Report on the Financial Statements

We were engaged to audit the accompanying financial statements of The RK Group 401(k) Profit Sharing Plan (formerly Catering By Rosemary, Inc. 401(k) Profit Sharing Plan), which comprise the statements of net assets available for benefits as of June 30, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended June 30, 2021, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company and Newport Trust Company, the trustees of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustees hold the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustees as of June 30, 2021 and 2020 and for the year ended June 30, 2021, that the information provided to the plan administrator by the trustees is complete and accurate.

Notes to Financial Statements

June 30, 2021

1. Description of the Plan

The following brief description of The RK Group 401(k) Profit Sharing Plan (formerly Catering By Rosemary, Inc. 401(k) Profit Sharing Plan) (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for complete information.

General

The Plan is a defined contribution 401(k) plan covering all employees of Catering By Rosemary, Inc. and affiliated companies (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and qualifies under Section 401(a) of the Internal Revenue Code (the IRC).

Effective July 1, 202, the Plan was amended and restated and the name of the Plan changed to The RK Group 401(k) Profit Sharing Plan. Circa Texas, Inc and KKH Rentals & Designs were added as participating employers. Effective February 2, 2021, the trustee changed from Fidelity Management Trust Company (Fidelity) to Newport Trust Company (Newport). The assets transferred from Fidelity to Newport during June 2021.

Eligibility

Employees are eligible to participate in the Plan when the employee is age 18 or older and has completed three months of service. Entry dates are on the first day of January, April, July and October. Effective March 5, 2021, the plan was amended to that newly hired eligible employees are automatically enrolled in the Plan with a deferral percentage of 1% as soon as administratively feasible following the employee's eligibility date, unless the employee elects to opt out of the Plan. Part-time, temporary or seasonal employees whose service is less than 1,000 hours and leased employees are not eligible to participate. The Plan excludes from participation the following classes of employees: leased employees, employees covered by a collective bargaining agreement and employees who are non-resident aliens and receive no income from sources within the United States from the Company.

1. Description of the Plan (continued)

Contributions

Participants may make pre-tax contributions ranging from 1% to 100% of their eligible compensation, not to exceed the annual limit established by the IRC. A participant's pre-tax deferrals will be separately accounted for, as will gains and losses attributable to each. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Company may elect to make a discretionary employer matching contribution. During the year ended June 30, 2021, none were made. Participants direct the investment of their contributions into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contribution and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contributions is based on years of continuous service. A participant is 100% vested after six years of credited services as follows:

Years of Service	Vesting Percentage
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

1. Description of the Plan (continued)

Payment of Benefits

Vested benefits are paid to participants upon death, disability, retirement or termination of employment by either arranging for a rollover to another plan or lump sum payment. Hardship withdrawals are available. For terminated participants' account balances that are less than $5,000, the plan administrator may transfer the entire amount into an individual retirement account without the participant's consent. If the participant's vested portion is greater than $5,000, the participant may elect to maintain the vested portion in the Plan.

Forfeitures

Nonvested balances of participants' accounts may be subject to forfeiture upon termination of their employment with the Company. Forfeited balances of terminated participant's nonvested accounts can be used to reduce future Company contributions or administrative expenses. At June 30, 2021 and 2020, forfeited unvested account balances totaled $52,797 and $4,005, respectively.

Notes Receivable from Participants

Participants are permitted to borrow the lesser of $50,000 or 50% of their vested account balance. The minimum that can be borrowed is $1,000. Participant loans are secured by the balance in the participant's account and bear interest at an interest rate equal to 2% above the prime rate. Loan applicants are charged a one-time loan fee payable when the loan is originated. Loan repayments are automatically deducted through after-tax payroll deductions over a period generally not to exceed five years.

Administrative Expenses

The Company pays certain administrative and operating costs of the Plan at no obligation to the Plan.

1. Description of the Plan (continued)

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts and distributions will be made as soon as administratively practicable after the Plan terminates. In the event that the Plan incurs a partial plan termination under Section 411 (d)(3) of the IRC, all affected participants are fully vested in their account balances.

2. Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements are reported on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States. Benefits are recorded when paid to participants.

Risks and Uncertainties

Financial instruments which potentially subject the Plan to concentrations of credit risk consist primarily of securities in which the Plan invests. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the near-term could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

Accounting Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect certain amounts reported in the financial statements and the accompanying notes and schedule. Accordingly, actual results could differ from these estimates.

2. Summary of Significant Accounting Policies (continued)

Valuation of Investments and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the plan document.

Subsequent Events

The Plan has evaluated subsequent events through April 18, 2022 the date the financial statements were available to be issued.

3. Investments

All investment information disclosed in the accompanying financial statements, notes and schedule, including investments and notes receivable from participants held at June 30, 2021 and 2020, and net appreciation in fair value of investments, interest and dividend income and interest income from notes receivable from participants for the year ended June 30, 2021, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity and Newport

4. Fair Value Measurements

The Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures,* provides the framework for measuring fair value. That framework provides a fair value hierarchy. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1—Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
Level 2—Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liabilities;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability

Level 3—Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liabilities fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used June 30, 2021 and 2020.The Plan's investments in shares of mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumption to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Fair Value Measurements (continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30, 2021 and 2020:

	Assets at Fair Value as of June 30, 2021			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	**$ 7,086,923**	**$ –**	**$ –**	**$ 7,086,923**
Total assets at fair value	**$ 7,086,923**	**$ –**	**$ –**	**$ 7,086,923**

	Assets at Fair Value as of June 30, 2020			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 5,230,233	$ –	$ –	$ 5,230,233
Total assets at fair value	$ 5,230,233	$ –	$ –	$ 5,230,233

5. Party-in-Interest Transactions

Plan investments in mutual funds were managed by Fidelity and Newport. Transactions such as these qualify as party-in-interest transactions. These transactions are exempt from the prohibited transaction rules.

6. Income Tax Status

The underlying non-standardized prototype plan has received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020 stating that the form of the plan is qualified under Section 401(a) of the IRC, and therefore, the related trust is tax exempt. The Company has determined that it is eligible to and has chosen to rely on the current IRS prototype plan opinion letter. Subsequent to receiving the IRS opinion letter, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Company has indicated it will take the necessary steps, if any, to bring the Plan's operations into compliance with the IRC. Accounting principles generally accepted in the United States require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits as reported in the accompanying financial statements to the Plan's Form 5500 as of June 30, 2021 and 2020:

	June 30, 2021	2020
Net assets available for benefits per the financial statements	**$ 7,130,165**	$ 5,240,635
Plus: Excess contributions payable	–	8,017
Net assets available for benefits per Form 5500	**$ 7,130,165**	$ 5,248,652

The following is a reconciliation of the change in net assets available for benefits as reported in the financial statements to the Form 5500 for the year ended June 30, 2021:

Net increase in net assets available for benefits as reported in the financial statements	$ 1,889,530
Less: Prior year excess contributions payable	(8,017)
Net increase in net assets available for benefits as reported in the Form 5500	$ 1,881,513

Notes to Financial Statements

June 30, 2021

1. Description of the Plan

The following brief description of The RK Group 401(k) Profit Sharing Plan (formerly Catering By Rosemary, Inc. 401(k) Profit Sharing Plan) (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for complete information.

General

The Plan is a defined contribution 401(k) plan covering all employees of Catering By Rosemary, Inc. and affiliated companies (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and qualifies under Section 401(a) of the Internal Revenue Code (the IRC).

Effective July 1, 202, the Plan was amended and restated and the name of the Plan changed to The RK Group 401(k) Profit Sharing Plan. Circa Texas, Inc and KKH Rentals & Designs were added as participating employers. Effective February 2, 2021, the trustee changed from Fidelity Management Trust Company (Fidelity) to Newport Trust Company (Newport). The assets transferred from Fidelity to Newport during June 2021.

Eligibility

Employees are eligible to participate in the Plan when the employee is age 18 or older and has completed three months of service. Entry dates are on the first day of January, April, July and October. Effective March 5, 2021, the plan was amended to that newly hired eligible employees are automatically enrolled in the Plan with a deferral percentage of 1% as soon as administratively feasible following the employee's eligibility date, unless the employee elects to opt out of the Plan. Part-time, temporary or seasonal employees whose service is less than 1,000 hours and leased employees are not eligible to participate. The Plan excludes from participation the following classes of employees: leased employees, employees covered by a collective bargaining agreement and employees who are non-resident aliens and receive no income from sources within the United States from the Company.

1. Description of the Plan (continued)

Contributions

Participants may make pre-tax contributions ranging from 1% to 100% of their eligible compensation, not to exceed the annual limit established by the IRC. A participant's pre-tax deferrals will be separately accounted for, as will gains and losses attributable to each. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Company may elect to make a discretionary employer matching contribution. During the year ended June 30, 2021, none were made. Participants direct the investment of their contributions into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contribution and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contributions is based on years of continuous service. A participant is 100% vested after six years of credited services as follows:

Years of Service	Vesting Percentage
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

1. Description of the Plan (continued)

Payment of Benefits

Vested benefits are paid to participants upon death, disability, retirement or termination of employment by either arranging for a rollover to another plan or lump sum payment. Hardship withdrawals are available. For terminated participants' account balances that are less than $5,000, the plan administrator may transfer the entire amount into an individual retirement account without the participant's consent. If the participant's vested portion is greater than $5,000, the participant may elect to maintain the vested portion in the Plan.

Forfeitures

Nonvested balances of participants' accounts may be subject to forfeiture upon termination of their employment with the Company. Forfeited balances of terminated participant's nonvested accounts can be used to reduce future Company contributions or administrative expenses. At June 30, 2021 and 2020, forfeited unvested account balances totaled $52,797 and $4,005, respectively.

Notes Receivable from Participants

Participants are permitted to borrow the lesser of $50,000 or 50% of their vested account balance. The minimum that can be borrowed is $1,000. Participant loans are secured by the balance in the participant's account and bear interest at an interest rate equal to 2% above the prime rate. Loan applicants are charged a one-time loan fee payable when the loan is originated. Loan repayments are automatically deducted through after-tax payroll deductions over a period generally not to exceed five years.

Administrative Expenses

The Company pays certain administrative and operating costs of the Plan at no obligation to the Plan.

1. Description of the Plan (continued)

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts and distributions will be made as soon as administratively practicable after the Plan terminates. In the event that the Plan incurs a partial plan termination under Section 411 (d)(3) of the IRC, all affected participants are fully vested in their account balances.

2. Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements are reported on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States. Benefits are recorded when paid to participants.

Risks and Uncertainties

Financial instruments which potentially subject the Plan to concentrations of credit risk consist primarily of securities in which the Plan invests. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the near-term could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

Accounting Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect certain amounts reported in the financial statements and the accompanying notes and schedule. Accordingly, actual results could differ from these estimates.

2. Summary of Significant Accounting Policies (continued)

Valuation of Investments and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the plan document.

Subsequent Events

The Plan has evaluated subsequent events through April 18, 2022 the date the financial statements were available to be issued.

3. Investments

All investment information disclosed in the accompanying financial statements, notes and schedule, including investments and notes receivable from participants held at June 30, 2021 and 2020, and net appreciation in fair value of investments, interest and dividend income and interest income from notes receivable from participants for the year ended June 30, 2021, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity and Newport

4. Fair Value Measurements

The Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures,* provides the framework for measuring fair value. That framework provides a fair value hierarchy. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1—Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
Level 2—Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liabilities;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability

Level 3—Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liabilities fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used June 30, 2021 and 2020.The Plan's investments in shares of mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumption to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Fair Value Measurements (continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30, 2021 and 2020:

	Assets at Fair Value as of June 30, 2021			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	**$ 7,086,923**	**$ –**	**$ –**	**$ 7,086,923**
Total assets at fair value	**$ 7,086,923**	**$ –**	**$ –**	**$ 7,086,923**

	Assets at Fair Value as of June 30, 2020			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 5,230,233	$ –	$ –	$ 5,230,233
Total assets at fair value	$ 5,230,233	$ –	$ –	$ 5,230,233

5. Party-in-Interest Transactions

Plan investments in mutual funds were managed by Fidelity and Newport. Transactions such as these qualify as party-in-interest transactions. These transactions are exempt from the prohibited transaction rules.

6. Income Tax Status

The underlying non-standardized prototype plan has received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020 stating that the form of the plan is qualified under Section 401(a) of the IRC, and therefore, the related trust is tax exempt. The Company has determined that it is eligible to and has chosen to rely on the current IRS prototype plan opinion letter. Subsequent to receiving the IRS opinion letter, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Company has indicated it will take the necessary steps, if any, to bring the Plan's operations into compliance with the IRC. Accounting principles generally accepted in the United States require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits as reported in the accompanying financial statements to the Plan's Form 5500 as of June 30, 2021 and 2020:

	June 30, 2021	2020
Net assets available for benefits per the financial statements	**$ 7,130,165**	$ 5,240,635
Plus: Excess contributions payable	–	8,017
Net assets available for benefits per Form 5500	**$ 7,130,165**	$ 5,248,652

The following is a reconciliation of the change in net assets available for benefits as reported in the financial statements to the Form 5500 for the year ended June 30, 2021:

Net increase in net assets available for benefits as reported in the financial statements	$ 1,889,530
Less: Prior year excess contributions payable	(8,017)
Net increase in net assets available for benefits as reported in the Form 5500	$ 1,881,513
