Part I	Asset and Liability Statement
---------------	--------------------------------------

1 Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

INDEPENDENT AUDITORS' REPORT

To the Participants and Plan Committee of the
Oracle Corporation 401(k) Savings and Investment Plan

We have audited the financial statements of Oracle Corporation 401(k) Savings and Investment Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

In our opinion, the accompany financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2021 and 2020, and the changes in net assets available for benefits for the year ended December 31, 2021 in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP), and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditors' Responsibilities for the Audit of the Financial Statements (Continued)

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2021 is presented for the purpose of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

1. DESCRIPTION OF THE PLAN

The following description of the Oracle Corporation 401(k) Savings and Investment Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan originally established in 1986 that has since been amended and for which Oracle Corporation (Oracle) is the current sponsor. The Plan was established for the purpose of providing retirement benefits for the U.S. employees of Oracle and its subsidiaries. The Plan is intended to qualify as a profit sharing plan under Section 401(a) of the Internal Revenue Code of 1986, as amended (the Code), with a salary reduction feature qualified under Section 401(k) of the Code. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan is administered by the 401(k) Committee, members of which are appointed by the Compensation Committee of Oracle's Board of Directors or the Executive Vice President, Human Resources. Fidelity Management Trust Company is the directed trustee of the Plan; Fidelity Investments Institutional Operations Company, Inc. (Fidelity) serves as the record keeper to maintain the individual accounts of each of the Plan's participants.

Eligibility

All employees regularly scheduled to work a minimum of 20 hours per week or 1,000 hours in a Plan year on the domestic payroll of Oracle and its subsidiaries that have adopted the Plan are eligible to participate in the Plan as of the first date, or any succeeding entry date following the date the employee is credited with one hour of service with Oracle. However, the following employees or classes of employees are not eligible to participate: (i) employees whose compensation and conditions of employment are subject to determination by collective bargaining; (ii) employees who are non-resident aliens and who received no earned income (within the meaning of the Code) from Oracle; (iii) workers who are performing services at an Oracle facility as an employee of a third-party entity that is not an employment agency; (iv) employees of employment agencies; and (v) persons who are not classified as employees for tax purposes.

Contributions

Each year, participants may contribute up to 40% of their eligible compensation as defined by the Plan document. Annual participant contribution amounts are limited to \$19,500 of salary deferrals for the year ended December 31, 2021 (\$26,000 for participants 50 years old and older), as determined by the Internal Revenue Service (IRS). Salary deferrals consist of pre-tax and/or Roth 401(k) contributions. Participants may also contribute up to 20% of their eligible compensation, subject to certain annual dollar limitations, on a post-tax basis.

Oracle matches 50% of an active participant's salary deferrals up to a maximum deferral of 6% of compensation for the pay period, with maximum aggregate matching of \$5,100 in any calendar year. Oracle has the right, under the Plan, to discontinue or modify its matching contributions at any time. Participants may also contribute amounts representing distributions from other qualified plans. All of Oracle's matching contributions are made in cash on a pre-tax basis.

Investment Options

Participants direct the investment of their contributions and Oracle's matching contributions into various investment options offered by the Plan. The Plan currently offers investments in Oracle's common stock, common/collective trust funds, mutual funds, separately managed account funds (including a stable value fund) and Brokerage Link. Brokerage Link balances consist of the mutual funds offered by the Plan, as well as mutual funds offered by other registered investment companies, common stock or other investment products.

Participant Accounts

Each participant's account is credited with the participant's and Oracle's contributions and allocations of Plan earnings. All amounts in participant accounts are participant directed.

Oracle Corporation
401(k) Savings and Investment Plan
Notes to Financial Statements—(Continued)

Vesting

All elective contributions made by participants and earnings on those contributions are 100% vested at all times. Participants' vesting in Oracle's matching contributions is based on years of service. Participants are 25% vested after one year of service and vest an additional 25% on each successive service anniversary date, becoming 100% vested after four years of service.

Participants forfeit the nonvested portion of their accounts in the Plan upon termination of employment with Oracle. Forfeited balances of terminated participants' nonvested accounts may be used at Oracle's discretion, as outlined in the Plan, to reduce its matching contribution obligations. During the year ended December 31, 2021, Oracle used approximately \$9,000,000 of forfeited balances to reduce its matching contribution obligations. The amounts of unallocated forfeitures at December 31, 2021 and 2020 were approximately \$760,000 and \$848,000, respectively.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 and up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. Loan terms may not exceed five years unless the loan is used to purchase a participant's principal residence, in which case repayment terms may not exceed 10 years. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing lending rates determined by the 401(k) Committee. Principal and interest is paid ratably through payroll deductions, and participants may elect to submit additional payments outside of payroll deductions in order to reduce principal loan balances on an accelerated basis. Loans are generally due in full within 90 days of termination with Oracle unless the participant arranges for loan repayments to continue via monthly debit from a checking or savings account in a bank located in the United States.

Payment of Benefits

Upon termination of service, death, disability, or normal or early retirement, participants may elect to receive a lump-sum amount equal to the vested value of their account or may waive receipt of a lump sum benefit and elect to receive monthly, quarterly or annual installments, a partial distribution, or may request a rollover from the Plan to another eligible retirement plan. Failure of a participant to make an election of one of these options within 60 days is deemed to be an election to defer commencement of payment. If the participant's account is valued at \$1,000 or less, the amount is distributed in a lump sum. Distributions of investments in Oracle's common stock may be taken in the form of common stock. Hardship withdrawals are permitted if certain criteria are met.

Investment Management Fees and Operating Expenses

Investment management fees and operating expenses charged to the Plan for investments in the various funds are deducted from income earned on a daily basis and are reflected as a component of net appreciation in fair values of investments.

Administrative Expenses

Administrative expenses are borne by Oracle, except for fees related to administration of participant loans and certain withdrawal transactions, which are deducted from the applicable participant's accounts. Oracle, at its discretion, may also choose to utilize forfeited balances of terminated participants' nonvested accounts to pay for reasonable expenses related to the administration of the Plan. Revenue credits generated by the Plan for certain investment fund options are reallocated back to those Plan participants who invested in those fund options.

Plan Termination

Although it has not expressed any intent to do so, Oracle has the right, under provisions of the Plan, to terminate the Plan, subject to the provisions of ERISA. In the event of the Plan's termination, participants will become 100% vested in their accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting and Presentation

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States (GAAP). The preparation of financial statements in conformity with GAAP requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

Investments Valuation and Income Recognition

The Plan's investments are generally stated at their fair values with the exception of the Galliard Stable Value Fund (a separately-managed account fund investment), which is stated at its contract value in the statements of net assets available for benefits at December 31, 2021 and 2020. The shares of registered investment companies (mutual funds) are valued at quoted market prices of the underlying securities. The money market funds are valued at cost plus accrued interest, which approximated fair values. Common stock, including Oracle's common stock, is traded on a national securities exchange and is valued at the last reported sales price as of the last day of the Plan year. A description of the valuation techniques used to measure the fair values of the common/collective trust funds with significant balances as of December 31, 2021 are included in Note 4 below.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date.

The Oracle Stock Fund (the Fund) is tracked on a unitized basis, which allows for daily trades. The Fund consists of Oracle common stock and investment in the Fidelity Investments Money Market Government Portfolio sufficient to meet the Fund's daily cash needs. The value of a unit reflects the combined market value of Oracle common stock and the cash investments held by the Fund. At December 31, 2021 and 2020, 1,538,080 units with a value of \$706.37 per unit and 1,577,238 units with a value of \$517.36 per unit were outstanding, respectively.

Fair Value Measurements

The Plan performs fair value measurements in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification 820, *Fair Value Measurement* (ASC 820). Refer to Note 3 for the fair value measurement disclosures associated with the Plan's investments.

Risks and Uncertainties

The Plan provides for various investment options in common stock, registered investment companies (mutual funds), common/collective trusts, separately-managed account funds (including a stable value fund) and short-term investments. The Plan's exposure to credit losses in the event of nonperformance of investments is limited to the carrying value of such investments. Investment securities, in general, are exposed to various risks, such as risk of foreign currency fluctuations relative to the U.S. Dollar, interest rate risk, credit risk, issuer going concern risk, and overall market volatility risk, among others. During the year ended December 31, 2021, net appreciation in fair values of investments totaled \$3.4 billion. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits, participant account balances and the statement of changes in net assets available for benefits.

3. FAIR VALUE MEASUREMENTS

The Plan performs fair value measurements in accordance with FASB ASC 820. ASC 820 defines fair value as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. When determining the fair value measurements for assets and liabilities required to be recorded at their fair values, the Plan considers the principal or most advantageous market in which it would transact and considers assumptions that market participants would use when pricing the assets or liabilities, such as inherent risk, transfer restrictions, and risk of nonperformance.

ASC 820 establishes a fair value hierarchy that requires the Plan to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. An asset's or a liability's categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement. ASC 820 establishes three levels of inputs that may be used to measure fair value:

- Level 1: quoted prices in active markets for identical assets or liabilities;
- Level 2: inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or
- Level 3: unobservable inputs that are supported by little or no market activity and that are significant to the fair values of the assets or liabilities.

Investments Measured at Fair Value on a Recurring Basis

Investments measured at fair value on a recurring basis consisted of the following types of instruments (Level 1 and 2 inputs are defined above):

(in thousands)	December 31, 2021			December 31, 2020		
	Fair Value Measurements			Fair Value Measurements		
	Using Input Types			Using Input Types		
	Level 1	Level 2	Total	Level 1	Level 2	Total
Money market funds	\$ 349,919	\$ —	\$ 349,919	\$ 405,116	\$ —	\$ 405,116
Oracle Corporation and other common stock	2,802,847	—	2,802,847	2,230,731	—	2,230,731
Mutual funds	3,464,168	—	3,464,168	2,905,401	—	2,905,401
Corporate securities and others	43,421	5,723	49,144	47,268	6,634	53,902
Total investments measured at fair value	<u>\$ 6,660,355</u>	<u>\$ 5,723</u>	<u>\$ 6,666,078</u>	<u>\$ 5,588,516</u>	<u>\$ 6,634</u>	<u>\$ 5,595,150</u>
Common/collective trust funds measured at net asset value			15,901,147			13,760,711
Total investments			<u>\$ 22,567,225</u>			<u>\$ 19,355,861</u>

The Plan's valuation techniques used to measure the fair values of money market funds, common stock, mutual funds and corporate securities and others that were classified as Level 1 in the table above were derived from quoted market prices as substantially all of these instruments have active markets. Our Level 2 instruments are valued based on yields currently available on comparable securities of issuers with similar credit ratings. When quoted prices are not available for identical or similar securities, the securities are valued using a discounted cash flow approach that maximizes observable inputs, such as current yields of similar instruments, but includes adjustments for certain risks that may not be observable, such as credit and liquidity risks. A description of the valuation techniques used to measure the fair values of common/collective trust funds and separately-managed account fund investments with significant balances as of December 31, 2021 and 2020 is included in Note 4 below. Redemption for common/collective trust funds is permitted daily with no restrictions and same-day or one-day notice periods and there are no unfunded commitments.

4. COMPOSITION AND VALUATION METHODS OF CERTAIN PLAN INVESTMENTS

Fidelity Commingled Funds

The Plan held investments in Fidelity Contrafund Commingled Pool, Fidelity Growth Company Commingled Pool and Fidelity Low-Priced Stock Commingled Pool as of December 31, 2021 and 2020 (collectively, the Fidelity Commingled Funds). The Fidelity Commingled Funds are common/collective trust funds managed by Fidelity Management Trust Company. Fidelity Fund and Investment Operations, an affiliate of Fidelity Management Trust Company, determines the fair values of the Fidelity Commingled Funds on a daily basis using the net asset value (NAV) of units held of the commingled funds. The NAV is based on the fair values of the underlying investments held by each commingled fund less its liabilities. The fair values of the underlying investments are generally derived from the quoted prices in active markets of the underlying securities as substantially all of the underlying investments have active markets.

Vanguard Trusts

The Plan held investments in certain Vanguard Institutional Index Trusts and certain Vanguard Target Retirement Trusts (collectively, the Vanguard Trusts), which are more specifically listed in Schedule H, Line 4(i)—Schedule of Assets (Held at End of Year), as of December 31, 2021 and 2020. The Vanguard Trusts are common/collective trust funds sponsored and maintained by Vanguard Fiduciary Trust Company. The trustee, Vanguard Fiduciary Trust Company, generally determines the fair values of the Vanguard Trusts' units each day the New York Stock Exchange is open for trading. The underlying investments of the Vanguard Trusts are valued based on quoted market prices as substantially all of these underlying investments have active markets. The values of the Vanguard Trusts are determined based upon the values of these underlying investments held for benefit of the Vanguard Trusts less any liabilities.

Galliard Stable Value Fund

During the years ended December 31, 2021 and 2020, the Plan held investments in Galliard Stable Value Fund (Galliard Fund). The Galliard Fund is exclusively managed for the Plan by Galliard Capital Management, Inc. The Galliard Fund primarily invests in security-backed investment contracts, separate accounts guaranteed investment contracts and money market funds. Security-backed investment contracts are issued by insurance companies and other financial institutions that wrap underlying bond funds, fixed income common/collective trust funds or separate accounts (Wrap Contract).

The issuer of the Wrap Contract provides a rate of return that has a zero percent floor and provides full benefit responsiveness, provided that all terms of the Wrap Contract have been met. Wrap Contracts are normally agreements entered with issuers rated in the top three long-term rating categories (equaling A- or above) as determined by any of the nationally recognized rating organizations in the United States. The Galliard Fund is credited with contributions from participants and earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

As of December 31, 2021 and 2020, there were no reserves against the Wrap Contracts' carrying values due to credit risks of the issuers. Certain events limit the ability of the Plan to transact at contract value with the Wrap Contract issuer. However, the Plan's management is not aware of the occurrence or likely occurrence of any such events, which would limit the Plan's ability to transact at contract value with participants. The issuer may terminate a Wrap Contract at any time.

The following table provides the disaggregation of contract values between types of investment contracts held by the Plan:

(in thousands)	December 31,	
	2021	2020
Security-backed investment contracts	\$ 859,634	\$ 909,438
Separate accounts guaranteed investment contracts	154,399	163,578
Total investment contracts	<u>\$ 1,014,033</u>	<u>\$ 1,073,016</u>

5. INCOME TAX STATUS

On October 20, 2015, the Plan received a determination letter from the IRS stating that the Plan is qualified under Section 401(a) of the Code, and therefore, the related trust is exempt from taxation. This determination letter superseded the determination letters issued by the IRS on April 3, 2015 and May 29, 2014. The 401(k) Committee believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. PARTY-IN-INTEREST TRANSACTIONS

Transactions in shares of Oracle common stock qualify as party-in-interest transactions under the provisions of ERISA. During the year ended December 31, 2021, the Plan made purchases of approximately \$73,282,000 and sales of approximately \$66,781,000 of Oracle common stock. In addition, the Plan made in-kind transfers of Oracle common stock to participants, related to certain qualifying distributions, of approximately \$19,305,000 during the year ended December 31, 2021.

Certain members of Oracle Corporation management perform administrative and fiduciary duties for the Plan that qualify them as parties-in-interest and/or related parties of the Plan. Transactions between such members of Oracle Corporation management and the Plan were routine in nature and conducted pursuant to the Plan's provisions as of and during the year ended December 31, 2021.

As described in Note 1 above, Fidelity Management Trust Company is a directed trustee of the Plan and Fidelity Investments Institutional Operations Company, Inc. serves as the record keeper to maintain the individual accounts of each Plan participant. Certain Plan investments include shares of mutual funds that are managed by affiliates of Fidelity.

7. DIFFERENCES BETWEEN FINANCIAL STATEMENTS AND FORM 5500

The following is a reconciliation of the net assets available for benefits per the financial statements to the Plan's Form 5500:

(in thousands)	December 31,

Oracle Corporation
401(k) Savings and Investment Plan
Notes to Financial Statements—(Continued)
December 31, 2021

The fair value adjustment for certain Galliard Fund assets represented the differences between contract values of certain fully benefit-responsive contracts within the Galliard Fund as included in the statements of changes in net assets available for benefits for the years ended December 31, 2021 and 2020, and the respective fair values of these contracts as reported in the respective Form 5500. Certain investments within the Galliard Fund are presented at contract value in both the statements of changes in net assets available for benefits and the Form 5500, and therefore, do not result in a difference between the Plan's financial statements and the Form 5500. Amounts allocated to withdrawing participants are recorded on the Form 5500 for benefit claims that have been processed and approved for payment prior to each respective year-end but were not yet paid.

8. EXCESS CONTRIBUTIONS

Contributions received from participants for the year ended December 31, 2021 included approximately \$184,000 of excess contributions (net of corresponding gains and losses) that were remitted during January 2022 through April 2022 to certain participants. The excess deferral contributions, originally deducted in the year ended December 31, 2021, were returned to comply with the participants' applicable maximum annual contributions permitted under the Code. The amount is included in the Plan's statement of net assets available for benefits as excess deferrals due to participants at December 31, 2021.
