ION Intermediate Holdings, LLC 401(k) Plan Notes to Financial Statements

NOTE 1: DESCRIPTION OF THE PLAN

The following description of the ION Intermediate Holdings, LLC 401(k) Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan documents for a more complete description of Plan provisions.

On June 24, 2019, the Plan Sponsor, formerly named e+ CancerCare, was acquired by ION Intermediate Holdings, LLC. In correspondence with this acquisition, the Plan Sponsor name and the 401(k) plan name both changed to ION Intermediate Holdings, LLC and ION Intermediate Holdings, LLC 401(k) Plan, respectively. The Plan documents under the former plan name remain in effect.

On April 15, 2020, the Plan merged the Integrated Oncology Network 401(k) Plan and GammaWest Brachytherapy 401(k) Safe Harbor Retirement Savings Plan into the Plan. See Note 10.

General

The Plan is a defined contribution plan covering all employees of ION Intermediate Holdings, LLC (the “Company”, “Sponsor”, or “Employer”) who are at least 21 years old. The Plan is subject to the provisions of the Department of Labor’s (DOL’s) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA). The Sponsor’s 401(k) committee (the “committee”) is responsible for oversight of the Plan. The committee determines the appropriateness of the Plan’s investment offerings and monitors investment performance.

Some administrative functions are performed by employees of the Company. No compensation is remitted to the Company for these services.

Plan assets are held and managed by Reliance Trust Company and Massachusetts Mutual Life Insurance Company, which invest contributions and Plan earnings, make investment transactions as directed by the committee and provide certain recordkeeping services. Massachusetts Mutual Life Insurance Company Retirement Services acts as the third-party administrator for the Plan, which performs certain plan administration and annual ERISA compliance testing.

Eligibility

Employees may become a participant of the Plan immediately when they are age twenty-one or older. An eligible employee may enter the Plan on the next monthly entry date after all entry requirements have been met.

Contributions

Participants may contribute up to the lesser of Form W-2 compensation, excluding fringe benefits, bonuses and commissions, or the statutory maximum to the Plan through a pretax salary deferral, as defined in the Plan document. The salary deferral percentage can be changed at the discretion of the participant. Participants are automatically enrolled to defer 3% of their total compensation, with annual increases of 1% each January 1st up to a 10% maximum. An employee may elect voluntarily to defer a different percentage or to not participate in the Plan by appropriately completing the elective deferral agreement. The Plan provides for matching contributions equal to

ION Intermediate Holdings, LLC 401(k) Plan

Notes to Financial Statements

NOTE 1: DESCRIPTION OF THE PLAN (Continued)

100% of salary deferrals that do not exceed 3% of eligible compensation plus 50% of salary deferrals between 3% and 5% of eligible compensation. The Plan also provides for discretionary profit sharing contributions that can be made by the Company. No discretionary profit sharing contributions were made to the Plan during the year ended December 31, 2020. Participants direct the investment of their contributions and the Company's contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company's matching contributions, as well as allocations of the Company's profit sharing contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and company safe harbor matching contributions plus actual earnings thereon. Vesting in the Company's non-safe harbor matching contributions and discretionary profit sharing contributions portion of their accounts is based on years of continuous service. A participant's funds transferred from the Rocky Mountain Oncology Center 401(k) Plan effective October 2008 are subject to a three year graded vesting schedule. These funds are 33.33 percent vested after one year of service, 66.67 percent vested after two years of service and fully vested after three years of service. A participant's employer matching contribution transferred from the Integrated Oncology Network 401(k) Plan effective April 15, 2020 are subject to a five year graded vesting schedule. These funds are vested 20% after one year of service, 40% after two years of service, 60% after three years of service, 80% after four years of service and fully vested after five years of service.

Notes Receivable from Participants

Notes receivable from participants are not allowed by the Plan unless they are transferred into the Plan as a result of a merger. Loan balances were transferred into the Plan on April 15, 2020 as a result from a Plan merger. See Note 10. Notes receivable from participants represents only loan balances transferred as a result of the Plan merger and subsequent payments. Loan payments are made through payroll deductions. No new loans are allowed by the Plan.

ION Intermediate Holdings, LLC 401(k) Plan Notes to Financial Statements

NOTE 1: DESCRIPTION OF THE PLAN (Continued)

Benefit Payments

On termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of his or her vested account balance, in either a lump-sum amount or paid directly to an eligible retirement plan specified by the participant in a direct rollover. For termination of service due to other reasons, a participant may elect any of the aforementioned options or roll over the account balance into an IRA or new employer's qualified plan. Participants should refer to the Plan documents for a full description of the distribution methods offered by the Plan.

Forfeitures

At December 31, 2020 and 2019, the forfeited non-vested accounts were \$46,929 and \$28,563 respectively. These accounts will be used to reduce future employer contributions or pay Plan expenses. Forfeitures were used to reduce employer contributions related to the match true-up by \$15,791 for 2020 and \$3,000 for 2019. During 2020, no forfeitures were used to pay Plan administrative expenses.

Hardship Distributions

As permitted by the Internal Revenue Code (IRC), a participant may request a financial hardship withdrawal if they experience a severe financial hardship. The participant must meet the condition that they cannot relieve the amount of the need by stopping the elective contributions to the Plan. The financial hardship withdrawal may not exceed the amount of the financial hardship or the value of the vested portion of the participant's balance, whichever is less.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP). The Financial Accounting Standards Board (FASB) provides authoritative guidance regarding U.S. GAAP through the Accounting Standards Codification (ASC) and related Accounting Standards Updates (ASUs).

Use of Estimates

The preparation of U.S. GAAP financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

ION Intermediate Holdings, LLC 401(k) Plan

Notes to Financial Statements

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value (see Note 5). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

The Plan's 401(k) Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and custodian.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend rate. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Distributions to participants are recorded when paid.

Administrative Expenses

Certain administrative expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of distributions are charged directly to the participant's account. Fees are charged based on the total Plan assets to pay for the administration of the Plan. Investment related expenses are included in net appreciation in value of investments. During the year ended December 31, 2020 and 2019, expenses of \$162,648 were paid by the Plan and allocated to the participant accounts.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in value of investment securities will occur in the near term and that these changes could materially affect amounts reported in the Plan's financial statements.

Subsequent Events

Management has evaluated subsequent events through the date that the financial statements were available to be issued, October 13, 2021, and determined there were no events that occurred that require disclosure. No subsequent events occurring after this date have been evaluated for inclusion in these financial statements.

ION Intermediate Holdings, LLC 401(k) Plan Notes to Financial Statements

NOTE 3: INFORMATION CERTIFIED BY CUSTODIANS (UNAUDITED)

The Plan Administrator has elected the method of compliance, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. The following financial information included in the Plan's financial statements has been derived from information certified to be complete and accurate by the custodians under such regulation:

- a) Total investments, at fair value, included in the statements of net assets available for benefits at December 31, 2020 and 2019.
- b) Total investments, at contract value, included in the statements of net assets available for benefits at December 31, 2020 and 2019.
- c) Total investment income information included in the statement of changes in net assets available for benefits for the year ended December 31, 2020.
- d) All amounts included in Note 4, *Fair Value Measurements (Unaudited)*.
- e) All amounts included in Note 5, *Investments Reported at Contract Value (Unaudited)*.
- f) All information included in the supplemental schedule of assets (held at end of year) as of December 31, 2020.

NOTE 4: FAIR VALUE MEASUREMENTS (UNAUDITED)

Fair value is the exchange price that would be received for an asset or paid to transfer a liability (exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. There are three levels of inputs that may be used to measure fair values:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the entity has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs, other than quoted prices, that are:
 - observable; or
 - can be corroborated by observable market data.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

ION Intermediate Holdings, LLC 401(k) Plan

Notes to Financial Statements

NOTE 4: FAIR VALUE MEASUREMENTS (UNAUDITED) (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission (SEC). These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan Administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in different fair value measurements at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

Description	Quoted Prices in Active Markets for Identical Assets Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3	Total

ION Intermediate Holdings, LLC 401(k) Plan Notes to Financial Statements

NOTE 5: INVESTMENTS REPORTED AT CONTRACT VALUE (UNAUDITED)

The Plan holds a fully benefit-responsive investment contract with Massachusetts Mutual Life Insurance Company totaling \$2,310,788 for 2020 and \$763,195 for 2019. Massachusetts Mutual Life Insurance Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Under the terms of the contract, a guaranteed crediting rate is established for amounts invested in the Guaranteed Interest Account (GIA) and may not be less than 1%. The crediting rate is re-set every six months.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Massachusetts Mutual Life Insurance Company, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendment to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) failure of the trust to qualify for exemption from federal income taxes or any required prohibited transactions exemption under ERISA (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreements without the consent of the issuer.

ION Intermediate Holdings, LLC 401(k) Plan

Notes to Financial Statements

NOTE 6: TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated February 20, 2015, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Tax positions are recognized only if it is "more likely than not" that the tax position be sustained in a tax examination, with a tax examination being presumed to occur. The amount recognized is the largest amount that is greater than 50% likely of being realized on examination. For tax positions not meeting the "more likely than not" test, no tax position is recorded. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7: RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Reliance Trust Company and Massachusetts Mutual Life Insurance Company. Reliance Trust Company is the Trustee and Massachusetts Mutual Life Insurance Company is the record-keeper and third party administrator for the Plan and, therefore, these transactions qualify as party-in-interest transactions. The Plan paid \$162,648 in fees to Massachusetts Mutual Life Insurance Company related to these services. LPL Financial, LLC and Resources Investment Advisors, Inc. provided investment management advice to the Plan and are considered parties-in-interest. LPL Financial, LLC and Resources Investment Advisors, Inc. received \$41,488 and \$36,663 respectively in compensation for these services indirectly from Massachusetts Mutual Life Insurance Company.

NOTE 8: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 10: PLAN MERGERS

Effective April 15, 2020, the Plan merged the Integrated Oncology Network 401(k) Plan and GammaWest Brachytherapy 401(k) Safe Harbor Retirement Savings Plan into the Plan. The Plan received approximately \$11,803,000 of assets from the Integrated Oncology Network 401(k) Plan and GammaWest Brachytherapy 401(k) Safe Harbor Retirement Savings Plan which were transferred into the Plan during April 2020. In accordance with Section 13.12 of the Basic Plan Document, any participant loan transferred to the Plan as the result of a merger shall be administered in accordance with the provisions of the note reflecting such loan, and shall remain outstanding until repaid in accordance with its terms, although the Plan itself does not permit participant loans. The Plan received loans of approximately \$140,000 which were included in the transferred assets total from above in relation to the merger.
