### Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### **Emphasis of Matter - Plan Termination and Use of Liquidation Basis of Accounting**

As further discussed in Note A to the financial statements, those charged with governance made a decision to terminate the Plan as of September 30, 2020. As a result, in accordance with accounting principles generally accepted in the United States of America, the Plan has changed its basis of accounting from the accrual basis of accounting used in presenting the 2020 financial statements to the liquidation basis of accounting used in presenting the 2021 financial statements. Our opinion is not modified with respect to this matter.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Supplemental Schedules Required by ERISA**

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) and Schedule H, Line 4j - Schedule of Reportable Transactions as of and for the year ended June 30, 2021 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### Auditor's Responsibility

Our responsibility is to express an opinion on the June 30, 2020 financial statement based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

### Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note D, which was certified by BMO Harris Bank N.A. We have been informed by the Plan Administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the custodian as of June 30, 2020, that the information provided to the Plan Administrator by the custodian is complete and accurate.

### Disclaimer of Opinion

Because of the significance of the matters described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2020 financial statement. Accordingly, we do not express an opinion on the 2020 financial statement.

### Report on Form and Content in Compliance with DOL Rules and Regulations for 2020 Financial Statement

The form and content of the information included in the 2020 financial statement, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

**Globe Metallurgical, Inc. Pension Plan**  
**Notes to the Financial Statements**  
June 30, 2021 and 2020

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

**Basis of Accounting** - As a result of the Plan Sponsor's decision to terminate the Globe Metallurgical, Inc. Pension Plan (the "Plan") effective September 30, 2020, the liquidation basis was used in presenting the Statement of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits as of and for the year ended June 30, 2021. The Statement of Net Assets Available for Benefits as of June 30, 2020 is presented on the accrual basis of accounting.

**Use of Estimates** - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

**Investments** - The Plan's investments are administered by BMO Harris Bank N.A. and are stated at fair value. Mutual Funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year end. Investments are reflected at fair market value as determined by the trustee. Investment transactions are recorded on a settlement-date basis. Total investment value as recorded on a settlement-date basis does not materially differ from what total investment value would be if transactions were recorded on a trade-date basis.

**Contributions** - Globe Metallurgical, Inc. (the "Company", "Plan Sponsor" and "Plan Administrator") makes contributions in an amount at least equal to the amount necessary for the Plan to remain in compliance with the minimum funding requirements of the Internal Revenue Code ("IRC") and the Employee Retirement Income Security Act of 1974 ("ERISA"). As of June 30, 2021, the Company was required to contribute approximately \$110,000 to the Plan in order to fund participant distributions related to the Plan termination. The Company made the contribution in October 2021.

**Administrative Expenses** - The expenses necessary to administer the Plan are paid by the Plan or Plan Sponsor including, but not limited to, those involved in retaining professional assistance from an attorney, an accountant, an actuary, or an investment adviser. Fees related to the administration of the Plan, are included in administrative expenses. All other investment related expenses are included in net appreciation in fair value of investments.

**Income, Contributions, and Distribution Recognition** - Interest income is recognized in the period earned. Dividend income is recognized in the period in which the dividends are declared. Employer contributions are recognized when determined. Distributions to participants are recorded in the period in which the payment is made.

B. SUMMARY OF THE PLAN

The following description of the Plan, which was amended on March 3, 2003 to freeze accruals of benefits at March 31, 2003, provides general information only. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

The Plan is a defined benefit plan that was originally established on November 20, 1984 as the Pension Plan for Salaried Employees of the Alamet Division of Globe Metallurgical, Inc. On that date, in connection with a change in ownership, the Company became the sponsor of the Interlake, Inc. Pension Plan for Salaried Employees (the "Prior Plan"). Under the terms of the related purchase agreement: (1) all active participants in the Prior Plan automatically became participants in the Plan;

**Globe Metallurgical, Inc. Pension Plan**  
**Notes to the Financial Statements**  
**June 30, 2021 and 2020**

(2) the Prior Plan continues to maintain all liability for benefit payments to participants who have retired before November 20, 1984; and (3) for participants retiring on or after November 20, 1984, the Prior Plan will be partially liable for benefit payments to participants in the amount of benefits accrued as of November 19, 1984 under the Prior Plan.

The Plan was amended and restated effective July 1, 1988 to expand its coverage to include all salaried employees of the Company and all nonunion hourly employees of the Beverly plant of the Company and, on the same date, the Plan's name was changed to the Globe Metallurgical, Inc. Pension Plan. The Plan was further amended and restated effective July 1, 1994 to include the salaried employees of the Niagara Falls, New York, plant and all employees of the Springfield, Oregon plant.

Generally, employees covered by the Plan were eligible to participate after completing one year of continuous service and became eligible to receive normal retirement benefits at age 65. Retirement benefits payable under the Plan are based upon the number of years of continuous service and average monthly earnings of each participant. Participants become 100% vested in accrued benefits after 5 years of continuous service. The Plan is noncontributory for the participants with all contributions being made by the Company.

Effective December 1, 2000, October 1, 2001, and February 1, 2002, the Plan was amended to provide early retirement window benefits for certain designated employees of the Company. The early retirement date as defined by the Plan is age 55, provided the participant has performed at least five years of service. The early retirement benefit calculation is based on a percentage of the participant's normal retirement benefit and the participant may be deemed to have been born 5 years prior to his/her actual birth date, and he/she will be credited with additional years of service as provided by the Plan.

The Plan provides that the Company shall have the right to modify, change, or terminate the Plan at any time. Upon termination or partial termination of the Plan, the rights of all employees to benefits accrued through the date of such termination or discontinuance are nonforfeitable to the extent that those benefits have been funded by the Company or are required by the Pension Benefits Guaranty Corporation ("PBGC") to be funded as a result of a plan termination.

On July 27, 2020, the Plan Sponsor elected to terminate the plan effective September 30, 2020. As part of the plan termination, liquidation activities are in progress. Prior to termination, the Company provided the affected parties (i.e., participants, beneficiaries and alternative payees under Qualified Domestic Relations Orders, if any) written notice of the intent to terminate and the proposed termination date. In addition, the Company notified the PBGC on December 28, 2020 and subsequently received approval. Under the provisions of ERISA, if the Plan is terminated, the Company may be obligated to make termination payments to the Plan and participants may be eligible for continuation of benefits under insurance provided by the PBGC.

The Company believes that all participants will receive their benefits following the Plan termination. Options were given to participants to receive a lump sum payment or have a deferred annuity purchased on their behalf from an insurance company. In June 2021, distributions totaling \$6,389,218 were made to all participants electing a lump-sum payment. Following that payment, existing plan assets were liquidated and an annuity in the amount of \$13,411,669 was purchased in August 2021 (see Note I). The annuity purchase satisfied all remaining participant obligations of the Plan.

**C. FEDERAL INCOME TAXES**

The Internal Revenue Service ("IRS") determined that the Plan is qualified under section 401(a) of the IRC and the related trust is exempt from tax under Section 501(a) of the IRC. Accordingly, the accompanying financial statements do not include a provision for federal income taxes.

The Plan previously received a favorable determination letter, dated October 7, 2015, in which the IRS stated that the Plan, as then designed was in compliance with the applicable requirements of the IRC. The Plan Administrator submitted IRS Form 5310 Application for Determination for the Terminating Plan on December 11, 2020. The IRS issued a final favorable determination letter on September 17, 2021.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. As of June 30, 2021 and June 30, 2020 and for the year ended June 30, 2021, the Plan has not identified any uncertain tax positions that would require entry or disclosure within these financial statements or footnotes.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to the applicable statute of limitations.

**D. CERTIFIED INVESTMENTS**

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments held at June 30, 2021 and 2020, and net appreciation in fair value of investments and interest and dividends for the year June 30, 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by BMO Harris Bank N.A. ("BMO"), the custodian of the Plan.

**E. TRANSACTIONS WITH PARTIES-IN-INTEREST**

Plan investments are managed by BMO. BMO is the custodian of the Plan and therefore, certain transactions qualify as party-in-interest transactions. Certain plan fees for investment management, recordkeeping and administrative expenses are paid to the custodian and those fees are not considered prohibited transactions under ERISA.

## Notes to the Financial Statements

### June 30, 2021 and 2020

The custodian provides certain administrative services to the Plan pursuant to Service Agreements between the Company and the custodian. The custodian receives revenue from certain mutual fund service providers for services the custodian provides to the funds. The custodian remits the revenue to the Plan on a monthly basis. During the year ended June 30, 2021, \$3,416 was received and is included in "Other income" on the statement of changes in net assets available for benefits.

#### F. ACCUMULATED PLAN BENEFITS

The actuarial present value of accumulated Plan benefits is determined by a consulting actuary and is the amount that results from applying actuarial assumptions to adjust the accumulated Plan benefits earned by the participants to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

As indicated in Note B above, on July 27, 2020, the Plan Sponsor elected to terminate the Plan effective September 30, 2020. As part of the termination, liquidation activities are in progress and an independent actuary determined the actuarial present value of each participants' accumulated plan benefit, deferred to age 65, as of June 1, 2021 using IRS prescribed assumptions for interest and mortality. The interest assumptions utilized are the March 2020 PPA segment rates (2.22%; 3.08%; 3.73%). Mortality was determined using the 2020 417(e) mortality table.

An independent actuary performed the actuarial valuation of the Plan as of July 1, 2020. The valuation used the following assumptions.

|                                   |                                                                                                                                                                                          |

Accumulated plan benefits are those future periodic retirement benefit payments that are attributable, under the Plan's provisions, to the service that employees have rendered. Accumulated plan benefits include benefits expected to be paid to: (a) retired or terminated employees; (b) beneficiaries of employees who have died; and (c) present employees. Benefits under the Plan are based on employees' average monthly compensation during the last 120 full consecutive calendar months prior to the date of retirement or termination. Benefits payable under all circumstances (retirement, death, disability, and termination of employment) are included to the extent they are deemed attributable to employee service rendered to the valuation date.

**G. FAIR VALUE MEASUREMENTS**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The levels of the fair value hierarchy under the FASB guidance in these financial statements are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
  - Quoted prices for identical or similar assets or liabilities in inactive markets;
  - Inputs other than quoted prices that are observable for the asset or liability;
  - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

**Globe Metallurgical, Inc. Pension Plan**  
**Notes to the Financial Statements**  
June 30, 2021 and 2020

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

*Mutual funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30, 2021:

| Assets at Fair Value as of June 30, 2021 |               |         |         |               |
|------------------------------------------|---------------|---------|---------|---------------|

#### H. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risk such as interest rate, market, and credit risks.

During March 2020, a global pandemic was declared by the World Health Organization related to the rapidly growing outbreak of a novel strain of coronavirus (COVID-19). The pandemic has significantly impacted the economic conditions in the U.S., as federal, state, and local governments reacted to the public health crisis, creating significant uncertainties in the U.S. economy. As noted above, investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported on the statements of net assets available for benefits.

### Rates of Retirement

Actives are assume to retire based on age as follows:

| <u>Age</u> | <u>Rate</u> |
|------------|-------------|
| 55-59      | 5%          |
| 60-61      | 10          |
| 62         | 20          |
| 63-64      | 15          |
| 65+        | 100         |

Weighted average retirement age is 62. This is the average retirement age for someone eligible to retire at all ages using the assumed retirement rates and no other decrements.

Terminated Vested participants and Deferred Beneficiaries are assumed to commence at Normal Retirement Date.

### Rates of Turnover

200% of the Crocker-Sarason Table T-3. Sample rates and ages are as follows:

| <u>Age</u> | <u>Rate</u> |
|------------|-------------|
| 25         | 10.54%      |
| 40         | 7.68        |
| 55         | 0.67        |
| 65         | 0.00        |

### Rates of Disability

W(73i) Sarason's Advanced Pension Table with sample rates as follows:

| <u>Age</u> | <u>Rate</u> |
|------------|-------------|
| 35         | 0.10%       |
| 45         | 0.40        |
| 55         | 1.00        |
| 65         | 0.00        |

### Assumptions Made In Valuing Spouse's Benefit

60% of the employees included in the valuation are assumed to be married. This percentage is used as the probability that survivor benefits will be payable due to preretirement deaths. The wife is assumed to be three years younger than the husband.

### Optional Form Selection

All employees are assumed to elect the life annuity form of benefit.

### Provision for Expenses

The expected administrative (i.e. non-investment) expenses expected to be paid from plan assets for the upcoming year, which were assumed to equal actual expenses during the prior year, were included in the Target Normal Cost for Minimum Required Contribution purposes.

### Standing Elections

None.

| Asset Method                                                          | Funding: Market Value of Assets plus interest adjusted accrued but unpaid contributions as of the valuation date plus an adjustment to defer full recognition of investment losses and gains over a two-year period. The investment (gain)/loss for every year equals the market value at the beginning of the year projected to the end of the year using the interest rate above, but no greater than the third segment rate for the plan year, minus the end of the year actual market value. The actuarial value of assets will be no less than 90% and no more than 110% of the market value (including interest-adjusted accrued but unpaid contributions). Note that due to the regulatory constraint on the interest rate, a characteristic of this asset valuation method is that, over time, it may be more likely to produce an actuarial value of assets that is less than the market value of assets. |

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

### Optional Forms of Benefit

Life Annuity – payments for the lifetime of the participant only.

50%, 75%, or 100% Joint and Survivor Annuity – reduced payments for the lifetime of the participant with the elected percentage continuing to the beneficiary named at the time of retirement.

Ten Year Certain – payments for the lifetime of the participant with a minimum of 120 payments guaranteed.

All optional forms are actuarially equivalent and are based on the 1994 Group Annuity Reserving Table and a 6.00% interest rate.

Lump Sum values will also be calculated using the mortality rates from Revenue Ruling 2001-62 (which are related to the 1994 Group Annuity Reserving Table) and a 6.00% interest rate and the higher amount will be payable.
