NOTE A: DESCRIPTION OF THE PLAN

The following description of the Paradigm Environmental Services, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document, including amendments, for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution retirement plan covering substantially all employees of Paradigm Environmental Services, Inc., Paradigm Environmental LLC, and Neu-Velle LLC (collectively the "Companies") who meet the eligibility requirements defined below. The Plan is subject to the provisions of the Employee Retirement Income Security Act (ERISA).

Participant requirements

Substantially all employees who are at least 21 and have completed at least three months of eligibility service are eligible for elective deferrals and employer contributions.

Contributions

Participants may contribute to the Plan, the maximum allowable under the Internal Revenue Code. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Participants are required to contribute in order to receive an employer safe harbor matching contribution. In accordance with the Plan Adoption Agreement, the Companies will make safe harbor matching contribution equal to 100% of the first three percent of an employee's eligible compensation, and 50% of the next two percent of the employee's compensation. The Companies have elected to make contributions required under the Plan Adoption Agreement for all eligible participants. Additional non-elective contributions may be made at the option of Companies' management. For the year ended June 30, 2021, the Companies made safe harbor matching contributions of $118,075.

Vesting

Participants are vested in their contributions and the Plan's safe harbor matching contributions, plus actual earnings thereon. The following table sets forth the vesting schedule for non-elective contributions for the Plan:

Vested Years of Service	Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

NOTE A: DESCRIPTION OF THE PLAN, Cont'd

Notes receivable from participants

Participants are entitled to borrow from their accounts subject to certain limitations. The loans are payable over terms up to 5 years, with the exception of a loan use to acquire a principal residence by a participant may be repaid over a longer, reasonable period of time, not to exceed fifteen years. Principal and interest payments on the loans are redeposited in the participants' accounts based on their current allocation elections. Notes receivable from participants are measure and valued at their unpaid principal balance plus accrued but unpaid interest. Delinquent participants loans are reclassified as distributions based upon the terms of the plan document.

Forfeitures

Participants who terminate employment prior to the vesting of the employer non-elective contributions to their retirement accounts forfeit their non-vested portion. There were no forfeited balances at June 30, 2021 and 2020.

Participant accounts

Each participant's account is credited with the participant's contribution and an allocation of (a) the Companies' contribution and (b) Plan earnings (losses) and is charged with an allocation of investment expenses. Allocations are based on investment earnings/(losses) or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Investment options

Participants may direct the investments of their accounts among the investment options offered by the Plan.

Payment of benefits

Distributions may be made from account balances, with participant consent, under the following conditions: separation from service or upon participant's attainment of age of 59 1/2 as provided for in the Plan and in government regulations. Vested account balances under $1,000 will be paid in one lump-sum distribution in accordance with the provisions of the Plan. The Plan allows participants to receive benefits in case of hardship as provided in the Plan and in government regulations but only from elective deferrals.

NOTE B: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The accompanying financial statements of the Plan are prepared under the accrual method of accounting.

Investment valuation and income recognition

Investments of the Plan are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for fair value disclosures.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income is recorded as earned. Historical cost is used to determine the net appreciation of investments, as reported by the Plan's trustee.

Payment of benefits

Benefits paid to participants are recorded when paid.

NOTE B: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Cont'd

Administrative expenses

The Plan's expenses are paid either by the Plan or the participants, as provided by the plan document. Expenses that are paid directly by the Plan are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation of fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

Use of estimates in the preparation of financial statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates and assumptions.

Subsequent events

The Plan has conducted an evaluation of potential subsequent events occurring after the statement of net assets available for benefits date through May 16, 2022, which is the date the financial statements are available to be issued. No subsequent events requiring disclosure were noted.

NOTE C: FAIR VALUE MEASUREMENTS

Accounting principles generally accepted in the United States of America ("GAAP") establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quote prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of fair value under GAAP are described below:

Level 1 - Valuation is based upon quoted prices for identical assets or liabilities in active markets.

Level 2 - Valuation is based upon:

- Quoted prices for similar instruments in active markets;
- Quoted prices for identical or similar instruments in inactive markets;
- Inputs other than quoted prices that are observable for the instrument;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3- Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE C: FAIR VALUE MEASUREMENTS, Cont'd

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2021 and 2020.

Registered investment companies: Account investments are primarily valued using market quotations or prices obtained from independent pricing sources who may employ various pricing methods to value the investments including matrix pricing.

Money market: Fair value approximates cost.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30, 2021 and 2020 (Compiled):

	Level 1	Level 2	Level 3	Total
June 30, 2021				
Registered investment companies	$ 6,603,913	$ -	$ -	$ 6,603,913
Money market	741,378	-	-	741,378
Total assets at fair value	$ 7,345,291	$ -	$ -	$ 7,345,291
June 30, 2020 (Compiled)				
Registered investment companies	$ 4,789,256	$ -	$ -	$ 4,789,256
Money market	724,130	-	-	724,130
Total assets at fair value	$ 5,513,386	$ -	$ -	$ 5,513,386

NOTE D: FINANCIAL INFORMATION CERTIFIED BY THE TRUSTEE (UNAUDITED)

The following is a summary of the unaudited information regarding the Plan, included in the Plan's financial statements and supplemental schedules, prepared by Fidelity Trust Management Company, trustee of the Plan, and furnished to the Plan administrator. The Plan administrator has obtained a certification from the trustee for 2021 that such information is complete and accurate:

	June 30, 2021	June 30, 2020 (Compiled)
Investments, at fair value	$ 7,345,291	$ 5,513,386
Notes receivable from participants	87,700	71,835

	Year ended June 30, 2021
Investment income:	
Net appreciation in fair value of investments	$ 1,179,747
Interest and dividends	401,001
Interest income from notes receivable from participants	3,065

All information included in the attached supplemental Schedule of Assets Held for Investment Purposes at End of Year – June 30, 2021.

NOTE E: PLAN TERMINATION

Although it has not expressed any intention to do so, the Plan Sponsor has the right under the Plan to discontinue its operations at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts and their accounts will be paid to them as provided by the Plan document.

NOTE F: TAX STATUS

The Plan uses a plan document of Fidelity Trust Management Company. The pre-approved plan document has obtained an opinion letter dated July 20, 2020 from the Internal Revenue Service (IRS), which states that the pre-approved document satisfied the applicable provisions of the Internal Revenue Code. The Plan has not received a determination letter from the IRS, however the Plan Sponsor believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, the Plan Administrator believes that the Plan qualifies for tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or reduce an asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of June 30, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or reduction of an asset) or disclosure in the financial statements. The Plan is subject to routine audits by tax jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to June 30, 2018.

NOTE G: RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits and change in net assets available for benefits per the accompanying financial statements to the Form 5500:

	June 30, 2021	June 30, 2020
Net assets available for benefits per the financial statements	$ 7,440,501	$ 5,660,443
Less:		
Employer contributions receivable	1,796	8,695
Employee contributions receivable	5,714	66,527
	7,510	75,222
Net assets available for benefits per the Form 5500	$ 7,432,991	$ 5,585,221

Net increase in net assets available for benefits per the financial statements	$ 1,780,058
Add:	
Contributions receivable from employer and employee (prior year)	75,222
Less:	
Contributions receivable from employer and employee	7,510
Net income Schedule H (Page 3) Line K per the Form 5500	$ 1,847,770

The classification of the change in net assets available for benefits for the year ended June 30, 2021 differs between the financial statements and Form 5500. However, the total change in net assets for the year then ended agreed between the financial statements and Form 5500, other than as noted above.

NOTE H: PARTY-IN-INTEREST TRANSACTIONS

As described in Note B, the Plan paid certain expenses related to the plan operations and investment activity to various service providers. These transactions are party-in-interest transactions under ERISA.

The Plan invests in shares or units of a registered investment company, retirement annuity contracts and a pooled separate account managed by Fidelity Trust Management Company, the trustee of the Plan, as defined by the Plan. Transactions in such investments qualify as party-in-interest transactions which are exempt from the prohibited transaction rules.

NOTE I: RISKS AND UNCERTAINTIES

The Plan invests in various types of investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits.

NOTE J: ACCOUNTING IMPACT OF THE COVID-19 OUTBREAK

The full impact of the COVID-19 outbreak continues to evolve as the date of this report. This pandemic has adversely affected global economic activity and contributed to significant volatility in financial markets. Since the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and related impact on the Plan's liquidity cannot be determined at this time.

The Plan adopted certain features specified in Federal regulations of the Coronavirus Aid Relief and Economic Security Act for qualifying participants including COVID-19 distribution options of up to $100,000 and elimination of 2020 Required Minimum Distributions for those participants who meet certain qualifications.

Reasonable Cause for Late or Missing IQPA Report:

We have engaged Mengel Metzger Barr & Company LLP to perform the audit which is not complete as of this date.
