. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Administrative expenses
Certain expenses of administrating the Plan are paid directly by the Plan. Management fees and operating expenses charged to the Plan for investments in the mutual funds and common collective trusts are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments. Beginning January 1, 2018, Merrill Lynch modified how its expenses are charged to the Plan. Merrill Lynch now charges the Plan directly for fiduciary, education, and administrative expenses. These expenses were offset by revenue earned from certain mutual funds in the Plan. During the year ended June 30, 2021, the excess of revenue over expenses from Merrill Lynch was $24,134, which is included in revenue earned, net of administrative expenses on the statement of changes in net assets available for benefits. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. The aggregate amount of administrative expenses was a net benefit of $6,985 for the year ended June 30, 2021.

The mutual fund revenue sharing, net receivable, of $8,415 at June 30, 2021 relates to the excess of Plan revenue from certain mutual funds over Plan expenses for the period April 1, 2021 through June 30, 2021. This amount was paid to the Plan in July 2021.

Subsequent events
The Plan has evaluated subsequent events through April 14, 2022, the date the financial statements were available to be issued.

Note 3 - Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820, *Fair Value Measurements*, are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

In determining fair value, the Plan utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs to the extent possible as well as considers counterparty credit risk in its assessment of fair value.

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds: Valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed accounts: Common stocks, which are held through the Plan's self-directed account, are valued at the closing price reported on the active market on which the individual securities are traded.

Common collective trust fund: Valued at the NAV of units of a bank collective trust. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require one day's notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30, 2021 and 2020. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	Assets at fair value at June 30, 2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 14,133,251	$ -	$ -	$ 14,133,251
Self-directed accounts	210,901	-	-	210,901
Total assets in the fair value hierarchy	14,344,152	-	-	14,344,152
Common collective trust fund [(a)]	-	-	-	2,805,206
Total investments at fair value	$ 14,344,152	$ -	$ -	$ 17,149,358

	Assets at fair value at June 30, 2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 12,404,342	$ -	$ -	$ 12,404,342
Self-directed accounts	144,920	-	-	144,920
Total assets in the fair value hierarchy	12,549,262	-	-	12,549,262
Common collective trust fund [(a)]	-	-	-	2,251,238
Total investments at fair value	$ 12,549,262	$ -	$ -	$ 14,800,500

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

There have been no changes in the methodologies used at June 30, 2021 and 2020 nor any transfers between levels.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4 - Fair value of investments in entities that use NAV

The following tables present the Plan's investments with a reported NAV at June 30, 2021 and 2020:

June 30, 2021	Fair value	Unfunded commitment	Redemption frequency (if currently eligible)	Redemption notice period
Common collective trust Invesco Stable Value Retirement Fund	$ 2,805,206	None	Daily	1 Day

June 30, 2020	Fair value	Unfunded commitment	Redemption frequency (if currently eligible)	Redemption notice period
Common collective trust Invesco Stable Value Retirement Fund	$ 2,251,238	None	Daily	1 Day

Note 5 - Certified investments

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL's") Rules and Regulations for Reporting and Disclosure under ERISA. Investments and notes receivable from participants held at June 30, 2021 and 2020, and investment income and interest income on notes receivable from participants for the year ended June 30, 2021, that are disclosed in the accompanying financial statements and supplemental Schedule of Assets (Held at End of Year), were obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Bank of America, N.A., the trustee of the Plan.

Note 6 - Related party transactions and party-in-interest transactions

Certain trustees of the Plan are also employees of the Company and may be participants in the Plan. They do not receive any fees associated with being trustees to the Plan. Also, certain administrative functions are performed by the officers and employees of the Company (who may also be participants in the Plan) at no cost to the Plan.

Through the Plan's self-directed accounts, certain participants purchased shares of Orbit's common stock. The total number of shares held as of June 30, 2021 and 2020 was 6,538.

The Plan allows participants to take loans against their account balances, which are also considered exempt party-in-interest transactions.

Note 7 - Plan tax status

The prototype plan document, which the Plan has adopted via a nonstandardized adoption agreement, obtained its latest opinion letter on March 31, 2014 in which the Internal Revenue Service stated that the prototype plan and related trust are designed in accordance with applicable sections of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan has no such tax liabilities accrued. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 - Risks and uncertainties

The Plan's assets are invested in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

COVID-19
In early 2020, an outbreak of a novel strain of coronavirus ("COVID-19") emerged globally. As a result, events have occurred including mandates from federal, state and local authorities leading to an overall decline in economic activity. These events could have a negative impact on the Company's financial position and ultimately the Plan. The Company is not able to reliably estimate the length or severity of this outbreak and the related potential financial impact on the Plan as the future financial effect of the COVID-19 pandemic is uncertain. However, management plans to adjust its operations accordingly and will continue to monitor and assess the situation as it evolves.

Note 9 - Reconciliation of financial statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at June 30, 2021 and 2020 to Form 5500:

	2021	2020
Net assets available for benefits per the financial statements	$ 17,218,766	$ 14,861,601
Plus: difference between the valuation of certain investments in the financial statements and Form 5500	86,680	101,531
Net assets available for benefits per Form 5500	$ 17,305,446	$ 14,963,132

The following is a reconciliation of net increase in net assets per the financial statements for the year ended June 30, 2021 to Form 5500:

Increase in net assets per the financial statements	$ 2,357,165
Adjustment for change in the difference between the valuation of certain investments in the financial statements and Form 5500	(14,851)
Net increase in net assets per Form 5500	$ 2,342,314
