Nordco Inc. 401(k) Plan

Notes to Financial Statements

Note 1: Description of Plan

The following description of the Nordco Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

General

The Plan was a defined contribution plan covering substantially all non-leased employees of Nordco Inc. and its subsidiaries Nordco Rail Services, LLC and Shuttlewagon, Inc. (the "Company" or "Employer") who are age 18 or older.

Plan Termination

On June 24, 2021, the Sponsor passed a resolution to freeze the plan and merge the funds held in the Plan effective August 2, 2021, into the Wabtec Savings Plan.

Contributions

Each year, participants could contribute up to 85% of their compensation, as defined in the Plan, not to exceed the limits of the Internal Revenue Service ("IRS"). Participants who had attained age 50 before the end of the plan year were eligible to make catch-up contributions. Participants could also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans ("rollovers").

The Plan also included an auto-enrollment provision whereby all newly eligible employees were automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants had their deferral rate set at 6% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The contribution rate increased annually by 1% up to a maximum of 9%.

The Plan provided for Company discretionary contributions and discretionary matching contributions that could be contributed to the Plan each year, as determined by the Company. During the period ended August 2, 2021 and year ended December 31, 2020, the Company contributions were as follows:

Non-union employees	2021 - Two-thirds of the first 9% of contributions 2020 - No contributions
Union hourly employees:	
- Hired on or after April 1, 1997	3% of eligible wages, plus 50% of the first 6% of participant contributions
- Hired before April 1, 1997	3% of eligible wages, plus 50% of the first 6% of participant contributions, plus \$1,000 in 2021 and 2020

Nordco Inc. 401(k) Plan

Notes to Financial Statements

Note 1: Description of Plan (Continued)

Contributions (Continued)

Employees had to be employed on the last day of the plan year to be eligible for the Company's contributions. The Company calculated the discretionary matching contributions for non-union employees on a plan year basis. The Company calculated the discretionary contributions and discretionary matching contributions for union employees on a quarterly basis. All Company contributions were funded annually.

Investment Options

Contributions were allocated among the available investment options as directed by each participant. By designating these investment alternatives for participants, allowing frequent fund transfers and providing the necessary fund information to participants, it was intended that the Plan be treated as an ERISA 404(c) Participant-Directed Account Arrangement.

Participant Accounts

Each participant's account was credited with the participant's contributions, Company discretionary contributions and discretionary matching contributions, if any, and allocations of plan earnings, and charged with an allocation of administrative expenses that were paid by the Plan. Allocations were based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account.

Vesting

Participants were immediately vested in their contributions plus actual earnings thereon. Non-union employees, except as noted below, became fully vested in Company discretionary matching contributions after three years of service. Employees subject to the collective bargaining agreement with United Steelworkers Local 1343-7 became fully vested in Company discretionary contributions and discretionary matching contributions equally over three years of service.

Certain non-union employees of the Nordco Rail Services subsidiary became fully vested in Company discretionary matching contributions in accordance with the following schedule:

Years of Service	Percent Vested
Less than 1	0 %
1 year	20 %
2 years	40 %
3 years	100 %

Note 1: Description of Plan (Continued)

Forfeitures

At August 2, 2021 and December 31, 2020, forfeited nonvested accounts totaled \$7,629 and \$50,227, respectively. These accounts were used to reduce Company contributions or to pay administrative expenses of the Plan in accordance with the plan document. In 2021 and 2020, forfeitures of \$36,376 and \$59,475, respectively, were used to reduce Company contributions. The unapplied forfeiture balance was transferred to the Wabtec Savings Plan in accordance with the Plan merge.

Notes Receivable From Participants

Participants could borrow from their fund accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The notes were secured by the balance in the participant's account and bore interest at rates ranging from 3.00% to 5.50%, which were commensurate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest were paid ratably through payroll deductions. In April 2020, the Plan adopted provisions of the Coronavirus Aid, Relief, and Economic Security Act (CARES act) which was signed into law on March 27, 2020. This increased the maximum loan amount from \$50,000 to \$100,000 for loans taken through September 23, 2020 and implemented suspending participant loan repayments for a year.

Payment of Benefits

On termination of service due to death, disability, retirement, or other termination of employment, a participant could elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. In addition, hardship distributions out of the participant's account were permitted if certain criteria were met. The Plan also allowed for in-service distributions upon attaining age 59 1/2. Under the CARES act, the Plan allowed individuals impacted by the coronavirus to withdraw up to \$100,000 from the Plan, with certain tax exceptions, through December 31, 2020.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States ("GAAP").

Use of Estimates in Preparation of Financial Statements

The preparation of financial statements in accordance with GAAP required management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from these estimates.

Note 2: Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition

The Plan's investments were reported at fair value. Fair value was the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date. Net appreciation included the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants were measured at their unpaid principal balance plus any accrued, but unpaid interest. Interest income was recorded on the accrual basis. Related fees were recorded as administrative expenses and were expensed when they were incurred. No allowance for credit losses has been recorded as of August 2, 2021 and December 31, 2020. Delinquent participant notes receivable were recorded as benefit payments on the basis of the terms of the plan document.

Payment of Benefits

Benefits were recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan were paid by the Plan, unless otherwise paid by the Company. Expenses that were paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants were charged directly to the participant's account and are included in administrative expenses. Investment-related expenses were allocated proportionately to plan participants based on their respective account balances and are included in net investment income.

Subsequent Events

The Plan has evaluated subsequent events through March 17, 2022, which is the date the financial statements were available to be issued.

Note 3: Fair Value Measurements

GAAP specifies a three-tier fair value hierarchy, which prioritizes the inputs used in estimating fair value. These tiers include Level 1, defined as observable inputs such as quoted market prices in active markets; Level 2, defined as inputs other than quoted market prices in active markets that are either directly or indirectly observable; and Level 3, defined as unobservable inputs in which little or no market data exists, therefore, requiring an entity to develop its own assumptions.

Nordco Inc. 401(k) Plan

Notes to Financial Statements

Note 3: Fair Value Measurements (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2020.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan were open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan were deemed to be actively traded.

Common collective trust: Valued as determined by the issuer of the common collective trust using NAV per share measurement. The BMO Stable Value Fund ("Stable Value Fund") is a common collective trust with underlying investments in fully benefit-responsive investment contracts. Its objective is to maintain safety of principal while generating a level of current income exceeding that of a money market. The Stable Value Fund seeks to maintain a stable \$1.00 unit value, although there is no guarantee it will be able to do so. The Stable Value Fund invests in traditional and synthetic guaranteed income contracts with various crediting formulas. The Stable Value Fund manager may limit withdrawals in order to maintain sufficient liquidity.

Investments in the common collective trust can be purchased and sold continuously. A notice of redemption is not required. The Plan has no obligation to buy additional units.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at:

	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 37,801,642	\$ -	\$ -	\$ 37,801,642
Investment assets measured at NAV				3,355,716
Total investment assets at fair value				\$ 41,157,358

Notes to Financial Statements

Note 4: Information Prepared and Certified by Trustee

Certain information in the accompanying financial statements, including investments held at December 31, 2020, and net appreciation in fair value of investments and interest and dividends for the period ended August 2, 2021, and for the year ended December 31, 2020, was obtained or derived from information certified as complete and accurate by BMO Harris Bank N.A., the Plan's trustee.

Note 5: Related-Party Transactions and Party-in-Interest Transactions

Certain Plan investments were managed by BMO Harris Bank N.A., the trustee, and, therefore, these transactions qualified as party-in-interest transactions. These transactions were not, however, considered prohibited transactions under ERISA regulations. Notes receivable from participants also qualified as party-in-interest transactions, which were exempt from the prohibited transaction rules of ERISA.

Note 6: Tax Status

The Plan adopted a nonstandard prototype document with an IRS notification letter, which states the prototype plan document is in compliance with the applicable sections of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter; however, the plan administrator believes the Plan was designed and operated in compliance with the applicable requirements of the IRC and had no income subject to unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 7: Risks and Uncertainties

The Plan invested in various investment securities. Investment securities were exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it was at least reasonably possible that changes in values of investment securities would have occurred in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
