## INDEPENDENT AUDITORS' REPORT

To the Participants and Administrator of  
The Raben Tire Co., LLC Retirement Savings Account  
Akron, Ohio

### Opinion on the 2021 Financial Statements

We have audited the accompanying financial statements of Raben Tire Co., LLC Retirement Savings Account Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statement of net assets available for benefits as of September 7, 2021, and the related statement of changes in net assets available for benefits for the period from January 1, 2021 through September 7, 2021, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of September 7, 2021, and the changes in its net assets available for benefits for the period from January 1, 2021 through September 7, 2021, in accordance with accounting principles generally accepted in the United States of America.

### Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditors' Responsibilities for the Audit of the 2021 Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Auditors' Report on the 2020 Financial Statements**

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated June 16, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

RABEN TIRE CO., LLC RETIREMENT SAVINGS ACCOUNT  
NOTES TO FINANCIAL STATEMENTS  
September 7, 2021 and December 31, 2020

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accounts of the Raben Tire Co., LLC Retirement Savings Account (the "Plan") were maintained on the accrual basis of accounting.

Trust Assets

Effective November 2, 2020, the Plan's investments were maintained in a master trust entitled The Goodyear Tire & Rubber Company Commingled Trust (the "Commingled Trust") administered by The Northern Trust Company ("Northern Trust"). At December 31, 2020 four savings plans participated in the Commingled Trust, including the Plan. The Plan's divided interest in the Commingled Trust was presented in the accompanying financial statements in accordance with the allocation made by the Trustee

Investment Valuation and Income Recognition

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts (See Note 9). Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they initiate permitted transactions under the terms of the plan.

Investments held directly by the Plan were reported at fair value. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date.

The fair value of investments held by the Commingled Trust was the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date (See Note 8). The value of the Plan's interest in the Commingled Trust was based on the beginning of the period value in the Commingled Trust plus allocated investment income (loss) less actual distributions and allocated administrative expenses. Investment income (loss) and investment expenses relating to the Commingled Trust were allocated on a daily basis to the Plan based on the Plan's value in each applicable fund within the Commingled Trust.

Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Net appreciation (depreciation) includes the Commingled Trust's gains and losses on investments bought, sold and held during the year.

Notes Receivable from Participants

The Plan document allowed notes from participants. These notes were reported at the unpaid principal balance plus accrued interest. Notes were deemed distributions by the Plan when they were determined to be in default.

RABEN TIRE CO., LLC RETIREMENT SAVINGS ACCOUNT  
NOTES TO FINANCIAL STATEMENTS  
September 7, 2021 and December 31, 2020

Concentration of Credit Risk

The Stable Value Fund of the Commingled Trust invests part of the fund in investment contracts of financial institutions with strong credit ratings and has established guidelines relative to diversification and maturities that are intended to maintain stability and liquidity (See Note 9).

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the basic financial statements and related notes to financial statements. Changes in such estimates may affect amounts reported in future years.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Code ("IRC") were recorded as a liability with a corresponding reduction to employee contributions. The Plan distributed the 2020 excess contributions to the applicable participants by March 15 of the following year.

Subsequent Events

The Plan has evaluated subsequent events through April 22, 2022, the date the financial statements were available to be issued. There were no subsequent events which required recognition or disclosure in the financial statements.

NOTE 2 - GENERAL DESCRIPTION AND OPERATION OF THE PLAN

General

The Plan was a defined contribution plan which covered all full-time employees of Raben Tire Co., LLC ("Company") who completed three months of service and were age 21 or older. The Plan became effective May 1, 1974, and was subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Investment Committee was responsible for oversight of the Plan as well as determining the appropriateness of the Plan's investment offerings and monitoring investment performance.

Effective December 16, 2019, The Goodyear Tire & Rubber Company ("Goodyear") purchased the Company. During 2020, Company employees became Goodyear employees, at which time their ongoing contributions were made to defined contribution plans sponsored by Goodyear.

During 2021, account balances of \$1,311,646 and \$8,718,334 were transferred from the Plan to The Goodyear Tire & Rubber Company Employee Savings Plan for Salaried Employees and The Goodyear Tire & Rubber Company Savings Plan for Retail Employees, respectively, effectively merging the Plan into these plans. The final transfer occurred on September 7, 2021.

NOTES TO FINANCIAL STATEMENTS  
September 7, 2021 and December 31, 2020

Contributions

Each year, participants could contribute up to 90 percent of eligible compensation, as defined in the Plan document. Participants who attained age 50 before the end of the Plan year were eligible to make catch-up contributions. Participants could also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans in the form of rollover contributions. Participants directed the investment of their contributions into various investment options offered by the Plan. The Plan included an auto-enrollment provision whereby all newly eligible employees were automatically enrolled in the Plan unless they affirmatively elected not to participate in the Plan. Automatically enrolled participants had their deferral rate set at three percent of eligible compensation and their contributions invested in a designated age appropriate fund until changed by the participant. The Plan included an auto escalation clause which escalated the deferral rate of auto enrolled participants by one percent each year until the deferral rate reached seven percent or the participant made a different election. Upon completion of twelve months of service, participants were eligible to receive Company matching contributions equal to 100 percent of the participants' voluntary contribution, excluding catchup contributions, not to exceed \$360 per individual per year. Contributions are subject to certain IRC limitations.

Effective October 30, 2020, no additional contributions accrued for the Plan.

Participant Accounts

A variety of funds were established for investment by participants of their accounts under the Plan. All fund accounts were valued by the Trustee at the close of business following each business day.

Interest and dividends were automatically reinvested in each participant's respective accounts and reflected in the unit value of the fund which affects the value of the participants' accounts.

Plan Withdrawals and Distributions

On termination of service a participant could elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Participants could request a hardship withdrawal of a portion of their account attributable to participant deferrals. Any hardship withdrawal, available only when participant was employed, was limited to the amount needed to meet the financial need. The Internal Revenue Service ("IRS") issued regulations governing financial hardship. Under the IRS regulations, withdrawals were permitted for severe financial hardship.

The Coronavirus Aid, Relief, and Economic Security ("CARES") Act was signed into law on March 27, 2020, which allowed Plan participants who were impacted from the coronavirus to elect a distribution of up to \$100,000 from the Plan through December 31, 2020, with a waiver of the 10% early withdrawal tax penalty. Participants may pay back the distribution over a three-year period from the date of distribution, without being subject to income taxes. If the distribution is not repaid to the Plan or successor plan, participants have the option to pay the income taxes on the distribution over a three-year period.

All withdrawals and distributions were valued as of the end of the day they were processed, and may be subject to income tax upon receipt. Any non-vested Company contributions were forfeited and applied to reduce Company contributions and future Plan expenses. Transfers of Assets to Other Plans in the

Notes Receivable from Participants

Participants could borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate, determined quarterly, was set at one percent above the prime rate, as defined in the Plan document. Principal and interest are paid rateably through payroll deductions.

Expenses

Effective November 2, 2020, expenses of administering the Plan were paid partly by the Company and partly by the Commingled Trust. Expenses related to the asset management of the investment funds were paid from such funds which reduce the investment return reported and credited to participant accounts. Recordkeeping fees were paid from funds in which a participant invests.

The Plan Sponsor can rely on the qualified status to the extent the Plan Document does not deviate from the IRS pre-approved provisions. NOTE 8 - FAIR VALUE MEASUREMENTS

Assets and liabilities measured at fair value are classified using the following hierarchy, which is based upon the transparency of inputs to the valuation as of the measurement date:

- Level 1 – Valuation is based upon quoted prices (unadjusted) for identical assets or liabilities in active markets.
- Level 2 – Valuation is based upon quoted prices for similar assets and liabilities in active markets, or other inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.
- Level 3 – Valuation is based upon other unobservable inputs that are significant to the fair value measurement.

The Commingled Trust's assets measured at fair value on a recurring basis are as follows:

The classification of fair value measurements within the hierarchy is based upon the lowest level of input that is significant to the measurement. Investments that were measured at net asset value ("NAV") per share are not classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to total investments at fair value of the

Commingled Trust. Valuation methodologies used for assets measured at fair value are as follows:

*Mutual Funds:* Valued at the NAV of shares held by the Commingled Trust at year end, as determined by the closing price reported on the active market on which the individual securities are traded.

*Common Stock:* Valued at the year-end closing price reported on the active market on which the individual securities are traded.

*Common Collective Trusts:* Valued at the NAV of units held by the Commingled Trust or Plan at year end. The NAV, as provided by the trustee of each common collective trust fund, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by each fund less its liabilities. This practical expedient would not be used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. If the plan were to initiate a full redemption of any common collective trust, each investment advisor reserves the right to temporarily delay withdrawal to ensure that securities liquidation will be carried out in an orderly business manner. The common collective trust funds had a fair value of \$2,132,512,000 as of December 31, 2020, with no unfunded commitments, daily pricing frequency, and full redemption notice periods that extend no greater than 30 days.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

#### NOTE 9 - INVESTMENT CONTRACTS

One investment fund available under the Commingled Trust is the Stable Value Fund, which has entered into benefit-responsive guaranteed investment contracts and wrapper contracts with various financial institutions. The Stable Value Fund is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The value of the Commingled Trust's investment in the Stable Value Fund was approximately \$573,953,000 as of December 31, 2020.

As described in Note 1, because the guaranteed investment contracts held by the Commingled Trust are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contracts. Contract value, as reported to the Commingled Trust by the manager of the Stable Value Fund, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuers or otherwise. The crediting interest rate is based on a formula agreed upon individually with the issuers.

NOTES TO FINANCIAL STATEMENTS  
September 7, 2021 and December 31, 2020

The Stable Value Fund has purchased wrapper contracts from the financial institutions. The wrapper contracts amortize the realized and unrealized gains and losses on the underlying fixed income investments, typically over the duration of the investments, through adjustments to the future interest crediting rate (which is the rate earned by participants in the fund for underlying investments). The issuers of the wrapper contracts provide assurance that the adjustments to the interest crediting rate do not result in a future interest crediting rate that is less than zero.

Certain events limited the ability of the Plan to transact at contract value with the issuer. These events included termination of the Plan, a material adverse change to the provisions of the Plan, if the Commingled Trust elected to withdraw from a wrapper contract in order to switch to a different investment provider, or if the terms of a successor plan (in the event of the spin-off or sale of a division) did not meet the wrapper contract issuer's underwriting criteria for issuance of a clone wrapper contract. The events described above that could have resulted in the payment of benefits at market value rather than contract value did not occur.

The wrapper contracts do not permit the issuers to terminate the contracts unless the Plan loses its qualified status, has incurred material breaches of responsibilities, or material and adverse changes occur to the provisions of the Plan.
