1 – DESCRIPTION OF PLAN

GENERAL

The Golden Operating Company 401(k) Plan (the "Plan"), established January 1, 2001 and amended and restated on September 1, 2015, is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan is sponsored by Golden Operating Corporation (the "Company" or "Plan Administrator"), and covers all eligible employees of the Company. The Plan's custodian and recordkeeper is Ascensus Trust Company (the "Custodian"). One member of the Company's management serves as the Plan's trustee. The following descriptions provide only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

ELIGIBILITY AND PARTICIPANT ACCOUNTS

Employees who are 21 years of age, become eligible for participation in the Plan after one year of service. Nonresident aliens and employees covered by a collective bargaining agreement are not eligible to participate in the Plan. Entry dates are the first day of the Plan year or first day of the seventh month of the Plan year following the time in which the entry requirements are met. Participants may modify investment elections, transfer existing account balances, and obtain information regarding investments on a daily basis.

CONTRIBUTIONS

The Plan is funded through participant pre-tax and Roth elective deferrals and Company matching contributions. A participant may elect to contribute between 1% and 100% of his or her eligible compensation, subject to certain maximum limitations imposed by the Internal Revenue Code ("IRC") ($19,000 for 2019). Employees who are eligible to make elective deferrals under the Plan and who have attained the age of fifty before the close of the plan year are also eligible to make catch-up contributions subject to the maximum limitation imposed by the IRC ($6,000 for 2019). Rollover contributions representing distributions from other qualified defined benefit or defined contribution plans are permitted by the Plan.

The Company makes discretionary matching contributions in an amount to be determined by the Company. During 2019, the Company contributed a discretionary matching contribution in the amount of 10% of participant's elective deferrals, which totaled $10,909.

1 – DESCRIPTION OF PLAN, CONTINUED

DISTRIBUTIONS TO PARTICIPANTS

Upon normal retirement age, death, disability, or termination, a participant's benefits are payable in a lump-sum equal to 100% of the participant's vested account balance. Participants may elect to receive the vested interest in his or her account, in either a lump sum payment or partial payment. Account balances of $5,000 or less at the time of distribution will be "cashed" out as either an involuntary lump sum payment or by direct rollover into and individual retirement plan, based on certain criteria, as defined in the Plan document.

INVESTMENT OPTIONS

The Plan provides for contributions to be invested by the participants into a variety of mutual funds of registered investment companies, in accordance with participant investment elections and the provisions of the Custodian agreement. Participants should refer to the Plan website for additional fund information.

VESTING

Participants are immediately vested in elective deferrals, rollover contributions, and qualified non-elective contributions plus actual earnings thereon. Vesting in the Company's matching contributions, plus actual earnings thereon, is based on years of continuous service. Participants vest 25% per year beginning after one year of qualified service and are 100% vested after four years of qualified service or upon occurrence of the participant's death or disability, as defined by the Plan document.

FORFEITURES

Forfeitures of terminated participants' non-vested accounts are used to reduce Company contributions, or to pay Plan expenses. At December 31, 2019 and 2018, there were forfeitures of $0 and $172 available, respectively. During the year ended December 31, 2019, $189 of forfeitures were used to pay administrative expenses.

1 – DESCRIPTION OF PLAN, CONTINUED

NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their fund accounts a minimum of $1,000 up to a certain maximum of the lessor of $50,000 or 50% of their vested account balance, subject to certain restrictions as defined by the Internal Revenue Service ("IRS"). The notes are secured by the balance in the participant's account and bear interest at a rate of 2% over the prime interest rate. Terms are generally limited to a maximum of five years, unless the loan is for the purchase of a primary residence, and otherwise approved. Participants are limited to one outstanding loan.

At December 31, 2019, existing notes receivable from participants ranged in maturity from January 2020 through November 2023, and held interest rates ranging from 3.75% to 5.25%. At December 31, 2018, existing notes receivable from participants ranged in maturity from December 2019 through November 2023 and held interest rates ranging from 3.25% to 5.25%.

ADMINISTRATIVE EXPENSES

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and distributions to participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan at any time, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements have been prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States ("U.S. GAAP").

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The income or loss earned on participant accounts is allocated on a daily basis using the previous day's ending account balance. Net appreciation (depreciation) of fair value of investments includes the Plan's gains and losses on the investments bought and sold, as well as held during the year.

2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

BENEFITS

Benefits are recorded when paid.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balances plus any accrued unpaid interest. Delinquent notes receivables from participants are reclassified as distributions based upon terms of the Plan document or note policy of the Plan.

ESTIMATES AND ASSUMPTIONS

The preparation of financial statements in conformity with U.S. GAAP requires the Plan's management to make estimates and assumptions that affect certain reported amounts of assets and liabilities, changes therein, and associated disclosures. Accordingly, actual results may vary from the estimates used in preparing the accompanying financial statements.

RECENT ACCOUNTING STANDARDS

In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2018-13, Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement. ASU No. 2018-13 modifies the disclosure requirements for fair value measurements in Topic 820, Fair Value Measurement. The amendments are based on the concepts in the FASB Concepts Statement, Conceptual Framework for Financial Reporting—Chapter 8: Notes to Financial Statements, which the Board finalized on August 28, 2018. ASU No. 2018-13 is effective for fiscal years beginning after December 15, 2019. Early adoption is permitted. Management is currently assessing the impact that ASU No. 2018-13 will have on the Plan's financial statements.

3 – FAIR VALUE MEASUREMENTS

INVESTMENT VALUATION AND LEVELING

FASB Accounting Standards Codification ("ASC") Topic 820 for Fair Value Measurements and Disclosures provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

3 – FAIR VALUE MEASUREMENTS, CONTINUED

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Investments measured and reported at fair value are classified and disclosed in one of the following categories:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 Significant observable inputs other than quoted prices in active markets for which inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

In establishing a fair value hierarchy for the Plan's investments in accordance with ASC 820, the following valuation methodologies were used for each type of investment:

INVESTMENT VALUATION AND LEVELING, CONTINUED

Mutual funds of registered investment companies: Valued at the net asset value ("NAV") or the quoted market prices of shares held by the Plan at year end.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. The Plan believes its valuation methods are appropriate and consistent with other market participants; even so, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

3 – FAIR VALUE MEASUREMENTS, CONTINUED

INVESTMENT VALUATION AND LEVELING, CONTINUED

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019:

	Level 1	Level 2	Level 3	Total

4 – FINANCIAL INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN (UNAUDITED)

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodian of the Plan has certified to the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2019 and 2018, and the supplemental Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2019, and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2019.

5 – PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are managed by the Custodian; therefore, these transactions qualify as party-in-interest transactions. The Plan issues notes receivable to participants, which are secured by the participant's account balances. These transactions also qualify as party-in-interest transactions. Certain administrative functions of the Plan are performed by an officer or employees of the Company. No such officer or employee receives compensation from the Plan.

6 – RISKS AND UNCERTAINTIES

Investment securities are exposed to various risks, such as interest rate, market, concentration, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

7 – TAX STATUS OF THE PLAN

The Plan is based on a Prototype Standardized Profit Sharing Plan with CODA, which received a favorable opinion letter dated March 31, 2014, from the IRS stating that the plan constitutes a qualified plan under Section 401 of the IRC. The Plan Administrator believes the Plan, as adopted and amended, is operating within the guidelines of the IRC, and continues to be tax exempt. Accordingly, no provision for federal income taxes has been provided in the accompanying financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the DOL or IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8 – RECONCILIATION TO THE FORM 5500, SCHEDULE H

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31:

	2019	2018
Net assets available for benefits per the financial statements	$ 1,506,989	$ 1,148,492
Add: current year excess contributions payable	23,482	19,161
Net assets available for benefits per the Form 5500	$ 1,530,471	$ 1,167,653

The following is a reconciliation of net changes in assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2019:

Net increase in net assets available for benefits per the financial statements	$ 358,497
Add: current year excess contributions payable	23,482
Less: prior year excess contributions payable	(19,161)
Net increase in net assets available for benefits per the Form 5500	$ 362,818

9 – EXCESS PARTICIPANT CONTRIBUTIONS PAYABLE

The Plan failed the Average Contribution Percentage Test ("ACP Test") and the Average Deferral Percentage Test ("ADP" Test") for the years ended December 31, 2019 and 2018. As a result, excess contributions payable amounting to $23,482 and $19,161 were recorded as liabilities in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2019 and 2018, respectively.

10 – DELINQUENT PARTICIPANT CONTRIBUTIONS

During 2019, employee withholdings in the amount of $325 were unintentionally not remitted to the Plan. The Company is in the process of correcting these late remittances with lost earnings and interest calculated using the DOL guidelines for late remittances in 2022.

11 – SUBSEQUENT EVENTS

In accordance with FASB ASC 855, "Subsequent Events", the Plan has evaluated events or transactions occurring after December 31, 2019, the Statement of Net Assets Available for Benefits date, through April 20, 2022, the date the financial statements were ready to be issued, and determined there were no events or transactions that would impact the financial statements for the year ended December 31, 2019, other than as follows:

Effective January 1, 2020, elective deferral contributions will no longer be suspended for six months following a hardship distribution. Certain financial hardship safe-harbor needs were added related to disasters declared by the Federal Emergency Management Agency ("FEMA") for participants whose primary residence of place of employment are located within areas designated as disasters by FEMA.

In March 2020, the World Health Organization categorized the outbreak of Coronavirus ("COVID-19") as a pandemic. COVID-19 occurred globally causing significant fluctuations in financial markets in the U.S. and internationally. The extent of the impact on the Plan's net assets, including the fair value of investment securities and related net investment income or loss, as well as future contributions, will depend on the duration and continued spread of the COVID -19 outbreak and any other further economic developments. Plan management is unable at this time to estimate the full impact on the Plan's financial statements.

Effective April 15, 2020, the Plan adopted a provision of the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") which defers minimum required distributions until 2020. No other provisions of the CARES Act were adopted by the Plan.
