The Acquisition Plan

Notes to Financial Statements

NOTE 1 – THE PLAN AND ITS SIGNIFICANT ACCOUNTING POLICIES

General – The following description of The Acquisition Plan (the Plan), provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

The Plan was a defined contribution plan that was established on January 1, 2006, by NortonLifeLock Inc. (the Company) to provide retirement benefits to individuals who participated in an Acquired Qualified Plan (the Acquired Plan), as defined in the Plan document. The Plan was designed to be qualified under the applicable requirements of the Internal Revenue Code (the Code) and the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Company had acquired numerous companies and transferred the assets of those companies' respective terminated 401(k) plans into the Plan. Each Acquired Plan was terminated upon the close of the respective acquisitions. In conjunction with the various acquisitions, employees with accounts transferred from the Acquired Plan to the Plan become participants at various dates upon the transfer of assets, if they did not obtain a distribution from the terminated Acquired Plans prior to a trustee to trustee transfer of assets. In addition, the remaining assets of unlocated or nonresponsive participants from the Acquired Plans were transferred in a trustee to trustee transfer into the Plan.

Effective June 23, 2021 (Merger Date), all assets of the Plan were merged into the NortonLifeLock Section 401(k) Plan. The disclosures below were applicable prior to the Merger Date.

Administration – The Company had appointed the NortonLifeLock Employee Benefits Administrative Committee (the Committee) to manage the operation and administration of the Plan. The Company had contracted with Great-West Trust Company, LLC (Great-West), to act as the trustee and custodian of the Plan. Certain administrative and recordkeeping fees were paid by the Plan. Substantially all other expenses incurred for administering the Plan were paid by the Company.

Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Basis of accounting – The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment valuation and income recognition – The investments were reported at fair value. The Plan's trustee, Great-West, certified the fair market value of all investments. If available, quoted market prices were used to value investments.

Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date. Net appreciation included the Plan's gains and losses on investments bought or sold as well as held during the year.

Income taxes – The Plan had been amended since it received a favorable determination letter dated August 9, 2016. The Company believed that the Plan was operated in accordance with, and qualified under, the applicable requirements of the Code and related state statutes, and that the trust, which formed a part of the Plan, was exempt from federal income and state franchise taxes.

In accordance with guidance on accounting for uncertainty in income taxes, management evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan was subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Subsequent events – The Plan has evaluated subsequent events through April 13, 2022, which is the date the financial statements were available to be issued.

NOTE 2 – FAIR VALUE MEASUREMENTS

The fair value measurements standard establishes a framework for measuring fair value. That framework provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the standard are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted market prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The Acquisition Plan

Notes to Financial Statements

Brokerage accounts: Accounts primarily consist of mutual funds (as valued above) and common stocks that are valued on the basis of readily determinable market prices.

Collective trusts: Units held in collective trusts (CTs) are valued using the NAV practical expedient of the CTs as reported by the CTs managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the CT, minus its liabilities, and then divided by the number of units outstanding. The NAV practical expedient of a CT is calculated based on a compilation of primarily observable market information.

The methods described above could have produced a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believed its valuation methods were appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could have resulted in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020:

	2020			Total
	Level 1	Level 2	Level 3	
Mutual funds	\$ 16,878,593	\$ -	\$ -	\$ 16,878,593
Brokerage accounts	578,338	-	-	578,338
Total assets in the fair value hierarchy	<u>\$ 17,456,931</u>	<u>\$ -</u>	<u>\$ -</u>	17,456,931
Investment measured at NAV practical expedient				<u>19,513,455</u>
Investments at fair value				<u>\$ 36,970,386</u>

The following sets forth additional disclosures for the fair value measurement of significant investments in certain entities that calculated NAV per share (or its equivalent) as of December 31, 2020:

The Putnam Stable Value Fund was valued daily, and participant and plan level redemptions were generally valued at NAV. Subject to certain restrictions, withdrawals from the fund were generally permitted daily at NAV.

T.Rowe Price Retirement Hybrid Trusts was valued daily, and participant and plan level redemptions were generally valued at NAV. Withdrawals from the fund were generally permitted daily at NAV, but in certain instances, participants could be required to provide up to 30 days advance written notice to the trustee prior to redemption of trust units. There were no unfunded commitments as of December 31, 2020.

NOTE 3 – PARTICIPATION AND BENEFITS

Participant contributions – In connection with the transfer of assets from an Acquired Plan to the Plan, an account was established under the Plan for the benefit of each participant who had a comparable account under an Acquired Plan. The Plan did not allow for any elective deferral contributions or catch-up contributions.

Employer contributions – In connection with the transfer of assets from an Acquired Plan to the Plan, a matching contributions account was established under the Plan for the benefit of each participant who had a comparable account under an Acquired Plan solely for the purposes of providing separate accounting in the record keeper's systems. The Plan did not allow for any matching contributions.

Vesting – Participants were immediately vested in their entire account.

Participant accounts – Each participant's account was credited with Plan earnings or losses on or after the transfer of assets to the Plan.

Payment of benefits – Upon termination, the participants or beneficiaries could have elected to leave their account balance in the Plan, or receive their total benefits in a lump-sum amount equal to the value of the participant's interest in their account. The Plan allowed for the automatic distribution of participant account balances not exceeding \$1,000.

NOTE 4 – CERTIFIED INFORMATION

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Great-West, trustee of the Plan, has certified to the completeness and accuracy of:

- Investments and notes receivable reflected on the accompanying statements of net assets available for benefits as of December 31, 2020.
- Net appreciation in fair value of investments and dividends reflected on the accompanying statement of changes in net assets available for benefits for the period January 1, 2021, through June 23, 2021.
