Notes to Financial Statements

July 13, 2021 and December 31, 2020

Note A - Plan Description

The following description of the MPAY Inc. 401(k) Plan (the “plan”) provides only general information. Participants should refer to the plan document and amendments for a more complete description of the plan’s provisions.

General

The plan is a voluntary defined contribution plan covering substantially all non-excluded full-time employees of MPAY Inc. (the “company”). Employees who are twenty-one years of age or older are eligible to participate on the first day of the month after being hired. The plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 100% of pretax or after-tax annual compensation, as defined in the plan, up to the maximum amount permitted by the Internal Revenue Code. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the plan. The plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the plan unless they affirmatively elect not to participate in the plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The company makes a safe-harbor matching contribution equal to 100% of the first 3% plus 50% of the next 2% of eligible compensation deferred. The company may also make discretionary contributions to eligible participants. No discretionary contributions were made in 2021 and 2020.

Participant Accounts

Participants elect to have their contributions invested among the various funds available to the plan. Each participant’s account is credited with the participant’s contribution and company safe-harbor matching contributions, as well as allocations of the company’s discretionary contributions and plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are vested immediately in their contributions and the company’s safe-harbor matching contributions plus actual earnings thereon. Vesting in the company’s discretionary contributions is based on years of continuous service. A participant is 100% vested after six years of credited service, with graduated vesting beginning at 20% after two years.

Note A - Plan Description (continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates at the time of the loan as determined by the plan administrator. Principal and interest are paid ratably through payroll deduction.

Payment of Benefits

On termination of service due to death, disability, retirement, other reasons, or upon attaining the age of 65, a participant may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Participants electing to receive benefits after the normal retirement age of 65 may choose either lump-sum or annual installments. The plan permits in-service and hardship withdrawals under certain conditions.

Forfeited Accounts

Forfeited, non-vested accounts totaled \$0 and \$327 at July 13, 2021 and December 31, 2020. These amounts will be used to offset future employer contributions or plan administrative expenses. Forfeitures used to pay plan administrative expenses were \$2,609 for the period ended July 13, 2021.

Note B - Summary of Significant Accounting Policies

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements follows:

Basis of Accounting

The financial statements of the plan are prepared on the accrual basis of accounting.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit responsive insurance contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan's investment committee determines the plan's valuation policies utilizing information provided by the investment advisers and custodians. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the period.

Note B - Summary of Significant Accounting Policies (continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participants account and are included as administrative expenses when incurred. No allowance for credit losses has been recorded as of July 13, 2021 and December 31, 2020. Delinquent participant loans are recorded as distributions on the basis of the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the plan are paid by the plan, unless otherwise paid by the company. Expenses that are paid by the company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

The plan has evaluated subsequent events through April 21, 2022, the date the financial statements were available to be issued. Effective July 13, 2021, the company changed its plan administrator and recordkeeper from Alerus Financial, N.A. to Newport Trust Company, a wholly owned subsidiary of Newport Group, Inc. The plan terminated effective July 13, 2021, with a new plan forming under a pooled employer plan in its place. The pooled employer plan will act as the plan sponsor going forward.

Note C - Certified Investments

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Alerus Financial, N.A., the trustee of the plan, has certified the completeness and accuracy of all investments and notes receivable from participants reflected in the accompanying statements of net assets available for benefits as of July 13, 2021 and December 31, 2020, and the related investment and notes receivable from participants activity reflected in the statement of changes in net assets available for benefits for the period ended July 13, 2021 and year ended December 31, 2020.

Note D - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- **Level 1** – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
- **Level 2** – Inputs to the valuation methodology include:
 - quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability;
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- **Level 3** – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at July 13, 2021 and December 31, 2020.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the plan are deemed to be actively traded.

Stable Value Collective Trust Fund: Valued at the net asset value of units of the bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The net asset value is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value.

The methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note D - Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of July 13, 2021 and December 31, 2020. Classification within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

		Level 1	Level 2	Level 3
Mutual funds	\$ -	\$ -	\$ -	\$ -
Total assets in the fair value hierarchy	-	-	-	-

^(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Note E - Fair Value of Investments Measured at Net Asset Value

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of July 13, 2021 and December 31, 2020. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the plan.

Note F - Related Party and Party-In-Interest Transactions

Parties-in-interest are defined under DOL regulations as any fiduciary of the plan, any party rendering service to the plan, the employer and certain others. The plan holds certain investments managed by Alerus Financial, N.A. Alerus Financial N.A. is the trustee as defined by the plan and, therefore, these transactions qualify as party-in-interest transactions. Notes receivable from participants qualify as party-in-interest transactions. The plan issues loans to participants which are secured by the vested balances in the participants' accounts.

Note G - Plan Amendment and Termination

Effective July 13, 2021, the company announced the termination of the plan and the intention to transfer existing account balances from Alerus Financial into Newport Trust Company. All participants' account balances were transferred to new accounts held by Next Generation 401(k) Pooled Employer Plan-MPAY.

Note H - Tax Status of Plan

The plan has adopted an Alerus Financial N.A. prototype plan, which received a favorable opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020. The plan has not applied for its own determination letter. The prototype plan has been amended since this date; however, the plan administrator believes that the plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code. Accordingly, no provision for income taxes has been included in the plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by applicable taxing authorities. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that, as of July 13, 2021 and December 31, 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
