Report of Independent Auditor

To,
The Participants and the Plan Administrator,
Uniparts Olsen Inc. 401(k)/Profit Sharing Plan & Trust

Report on the financial statements

We were engaged to audit the accompanying financial statements of the Uniparts Olsen Inc. 401(k)/Profit Sharing Plan & Trust (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2020, and December 31, 2019, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's responsibility for the financial statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the basis for disclaimer of opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for disclaimer of opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules ("DOL") and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act ("ERISA") of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the certified information summarized in Note 4, except for comparing such information with the related information included in the financial statements and supplemental information. We have been informed by the Plan administrator that the entities that certified the information, held the Plan's investment assets, and executed investment transactions and meet the requirements of 29 CFR 2520.103-8. The Plan administrator has obtained certifications as of and for the years ended December 31, 2020, and December 31, 2019, that the information provided to the Plan administrator is complete and accurate.

Disclaimer of opinion

Because of the significance of the matter described in the basis for disclaimer of opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements. Accordingly, we do not express an opinion on the accompanying financial statements.

Other matter

The supplemental schedules of Schedule H, Part IV, Line 4i – Schedule of assets held as of December 31, 2020, and Schedule H, Part IV, Line 4a – Schedule of delinquent participant contributions for the year ended December 31, 2020, (under supplemental information), are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, presented for the purpose of additional analysis and not a required part of the financial statements. Because of the significance of the matter described in the basis for disclaimer of opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

Report on form and content in compliance with DOL rules and regulation

The form and content of the information included in the financial statements and supplemental information, other than that derived from the certified investment information, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1: DESCRIPTION OF PLAN

General

The following description of Uniparts Olsen Inc. 401(k)/Profit Sharing Plan & Trust (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan provisions.

The Plan is a defined contribution plan, established July 1, 1998, in accordance with the provisions of Internal Revenue Code Section 401. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Plan has been restated effective from April 1, 2019. The Uniparts, USA 401(k) Plan was merged into this Plan as of June 15, 2016. The original effective date of the merging plan was January 1, 2006.

As of December 31, 2020 and for the period November 01, 2020, till December 31, 2020, Reliance Trust Company held Plan's investment assets and executed investment transactions and Fidelity Personal Trust Company held Plan's investment assets for the period January 01, 2020, till October 31, 2020 and as of and for the year ended December 31, 2019 for Uniparts Olsen Inc. and Matrix Trust Company held Plan's investment assets and executed investment transactions as of and for the years ended December 31, 2020 and December 31, 2019, for the participating employer, Uniparts USA, the Parent company of Uniparts Olsen Inc. Hereafter, Uniparts Olsen Inc. and Uniparts USA are known collectively as "the Company". Reliance Trust Company, Fidelity Personal Trust Company and Matrix Trust Company are collectively referred to as "trustees".

Change in trustee and recordkeeper

Effective November 01, 2020, the Plan was restated to adopt ADP, LLC Prototype Non-Standardized Profit-Sharing Plan. Further the Plan was amended to change the trustee from Fidelity Personal Trust Company ("Fidelity") to Reliance Trust Company ("Reliance") and to change the recordkeeper from Fidelity to ADP, LLC ("ADP"). These changes were completed by November 03, 2020.

Administration of the Plan

Uniparts Olsen Inc. is the Plan administrator and is responsible for providing the participants and their beneficiaries with information about their rights and benefits under the Plan. The Investment Committee is responsible for oversight of the Plan, determines the appropriateness of the Plan's offerings, and monitors investment performance.

Eligibility

All employees of the Company are eligible to participate, except for those covered by a collective bargaining agreement or non-resident aliens as described in IRC Section 410. Eligible employees of the Company are able to participate in the Plan once they have completed one year of service and are at least eighteen years of age. Entry into the Plan occurs on the first day of the calendar quarter coinciding with or following the date an employee satisfies the eligibility requirements.

Participant accounts

Each participant's account is credited with the participant's contributions, employer matching contributions, their respective share of income earned and net appreciation of the Plan investments. The participant's account is reduced by withdrawals, depreciation on investments, fees, and any forfeitures. Participant accounts are charged with an

allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined.

Contributions

Participants can contribute a portion of their compensation up to the Internal Revenue Service ("IRS") maximum allowance of \$19,500 and \$19,000 for the year ended December 31, 2020, and December 31, 2019, respectively. Certain participants (age 50 or older) can also make catch-up contributions up to \$6,500 per year (2019: \$6000), increasing the maximum allowance to \$26,000 and \$25,000 for the year ended December 31, 2020, and December 31, 2019, respectively. The Company has the option to make discretionary matching contributions each year. For the year ended December 31, 2020, and December 31, 2019, the Company contributed 50 percent of the participant's elected deferrals up to six percent of an employee's eligible compensation.

Investment options

Upon enrollment in the Plan, participants direct their contributions and employer contributions to any of the investment options offered by the Plan. Participants may change their investment elections among these various investment options at any time.

Payment of benefits

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Distributions are permitted from the Plan upon the participant's retirement at or after attaining retirement age, hardship, death, total disability, or termination of employment prior to retirement age. A participant or his or her beneficiary is entitled to receive the vested amount allocated to the participant's account as a lump sum distribution as soon as administratively feasible. Installment payments are allowed if a participant is subject to lifetime required minimum distributions. Also, upon retirement, disability, or separation from service, participants may elect to continue their account until the participant attains age 70 1/2.

Vesting and forfeitures

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary profit-sharing contribution portions of their accounts, plus actual earnings thereon, occurs at the rate of 20 percent for each year of service after the second year. A participant is 100 percent vested after six years of credited service. Vesting of 100 percent of a participant's employer contributions and earnings thereon also occurs upon death or disability of the participant or attainment of age 65 (normal retirement).

Unvested employer contributions shall be forfeited after a five-year break in service, or upon the distribution of the entire vested portion of a former participant's account if earlier. Forfeitures can be used to reduce employer contributions or pay Plan administrative expenses. As of December 31, 2020, and December 31, 2019, non-vested forfeited accounts totaled \$1,604 and \$13,280, respectively. Forfeitures of terminated employees' non-vested accounts totaled \$539 during the year 2020 and \$9,568 during the year 2019. During the year 2020 forfeitures amounting to \$12,258 were used to reduce employer contributions and during the year 2019 \$800 were used to reduce employer contributions.

Notes receivable from participants

Participants may borrow from their account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested balance. Only one loan may be outstanding at a time. Loan transactions are classified as notes receivable from participants and segregated from plan investments. The notes receivable bear interest at 4.25% to 6.50% percent. Principal and interest are paid ratably through payroll deductions. The maximum repayment period is five years with the exception of loans to purchase a home, which have a repayment period of up to ten years.

Administrative expenses

Except for certain fees related to the administration of notes receivable and recordkeeping, the direct costs of administering the Plan are paid by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses.

Plan termination

The Company has the right under the Plan document to terminate the Plan at any time, subject to the provisions of ERISA. In the event the Plan should terminate, each participant shall become fully vested in employer matching contributions.

NOTE 2: SUMMARY OF ACCOUNTING POLICIES

Basis of accounting

The financial statements are prepared in accordance with accounting principles generally accepted in the United States of America("GAAP"). The Plan uses the accrual basis of accounting for the presentation of financial statements.

Use of estimates

The preparation of financial statements in conformity with GAAP requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities, and additions and deductions to net assets available for benefits as of the date of the financial statements. Actual results may differ from those estimates.

Notes receivable from participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest. Interest income from notes receivable is recorded on the accrual basis. No allowance for losses is deemed necessary by Plan management as principal and interest are repaid through payroll deductions, and the notes are collateralized by the participants' account balances. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded. A note receivable is considered to be in default after any scheduled payment remains unpaid beyond the last day of the calendar quarter following the calendar quarter in which the participant missed the scheduled payment.

Investment valuation and income recognition

The Plan's investments are reported at fair value. Refer to Note 3 - Fair Value Measurements for related disclosures. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded when earned. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the plan year.

There were no significant amounts of investment income due to the Plan at either December 31, 2020, or December 31, 2019. In addition, certain investment related fees have been offset with net investment income and are not readily determinable.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Uniparts Olsen Inc. 401(k)/Profit Sharing Plan & Trust**Financial Statements**

December 31, 2020, and December 31, 2019

Payment of benefits

Benefits to participants are recorded when paid.

Corrective distributions

Corrective distributions are those contributions that were ineligible for the plan year. During the year ended December 31, 2020, corrective distributions amounted to \$202 (which reflect accruals for 2020 paid out in 2021) and for the year ended December 31, 2019, corrective distributions amounted to \$NIL.

NOTE 3: FAIR VALUE MEASUREMENTS

The Plan's investments are recorded at fair value in accordance with the accounting pronouncement on fair value measurements, which established a framework for measuring fair value and clarifies that fair value is an estimate of the exit price, representing the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants (i.e., the exit price at the measurement date). That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted market prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used a December 31, 2020, and December 31, 2019.

*Assets measured at contract value and therefore excluded from the fair value hierarchy.

Following is a description of the valuation methodologies used for assets measured at fair value:

Registered investment companies (mutual funds): Valued at the net asset value ("NAV") of shares held by the Plan at year end as reported on the active market on which the fund is traded and are therefore valued as level 1 within the fair value hierarchy.

Money market fund: Valued at the closing price as reported on the active market on which the fund is traded as of the last trading day of the Plan year. As such, the fund is valued as level 1 within the fair value hierarchy.

Stable value fund: The stable value fund consists of the Invesco Stable Asset Fund (refer note 6) and is reported at contract value which approximates fair value. Contract value represents the aggregation of contributions, plus interest, less withdrawals, if any.

Pursuant to U.S. GAAP guidance, alternative investments where fair value is measured using the net asset value ("NAV") per share as a practical expedient is not categorized within the fair value hierarchy.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4: INFORMATION CERTIFIED BY TRUSTEES (UNAUDITED)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, Reliance Trust Company ("Reliance"), as of December 31, 2020, and for the period November 01, 2020, till December 31, 2020; Fidelity Personal Trust Company ("Fidelity") for the period January 01, 2020, till October 31, 2020 and as of and for the year ended December 31, 2019 and Matrix Trust Company ("Matrix") as of and for the years ended December 31, 2020 and December 31, 2019, the trustees, have provided certifications with respect to the completeness and accuracy of all investments and related investment activity in the accompanying statements of net assets available for benefits as of December 31, 2020 and December 31, 2019, the statement of changes in net assets available for benefits for the years ended December 31, 2020 and December 31, 2019 and the accompanying supplemental information.

As a result of the aforementioned election, no auditing procedures were performed by the independent public accountants with respect to information certified as complete and accurate, except for comparing such information with the related information included in the financial statements. Based on information provided by Reliance and Matrix, there are no fixed income obligations, leases, or debt instruments in default or deemed uncollectible, as defined by ERISA, for the years ended December 31, 2020, and December 31, 2019.

NOTE 6: COMPOSITION AND VALUATION OF PLAN INVESTMENTS

Invesco Stable Asset Fund ("ISAF") is a collective trust fund in the Invesco Stable Asset Trust ("ISAT"). ISAT is a Collective Trust of Invesco Trust Company, a Texas state trust company. The ISAT was established by the Company to be administered as a Collective Trust exclusively for the collective investment and re-investment of assets contributed thereto by eligible pension and profit-sharing trust and other eligible entities. ISAF is authorized by the Amended and Restated Declaration of Trust dated as of April 20, 2020. State Street Bank and Trust Company is the service provider to ISAF, providing fund accounting, financial reporting services and custodial services. ISAF's primary investment objectives are to seek the preservation of principal and to provide interest income reasonably obtained under prevailing market conditions and rates, consistent with seeking to maintain required liquidity. Effective April 20, 2020, ISAF updated its investment guidelines to invest 100% of its assets in Class C units of Invesco Stable Value Trust (the "Underlying Fund"). Prior to April 20, 2020, ISAF invested primarily in synthetic

guaranteed investment contracts.

Investments in open-end and closed-end registered investment companies and collective trust funds that do not trade on an exchange are valued at the end of day net asset value per unit. Investments in open-end and closed-end registered investment companies that trade on an exchange are valued at the last sales price or official closing price as of the close of the customary trading session on the exchange where the security is principally traded.

Synthetic guaranteed investment contracts ("synthetic GICs") are portfolios of securities (debt securities or units of collective trusts) with wrap contracts associated with the portfolios. Investment contracts are carried at contract value which is equal to principal balance plus accrued interest plus deposits and less withdrawals. An investment contract is generally permitted to be valued at contract value, rather than fair value, to the extent it is fully benefit-responsive and held by a trust offered only to qualified employer-sponsored defined-contribution plans. Investment contracts that do not meet the criteria for valuation at contract value will be valued at fair value as determined by the Invesco Trust Company, and such value may be more or less than contract value. Investment contracts have elements of risk due to lack of a secondary market and resale restrictions resulting in the inability of ISAF to sell a contract. In addition, investment contracts may be subject to credit risk based on the ability of the wrapper providers to meet their obligations under the terms of the contract.

Traditional guaranteed investment contracts ("GICs") are backed by the general account of the issuer. ISAF deposits a lump sum with the issuer and receives a guaranteed interest rate for a specified time. Interest is accrued on either a simple interest or fully compounded basis and is paid either periodically or at the end of the contract term. The issuer guarantees that all qualified participant withdrawals, as defined, will occur at contract value (principal plus accrued interest). Traditional GICs generally do not permit issuers to terminate the agreement prior to the scheduled maturity date. The fair value of traditional GICs is determined using an income approach where the individual contract cash flows are discounted at the prevailing interpolated swap rate as of year-end.

Short-term securities are stated at amortized cost (which approximates market value) if maturity is 60 days or less at the time of purchase, or at market value if maturity is greater than 60 days.

Debt obligations (including convertible securities) and unlisted equities are fair valued using an evaluated quote provided by an independent pricing service. Evaluated quotes provided by the pricing service may be determined without exclusive reliance on quoted prices and may reflect appropriate factors such as institution-size trading in similar groups of securities, developments related to specific securities, dividend rate (for unlisted equities), yield (for debt obligations), quality, type of issue, coupon rate (for debt obligations), maturity (for debt obligations), individual trading characteristics and other market data. Pricing services generally value debt obligations assuming orderly transactions of institutional round lot size, but ISAF may hold or transact in the same securities in smaller, odd lot sizes. Odd lots often trade at lower prices than institutional round lots. Debt obligations are subject to interest rate and credit risks. In addition, all debt obligations involve some risk of default with respect to interest and/or principal payments.

The fair value of the separate account insurance contracts is based on the net asset value of an insurance company separate account on which the crediting rate is based. The underlying fixed income securities of the separate accounts are valued on the basis of valuation furnished by approved independent pricing services. These services determine valuations for normal institutional-size trading units of such securities using model or matrix pricing.

Securities for which market prices are not provided by any of the above methods may be valued based upon quotes furnished by independent sources. The last bid price may be used to value equity securities. The mean between the last bid and asked prices is used to value debt obligations, including corporate loans.

Securities for which market quotations are not readily available or became unreliable are valued at fair value as determined in good faith by or under the supervision of ISAF's officers following procedures approved by the Board of Invesco Trust Company. Issuer specific events, market trends, bid/ask quotes of brokers and information providers and other market data may be reviewed in the course of making a good faith determination of a security's fair value.

ISAF may invest in securities that are subject to interest rate risk, meaning the risk that the prices will generally fall

Uniparts Olsen Inc. 401(k)/Profit Sharing Plan & Trust

Financial Statements

December 31, 2020, and December 31, 2019

as interest rates rise and, conversely, the prices will generally rise as interest rates fall. Specific securities differ in their sensitivity to changes in interest rates depending on their individual characteristics. Changes in interest rates may result in increased market volatility, which may affect the value and/or liquidity of certain of the ISAF's investments.

As of December 31, 2020, all of the securities in ISAF were valued based on Level 2 inputs. The level assigned to the securities valuations may not be an indication of the risk or liquidity associated with investing in those securities. Because of the inherent uncertainties of valuation, the values reflected in the financial statements may materially differ from the value received upon actual sale of those investments.

NOTE 8: PARTY-IN-INTEREST TRANSACTIONS

The trustees performed services for and sold products to and managed and maintained certain investments of the Plan for which fees are paid by the Plan. ADP, Fidelity, and Matrix provided services to the Plan as third-party Plan administrators for which administration fees are charged to the Plan. Apart from this the Company provides certain accounting, administrative, and investment management services to the Plan for which no fees are charged. Party-in-interest transactions also include loans made to participants. All expenses are borne by the Plan. Such transactions, while considered party-in-interest transactions under ERISA, are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

NOTE 9: INCOME TAX STATUS

Effective, November 01, 2020, till December 31, 2020, the Plan adopted a prototype non-standardized profit-sharing plan which obtained its latest advisory letter on July 16, 2014, in which the Internal Revenue Service ("IRS") stated that the volume submitter 401(k) plan, as then designed, was in compliance with the applicable sections of the Internal Revenue Code. For the period January 01, 2020, till October 31, 2020, and for the year ended December 31, 2019, the Plan adopted a volume submitter 401(k) plan which obtained its latest advisory letter on March 31, 2014, in which the Internal Revenue Service ("IRS") stated that the volume submitter 401(k) plan, as then designed, was in compliance with the applicable sections of the Internal Revenue Code. The Plan has since been amended; however, the Plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the internal revenue code.

Accounting principles generally accepted in the United States require the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020, and December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress. In addition, there have been no tax-related interest or penalties for periods presented in these financial statements.

NOTE 10: DELINQUENT PARTICIPANT CONTRIBUTIONS

During the year ended December 31, 2020, due to unintentional delays, the Company failed to deposit payroll withholdings (including loan repayments) amounting to \$13,494 (December 31, 2019: \$NIL), after the time frame deemed to be within Department of Labor ("DOL") regulations for timely remittances. The Company made contributions to the affected participant accounts to compensate those participants by remitting lost earnings during the

Uniparts Olsen Inc. 401(k)/Profit Sharing Plan & Trust

Financial Statements

December 31, 2020, and December 31, 2019

year 2021 due to delays, using the DOL guidelines for late deposits.

NOTE 11: IMPACT OF COVID-19

In December 2019, an outbreak of a novel strain of coronavirus (COVID-19) emerged globally. Global financial markets have experienced significant volatility resulting from the spread of COVID-19. The extent of the impact of COVID-19 on the Plan's net assets available for benefits, contributions and benefit obligations will depend on future developments, including the duration and continued spread of the outbreak.

NOTE 12: CARES ACT PROVISIONS

On March 27, 2020, Congress passed the Coronavirus Aid, Relief, and Economic Security (CARES) Act. The CARES Act provided temporary relief for retirement plan sponsors and their participants with respect to employer contributions, distributions, and participant loans. The provisions of the CARES Act may be effective and operationalized immediately, prior to amending the plan document.

Plan management has adopted certain relief provisions included in the CARES Act; however, its future effects on the Plan's net assets available for benefits and changes in net assets available for benefits are uncertain. The Plan will formally be amended by the end of the 2022 plan year.

NOTE 13: SUBSEQUENT EVENTS

The Plan evaluated all events and transactions that occurred after December 31, 2020, through October 15, 2021, the date the financial statements are available to be issued. Based on the evaluation, the Plan is not aware of any events or transactions that would require recognition or disclosure in the financial statements.
