Notes to Financial Statements

Note 1. Plan Description

The following description of 401(k) Profit-Sharing Plan for Employees of Goodwill Industries Vocational Enterprises, Inc. (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all qualified employees of Goodwill Industries Vocational Enterprises, Inc. (the Company). Employees are immediately eligible to participate in the Plan on the first day of employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Company's Board of Directors is responsible for oversight of the Plan. The Finance Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Company's Board of Directors.

Plan amendment: Effective January 1, 2020, the Plan adopted certain provisions of the Coronavirus Aid, Relief, and Economic Security Act (CARES Act), which provides for special distribution options and expands permissible loans from the Plan. In general, coronavirus-related distributions of up to \$100,000 are allowed to qualified participants. The CARES Act also increased the limit on the amount a qualified individual may borrow to \$100,000 and granted up to an additional year to repay Plan loans. These special provisions were only in effect through December 31, 2020.

Contributions: Each year, participants may contribute pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing certain distributions from other qualified plans (rollover). The Company contributes 4% of each participant's eligible compensation as defined in the Plan. Participants are eligible to receive Company contributions the first day of the month following one year of employment service, which consists of 1,000 hours. The Company may, at its discretion, make an additional contribution to the Plan. Participants who are eligible to receive Company contributions and are employed on the last day of the Plan year are eligible to receive discretionary Company contributions. The Company did not make discretionary contributions for the 2021 Plan year. Contributions are subject to certain limitations.

Participant accounts: Each participant account is credited with the participant's contributions, Company contributions and an allocation of Plan earnings, and charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants' investment options: Participants direct their contributions and Company contributions to selected investments as made available by the Plan custodian. Participants may change their investment options any time throughout the year.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. Participants vest 20% per year and are 100% vested after five years of credited service, attainment of normal retirement age, death or total and permanent disability during the term of employment, or termination of the Plan.

Notes receivable from participants: Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a market rate. Loan terms range from one to five years or not to exceed 10 years for the purchase of a primary residence. Principal and interest are paid ratably each month through payroll deductions.

401(k) Profit-Sharing Plan for Employees of Goodwill Industries Vocational Enterprises, Inc.

Notes to Financial Statements

Note 1. Plan Description (Continued)

Payment of benefits: On termination of service due to death, disability, retirement or any other reason, a participant may elect to receive either a lump-sum amount equal to the vested balance in his or her account or installment payments over a specified period of time in accordance with Plan provisions. Upon termination, participants may elect to hold their investments in the Plan, unless the investment is less than \$1,000, in which case the investment is automatically distributed. A participant may elect to receive an in-service distribution if certain conditions are met.

Forfeited accounts: At June 30, 2021 and 2020, there were no unused forfeited nonvested accounts. Forfeited nonvested accounts are used to fund future Company contributions. Forfeitures of \$5,290 were used to partially fund the Company's contributions during the 2021 Plan year.

Note 2. Summary of Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: The Plan's investments are reported at fair value, except for fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. The Finance Committee determines the Plan's valuation policies utilizing information provided by the Plan's custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of June 30, 2021 or 2020. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Notes receivable from participants have been classified as an investment asset for Form 5500 reporting purposes and, accordingly, have been included as an investment in the supplemental schedule, Schedule H, Line 4i—Schedule of assets (held at end of year).

Payment of benefits: Benefits are recorded when paid.

401(k) Profit-Sharing Plan for Employees of Goodwill Industries Vocational Enterprises, Inc.

Notes to Financial Statements

Note 2. Summary of Accounting Policies (Continued)

Administrative fees: Certain expenses of maintaining the Plan are paid by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefit payments are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation of fair value of investments.

Subsequent events: The Plan has evaluated subsequent events through April 13, 2022, the date the financial statements were available to be issued.

Note 3. Information Certified or Provided by Mutual of America Life Insurance Company

The following is a summary of the Plan's asset information as of June 30, 2021 and 2020, and for the year ended June 30, 2021, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the custodian and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the custodian that information provided to the Plan Administrator by the custodian related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and supplemental schedule relating to the following assets:

	2021	2020
Investments, at fair value:		
Pooled separate accounts	\$ 1,957,056	\$ 1,627,021
Investments, at contract value:		
Investments in funds held in insurance company general account	817,246	979,887

Mutual of America Life Insurance Company also certified to the completeness and accuracy of \$487,967 of net appreciation in fair value of investments and \$8,317 of interest related to the aforementioned investments for the year ended June 30, 2021.

Note 4. Fair Value Measurements

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2021 and 2020.

Pooled separate accounts: Pooled separate accounts are valued at net asset value (NAV) used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Pooled separate accounts are valued daily based on the NAV of the shares of the underlying investments, as reported by the custodian.

In accordance with Accounting Standards Codification Subtopic 820-10, the pooled separate accounts held by the Plan are not classified in the fair value hierarchy table that prioritizes the inputs to valuation techniques used to measure fair value because they are measured at NAV per share as a practical expedient.

401(k) Profit-Sharing Plan for Employees of Goodwill Industries Vocational Enterprises, Inc.**Notes to Financial Statements****Note 4. Fair Value Measurements (Continued)**

The following set forth additional disclosures of the Plan's investments whose fair value is estimated using NAV per share as a practical expedient as of June 30, 2021 and 2020.

- (a) The pooled separate accounts in this category seek current income and capital appreciation. Investments in this category can be redeemed daily at the current NAV per share based on the fair value of the underlying assets.
- (c) The pooled separate accounts in this category seek reasonable income and capital appreciation with a portfolio that has a goal to achieve a yield similar to or exceeding the S&P 500. Selected funds within this category may invest in equity securities (common stocks) of U.S. companies. Investments in this category can be redeemed daily at the current NAV per share based on the fair value of the underlying assets.

401(k) Profit-Sharing Plan for Employees of Goodwill Industries Vocational Enterprises, Inc.

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

- (d) The pooled separate accounts in this category provide as high a level of current income over time as is believed to be consistent with prudent investment risk. Selected funds within this category may invest in investment-grade, publicly traded debt securities, mortgage- or asset-backed securities, or securities issued or guaranteed by the U.S. government or its agencies. Investments in this category can be redeemed daily at the current NAV per share based on the fair value of the underlying assets.
- (e) The pooled separate accounts in this category seek current income and capital appreciation appropriate for the assets allocation associated with its target retirement date. Selected funds within this category may invest in fixed income investment company funds and equity investment company funds.

Note 5. Fully Benefit-Responsive Annuity Contract With Insurance Company

The Plan has a group annuity contract with Mutual of America Life Insurance Company that invests contributions in the Interest Accumulation Account. The Interest Accumulation Account is a fixed annuity general account product that meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported by Mutual of America Life Insurance Company, represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's investment in the Interest Accumulation Account, reported at contract value, was \$817,246 and \$979,887 as of June 30, 2021 and 2020, respectively.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise. The group annuity contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer and may not be less than 1% nor greater than 3%. Such interest rates are reviewed on a quarterly basis for resetting.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive annuity contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events may limit the ability of the Plan to transact at contract value with the issuer. Such events include premature termination of the contracts by the Plan, layoffs, Plan termination, bankruptcy, mergers, and early retirement incentives. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The contract does not contain a scheduled maturity date.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to change or to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in the Company contributions portion of their account.

401(k) Profit-Sharing Plan for Employees of Goodwill Industries Vocational Enterprises, Inc.

Notes to Financial Statements

Note 7. Tax Status

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated April 4, 2014, that the Plan and the related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods under progress.

Note 8. Related-Party Transactions and Party-in-Interest Transactions

Certain Plan investments are in a general account and in pooled separate accounts managed by Mutual of America Life Insurance Company. Mutual of America Life Insurance Company is a custodian as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities in its pooled separate accounts. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Approximately 29% and 38% of the Plan's investments are held in a guaranteed interest account with Mutual of America at June 30, 2021 and 2020, respectively, as disclosed in Note 5. As such, this is considered to be a concentration of credit risk.
