Note 1 - Plan Description

The following description of McDonald Hopkins LLC Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of McDonald Hopkins LLC (the "Company") who have completed one year of service, except temporary employees, employees designated as of counsel by the board of directors, and leased employees, unless it is necessary for leased employees to participate per the plan provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

The Plan provides for employee salary deferral contributions up to the maximum tax-deferred limitations established by the Internal Revenue Code. The Plan provides an option for participants to make Roth contributions on an after-tax basis. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

The Plan provides for annual safe harbor nonelective employer contributions of 3 percent of the participant's compensation to each participant who is not a highly compensated employee. Safe harbor nonelective contributions were \$231,159 for the year ended September 30, 2021.

Lastly, profit-sharing contributions may be made at the discretion of the Company's board of directors. Profit-sharing contributions were \$2,277,606 for the year ended September 30, 2021.

Participant Accounts

Each participant's account is credited with the participant's contributions, allocations of the Company's contributions, and plan earnings and charged with an allocation of administrative expenses. Allocations are based on participants' compensation, employment classification, or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan on a daily basis, in 5 percent increments.

Vesting

Participant contributions, employer safe harbor nonelective contributions, and employer profit-sharing contributions and related earnings are fully vested at all times and are not subject to forfeiture for any reason.

Participant Notes Receivable

Participants may borrow from their accounts subject to certain maximum and minimum amounts prescribed in the Plan and in the Internal Revenue Code. The notes receivable are secured by the balance in the participant's account and bear interest at a market rate. Principal and interest are paid ratably through monthly payroll deductions.

Benefit Payments

On termination of service due to death, disability, or retirement, a participant or beneficiary may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or various installment annuities. For termination of service due to other reasons, a participant would receive the value of the vested interest in his or her account as a lump-sum distribution. If the participant's account is equal to or less than \$5,000, the Plan may make an automatic rollover of the participant's vested interest in his or her account to a qualified individual retirement account or the Plan may provide the participant a cash-out of a single-sum distribution.

September 30, 2021 and 2020

Note 1 - Plan Description (Continued)

Party-in-interest Transactions

At September 30, 2020, certain plan assets were in investment funds managed by National Financial Services, LLC (Fidelity). Fidelity was the custodian of the Plan through September 30, 2020; therefore, these transactions qualify as party-in-interest transactions, as defined under ERISA guidelines.

Termination

While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA.

Note 2 - Summary of Significant Accounting Policies

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain amounts and disclosures at the date of the financial statements and during the reporting period. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date.

Participant Notes Receivable

Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

Benefit Payments

Benefits are recorded when paid.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including April 8, 2022, which is the date the financial statements were available to be issued.

September 30, 2021 and 2020

Note 3 - Unaudited Information

During the plan year ended September 30, 2021, the Plan changed its custodian from National Financial Services, LLC (Fidelity) to Newport Trust Company. Newport Trust Company (the "Trustee") holds the Plan's investments and participant notes receivable and executes all investment transactions subsequent to October 1, 2020. The investment balances as of September 30, 2021 and interest and dividend income and net realized and unrealized gains and losses on investments included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information certified by the Trustee.

Note 4 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

Level 1

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances where inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

The following valuation methodologies have been used to value the Plan's investments:

Mutual Funds

Mutual funds are valued at quoted prices reported in active markets.

Money Market Fund

The money market fund is valued at quoted prices reported in active markets.

Interest-bearing Cash

The fair value of this investment is based on its outstanding balance, which is the best estimate of fair value.

Note 5 - Tax Status

The Plan has received a determination letter from the Internal Revenue Service indicating that the Plan, as designed, is qualified for tax-exempt treatment under the applicable section of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.
