Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Mancini SleepWorld, Inc. 401(k) Plan, which comprise the statements of net assets available for benefits as of June 30, 2021 and 2020, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the Unites States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Reliance Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended June 30, 2021 and 2020, that the information provided to the Plan Administrator by the trustee is complete and accurate.

MANCINI SLEEPWORLD, INC. 401(K) PLAN

Notes to Financial Statements

June 30, 2021

Note 1 - Description of plan:

The following description of the Mancini SleepWorld, Inc. (the "Sponsor") 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

a. *General* - The Plan is a defined contribution plan covering substantially all employees of the Company, who have 30 days of service and are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was originally established as of July 1, 1996 and has been subsequently amended and restated. The Plan trustees are responsible for oversight of the Plan, including the appropriateness of the Plan's investment offerings and investment performance.

b. *Contributions* - Each year, participants may contribute to the Plan, in the form of employee 401(k) salary deferral contributions (pre-tax 401(k) deferrals), up to the lesser of 90% of eligible compensation or the maximum amount allowable by the Internal Revenue Service ("IRS"). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Company makes discretionary employer matching contributions. The Company made no contributions for the Plan years ended 2021 and 2020.

c. *Automatic enrollment* - Employees eligible to participate in the Plan are automatically enrolled upon meeting the eligibility requirements noted above. Unless otherwise directed, the rate of deferral upon enrollment is 3% of eligible compensation on a pre-tax basis to be invested in specific pre-selected investment offerings based on a participant's estimated time to retirement

d. *Participant accounts* - Each participant's account is credited with the participant's contribution and discretionary Company matching contributions, as well as allocations of the Company's discretionary contribution and plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

e. *Vesting* - Participants are immediately 100% vested in their employee elective contributions plus actual earnings thereon. Vesting in the Sponsor's contribution and the Employee non-elective profit sharing contribution portions of their accounts is based on years of continuous service, at a rate of 0% in year one and increasing 20% annually until the participant is 100% vested after year six.

Note 1 - Description of plan (continued):

f. *Notes receivable from participants* - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Note receivable repayment terms generally may not exceed five years, except for loans used for a purchase of a primary residence, which may be paid over a longer period of time, but not exceed 30 years. The notes receivable are secured by the balances in the participants' accounts. The notes receivable interest rate, determined monthly, is set at 1% above the prime rate, as defined, and balances as of June 30, 2021 range from 4.25% - 6.50%. Principal and interest are paid ratably through monthly payroll deductions. Participants may only have two outstanding loans at a time.

g. *Payment of benefits* - Withdrawals are allowed in the event of termination, disability, death, retirement, or attainment of age 59 ½. Depending on the event, the withdrawal may be subject to early withdrawal penalties imposed by the Internal Revenue Code (IRC). Payments are made in the form of a lump-sum distribution or annual installments over a period of time of not more than the participant's life expectancy. If a participant's account balance is less than $5,000, the Plan Administrator may automatically distribute the vested balance to the participant in the form of a lump sum cash payment. Benefits paid to participants include corrective distributions which consist of contributions refunded to participants during the plan year. Corrective distributions were approximately $6,000 and $17,000 for the Plan years ended June 30, 2021 and 2020, respectively.

h. *Forfeited accounts* - Any forfeiture will be first used to reduce administrative expenses. Any remaining forfeitures are then used to reduce employer contributions. If a terminated participant returns to full-time employment within five years, the Sponsor reinstates the participant's account. For the years ended June 30, 2021 and 2020 there were no forfeited nonvested accounts.

Note 2 - Summary of significant accounting policies:

Basis of accounting - The accompanying financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of estimates - The preparation of financial statements in accordance with GAAP requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Note 2 - Summary of significant accounting policies (continued):

Investment valuation and income recognition - Investments are reported at fair value, except for common/collective trusts. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The common collective trust is not classified in the fair value hierarchy, however, as a practical expedient, the fair value is measured at Net Asset Value ("NAV") per share of the underlying assets as traded in an exchange or active market. The 401(k) Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and custodian. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. Interest income is recorded on the accrual basis. Related fees are recorded as administrative fees and are expensed as they are incurred. No allowance for credit losses has been recorded as of June 30, 2021 and 2020. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of benefits - Benefit payments to participants are recorded when paid. As of June 30, 2021 and 2020, there were no distributions approved that were not disbursed prior to year end.

Administrative expenses - Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Recently adopted accounting guidance - During 2021, the Plan adopted Financial Accounting Standards Board issued Accounting Standards Update ("ASU") 2018-13, "Fair Value Measurements: Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurements". This ASU modified the disclosure requirements for fair value measurements. Those modifications include the removal and addition of disclosure requirements as well as clarifying specific disclosure requirements. Certain provisions of the ASU were applied prospectively while the rest of the provisions have been applied retrospectively. There was no material impact to the financial statements as a result of adoption.

Note 2 - Summary of significant accounting policies (continued):

Subsequent events - Subsequent events are evaluated through the date of the independent auditors' report, which is the date the financial statements were available to be issued and determined that no material subsequent events require an estimate to be recorded or disclosed as of June 30, 2021.

Note 3 - Fair value:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described below:

- *Level 1:* Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- *Level 2:* Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

  If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- *Level 3:* Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in techniques used for assets measured at fair value.

- *Mutual funds:* Assets are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Note 3 - Fair value (continued):

- *Common/collective trusts*: The common trusts maintained by Reliance Trust Company ("Reliance"), a party in interest, are pools of investments of which the Plan buys and sells units of participation that generally imitate established mutual funds. The underlying investments consist of common trusts which hold fixed income instruments as well as money market instruments. The Plan's valuation estimates are based on the contract and market values of the underlying investments using the practical expedient. Participant transactions (issuances and redemptions) may occur daily. If the Plan were to initiate a full redemption of the common trust, Reliance reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities' liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies of assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30, 2021 and 2020:

	Fair Value Measurements at June 30, 2021		
	Level 1	NAV[(a)]	Total
Mutual funds	$ 5,174,145	$ -	$ 5,174,145
Common/collective trusts	-	4,053,976	4,053,976
	$ 5,174,145	$ 4,053,976	$ 9,228,121

	Fair Value Measurements at June 30, 2020		
	Level 1	NAV[(a)]	Total
Mutual funds	$ 3,353,857	$ -	$ 3,353,857
Common/collective trusts	-	3,076,253	3,076,253
	$ 3,353,857	$ 3,076,253	$ 6,430,110

(a) The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note 3 - Fair value (continued):

The following table summarize investments for which fair value is measured using the NAV per share practical expedient. There are no unfunded commitments and no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan:

	June 30, 2021 Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common/collective trusts	$ 4,053,976	N/A	Monthly	1 Day

	June 30, 2020 Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common/collective trusts	$ 3,076,253	N/A	Monthly	1 Day

Note 4 - Investments:

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such an election, certain information related to investments and notes receivable from participants, were not subject to auditing procedures and have been certified as complete and accurate by Reliance, except for comparing such information to the related information included in the financial statements and supplemental schedule(s).

The following information included in the financial statements and supplemental schedule was provided by and certified by the Plan's trustee as complete and accurate:

- Investments and notes receivable from participants as shown in the Statements of Net Assets Available for Benefits as of June 30, 2021 and 2020.

- Investment income and interest incomes on notes receivable from participants as shown in the Statements of Changes in Net Assets Available for Benefits for the years ended June 30, 2021 and 2020.

- Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year).

Note 5 - Party-in-interest transactions:

Certain Plan investments are units in mutual funds and common/collective trusts managed by Reliance. The Plan Sponsor also retains the services of Automatic Data Processing, Inc. ("ADP") to assist with the administration and recordkeeping of the Plan. The preceding entities are the trustees, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

The trustees provide certain administrative services to the Plan pursuant to an agreement between the Sponsor and the trustee. The trustee receives revenue from mutual fund service providers for services the trustees provided to the funds. This revenue is used to offset certain amounts owed to the trustees for administrative services to the Plan.

Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing rather than a direct payment. If the revenue received by Reliance from such mutual fund service providers exceeds the amount owed under the agreement, Reliance remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. The Plan or the Sponsor may make a payment to Reliance for administrative services not covered by revenue sharing.

Notes receivable from participants represent a portion of the Plan's receivables. These transactions also qualify as party-in-interest transactions.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

Note 6 - Plan termination:

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

Note 7 - Income tax status:

The Plan has adopted a prototype, non-standardized profit sharing plan established by ADP. The prototype plan obtained an opinion letter on April 4, 2012 in which the Internal Revenue Service stated that the form of the prototype plan, as then designed, was acceptable under Section 401 of the IRC. Although the Plan has adopted amendments since adopting the prototype plan, the Plan administrator believes that the Plan is currently designed and operating in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan is qualified and the related trust is tax-exempt.

Note 8 - Risks and uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9 - Contingency:

In March 2020, the world was impacted by a coronavirus disease ("COVID-19") pandemic. As a result, many businesses closed their doors in order to assist in the containment of the virus. Creative solutions and further knowledge on COVID-19 has subsequently improved the situation, yet the overall impact of the pandemic is still uncertain. The COVID-19 pandemic has led to volatility in financial markets and has affected, and may continue to affect, the fair value of Plan investments. The potential economic impact brought by, and the duration of, COVID-19 is difficult to assess or predict and will depend on future developments that are highly uncertain and cannot be predicted. At the date of the independent auditors' report, the extent to which COVID-19 may impact the Plan's financial condition or results of operations is uncertain, however Plan management is confident that the Plan will continue as a going concern.

The Plan has considered implementation of certain allowable plan amendments by the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related relief for loan repayment, suspend required minimum distributions, and delay the commencement date for required minimum distributions. The optional features within these acts are currently being assessed but have not been implemented to date. If adopted, written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.
