INDEPENDENT AUDITOR'S REPORT

Retirement Plan Committee
Waxman Industries, Inc. 401(k) Retirement Plan
Cleveland, Ohio

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Waxman Industries, Inc. 401(k) Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution, Great-West Trust Company, LLC (the "Trustee"), as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) at December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

Waxman Industries, Inc. 401(k) Retirement Plan

1 Description of Plan

The following description of the Waxman Industries, Inc. (the Company) 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan designed to encourage employee savings and to provide retirement benefits to participants and/or their beneficiaries. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

On March 27, 2020, President Trump signed into law the "Coronavirus Aid, Relief, and Economic Security (CARES) Act." The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their certain qualified individuals. Plan management has evaluated the relief provisions available to plan participants under the CARES Act and has implemented the following provisions:

- * Special coronavirus distributions up to \$100,000 until December 30, 2020.
- * There is no minimum age to qualify and the 10% withdrawal penalty for participants under 59 1/2 does not apply.
- * Required minimum distributions ("RMDs") for 2020 were able to be deferred by participants until 2021.
- * Increase the available loan amount as described in Note 1 to the lesser of \$100,000 or 100% of the participant's vested account balance through September 22, 2020.
- * Delay all scheduled loan repayments due through December 31, 2020 for up to one year.

Trustee and Recordkeeper:

Empower Retirement serves as the Recordkeeper and Great West Trust Company LLC as the Trustee.

The Plan's Trustee determines the valuation of the investment portfolio and the Recordkeeper maintains all records of investment transactions.

1 Description of Plan, Continued

Eligibility:

Certain employees of the Company and its subsidiaries may begin to participate in the Plan once the eligibility requirements and entry date have been met. To be eligible, non-excluded employees must be at least 21 years of age and have completed thirty days of service, as defined in the Plan agreement. Once eligible, the employee may enter the Plan on the first day of the month following the date the eligibility requirements have been met.

Contributions:

Participants may defer between 1% and 100% of their pretax compensation by making contributions to the Plan, subject to certain limitations. The Company also has a Roth IRA feature to the Plan for those employees who would like to contribute after-tax. When employees become eligible, the Company will auto-enroll them in the Plan at 1%. Employees can elect out of this auto enrollment. Participants may direct the allocation of their contributions to various investment options.

The Company makes safe harbor matching contributions of 100% of employee deferrals that do not exceed 3% of compensation, plus 50% of employee deferrals between 3% and 5% of compensation. The Company may also make discretionary matching contributions to the Plan. The amount of the Company contributions made to the Plan is limited by the Internal Revenue Code (the Code) and is determined under the election of a safe harbor 401(k) plan. Company contributions are allocated to the accounts of eligible participants with every pay.

With the consent of the Company, Recordkeeper and Trustee, an employee may request that the Plan accept all or part of such employee's interest in another qualified plan or individual retirement account. Such rollover contributions are maintained and invested by the Recordkeeper and Trustee in a similar manner as other participant accounts. The Plan's provisions with respect to rollover contributions were designed to comply with the applicable sections of the Code.

Participants' Accounts:

The Plan provides for the establishment and maintenance of several accounts for each participant that represents, in total, the participant's equity in the net assets of the Plan. The individual participant accounts distinguish funds attributable to participant deferral contributions and Company contributions made on the participant's behalf. Participant accounts are credited with the participant's allocation of investment earnings and are charged with the participant's allocation of transaction costs. Allocations are based on the ratio of the participant's balance in the fund to the total fund balance.

1 Description of Plan, Continued

Vesting:

Participants are immediately vested in the value of their contributions and Company contributions, plus earnings thereon, as defined under a safe harbor 401(k) plan.

Forfeitures:

Forfeitures would be used to reduce the contributions of the Company or to pay the administrative expenses of the Plan, at the Company's discretion. Due to the adoption of the safe harbor 401(k) plan, all participants are 100% vested at all times in employee and employer contributions. The balance of unused forfeitures is \$0 at December 31, 2021 and 2020, respectively. During the 2020 Plan year, the Company used forfeitures to reduce administrative expenses.

Notes Receivable from Participants:

Participants may borrow from their accounts a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years or up to twenty-five years for the purchase of a primary residence. Loans are secured by the balance in the participant's account and bear interest at a rate 1% above Prime on the day of the loan application. Interest rates on loans outstanding as of December 31, 2021 range between 4.25% to 6.50%. Principal and interest payments on participant loans are paid ratably through bi-weekly payroll deductions. Loans are valued at unpaid principal balance which approximates fair value. Loans are measured at their principal balance plus unearned interest. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan agreement.

Payment of Benefits:

Distributions to participants generally commence at age 59 1/2, or earlier in cases of death or disability. The form of payment is designated by the participant. Earlier distributions of vested benefits may be made for participants who leave the Company prior to retirement. All withdrawals and disbursements are subject to Federal income tax upon receipt.

Investment Options:

Upon enrollment in the Plan, a participant may direct his or her contributions in any of the investment options offered by the Plan.

2 Summary of Significant Accounting Policies

Basis of Accounting:

The Plan's transactions are reported on the accrual basis of accounting. The investments of the Plan are maintained by Great West Trust Company LLC. Investment options include a type of investment offered through the group annuity contract that are fully guaranteed by the general account assets of Great West Life & Annuity Insurance Company (General Account). Shares of registered investment companies are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year end. Marketable securities are reported at fair market value as of the balance sheet date. Fair market values represent quoted market prices or, if quoted market prices are not available, estimated fair values as determined by the Plan's investment broker. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments purchased and sold as held during the year.

Use of Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Administrative Fees:

The Company changed the administrative cost arrangements with its Pension Advisor and Recordkeeper to go to an unbundled approach. Under this program, all of the 12b-1 fees paid by the investment funds are received by the Plan and the Plan pays the advisory and recordkeeping fees.

Fees of the advisor, recordkeeper, auditors and legal counsel of the Plan are paid by the Plan using the balance of forfeitures and income received from 12b-1 fees from investment funds. If there are no forfeitures available, the Company pays for the Administrative fees. Costs specific to various investment transactions are paid directly by the Plan and are reflected in the accompanying Statement of Changes in Net Assets Available for Benefits.

Plan Termination:

Although it has not expressed any intent to do so, the Company may amend or terminate the Plan at its discretion, subject to applicable Internal Revenue Service and ERISA regulations. The rights of all participants to benefits accrued prior to any such termination are non-forfeitable.

NOTES TO FINANCIAL STATEMENTS

2 Summary of Significant Accounting Policies, Continued

Risks and Uncertainties:

The Plan's investments include investments in mutual funds and a Guaranteed Interest Account holding investment contracts with varying degree of risk, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the Statement of Net Assets Available Benefits.

Subsequent Events:

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements.

In-Plan Roth conversion provisions were added to the Plan effective January 1, 2022 allowing participants to transfer the rollover-eligible portion of their a 401(k) account to a designated Roth account within the same plan.

Effective January 1, 2022, the Company has eliminated its safe harbor matching contribution and will be subject to non-discrimination testing in 2022.

Subsequent events have been evaluated through May 10, 2022, which is the date the financial statements were available to be issued.

3 Tax Status

On June 30, 2020, the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Code. The Plan has been amended; however, the Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date. Annually, informational returns are prepared and filed with the Internal Revenue Service.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken uncertain tax positions that more-likely-than-not would not be sustained upon examination by applicable taxing authorities. The Plan Administrator has analyzed tax positions taken by the Plan and has concluded that, as of December 31, 2021, there are no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. However, currently no audits for any tax periods are in progress.

5 Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

* Level 1: Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

* Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

* Quoted prices for similar assets or liabilities in active markets.

* Quoted prices for identical or similar assets or liabilities in inactive markets.

* Inputs other than quoted prices that are observable for the asset or liability.

* Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

* Level 3: Inputs that are unobservable inputs for the asset or liability.

5 Fair Value Measurements, Continued

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual Funds:

The fair value of the mutual funds are based on quoted market prices.

Guaranteed Interest Account:

The fair value of the guaranteed interest account is based on the underlying assets of the contract. The fair value is expressed in units. The guaranteed interest account is classified in the Level 3 category of the valuation hierarchy.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Assets at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 13,351,850	\$ -	\$ -	\$ 13,351,850
Guaranteed Interest Account	-	-	1,092,060	1,092,060
Investments at Fair Value	<u>\$ 13,351,850</u>	<u>\$ -</u>	<u>\$ 1,092,060</u>	<u>\$ 14,443,910</u>

Assets at Fair Value as of December 31, 2020				
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 12,890,306	\$ -	\$ -	\$ 12,890,306
Guaranteed Interest Account	-	-	1,057,545	1,057,545
Investments at Fair Value	<u>\$ 12,890,306</u>	<u>\$ -</u>	<u>\$ 1,057,545</u>	<u>\$ 13,947,851</u>

Transfers between Levels:

For the years ended December 31, 2021 and 2020, there were no transfers in or out of Level 3. For the year ended December 31, 2021, the Plan had purchases and sales of assets using significant unobservable inputs (Level 3) of \$508,639 and \$494,634, respectively.

6 Party-in-Interest Transactions

There were no prohibited transactions with a party-in-interest, as defined by ERISA. Empower Retirement is the Recordkeeper and Great West Trust Company LLC is the Trustee of the Plan assets and qualifies as party-in-interests. In addition, the Plan has arrangements with various services providers and these arrangements qualify as party-in-interest transactions.
